SECTION G - CONTRACT ADMINISTRATION DATA

The following have been modified:

WIDE AREA WORK FLOW

G.1. Wide Area Work Flow DODAAC and Email Distribution Table

Your contract contains DFARS Clause 252.232-7003, Electronic Submission of Payment Requests. This clause requires invoices for supplies and services purchased by the DoD be submitted via electronic means. The Wide Area Workflow (WAWF) system satisfies this mandatory requirement. WAWF can be accessed on the internet at <https://wawf.eb.mil/>

Before using WAWF, ensure your Electronic Business POCs listed in your Central Contractor Registration (CCR) are the same individuals that will invoice through WAWF. If they aren't, you can make changes to your CCR profile at <http://www.ccr.gov/www.ccr.gov>. Click on "Update" or "Renew" using "TPIN". CCR customer support can be reached at 1-888-227-2423.

If your electronic business POCs are correct, contact the WAWF helpdesk at 1-866-618-5988 or by e-mail at (b)(6) and ask them to establish a group for your CAGE code. The group administrator will also have to call the WAWF helpdesk to request account activation. Once the group is established and the account is activated, you will be able to create a combination invoice/receiving report using the codes below and instructions available from our contract administrator/buyer.

Questions concerning payment should be directed to the responsible Defense Finance Accounting Services (DFAS). Please have the order number and invoice number ready when calling about payment status. The accounts payable mailing address can be located in Block 18a of your order. You can easily access payment information using the DFAS web site at <http://www.dfas.mil/http://www.dfas.mil>. Your purchase order/contract number or invoice will be required to inquire status of your payment. Go to DFAS on the web at: www.dfas.mil/money/vendor.

THE FOLLOWING CODES WILL BE REQUIRED TO ROUTE YOUR INVOICES AND ADDITIONAL EMAILS CORRECTLY THROUGH WAWF

CAGE CODE: 622B7

SECTION J

Attachement 1: Revised DD 254 dated 28 July 2010 is attached.

SOURCE INSPECTION

LIST OF CORE CAPABILITIES

Aviation Repair, Modification, Integration, Design, Test and Supply Support (Core Capability 1)

Integrated Warehouse/Supply Services (Core Capability 2)

Small Arms Weapons Modification/Repair Support/Training (Core Capability 3)

Communications Equipment/Electronic Repair (Core Capability 4)

Ground Systems Repair/Modification/Support (Core Capability 5)

Manufacturing/Production (Core Capability 6)

Logistics Support Teams (Core Capability 7)

Life Cycle Sustainment Management Integration Services (Core Capability 8)

Logistics Automation Integration Services (Core Capability 9)

Other Key Logistics Areas (Core Capability 10)

Minor Construction (Core Capability 11)

DCMA designated QA Surveillance is specified in Appendix B of the Memorandum of Agreement between Special Operations Forces Support Activity and the Defense Contract Management Agency Dayton (DCMA Dayton), 8/18/2010, (unless otherwise identified as D/D or Other/Other in an individual Task Order). DCMA oversight responsibilities are Core Capabilities 1, 4, 5, & 6 for H92254-09-D-0001.

PROPERTY

This modification is to clarify, prescribe the proper care and accounting for Government Property (FAR Part 45).

Property will be accountable and tracked by Contract Number and Task Order Number within the government furnished property management systems; i.e., Gold and Jobscope. Accountability of task order property shall be tracked to H92254-09-D-0001 or H92254-10-D-0002.

The baseline for property inventory will be October 19, 2010. As of this date, all Government Property recorded in the government furnished property system will be the monitored and maintained in accordance with the below property clauses.

Any property which is received after this date will be transferred in the Government Property System and identified by the appropriate IDIQ, Contract Number, and Task Order Number.

The contracting officer will be notified and disposition instructions issued by the contracting officer upon completion of task orders or contracts. Tagged asset (property assigned an asset identification number and label) accountability shall be with the basic IDIQ H92254-09-D-0001.

All Government property accountable to this contract and in the possession of this contractor and its subcontractors shall be managed in accordance with FAR 52.245-1 *Government Property* (August 2010), 52.245-9 (June 2007),

DFARS 252.211-7007 *Reporting of Government-Furnished Equipment in the DoD Item Unique Identification (IUID) Registry* (Nov 2008), and 252.228-7001 *Ground and Flight Risk* (June 2010).
The contractor has 60 days to identify any discrepancies.

PROPERTY

The attached property listings apply. Accountability of task order property shall be tracked and accountable to H92254-09-D-0001. The property will be accountable and tracked by Contract Number and Task Order number within the property management systems; i.e., Gold and Jobscope. The contracting officer will be notified and disposition instructions issued by the contracting officer upon completion of task orders or contracts. Tagged asset (property assigned an asset identification number and label) accountability shall be with the basic IDIQ H92254-09-D-0001. The contractor has 60 days to report any discrepancies to the Government Contracting Officer. All Government property accountable to this contract and in the possession of this contractor and its subcontractors shall be managed in accordance with FAR 52.245-1 *Government Property* (August 2010), 52.245-9 (June 2007), DFARS 252.211-7007 *Reporting of Government-Furnished Equipment in the DoD Item Unique Identification (IUID) Registry* (Nov 2008), and 252.228-7001 *Ground and Flight Risk* (June 2010).

5009 OPTION	Technical Data FFP OPTION PERIOD 5 (YEAR 10) The contractor shall furnish all technical data in accordance with Exhibit A, Contract Data Requirements List. Each individual task order will delineate specific CDRL requirement for the effort. The cost of the data, including preparing, formatting, reproducing and delivering data will be included in the individual task order pricing. This CLIN is Not Separately Priced. FOB: Destination	UNDEFINED	Lot		NSP
				MAX NET AMT	\$0.00

ITEM NO	SUPPLIES/SERVICES	MAX QUANTITY	UNIT	UNIT PRICE	MAX AMOUNT
5010 OPTION	Other Direct Costs (ODC) COST OPTION PERIOD 5 (YEAR 10) Other costs that have not been included in proposed material, direct labor, indirect costs, or any other category of cost. The amount of \$20,000,000 is an estimate of the cost expected to be associated with this requirement on a yearly basis. The contractor shall notify the Contracting Officer when 75% of this estimate has been spent. FOB: Destination	UNDEFINED	Job	UNDEFINED	\$20,000,000.00
				MAX COST	\$20,000,000.00 (EST.)

CLIN DELIVERY/TASK ORDER MINIMUM/MAXIMUM QUANTITY AND CLIN ORDER VALUE

The minimum quantity and order value for the given Delivery/Task Order issued for this CLIN shall not be less than the minimum quantity and order value stated in the following table. The maximum quantity and order value for the given Delivery/Task Order issued for this CLIN shall not exceed the maximum quantity and order value stated in the following table.

CLIN	MINIMUM QUANTITY	MINIMUM AMOUNT	MAXIMUM QUANTITY	MAXIMUM AMOUNT

1.0 PERFORMANCE WORK STATEMENT (PWS) BACKGROUND

1.1 Support Objectives

1.1.1 USSOCOM Support Capability

The United States Special Operations Command (USSOCOM) is required to maintain a dedicated highly responsive logistics support capability worldwide to accomplish its mission. That mission is to provide fully capable Special Operations Forces (SOF) to defend the US and its interests and to plan and synchronize operations against terrorist networks. In performing this mission, USSOCOM is the only combatant command engaged at the strategic, operational, and tactical levels of war while having the acquisition authority to develop and procure SOF-peculiar equipment, material, supplies, and services.

USSOCOM's history of superior responsiveness to any crisis around the world has been and continues due to their ability to effectively synchronize combat power with operational logistical support provided by the Special Operations Forces Support Activity (SOFSA) at the time and place needed.

SOFSA is now and will be confronted with supplying deployed SOF units with high-quality assets in a world where technology rapidly dies and new technology emerges, and the tempo of operations can spike on any given day or at any hour. Hence, SOFSA will continue facing missions where it must simultaneously supply out of production or foreign-produced items along side cutting-edge technology adapted and ruggedized for SOF operations.

Achieving contract objectives requires SOFSA to effectively and efficiently operate the State-Owned-Government-Leased-Contractor-Operated business enterprise at Bluegrass Station, Lexington, KY. This includes, performing secondary operations, in tenant status, at the Blue Grass Army Depot, Richmond, KY, and within leased (non tenant) buildings in Fort Walton Beach, FL; with Contractor Logistics Support (CLS) Services personnel stationed wherever requirements dictate in the Continental United States (CONUS) and Outside CONUS (OCONUS) to SOFSA-forward personnel or units. Furthermore, logistics support can vary over time and in response to the combatant command's mission assignments.

1.1.2 Contract Objectives

The contractor shall execute the full range of CLS Services required to support USSOCOM and SOFSA.

This CLS Services contract has four objectives:

1. Provide USSOCOM and its subordinate units critical systems integration for various aircraft, ground vehicles, and other systems determined applicable by USSOCOM.
2. Provide USSOCOM and its subordinate units airframe modifications for various aircraft that include but are not limited to the MH-47, MH-60, A/MH-6, CASA 212, C-12, H-1, H-53 and C-130.

3. Provide USSOCOM and its subordinate units procurement of products and services associated with operational requirements in support of various aircraft, ground vehicles, and other systems determined applicable by USSOCOM to include providing material management activities.
4. Provide USSOCOM a Responsive Logistics Enterprise (RLE) with workforce and workflow best practices that efficiently execute individual task orders (TOs), including material management activities (MMA) and minor construction. Simultaneously provide the Government an automated dashboard that displays contract status and performance metrics for the duration of the contract.

For this contract, the CLS Services contract scope (defined IAW Joint Publication 1-02, The Department of Defense Dictionary of Military and Associated Terms, as amended March 2008 page 317), includes the science of planning and carrying out the movement and maintenance of forces, as well as those aspects of military operations dealing with:

- a) Design and development, acquisition, storage, movement, distribution, maintenance, evacuation, and disposition of materiel
- b) Movement, evacuation of personnel
- c) Acquisition or construction, maintenance, operation, and disposition of facilities
- d) Acquisition or furnishing of logistics services.

Another aspect of achieving CLS Services objectives is fielding logistics support innovations that help the SOF Warfighter more effectively conduct assigned missions. However, ensuring effective logistics readiness support involves more than hardware provisioning and support. It also includes providing innovative, short-but-effective training support for long-deployed SOF Warfighters and delivering short-notice, pre-mission training support.

