

UNITED STATES SPECIAL OPERATIONS COMMAND VISION

U.S. special operators have been the cornerstone of our military operations since the beginning of the Global War on Terrorism. All of SOCOM is now in high gear, a tempo we expect to maintain for a long time. In order to chart the proper course, we must be able to visualize the end state we intend to achieve, quite simply to see a picture of how successful Special Operations Forces will operate in the future.

“To be the premier team of special warriors, thoroughly prepared, properly equipped, and highly motivated: at the right place, at the right time, facing the right adversary, leading the Global War on Terrorism, accomplishing strategic objectives for the United States.”

Our two part mission is clear. One is to “plan, direct, and execute the Global War on Terrorism” as the lead combatant command. The other is “train and equip” Special Operations Forces.

With energy, focus, skill and determination, we will take the fight to the enemy and win. The future of this Nation demands it.