Effective operation requires delivery of logistics support on tight timelines while simultaneously meeting performance requirements for requested SOF and SOF-unique equipment, logistics items, or services. Efficient operation requires timely procurement, accurate storage, maintenance of government-furnished property (GFP), and continuous adaptation and improvement of enterprise-wide operations to handle changing throughput demands while remaining cost effective.

1.1.3 Platform Support Objectives

Various aircraft, ground vehicles, and systems will be supported as determined by USSOCOM. The contractor shall maintain an internal or subcontractor capability to support the following platform types:

- Fixed and rotary aircraft that include but are not limited to the MH-47, MH-60, A/MH-6, CASA 212, C-12, H-1, H-53 and C-130
- High Mobility Multipurpose Wheeled Vehicle (HMMWV) and similar military ground vehicles

1.1.4 Performance Metrics Objectives

This contract requires the contractor to provide metrics to measure and support successful performance at the contract and TO level for the duration of the contract performance period. TO metrics must include, when necessary, Enterprise area (i.e., contractor management of information technology (IT), supply chain management, etc.) metrics as well as metrics to measure performance of SOFSA customer-defined requirements. See [Appendix A](#).

1.1.5 Government Transition Expectations

Transition services will be included in the last 12 months of the contract. A transition plan Contract Data Requirements List (CDRL) is required at the beginning of the last year of the contract. However, the transition-out activities will be performed within the standard performance Contract Line Item Numbers (CLINs) in Year 10, not within a separate transition-out CLIN. The Government expectations include a transition-out in Year 10.

1.1.6 Performance Work Statement Structure

1.1.6.1 PWS Purpose

This Performance Work Statement (PWS) establishes the support services the contractor will perform to include the specific requirements and standards of performance of Indefinite Delivery/Indefinite Quantity (IDIQ) TOs and services acquired under this contract.

This PWS has been structured IAW Federal Acquisition Regulation (FAR) Subpart 37.6 and Department of Defense (DoD) Guidebook for Performance-Based Services Acquisition to include:

- An alignment of the contractor's success with the Government's mission success, e.g., the SOF Warfighter's logistics readiness capability
- A definition of the work in terms of results, e.g., SOFSA's CLS Services contract objectives
- A definition of appropriate measurable performance standards
- A definition of appropriate financial incentives

1.1.6.2 PWS Tailored for USSOCOM Operations

Because of the fluid nature of USSOCOM operations, this PWS has been tailored to ensure agile, responsive support at the speed of warfare, spanning a wide range of TO types from rapid response to multi-year production and all types contract pricing structures.

1.1.7 Work Responsibilities

Within this document, Government means USSOCOM, Commonwealth means the Commonwealth of Kentucky.

1.1.7.1 Government Responsibilities

SOFSA is managed for the Commander USSOCOM by the Director of Logistics (SOAL-J4), USSOCOM. The onsite representative of the SOAL-J4 Director is the SOFSA Director (SD). Services will be contracted via TOs issued to the new CLS contractor by SOFSA or SOFSA customer contracting officers. Within 15 days after transition-in, the Government or the incumbent CLS contractor will provide the new contractor information not available prior to contract award. This information will include, but is not limited to:

- A current and prioritized list of enterprise management issues and pending contract actions
- All locations of CONUS/OCONUS operations requiring CLS Services support
- A list of all incumbent contractor and subcontractor personnel employed on SOFSA work
- A list of all incumbent contractor and subcontractor personnel deployed outside of SOFSA facilities (CONUS/OCONUS) by TO
- A list of key personnel from the incumbent CLS contractor supporting the transition in/out task through Day 120
- Operational data that impacts contractor performance
- The list of Government directed sources
- Current 12-month forecast of new TOs
- Clearance requirements for specific TOs/TO types
- A list of all open TOs by TO type, delivery schedule, performance location, responsible parties, assigned budget, and classification
- The list of all TOs to be novated to the contractor by the incumbent
- Access to GFP, government-furnished equipment (GFE), government-furnished material (GFM), and government-furnished information (GFI) databases, including recorded status of facilities, warehouse property, vehicles, equipment, and maintenance
- Access to all technical data, including government-owned data held by the incumbent

1.1.7.2 Changes to Contract Work Requirements

During the course of this contract, the contractor shall work closely with the Government to manage the contract and TO work requirement changes that will occur during the performance of this contract. If either party identifies an item that may result in a change to the contract or TO work requirements, the parties' management and contract administration teams will meet to discuss these items and reach an understanding concerning the impact to the contract.

1.1.7.3 Contractor Responsibilities and Performance Boundaries

The contractor shall manage the work effort specified within this PWS and assumes responsibility for performance of all PWS requirements prior to the close of transition. However, pre-award plans, level of effort, and anticipated schedule completion dates will require modification based on information provided by the Government after contract award, including novated contract information, or by modification of Government identified priorities or mission necessities.

To support Government oversight, the contractor shall work closely with the Government to improve the working partnership and enhance status reporting as described in this PWS and

within each TO. The contractor shall identify risks, innovation opportunities, and management issues and shall provide resolution alternatives to the Government.

The contractor shall assume full performance responsibility for work performed and all data delivered for each TO issued to the contractor, whether performed by subcontractor or by the contractor.

In compliance with the individual TO requirements, the contractor shall provide the required materials, supplies, tools, supervision, labor, and equipment, except that specified as Government-furnished, to perform services specified in the contract terms and conditions in support of TOs issued after contract award or assumed via the TO novation process during transition-in.

The contractor shall also execute and support the following:

- Conduct a transition-in and TO contract novation that ensures uninterrupted support to SOFSA and to USSOCOM Warfighters
- Establish an effective and lasting partnership with the SOFSA leadership and workforce to continuously improve SOFSA Enterprise operations
- Provide planning, programming, administration, supervision, personnel, labor, materials, facilities, transportation, and maintenance in support of TOs
- Provide related contractor administrative services required to perform work such as material requisitioning, financial control, and documentation
- Provide a properly cleared and skilled workforce to perform various levels of classified TOs
- Perform all work IAW this PWS and all applicable Federal and host nation laws, regulations, and directives including those publications and directives listed in the applicable documents section of the subcontract plan and those clauses contained within the contract
- Ensure TOs are accomplished consistent with TO requirements
- Maintain accurate and complete records, files, and libraries of documents to include applicable Federal and host nation regulations, codes, laws, technical manuals, and manufacturer's instructions and recommendations, which are necessary and related to successful TO performance
- Measure and report contract performance IAW this PWS
- Generate, maintain, and submit in a timely and accurate manner CDRL information and data required IAW this PWS
- Ensure work meets quality and timeliness requirements specified in this contract, to include scheduling change of occupancy and responding to critical requirements such as emergency contingencies
- Perform a transition-out IAW customer issued TO at end of contract.

1.2 Scope

1.2.1 Transformational and Ongoing Best Practices

The contractor shall implement innovative transformational best practices throughout the life of the contract which, subject to the approval of the Government, will enable the delivery of an RLE with higher TO throughput at lower cost and improved delivery of logistics readiness to the

SOF Warfighter. The contractor's goal shall be, starting at the end of Month 21, to deliver the RLE with operational efficiencies generating annual cost avoidance savings, with the potential size shown in **Figure 1.2.1-1**, as compared to transition-in work conditions. Having structured a more efficient enterprise the customer will then gain annual cost avoidance benefits until the end of the contract (Reference Sect. 4.13).

(b)(4)

In addition, during the life of the contract, the contractor shall implement Ongoing Best Practices for improving SOFSA's enterprise management, business operations, program management, subcontracting, and logistics support service efforts to meet future expected mission demands.

The contractor shall document PWS specified best practices in its Operational Excellence Plan (CDRL B022). The contractor shall identify and summarize in PWS Appendix A associated reports or appropriate performance metrics for each of the second level Scope sections delineated below, e.g., 1.2.3, 1.2.4, etc. The contractor shall use the metrics summarized in Appendix A to measure overall contract performance, to measure implemented Transformational and Ongoing Best Practices, and to measure performing tasks specified in the second level sections of this PWS.

1.2.1.1 Implement a Performance Construct with Meaningful Metrics

At contract award, the contractor shall implement a performance construct, composed of performance metrics shown in Appendix A and performance incentives shown in Figure 1.2.1.2-1 in Section 1.2.1.2. The performance metrics shall be composed of the following two types of metrics used to measure effective achievement of the four CLS Services contract objectives via efficient implementation of business best practices and efficient TO execution:

- Effectiveness metrics that measure how effectively and timely the CLS Services contract objectives are achieved. These metrics are used to determine the amount of financial incentives or disincentives earned by the contractor.
- Efficiency metrics for measuring performance across the enterprise and on issued TOs. Efficiency metrics vary and will be tailored to each TO.

The contractor shall use metrics to measure and report its performance during the base contract and option periods of performance by computing and reporting its quarterly work performance levels for enterprise management, business operations, program management,

subcontracting, and logistics support services. TO metrics will be computed and reported as required by the individual TO requirements. Performance results shall be reported via the Enterprise Management Report (CDRL B002).

Depending on the Transformational Best Practices the Government approves and to what degree these approved best practices are implemented, the contractor shall select appropriate and meaningful efficiency metrics to track and report implementation progress.

The contractor shall document the performance construct in the Operational Excellence Plan (CDRL B022) and update that plan with specific efficiency metrics, in collaboration with the Government, no later than the end of the transition-in period of performance and any contract option period IAW the submittal cycles. The start-of-contract performance metrics are listed in Appendix A.

1.2.1.1.1 Maintain Culture of Effectiveness

During conduct of this contract and the implementation of any best practices, innovations, or operational efficiencies, the contractor shall ensure its personnel understand, respect, and implement TOs IAW USSOCOM's culture of mission effectiveness and need for speed of war responsiveness, to include getting the job done right the first time and on time because SOF lives are at stake. Underpinning this culture of effectiveness requires embracing the SOF truths including:

- Humans are more important than hardware.
- Quality is better than Quantity.
- SOF cannot be mass produced.
- Competent SOF cannot be created after emergencies occur.

1.2.1.1.2 Enhance Work Efficiency in Partnership with the USSOCOM/SOFSA

The contractor shall conduct a quarterly program management review board and collaborate with the Government to identify and resolve the following:

- Enterprise support issues and risks
- Major configuration changes
- Recommended innovative improvements to SOF assets
- Best practice innovations to achieve an integrated support services enterprise
- Priorities for retiring issues, risks, and innovations
- Operational security, safety, and emergency response

During the transition-in period of performance, the contractor shall baseline enterprise management, business operations, logistics support services, and overall enterprise operational efficiencies and report the baseline findings to the Government prior to the end of transition.

Working in partnership with the Government, the contractor shall implement Government approved innovations, IAW SOFARS 5652.243-9000, via funded TOs, to improve enterprise

management, business operations, and logistics support services operational efficiencies above baseline conditions.

1.2.1.1.3 Achieve Time-Sensitive Mission-Critical Tasks

The contractor shall establish and operate a mission-critical TO execution process that ensures successful on-time delivery of all USSOCOM declared and issued "time sensitive mission critical" TOs.

(b)(4)

A large black rectangular redaction box covering several lines of text.

(b)(4)

A large black rectangular redaction box covering several lines of text.

(b)(4)

A large black rectangular redaction box covering the majority of the page's content.

1.2.2 Enterprise Management

The contractor shall manage and operate the SOFSA Enterprise in a cost-efficient manner IAW its Enterprise Services Management Plan (CDRL B017) and report corrective action issues via CDRL B030, Corrective Action Report (Reference Sect. 2.0).

The contractor shall implement management best practices along with associated measurement metrics and standards IAW contractor best practice policies.

1.2.2.1 Interior Facilities Management

The contractor shall manage and maintain the SOFSA infrastructure including facilities (interior only) and equipment to ensure their availability for the SOFSA workload. The contractor shall use its strategic facilities roadmap best practice to identify new infrastructure, equipment, and property requirements and to plan for acquisition, sustainment, and disposal of such items (Reference [Sections 2.1](#) and [2.2](#)).

The contractor shall provide and assign property/facility custodians to ensure safe operation, maintenance, reporting, status tracking, utility conservation, and physical security of each facility, and items stored within facilities, under the contractor's control.

The contractor shall manage, control, assign, and report enterprise facility space utilization via a quarterly updated database containing used and available facility space, projected/expected usage, special space, adjustments, and deficiencies, along with planned/scheduled improvements for all enterprise facilities under contractor control IAW its Facilities Plan (CDRL B028). Facility status shall be available to the Government online, provided on-request, and as part of quarterly Enterprise Management Reviews.

1.2.2.2 IT/MIS Support Services

The contractor shall manage and execute the IT/Management Information Systems (MIS) across the SOFSA Enterprise to satisfy the needs of Enterprise Services, Business Operations, and Logistics Support Services (LSS). Government applications, in contract Attachment 032 GFI, such as PD² will continue to be managed by the Government. The contractor shall provide, maintain, and operate the unclassified SOFSA IT infrastructure (Reference [Sect. 2.3](#)).

The contractor shall implement IT best practices IAW contractor best practice policies to reduce IT management costs, to increase responsiveness to IT users, to improve operational efficiency, and to better integrate automation capabilities while providing desktop visibility to SOFSA operations.

The contractor shall provide electronic data management tools and IT systems capabilities to provide insight to the SOFSA staff and users into operations by the contractor.

The contractor shall develop and manage a multi-year strategy for performing IT operations, maintenance, and improvement activities. The contractor shall document the multi-year strategy and IT/MIS improvements in the IT/MIS Plan (CDRL B015).

The contractor shall participate with the Government in the evaluation of IT products for SOFSA requirements and provide recommendations on new products, system enhancements, or other changes to the IT system configuration that will result in improved efficiencies or effectiveness

for SOFSA. The contractor shall collaborate with the Government to determine the priority and order in which work will be performed.

1.2.2.2.1 Support SOFSA IT Assets

The contractor shall administer and support SOFSA IT assets to DoD standards such as 5220.22-M and 8500.01E as well as USSOCOM standards and USSOCOM Manual 380-1 (Reference Sect. 2.3.1).

The contractor shall arrive with the set of software and hardware tools, for contractor use and use those tools to avoid disrupting SOFSA operations during transition-in.

- The contractor shall assess the IT/MIS system using a systems engineering approach prior to recommending to the customer IT/MIS improvements. The contractor shall provide systems engineering for the networks, storage devices, servers, peripheral devices, software, and other IT assets that make up the IT Infrastructure of SOFSA. The contractor shall assess SOFSA's computing resources and infrastructure, annually or when problems occur, to determine performance and capacity compliance with any applicable service-level agreements or MOAs.
- The contractor shall establish IT service levels agreements in partnership with the Government and ensure these levels are met.

The contractor shall maintain IT/MIS configuration management IAW Section 1.2.4.5.2.

1.2.2.2.2 Software Development Support

The Contractor shall develop software, in support of the basic contract or from Government direction, to DoD standards. All design, develop, test, install, deploy, modify, fix, and maintenance of software shall be performed as required by TO (Reference Sect. 2.3.1.2).

The contractor shall establish and maintain a corrective action reporting system to track problem/change reports from identification to closure. The contractor shall prioritize, evaluate, and disposition problem/change reports in a timely manner.

The contractor shall be responsible for system qualification testing (SQT) of all developed software, enhancements to existing software, and break/fixes.

The contractor shall provide to the Government, IAW Section 1.2.4.5.3, all relevant artifacts for software developed under this contract including but not limited to requirements, designs, test plans, scripts, reports, code documentation, and source code. All maintained and delivered software artifacts shall all be placed under configuration management control.

1.2.2.2.3 NIPRNet Requirements

The contractor shall adhere to all DoD requirements for NIPRNet attached to dot-mil networks (Reference Sect. 2.3.1.3).

1.2.2.2.4 LAN/WAN Infrastructure Monitoring/Administration

The contractor shall support all communication lines for SOFSA local area network (LAN) and wide area network (WAN) from the telecommunication provider point of demarcation to desktop (Reference Sections 2.3.1.1, 2.3.1.2, 2.3.1.3, 2.3.1.4).

1.2.2.2.5 Support Designated Accrediting Authority (DAA)

The contractor shall support the SOFSA Designated Accrediting Authority (DAA) by applying Headquarters (HQ) USSOCOM-approved network change management and DoD-approved network accreditation practices. The contractor shall update GFI IAW the relevant DoD, USSOCOM, and SOFSA certification and accreditation process as directed via task order (Reference Sect. 2.3.1.5).

1.2.2.2.6 Provide a SOFSA Dashboard

The contractor shall provide a "SOFSA Dashboard," or similar construct, for tracking contractor performance attributes associated with those pertinent areas within Enterprise Services, Business Operations, and Logistics Support Services. An initial dashboard capability shall be demonstrated during transition-in and refined/expanded during the remainder of the contract as necessary (Reference Sections 2.3.1.1, 2.3.1.6, and 3.6.3).

1.2.2.3 Telephone Services and Administration

The contractor shall administer and support telephone services (consisting of Voice-Over Internet Protocol [VoIP] technology and secure terminal equipment [STE] phone service) to all applicable SOFSA locations according to DoD standards (Reference Sect. 2.6.2).

The contractor shall develop and manage a multi-year strategy for managing and performing telephone operations, maintenance, and improvement activities and include the strategy in the IT/MIS Plan (CDRL B015).

1.2.2.4 Supply Chain Management and Supply Operations

The contractor shall provide supply chain management and applicable wholesale/retail supply operations management using approved management information software to manage and track inventory. GOLD and JOBSCOPE are the pre-award software applications being used to manage and track inventory (Reference Sect. 2.5).

The contractor shall procure assets, required to support the SOFSA mission, through Military Standard Requisitioning and Issuing Procedures (MILSTRIP) and commercial sources IAW TO requirements.

The contractor shall provide a Property Plan (CDRL B029) with a GFM requisition summary report by National Stock Number (NSN) that provides NSN/part number visibility of GFM requisitioned by the contractor through the Defense Logistics System.

1.2.2.4.1 Stockage

Stock: The contractor shall stock TO-required assets, other forecasted requirement assets, and base-support assets required to support SOFSA operations (Reference Sect. 2.5.4).

Ship: The contractor shall perform TO-required transportation/shipping services in support of the SOFSA mission, to include preparation, shipment, import/export compliance, and receipt of property.

Distribute: The contractor shall distribute TO-required assets within and between SOFSA campuses and to the SOFSA-customers worldwide via commercial- or contractor-owned transportation systems.

Track: The contractor shall track TO-required asset movement on campus, between campuses, and to the SOF Warfighter via current and future automated systems. The contractor shall implement ongoing best practices to improve total asset visibility (TAV) but will only implement transformational TAV improvements through TOs. These changes shall be documented within the contractor's IT/MIS Implementation Plan and Operational Excellence Plan.

Forecast: The contractor shall manage the shelf-life program, to include monitoring the expiration dates of TO-required stored items, which entails:

- Items stored in kits
- Obtaining extensions to expiration dates
- Disposing of expired items IAW contract clauses
- Procuring and restocking replacement items

Maintenance: The contractor shall perform preventive maintenance and required calibration on TO-stored assets and core capability items using qualified personnel, including maintenance of TO facilities/shelters and TO aircraft, maritime, and ground systems.

Kitting: The contractor shall provide TO-required kit management, to include kit build-up, maintenance, shipping and receiving, import/export compliance, tear-down, and kit disposal.

1.2.2.4.2 Warehousing and Inventory

The contractor shall be responsible for the effective and efficient management of warehouse operations, including daily operation, integration of emerging technologies, and enhancements to storage system devices (Reference Sections 2.5.1 and 4.7).

The contractor shall maintain custodian control of inventory from the point of receipt until the point of Form DD 250 signature.

The contractor shall manage a comprehensive asset inventory program that includes:

- Monthly inventories of 10% of contractor selected warehoused items until 100% annually inventoried
- Special inventories initiated due to out-of-balance conditions
- Contractor-selected, unannounced inventories to verify inventory status of high-value or mission-critical items
- Randomly selected inventory of contractor-selected items on the property account

At quarterly Enterprise Management Review boards, the contractor shall provide a cyclic inventory status report as part of CDRL B002 that summarizes the status of on-hand property based on random and other performed inventories of warehoused GFP on the property records.

1.2.2.5 Property Transportation Services

The contractor shall provide transportation support services including packaging and shipping of products worldwide, IAW International Traffic in Arms Regulations and other applicable import/export regulations (Reference [Sections 2.6](#) and [2.8](#)).

The contractor shall coordinate CONUS and OCONUS transportation services and prepare all support shipments at SOFSA sites and deployed logistics support team locations, IAW TO requirements and Government and Federal regulations. The contract shall maintain traceability of all Government material and property from shipping point through delivery.

1.2.2.5.1 Preparation and Handling Material for Shipment

Shipments: Unless otherwise specified by TO requirements the contractor shall use commercial packaging standards as a guideline for shipments, per ASTM- D3951-98 "Standard Practice for Commercial Packaging," Section 5.0, Common Packaging Practice (Reference Sect. 2.8).

The contractor shall also ensure that regulatory requirements and carrier regulations related to packaging, marking, labeling, UID, RFID, and bar coding and safety are observed including international packaging requirements/restrictions. Specific TO packaging (i.e., mil-standard packaging) and or engineering requirements shall be observed, provided the requirements do not violate Federal regulations or pose any safety concerns.

The contractor shall prepare property delivery or property accountability documentation and prepare required shipping documentation as required by TO shipping instructions or authorizing documentation or direction. The contractor shall prepare DD Form 1149 and DD Form 250, as

applicable, into the Wide Area Workflow (WAWF) for electronic submission of payment requests.

The contractor shall work with the Defense Contract Management Agency (DCMA) to ensure that DoD, Federal, and all government supplies and services are delivered on time, at projected/proposed cost, and meet applicable Military Standard (MIL-STD) performance requirements.

Documentation: The contractor shall prepare export documentation as required by US Customs and foreign nations and arrange carriers and mode of transportation. The contractor shall use the Automated Export System (AES) for international shipments.

The contractor shall prepare classified shipments per the National Industrial Security Program Operating (NISPO) procedure.

The contractor shall ensure that all shipments defined as "hazardous materials" are shipped using the proper marking, labeling, packaging, and shipping papers as required by 49CFR105-180. The contractor shall ensure that all responsible hazardous material transportation representatives (HMTR) have the requisite knowledge, skill, and training in USDOT/IATA/IACO Hazardous Material Transportation Regulations.

The contractor shall maintain records related to shipment of material, property, vehicle, and fleet management.

1.2.2.5.2 Fleet Management

The contractor shall maintain safe fleet operations compliant with Department of Transportation (DOT) commercial Motor Carrier Compliance regulations. The contractor shall serve as the primary interface for the Government with the DOT and State agencies for transportation and safety compliance matters (Reference Sect. 2.8).

The contractor shall perform compliance assessments of transportation, packaging training, medical, and vehicle maintenance operations. The contractor shall identify noncompliance with applicable regulation and procedures and ensure corrective measures are taken. The contractor shall perform pre-trip inspections and submit Driver Vehicle Inspection Reports (DVIRs), to include ensuring that new commercial motor vehicles receive the annual DOT inspection. The contractor shall ensure completion of all repairs on DVIR.

The contractor shall also ensure proper maintenance of contractor, subcontractors, and assigned GFP vehicles IAW 49 CFR 396.3 and FMCSR, if vehicle maintenance is performed by an outside subcontractor.

For issued TOs, the contractor shall ensure that commercial motor vehicle drivers and their supervisors receive training in DOT hazardous material regulations and FMCSR every 3 years

per 49 CFR 172, to include maintaining an auditable record and tracking all required transportation training, including course outline and test, if applicable.

1.2.2.6 Custodial Services

The contractor shall provide, administer, and efficiently operate custodial services using eco-friendly materials, where applicable. This service shall provide general janitorial services for all spaces in the assigned buildings and Government-used space. This service shall include collection of non-hazardous material refuse inside all assigned facilities and its delivery to a specified collection point. The Government will collect refuse from this location for disposal (Reference Sections 2.10.1 and 2.10.2).

1.2.2.7 Safe and Healthy Work Environment

The contractor shall provide a safe and healthy work environment that complies with Federal, State, and local laws and regulations and implements industry best practices IAW its Healthy Work Environment Plan (CDRL B006) (Reference Sect. 2.10.)

1.2.2.8 Environmental Program

The contractor shall provide an active environmental program that operates within permit limitations and eliminates risks to the Government (Reference [Sections 2.10](#) and [2.11](#)).

The contractor shall establish and conduct an environmental program compliant with applicable international, Federal, State, local, and host installation regulations, requirements, and directives to create a healthy work environment, to include:

- Develop programs and procedures to manage applicable healthy work environment requirements and risks
- Identify and then eliminate or control potential hazards that could create pollution, adversely affect the health and safety of personnel, damage property, or impede contract success
- Ensure air emissions and water discharges comply with regulatory limitations and that waste are managed and disposed of properly
- Ensure effective control of hazards and minimize personnel exposure to any identified hazards
- Ensure hazardous materials and chemicals at the facility are tracked and controlled through the selection, procurement, distribution, use, and disposal process
- Adhere to the Material Safety Data Sheet (MSDS) regulatory process

The contractor shall comply with SOFSA CLS Services requirements for hazardous material acquisition and handling, including inventory control and MSDS management and documentation. Hazardous materials may include, but are not necessarily limited to, hazardous chemicals and hazardous devices that can cause harm even when used as intended (such as machines, machine tools, or lasers).

At transition-in and at the beginning of each contract option, the contractor shall compile an annual inventory of hazardous materials on SOFSA CLS Services property. All hazards identified as Immediately Dangerous to Life and Health (IDLH) shall be immediately reported to the Government. The contractor shall report each Environmental Safety and Health (ESH) mishap/incident to the SOFSA safety point of contact within 10 hours of the event and submit incident and work-hour information to the Government on a monthly basis, including OSHA 300 logs, IAW CDRL B013.

Prior to acquisition of a hazardous material, the contractor shall review the material to determine if a less hazardous substitute is available in an effort to reduce the total quantity of hazardous materials onsite.

The contractor shall establish and maintain a certification and training program based on SOFSA CLS Services objectives, compliance requirements, and risk management. Employees shall receive appropriate training prior to performing a job for which safety training is required.

The contractor shall submit and maintain a Healthy Work Environment Plan (CDRL B006).

1.2.2.9 Security Program

The contractor shall develop and operate a comprehensive security program including physical, COMSEC, OPSEC, Anti-Terrorism/Force Protection (AT/FP), and IT security IAW NISPOM and Defense Information Systems Agency (DISA) requirements and compliant with the requirements of DoD 5100.76-M (Physical Security of Sensitive Conventional Arms, Ammunition, and Explosives) (Reference [Sect. 2.7](#)).

The contractor shall provide the following program security/protection services:

- Technical advice to collateral, SCI, SAP programs, and emerging mission areas
- Supply classification guidance and CUI/S/FOUO assistance for all TOs to include collateral, sensitive compartmented information (SCI), and special access program (SAP)
- Perform Perception Management Operations

The contractor shall prepare and maintain a Security Plan and Procedures (CDRL B013) with a SCIF SPP (CDRL B014) covering all assigned facilities and activities at all assigned CLS Services locations, and an IT Systems Security Authorization Agreement/DIACAP Scorecard (CDRL B016).

1.2.2.9.1 Physical Security

The contractor shall ensure that all persons entering SOFSA facilities are authorized and follow security procedures. Inspection procedures for closed areas shall be adequate to prevent introduction or removal of prohibited items and prevent the unauthorized removal of classified documents or other material. The contractor shall issue security identification credentials to each contractor employee and to each Government employee. All identification credentials shall

be controlled articles. All contractor and contractor employee vehicles shall be registered with the appropriate security management office to ensure a secure mission environment (Reference Sect. 2.7.4).

The contractor shall conduct physical security site surveys to assess physical construction and security protection afforded SOFSA assets and facilities. The contractor shall schedule and conduct security reviews and self-inspections.

The contractor shall prepare and maintain facility accreditation(s), to include ensuring sensitive compartmented information facilities (SCIFs) are accredited and operated IAW the DCID 6/9 Physical Security Standards for SCI Facilities and the NISPOM for DoD closed areas.

1.2.2.9.2 Communications Security (COMSEC)

The contractor shall provide the following COMSEC and OPSEC services (Reference Sect. 2.7.9):

- Maintain COMSEC inventory
- Manage USSOCOM/SOFSA COMSEC operations to meet short-notice requirements
- Ship and receive COMSEC materials
- Maintain documentation needed for controlling COMSEC inventories

1.2.2.9.3 Operations Security (OPSEC)

The contractor shall provide the following OPSEC services (Reference Sect. 2.7.6):

- Include OPSEC approach in risk and vulnerability assessments
- Identify critical program information (CPI)
- Identify OPSEC indicators
- Develop OPSEC plans
- Review documents/data to go on network for classification and OPSEC

1.2.2.9.4 Anti-Terrorism/Force Protection

The contractor shall design and implement AT/FP defensive measures to protect personnel, facilities, conventional AA&E, aviation assets, and ground vehicle systems and plan/support annual AT/FP exercises with BGS security and local law enforcement (Reference Sect. 2.7.7).

1.2.2.9.5 Personnel Security

The contractor's personnel security shall include indoctrination, de-briefing, maintain clearances, sub-request for access, and verification of access to facilities and databases (Reference Sect. 2.7.1).

1.2.2.9.6 Information and IT Security

Document Control: The contractor shall account for inventory and control disposition of classified information IAW Government directions. The contractor shall coordinate and process all local courier procedures and identification and conduct courier training briefings (Reference Sections 2.7.5.1 and 2.7.8).

The contractor shall use CJCS Manual 3213.02B, "Focal Point Program Procedures," and supporting documentation for each Focal Point subsystem, including security classification guides, program security plans, and governing directives as guidance in the governance of "Focal Point Program" information.

When performing SOFSA-related business, the contractor shall follow the appropriate ACCM requirements that may be required at non-USSOCOM locations or facilities. The Performance Monitor or component command at these locations/facilities will provide specific information. USSOCOM Contracting Activity shall be notified prior to any portion of this contract being subcontracted out.

Information Technology Security (Information Assurance, and Security for AIS): The contractor shall perform analysis of network security and changes to it, based on the NISPOM, Chapter 8, the DCID 6/3 and USSOCOM certification and accreditation process perform the following security tasks:

- Protect NIPRNet and SIPRNet IAW DoD and USSOCOM guidance
- Ensure proper protection or corrective measures are taken when an incident or vulnerability is discovered within a system
- Develop and implement an information security education, training, and awareness program
- Develop and maintain System Security Plans (SSPs) IAW NISPOM, Chapter 8, and/or DCID 6/3 as a section of B013.

The contractor shall perform duties as the Information Assurance Officer (IAO) to include writing and maintaining the SSP, training personnel on AIS Security requirements, and ensuring systems are maintained as stated in SSP. Upon Government direction, the contractor shall lead the security accreditation process for SOFSA systems.

The contractor shall use DoD Directive 8570.01-M for guidance and procedures for the training, certification, and management of the SOFSA workforce conducting Information Assurance (IA) functions. The contractor shall comply with DoD 8500.2 for guidance in implementing policy, assigning responsibilities, and prescribing procedures for applying integrated, layered protection of the DoD information systems and networks. If appropriate, the contractor shall comply with DCID 6/3, SCIF IT requirements.

The contractor shall adhere to USSOCOM Manuals 380-1, "Command Information Security Program" and 380-3 "Command ADP Program" when performing activities at HQ USSOCOM owned or operated facilities.

The contractor shall use as guidance for the governance of ACCM information the following documents:

- DoD 5200.1-R "Information Security Program" Chapter 6, Section 8, "Alternative Compensatory Control Measures (ACCM)"
- OSD/C3I Memorandum, 18 April 2003, "Revised Alternative Compensatory Control Measures (ACCM) Guidance"

During Electronic transmission of For Official Use Only (FOUO) information, e.g., voice, data or facsimile, and email, the contractor shall use approved secure communications systems or systems using other protective measures such as Public Key Infrastructure (PKI), whenever practical.

1.2.2.10 DD Form 254 Compliance

The contractor shall comply with all security regulations as stated on the DD Form 254 and handle the highest level of classified work/material, to include Secret, Top Secret/SCI, and SAP/SAR.

1.2.2.11 Crisis Action Planning for Facilities

The contractor shall support crisis action planning activities and exercises with Government, State, and local officials IAW the contractor's Security Plan and Procedures (CDRL B013). (Reference [Sections 2.9](#), 2.9.1 and 2.9.2)

1.2.2.11.1 Planning for Disasters and Emergencies

The contractor shall coordinate crisis action planning with government SOFSA chain of command and then maintain a Crisis Action Plan (CAP) for SOFSA facilities under the contractor's control to ensure, to the extent possible, that operations are sustained or resumed in the event of a disaster, crisis, or other significant natural or man-made event (Reference Sect. 2.9).

1.2.2.11.2 Crisis Management/Action Validation

The contractor shall train its personnel and plan/support exercises IAW the frequency stated in the CAP. Exercise testing shall include personnel notification via planned communications and IT networks, to verify response team adequacy versus pre-exercise defined metrics, then use lessons learned from the exercise to improve the CAP (Reference Sect. 2.9.1).

1.2.2.11.3 Secure GFP

If an emergency requiring installation closure occurs while contractor personnel are in the affected facility, contractor personnel shall promptly secure all GFP appropriately and evacuate in an expedient but safe manner unless otherwise directed by the Contracting Officer (Reference Sections 2.3.1.1, 2.7.4.2, and 2.9.1).

1.2.2.11.4 IT Continuity of Operations

As part of SOFSA security procedures and disaster planning and recovery procedures, the contractor shall incorporate an IT continuity of operations plan (COOP). The contractor shall be responsible for the updates to the existing SOFSA COOP to include responsibilities and tasks/procedures that will be required to resume full IT operations (Reference Sections 2.3.1.1 and 2.9.2).

The contractor shall perform COOP testing to determine the adequacy of the COOP plan and the preparedness of the workforce and facilities to execute the COOP. The contractor shall execute the IT COOP in the event of a precipitating event.

1.2.2.12 Data Management and Control

The contractor shall provide data management and automated tools per DoD-STD-1700 (NS) to collect, maintain, and integrate data control to support enterprise-wide data needs and Government requirements. The Government will have unrestricted access to all repository data. The Government retains the authority to approve changes to all forms of technical data to include, engineering data, drawings, and publications. The contractor shall gain Government approval before modifying engineering data or physical assets. The contractor shall implement a data management process that ensures the integrity of hardcopy and digital data. New documentation shall be created in electronic form, unless otherwise directed by the Government (Reference [Sect. 4.6](#)).

Data Management Tools: The contractor shall provide and implement automated data management tools that manage, control, distribute, and allow controlled access for sharing of technical data throughout the program, both within USSOCOM and external to USSOCOM if required by a TO. During the course of the contract, the contractor shall recommend to the Government new data management tools and technology innovations for implementation within the existing system.

The contractor shall provide desktop electronic online access to data management systems, interface requirements, and associated training required to access and use improved capabilities.

Data Retention: The contractor shall maintain a technical data repository of data generated IAW this contract and DoD-STD-1700(NS) to include maintaining essential file and version relationships, known data status, and controlled access. The contractor shall prevent cross-pollinating technical data between data suppliers, between contractor-to-Government, between vendors and subcontractors, and between SOFSA customers.

1.2.2.13 GFP and GFE Maintenance and Management

The contractor shall manage and maintain GFP and GFE IAW DoD standards. The contractor shall be responsible for the acquisition, control, protection, and use of tangible Government and contractor supplied property in the contractor's possession, including property provided under a

contract that may be in the possession or control of a subcontractor. At all levels of the contractor's organization, the contractor shall be responsible to employ assets effectively in support of the CLS Services contract objectives (Reference Sections 2.6.1 and [4.7](#)).

The contractor shall establish a master property system with property management procedures that control acquisition, receiving, safeguarding, maintaining, inventorying, and release of SOFSA, SOFSA customer, leased, and contractor property during the execution of this contract, including property provided under a contract that may be in the possession or control of a subcontractor from TO issue to signature of DD Form 250.

1.2.2.13.1 Property Management Procedures

The contractor shall (Reference [Sections 2.6](#) and [4.7](#)):

- Implement applicable FAR, Government policies, standard ASTM E 2279-03, and property management portions of ISO 9001 standards
- Mark and identify all property under its responsibility
- Establish and maintain the data elements within the property system for all Government and contractor property under the responsibility of the contractor
- Protect property and control the storage of property, including items for known future use and excess items undergoing the disposition process.
- Maintain and calibrate Government property IAW applicable TOs, as well as maintenance and calibration of contractor property
- Ensure compliant use of GFP/GFE and Government-owned material control and consumption, including GFM and Contractor Acquired Material (CAM)
- Control transfer of property accountability between TO contracts
- Report to the Government incidents of loss, damage, destruction or theft (LDDT) of Government property and report LDDT of contractor-owned items IAW with the contractor's insurance procedures
- Dispose of excess Government property IAW parts of DoD FAR 45 as well as disposing/transferring GFP/GFE/GFM at contract close-out
- Perform self assessments to improve property management and reducing property management costs

1.2.3 Business Operations

The contractor shall implement Business Operations best practices to increase the efficiency of the support services provided to the SOFSA Enterprise (Reference [Sect. 3.0](#)).

The contractor shall implement Business Operations best practices along with associated measurement metrics and standards IAW contractor best practice policies and the Business Operations Plan (CDRL B018) and report corrective action issues via CDRL B030, Corrective Action Report.

During contract transition-in, the contractor's Business Operations element shall discuss with the Government the best practice options to ensure effective interfacing with existing SOFSA operating procedures.

1.2.3.1 Audit and Oversight Activities

The contractor shall provide audit and oversight activities to ensure compliance as required with subcontractor performance and contract requirements, to include managing and executing contract and financial practices IAW DoD regulations, policies, and laws (Reference Sections 3.1.5 and [3.4](#)).

1.2.3.1.1 Types of Audits

The contractor shall perform compliance, financial, subcontractor, supplier, Earned Value Management System (EVMS), process, quality, timecard, equipment, and ESH audits (Reference Sections 3.1.4, 3.1.5, and 3.4.2).

The contractor, as necessary, shall coordinate with Government agencies and certification agencies to complete Government audits regarding contractor performance of this PWS.

The contractor shall establish an audit oversight team composed of the contractor's General Manager (GM) or delegate, and the following directors/managers: business operations, contracts, subcontracts, quality management, and other organizational representatives as necessary.

1.2.3.1.2 Audit Reporting

The contractor shall submit audit summaries (CDRL B019), as required, in contractor-selected format and media to the SOFSA Business Management Division. Audit summary reports shall, at a minimum, include audits performed during the current quarter, audit findings, corrective actions as necessary, and a schedule of future audits. The contractor shall submit an annual oversight summary within 30 days after the end of the audit year (Reference Sects 3.1.5 and 3.4.2).

1.2.3.2 Reporting Contract Deliverables

The contractor shall design and administer a logical and efficient means for reporting all contract deliverables to the Government (i.e., financials, facilities, PM data, etc.).

The CDRL of plans, procedures, and documents required to be delivered as part of this contract are shown in **Figure 1.2.3.2-1**. The contractor shall submit updated CDRL documents in contractor-selected format and media IAW the submittal cycles shown in Figure 1.2.3.2-1. The contractor shall draft the CDRLs during the transition period of performance and deliver the draft documents to the Government for approval no later than 30 days after concluding transition-in.

Government issued individual TOs will delineate specific CDRL requirements for technical and other data. The cost of that data, including preparing, formatting, reproducing, databasing, and delivering data will be included in the individual TO pricing. The contractor shall gather, manage, maintain, and supply technical data IAW TO CDRL requirements.

The Government will provide written acceptance, comments and/or change requests, if any, within 20 business days of the Government's receipt of the CDRL. If no comments are received within 20 business days of Government receipt of the CDRL, the CDRL will be deemed accepted by the Government and the contractor may proceed with submission of final deliverable to the Government. The contractor will have 15 business days to incorporate the Government's comments and/or change requests and to submit the deliverable in its final form.

The contractor shall deliver and adhere to a Security Plan and Procedures (CDRL B013) with embedded Physical Security, COMSEC, OPSEC, and COOP sub-plans, to include the following procedures and reports:

- Standard Security Procedures (SSP)
- Standard SCIF security procedures (SCIF SPP as needed)
- Standard Information System Security Plan
- Standard IT COOP procedures
- COMSEC procedures
- Accident/Incident reporting procedures
- Crisis Action Procedures
- Emergency situation reporting procedures
- AT/FP procedures
- Kidnapping Report

08.CH.0042X-163

Figure 1.2.3.2-1. CDRLs to be Delivered and Maintained during the CLS Services Contract.

The contractor's Program Management Plan shall include procedures for performing novated, mission-critical, surge, standard, complex-development, and what-if/ROM TOs. The contractor's Transition Plan shall include a Transition-In and a Transition-Out sub-plan. Property and facility status shall be available to the Government online, provided on-request, and as part of quarterly program management reviews.

1.2.3.3 Establish Quality Program

The contractor shall establish, administer, and maintain a quality program, laden with industry best practices, to comply with applicable DoD standards to include FAR Subpart 46.4 Quality Assurance, ISO 9001:2000 (Reference [Sections 3.3](#) and 3.3.1).

The contractor shall apply its quality program across the CLS Services program including all subcontractors, suppliers, and worldwide locations. The contractor shall embed quality into the product/service delivery chain to ensure TO success by:

- Employing viable and robust processes for product certification and acceptance of first article approval and attaining Air Worthiness Release (AWR)
- Conducting quality control inspections, testing, and acceptance of production items
- Conducting a quality assurance surveillance program
- Providing the Government full visibility of contractor operations and performance
- Providing the Government a monthly report summarizing audit findings with defect rates for delivered products and services, along with defect causation and corrective action to ensure that issues are addressed systematically to prevent recurrence

The contractor shall comply with prohibitions against human trafficking and incorporate checks of life-support-areas into its quality program and shall accommodate review within the Government's quality assurance process.

The contractor shall gather performance data measured by the metrics defined in this PWS and report the results to contractor and Government organizations to maintain visibility of contract technical, cost, schedule, and quality performance as documented in the Quality Operations Plan (CDRL B005).

1.2.3.4 Facility Workload/Throughput Management

The contractor shall manage and administer industry best practices in the management and execution of all work in support of Enterprise and Logistics Support Services. The contractor

shall manage facility/workload throughput, to optimize workforce capabilities against the CLS Services work being performed under this contract vehicle (Reference [Sections 3.7](#) and [4.8](#)).

The contractor shall provide TO status, via a dashboard to the SOFSA staff and Government. The contractor shall perform workload/throughput management IAW its Facilities Plan (CDRL B028).

1.2.3.4.1 Facility/Space Throughput

The contractor shall provide a flexible workflow/flexible workstation facility (FWWF) by: (Reference Sections 3.7 and 4.8)

- Defining standard work documentation per workstation and collocating support work, equipment, tools, and kits at the workstation
- Optimizing workflows within and between facilities
- Identifying efficiency improvements and then implementing efficiency improvements at the contractor's discretion, where there are no impacts to TO schedule or risk, either internally to the Enterprise, with suppliers, or with SOFSA customers
- Identifying cost-savings or efficiency improvements requiring the Government to authorize a contractual adjustment with vendors or utility suppliers
- Identifying to the Government transformational efficiency improvements, which may impact TO schedule and costs, and only implementing those efficiencies upon Government approval and funding

1.2.3.4.2 Critical Aviation Asset Throughput

The contractor shall ensure the efficient throughput of critical aviation TO assets through extensive use of tailored processes using automated tools to ensure proper asset receipt, inventory control, storage, shipment, and tracking. For government identified critical aviation assets, the contractor shall assign a TO manager to execute the TO who is trained and experienced with managing critical aviation assets.

The contractor shall ensure that appropriate IUID, barcode, RFID, and bonded warehousing requirements are met for control, storing, shipping, and tracking of critical aviation assets.

The contractor shall ensure that all TOs involving modification and/or maintenance of aviation critical assets have an approved integrated TO schedule and TO management plan in place prior to TO kickoff. The contractor shall prioritize all TOs involving critical aviation assets and coordinate each one through the contractor's Enterprise Services and Business Operations Directorates to ensure that adequate physical and workforce resources are allocated to support the TO and that sufficient support is available from support agencies.

1.2.3.5 Qualified Workforce

The contractor shall provide a qualified workforce in a timely manner to meet the requirements of the enterprise and TOs. The contractor will conduct employee opinion surveys, skip-level meetings, and focus groups during the life of the contract to identify barriers to efficient work

operations and solutions to overcome barriers to achieve more cost-effective, lean operations (Reference [Sect. 3.2](#)).

Supply Leaders: The contractor will provide leaders, trained in the contractor's corporation leadership competencies, who instill a positive workforce culture that empowers the worker to recommend work efficiencies. The contractor will establish a contingency succession plan for both key personnel along with cross-trained personnel for critical skill tasks to minimize task disruptions by the loss of a leader or skilled employee. The contractor shall train and certify workforce personnel IAW Section 1.5, Training (Reference Sect. 1.5).

Manage Human Resources: The contractor shall be responsible for day-to-day oversight of its workforce at CONUS and OCONUS locations. The contractor will perform personnel resource management in a manner that, over time, retains a high percentage of trained and experienced personnel while improving workforce skill levels.

Staffing: The contractor will provide agile staffing solutions to handle dynamic manpower needs of the Government's TO environment, including a manpower planning team to collaborate with the Government and identify workforce goals and skills needed to accomplish potential TO support efforts and to deal with surge demands.

Linked Database: The contractor will develop, maintain, and use a skill database that identifies employee and subcontractor core skill qualifications for all positions within the contractor's workforce and may electronically link the skill database to the TO schedules to allow assignment of qualified personnel to scheduled or anticipate work.

Outreach: The contractor will establish and maintain throughout the life of the contract relationships with local school districts, vocational schools, community colleges, and universities to develop logistics-based curriculum and build an entry-level talent pipeline.

Compensation: The contractor shall establish and implement a compensation process for its CLS Services workforce that incentivizes retention and superior performance.

Employee Relations: The contractor's chain of command will resolve employee issues. Where applicable, the contractor's HR team shall coach and mentor leadership on resolution of employee issues. The contractor shall leverage knowledge of international rules and regulations to support employees at OCONUS locations.

1.2.4 Program Management

The contractor shall perform enterprise-wide management IAW its Enterprise Management Plan (CDRL B001) and report performance quarterly in its Enterprise Management Report (CDRL B002) and report corrective action issues via CDRL B030, Corrective Action Report (Reference [Sect. 4.0](#)).

1.2.4.1 Implement Enterprise Best Practices

The Contractor shall implement industry best practices in all relevant areas of program management while ensuring compliance with applicable DoD policy and regulations as required. The contractor shall implement the ongoing and transformational best practices and contractor best practice policies along with associated measurement metrics and standards (Reference Sects 2.0 and 4.0).

Transformation: Beginning at transition-in and during the life of the contract, the contractor's Operational Excellence Directorate shall recommend to the Government innovative transformation best practice options. Options that have significant impact on facility/workstation configurations, workflows, IT/MIS, or major operational procedures that may impact the TO schedule or costs, the contractor shall implement them only after Government approval. For Government approved transformational best practices, the contractor shall submit a proposal to the Government containing estimated costs and an implementation schedule. The contractor shall implement approved and funded transformation best practices IAW the proposal's requirements.

1.2.4.1.1 Management Organization

The contractor's General Manager shall integrate and synchronize the efforts of the contractor's CLS Services organization composed of the Directorates and offices shown in **Figure 1.2.4.1.1-1**, and is responsible for all aspects of cost, schedule, and technical performance to include oversight control. In that capacity, the General Manager has established the following mission statement for the contractor team: (Reference Sect. 2.1.1.1)

- Remember the Warfighter comes first.
- Rapidly and properly equip USSOCOM and its Warfighters, anywhere in the world, with the best possible systems, logistics services, and equipment, 24/7
- Meet or exceed the performance and quality expectations of the customer
- Deliver a no-fail transition and an enterprise-wide transformation in partnership with the Government

(b)(4)

The contractor shall adapt and adjust its organizational structure to support changing mission needs faced by USSOCOM.

The contractor shall supply and use a corporate-level SOF Agile Support Team (SOFAST), to ensure the General Manager has access to expertise, when the General Manager decides reachback support is needed, to support TOs no matter where that expertise resides within the contractor's corporate organization.

The contractor shall maintain within the Project/Programs Directorate, nine core capability experts with the responsibility to assess and then shape the core capability into a fully responsive condition, as part of the RLE.

1.2.4.1.2 Key Functions

The contractor shall perform the CLS Services contract by staffing and performing the key functions depicted in Figure 1.2.4.1.1-1 above to perform the key function tasks summarized in **Figure 1.2.4.1.2-1**. (Reference Sects 2.1.1.2, 3.1.1, 2.1.1.1, 4.1.1, and 5.1.1)

1.2.4.2 Manage Facility/Workload Throughput

The contractor shall manage facility/workload throughput IAW Section 1.2.3.4. The contractor shall prepare and use a resource-loaded integrated master schedule and its EVMS to plan, schedule, execute, monitor, and status facility/workload throughput for each contract period of performance and for each TO. (Reference Sects 3.7 and 4.8)

The contractor shall create an enterprise-wide Master Schedule (CDRL B003) with discrete, executable milestones, including identified risk and opportunities, as input into the EVMS. The milestones in the master schedule shall include major TO schedule milestones, major milestones from the transformation deployment schedule, and major milestones from the Enterprise Services Schedule. The contractor shall conduct weekly late-milestone (starts and finishes) reviews, to include applicable corrective action. The contractor shall manage the master schedule by conducting annual detailed (rolling wave) schedule planning, to include resource loading.

1.2.4.3 Manage Multiple Task Orders

1.2.4.3.1 Portfolio Management

The contractor shall effectively manage SOFSA's portfolio of multiple TOs covering the full spectrum of core capabilities. The contractor, using the EVMS as described in section 1.2.4.4, shall track, monitor, and quarterly report to the Government TO portfolio status for throughput performance trends by contract type and core capability, using management by exception to focus on TOs or TO types with performance issues. (Reference [Sects 3.6](#), 3.7, and 4.1.4.)

The contractor shall report this performance through formal and informal meetings and through the contractor-provided SOFSA Portal. The contractor shall take corrective action based upon trend analysis to improve TO, portfolio, and enterprise performance.

1.2.4.3.2 Individual Task Order Management

All services furnished under this contract shall be ordered by issuance of TOs. Each designated task shall be initiated only by issuance of an approved TO. The Government is liable for work

	Key Function	Task Order Support Focus
1	Facility Management	<ul style="list-style-type: none"> Perform oversight, direction, and integrated control of all contractor elements Responsible for all operations and support supplied by the contractor Ensure effective enterprise-wide management Maintain effective partnership with the Government
2	SOF Agile Support Team (SOFAST)	<ul style="list-style-type: none"> Ensure highly responsive corporate support for SOF-peculiar TOs
3	Project/Program Management	<ul style="list-style-type: none"> Provide day-to-day planning and management of TO execution Ensure effective TO portfolio management Ensure effective engineering, logistics, and industrial operations support to TOs
4	Logistics	<ul style="list-style-type: none"> Provide a skilled workforce with core capability expertise to perform four core capabilities in support of assigned TOs (Integrated Warehouse/Supply Services, Logistics Support Teams, LCSM, Logistics Automation) Identify, evaluate, select, supply to CONUS and OCONUS locations, and manage logistics support teams
5	Engineering	<ul style="list-style-type: none"> Provide transparent design, systems engineering, and verification support to TOs
6	Industrial Operations	<ul style="list-style-type: none"> Provide a skilled workforce with core capability expertise to perform five core capabilities in support of assigned TOs (Aviation, Small Arms, Communications/Electronics, Ground Systems and Manufacturing/Production) Provide and maintain an efficient/effective production, manufacturing and fabrication infrastructure
7	Task Order Management	<ul style="list-style-type: none"> Identify, evaluate, select, supply, and manage TO IPT leaders with core capability expertise in support of approved TOs Execute assigned TOs
8	Business Operations	<ul style="list-style-type: none"> Provide transparent Business Operations support to TO IPTs, including contracting, subcontracting, and financial/accounting support Provide TO proposal response to Government TOs Ensure effective, timely EVMS data processing and reporting
9	Contracts Management	<ul style="list-style-type: none"> Ensure contractual compliance to basic contract and contract changes
10	Subcontracts Management	<ul style="list-style-type: none"> Identify, evaluate, qualify, select, and supply subcontractors and vendors with core capability expertise in support of approved TOs
11	Operational Excellence	<ul style="list-style-type: none"> Designs and guides effective transition and enterprise transformation activities to establish an integrates support services enterprise
12	Quality Control	<ul style="list-style-type: none"> Performs quality assurance surveillance gathering, reporting and monitoring through the completion of any corrective actions
13	Enterprise Services	<ul style="list-style-type: none"> Provide transparent enterprise service support to TO IPTs, including facilities, supply chain, transportation and ESH management Maintain and mature infrastructure to ensure efficient support of TO execution
14	Management Information Systems	<ul style="list-style-type: none"> Provide and maintain an effective IT/MIS infrastructure capable of delivering digital status and trend data to data users at all SOFSA sites

08.CH.0042X-515

Figure 1.2.4.1.2-1. Key Function Tasks. All key functions support TO execution.

completed under the terms and conditions of the TO to the extent that an approved TO has been issued and covers the required work. Charges for any work not authorized shall be disallowed. (Reference Sects 3.6.1, 4.1.4, 4.1.5, and 4.2)

The Government shall initiate the TO implementation process by preparing a statement of objectives to be achieved by completion of the TO along with a request for TO proposal within a TO RFP, IAW SOFARS 5652.216-9004. The TO RFP will contain a description of the functional or other objectives to be achieved, schedule for completion of the TO, funding sources, deliverables to be provided, and any special requirements.

The contractor shall provide a proposal with a TO PWS, technical approach, execution schedule, resource estimate, a cost estimate, and a WBS, unless TO instructions dictate other or different response material.

Following execution of the TO, the contractor shall notify the Government of any need to change the TO that will impact the cost, price, schedule, or deliverables content of the baseline work plan. In cases where technical instructions or other events may dictate a change from the baseline, TOs may be formally amended in writing by the Government to reflect modifications to tasking. The contractor is responsible for revising the work plan to reflect TO amendments within 5 business days following negotiation or issuance of a change order.

1.2.4.4 Employ Earned Value Management Tools

The contractor shall employ earned value management tools, such as Artemis, to provide TO data (cost, schedule, performance) to identify planned versus actual trends and variances to program cost and schedule. (Reference Sects 2.1.1.3, 3.6.2, 4.3, and 5.5.3.3)

EVMS: The contractor shall implement and execute its accredited EVMS and EVM process compliant with the ANSI/EIA-748-B Standard and IAW its EVM Plan (CDRL B027). The contractor shall size/tailor the EVM measurement approach for each task/activity based upon the task/activities complexity, value, and period of performance, e.g., simple tasks may have a single milestone, work package and charge number while a multi-year platform modification would have many milestones, work packages and charge numbers.

The contractor shall provide the Government with visibility and insight into enterprise and TO financial and schedule performance, to include comparisons of actual versus planned EVM objectives.

The contractor shall plan, baseline, execute, and status earned value for all work and select the appropriate earned value methodology IAW ANSI/EIA-748-B standards.

Using EVMS, the contractor shall manage the budget for the enterprise and for each TO.

Reporting: The contractor's Business Operations element shall prepare and submit the EVM and Financial CDRLs listed in Figure 1.2.3.2-1 (CDRL B023 through B029) for use by the Government and contractor's leadership to control and optimize CLS Services operations. The contractor shall submit a monthly Contract Performance Report (CPR) (CDRL B024) IAW DID DI-MGMT-81466A, due 15 days after the close of the contractor accounting month. The contractor shall prepare and conduct an Integrated Baseline Review (IBR) (CDRL B023) no later than contract award + 180 days to define, document, and gain government approval of the contract performance measurement baseline. The initial IBR shall include a review of the contractor's earned value assessment and reporting systems to ensure system compliance with applicable standards and the degree to which actual earned value system tracks with prescribed policies and practices. Beginning with Option 1, the contractor shall conduct annual IBR updates that reflect current and accurate changes to the contract performance measurement baseline.

TO Schedule: The contractor shall develop, maintain, and submit a monthly TO schedule IAW DID DI-MGMT-81650, due 15 days after the close of the contractor's accounting month.

1.2.4.5 Manage Customer and Contractor Data

The contractor shall effectively manage contractor developed and customer provided technical data IAW the contractor's comprehensive configuration management policy. (Reference [Sect. 4.6](#))

1.2.4.5.1 Adhere to a Comprehensive Configuration Management Policy

CM/DM: The contractor shall tailor its company configuration management best practices to support USSOCOM and achieve firm baseline control, including visibility of baseline status, approved changes, and as-built changes. The contractor shall document its CM/DM process in CDRL B007. After Government approval of the CM/DM plan, the contractor shall implement and adhere to the CM/DM Plan. (Reference [Sects 2.4, 4.6, and 5.1.2.3](#))

State Facility: The contractor shall not alter the interior or exterior of any building nor excavate the floor of any building or the land around any building without the written approval of the Commonwealth of Kentucky. Requests for such approvals will first be submitted in writing through the Government's SOFSA Director, Bluegrass Station. If a best practice improvement approved by the Government changes the configuration of the interior or exterior of any state-owned building, the Government agrees not to hold the contractor accountable for restoration expenses related to that change at termination of the contract. If the contractor, at its discretion, changes the configuration of the interior or exterior of any state-owned building, then the contractor shall return all facilities to their original configuration and condition upon completion or termination of this contract. Prior to implementing facility configuration changes, the contractor shall request that the Government accept modifications in lieu of returning facilities to the original configuration. However, to the extent that the Government accepts such modifications, those modifications become the property of the Government.

1.2.4.5.2 IT Configuration Management

The contractor shall maintain the current SOFSA Configuration Management Program and shall, upon Government direction via a TO, develop and implement enhancements or modifications to the existing Configuration Management Program. The contractor shall ensure that the IT solution supports configuration management requirements. (Reference Sect. 2.4)

The contractor shall maintain, at a minimum, the following SOFSA and contractor IT artifacts under configuration control:

- Hardware Configurations
- Software Configurations
- Approved software packages for clients and servers
- Standard Operating Procedures for IT Management
- Code, scripts, web pages, and other "Software Development" artifacts that are created for the SOFSA Program

The contractor's IT configuration management program shall be based on the following standards:

- Configuration management principles established by EIA 649-A, National Consensus Standard for Configuration Management
- IEEE/EIA 12207.0, Standard for Information Technology – Software Life Cycle Processes
- ISO/IEC 12207 Information Technology-Software Life Cycle Processes
- IEEE 1042, Software Configuration Management
- ISO/IEC 15288, Systems Engineering – Systems Life Cycle Processes
- ISO/IEC TR 15846, Software Engineering-Software Life Cycle Process-Configuration Management for Software for SOFSA IT artifacts

The contractor shall update the baseline IT system/network IAW Government issued TOs requiring IA-related changes. The contractor shall perform security testing of the SOFSA systems. The contractor's IT manager shall submit updates of IT hardware/software configurations to the contractor/Government Configuration Change Board (CCB) IAW the CCB process contained in the contractor's Enterprise Management Plan (CDRL B001).

1.2.4.5.3 Data Rights

The contractor shall obtain and deliver to the Government sufficient rights in technical data, computer software, and computer software documentation IAW DFARS 252.227-7013 Rights in Technical Data—Noncommercial Items (Nov 1995) and FAR 252.227-7014 Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation (Jun 1995). The contractor shall specify the specific rights the Government will receive in technical data, computer software, and computer software documentation within each proposed TO or other non-TO deliverable, which includes the delivery of technical data, computer software, and computer software documentation.

1.2.4.5.4 Third-Party Data

The contractor shall adopt operating procedures and security measures designed to protect proprietary data from disclosure or release to unauthorized third parties, including those in a TO team. The contractor shall also:

- Establish a proprietary information agreement (PIA) with third-party suppliers of proprietary information
- Mark third-party proprietary information IAW the PIA under which the information was received
- Mark third-party proprietary documents with a legend such as "Proprietary," "Confidential," "Secret," "Commercial-in-Confidence," or similar markings
- Not remove from third-party supplied proprietary information any legend, label, or other marking without authorization from the third party or the CLS Services prime contractor's cognizant legal counsel
- During selection of TO contractors, identify and mitigate or remove any organizational conflict of interest

1.2.4.6 Manage and Mitigate Program and Task Order Risks

The Contractor shall employ risk analysis and mitigation techniques to include risk identification, criticality analysis, and development and presentation of mitigation strategies. (Reference Sects 2.3.3, 2.4, 2.5.5, 2.2.4, 2.7.9, 2.8, 2.10.1, 2.11, 3.15, 3.2.2.6, 3.3.17, [4.5](#), and 5.5.6)

Program: The contractor shall implement an Enterprise Risk and Opportunity Management Plan (ROMP), where the contractor identifies the risks, opportunities, and mitigations associated with TO execution and best practice implementations. The contractor shall implement Government approved and funded TO mitigations or opportunities.

TO managers shall conduct their own risk and opportunity review each month. Each quarter, the contractor shall conduct a Risk and Opportunity Management Board (ROMB) for the enterprise, using risk inputs from TO managers. At each enterprise ROMB, the contractor shall status each tracked risk and opportunity and the progress on associated mitigations, leading to retiring any risks and opportunities so directed by SOFSA. After Government review of contractor submitted risks, opportunities, and mitigations, the contractor shall implement any Government approved and funded mitigations.

Reports: At the end of transition-in and at the beginning of each option contract, the contractor shall provide the Government a list of risks, opportunities, and risk mitigations that the contractor believes can impact contract performance, based on the contractor's own assessment and review of requested inputs from the Government's SOAL-J4 and SOKF organizations. The contractor shall document period of performance risks, opportunities, and mitigations in the contractor's Risk and Opportunity Management Plan (CDRL B004).

1.2.4.7 Assess Trends, Productivity, and Resources

The contractor shall obtain, review, analyze, and disseminate positive and negative trend data, productivity/throughput data, and resource status to Government and contractor organization elements within the program, as required. (Reference Sects 2.5.5, 3.5, 4.3.21, and 4.4)

The contractor shall manage the SOFSA CLS Services contract efforts with an emphasis on establishing a trusting partnership with the Government by providing the Government clear contract visibility and insight into overall contract performance trends. The contractor shall collect, analyze, and report meaningful metrics results via an automated IT-supported process, including presenting metric data via a dashboard, that reveals, during program management reviews, progress on achieving contract objectives, execution status of individual TOs, and TO portfolio throughput performance.

1.2.5 Subcontracting

The contractor shall manage a subcontracting capability in compliance with H.11 (Small Business Targets) for necessary CLS Services and enterprise support, IAW its Subcontracting Plan (CDRL B010) and report status via CDRL B011, Socio-Economic Program Status, CDRL B012, Form SF 295, along with reporting corrective action issues via CDRL B030, Corrective Action Report. (Reference [Sect. 5.0](#))

The contractor shall implement subcontract management best practices along with associated measurement metrics and standards IAW contractor best practice policies.

1.2.5.1 Manage Subcontractors and Reachback

5-to-1 Bench Strength: To ensure responsive core capability resourcing, the contractor, at all times, shall maintain five qualified vendors, subcontractors, or contractor reachback capability for servicing TOs in every core capability. The contractor shall provide a corporate-level SOF Agile Support Team (SOFASST), manned by SOF-experienced personnel and corporate executives with the authority to facilitate reachback into its corporation to deliver a cadre of engineers/technicians skilled in each core capability for time sensitive or high-priority TOs. (Reference Sect. 2.1.1)

Pre-qualification: The contractor shall actively seek and pre-qualify multiple suppliers, for each core capability, who can provide the skills and products USSOCOM requires to ensure that USSOCOM can accomplish its mission with low TO execution risk. The contractor shall continuously evaluate the performance of its subcontractors and suppliers and their ability to accurately forecast and then deliver successful results. At least annually, the contractor shall remediate or eliminate poor performing subcontractors. At least annually, the contractor shall take action to add new subcontractors and suppliers to reinforce competitiveness for TO work and to align subcontractor support capabilities to the evolving USSOCOM and SOFSA mission requirements.

CDRL: The contractor shall develop and execute a Subcontracting Plan (CDRL B010) that delineates its 5-to-1 Responsive Performance Model (RPM) along with its methodology to annually surpass the 25% Small Business allocations and the Ability One Program allocation of 5%. The contractor shall submit semi-annually to the Government Socio-Economic Program status (CDRL B011) and a Form SF 295 Report (CDRL B012).

1.2.5.2 Comply with Applicable Documents

The contractor shall comply with the applicable federal, state, and local laws, ordinances, regulations and directives listed in Appendix A within CDRL B010 and all terms, conditions, and standards as specified in other sections of this contract. Unless otherwise directed in an individual TO, the contractor shall use appropriate commercial standards, specifications, and documentation to the maximum extend possible.

1.2.6 Logistics Support Services

The contractor shall perform LSS and TO program management IAW its Program Management Plan (CDRL B020) and report corrective action issues via CDRL B030.

Applied Expertise: The contractor shall apply subject matter expertise, lessons learned, best practices, or tools having demonstrated applicability to the core and other capabilities, consistent with USSOCOM Directives D70-1, D700-5, and D700-6 or as specifically directed by the Government:

Best Practices: The contractor shall implement LSS best practices, along with associated measurement metrics and standards, IAW contractor best practice policies to increase the efficiency of the nine core capabilities and non-core capability services listed in this section.

During contract transition-in, the contractor's Project/Program Management element shall work collaboratively with the Government to identify which best practice options effectively support existing SOFSA operating procedures.

1.2.6.1 Aviation Repair, Modification, Integration, Design, Test, and Supply Support

The contractor shall perform aviation repair, modification, integration, design, test, and supply support of foreign and domestic in-service or out of production aircraft, employing the resources planned and provisioned through the Integrated Logistics Support (ILS) process meeting airworthiness standards and design standards required to obtain AWR. The contractor shall meet demanding timelines and execute repair and modifications without OEM drawings or other interfaces when tasked in specific TOs.

Systems Engineering: The contractor shall perform systems engineering studies or analysis that enables the Government to evaluate possible solutions, alternatives, and/or recommendations related to airframe modification.

Systems Integration and Documentation: The contractor shall perform system integration of SOFSA systems and equipment as authorized by technical design and integration requirements. The contractor shall interpret Government requirements and design, manufacture and provide technical documentation (e.g., Level 3 drawings, technical publications, product drawings, and associated lists) to meet new mission requirements, upgrade system performance and address supportability and obsolescence issues. Systems integration in support of repair and modifications include 3D modeling, radio frequency spectrum analysis, vibration testing, non-destructive inspections, and finite element methodologies for structural analysis.

Modify & Repair Aircraft: The contractor shall modify SOFSA aircraft as authorized by applicable maintenance manuals or change requirements, to include modifying single radio integrations, complete upgrades for communications, navigation, aircraft survivability, weapons, fuel, power plant, flight control, and aircraft management systems and may include micro-miniature repair. The contractor shall repair SOFSA aircraft as authorized by applicable maintenance manuals or change requirements, to include avionics troubleshooting, corrosion control, structural repair and replacement, and aircraft strip and paint. The contractor shall provide technical advice for serviced equipment and associated end items to Government maintenance and operations personnel.

Verify & Test: The contractor shall verify and test TO developed, modified, and/or repaired SOFSA systems and equipment IAW applicable design verification and test criteria. The contractor shall support developmental flight tests with instrumentation and analysis and support Government acceptance test procedures when tasked.

Install/Deliver: The contractor shall install and deliver, at Lexington and/or Richmond facilities or in exportable packages to the Government at worldwide locations, SOFSA systems and equipment as directed by TO requirements.

Flight Operations Support: The contractor shall provide flight operations support of SOFSA aircraft IAW applicable operations and service and maintenance manuals for the model design series (MDS) of the particular aircraft.

1.2.6.2 Integrated Warehouse/Supply Services

Supply Services: The contractor shall provide integrated warehouse and supply services for SOFSA-designated systems and equipment for both retail and wholesale operations. These services shall encompass inventory management (including cataloging, control, storage, physical inventory, and asset tracking) along with repair, maintenance, warranty tracking, CM/DM, and replenishment and restock of supplies and spares to maintain agreed stockage levels and meet established system availability requirements. The contractor shall maintain contractor-customer agreed-to, pre-designated inventories of contingency equipment and supplies in operational condition; so when tasked, the contractor can deliver within 4 hours ready-to-ship support packages.

Control Point Services: The contractor shall provide joint contractor inventory control point (C-ICP) services for SOFSA systems and equipment to include replenishing, distributing, and restocking assets. This service shall implement an enterprise-wide item unique identification (IUID) strategy consistent with USSOCOM D70-2 that supports current UID methodologies and transition to future methodologies.

1.2.6.3 Small Arms Weapons Modification/Repair Support/Training

Inspect, Repair, Modify, and Maintain: The contractor shall inspect, repair, modify, maintain, and when directed, improve foreign and domestic in-service or out-of-production small arms weapons and small-arms ancillary systems IAW applicable operation and maintenance manuals.

Support Small Arms: The contractor shall support foreign and domestic small-arms weapons IAW applicable O&M manuals. When directed, the contractor shall support procurement and testing of foreign and domestic small arms.

Train Operators: The contractor shall train operators in the use of foreign and domestic small-arms weapons IAW applicable O&M manuals using Government-provided or contractor-developed training materials.

1.2.6.4 Communications Equipment/Electronic Repair

The contractor shall inspect, repair, modify, integrate, design, test, and return communication equipment, radar, countermeasures, engine controls, and other devices needed on aircraft, ground vehicles, support equipment, shelters systems, and other platforms or systems as directed. The contractor shall provide communications equipment and electronic repair employing resources planned and provisioned through the ILS process. The contractor shall design, specify, draw, and document SOFSA communication/electronic modifications to meet Government requirements.

1.2.6.5 Ground Systems Repair/Modification/Support

Repair, Modify, Fabricate: The contractor shall perform ground systems repair, modification, and fabrication and, when directed, support employing the resources planned and provisioned through the ILS process.

Manage Maintenance: The contractor shall manage the maintenance operation for ground systems repair employing resources planned and provisioned through the ILS process including provisioning part list, special tools list and support equipment, preparation of the maintenance task analysis (maintenance work requirements), technical documentation (e.g., maintenance manuals and guides), and other documentation as required.

Field Modified Equipment: The contractor shall provide initial fielding of modified ground equipment by delivering the resources planned and provisioned through the ILS process. The contractor shall provide training and technical advice and assistance for serviced equipment and associated items.

Monitor Sustainment Progress: The contractor shall monitor DoD and USSOCOM sustainment requirements, such as availability, for implementation to SOF-peculiar ground systems.

Repair & Return: The contractor shall conduct repair and return functions for ground equipment IAW TO-required MMTR requirements of each system and subsystem or component as appropriate.

1.2.6.6 Manufacturing/Production

Fabricate Produce & Repair Material: The contractor shall perform in-house manufacturing, fabrication, and production of equipment and systems, build to print, from Government-provided or contractor-generated technical data. The contractor shall maintain, fabricate, and repair composite structures, high-hardness ballistic steel, and ceramic armor, as well as manufacture and produce prototypes.

Sew & Repair Fabric: The contractor shall sew and repair fabric including canvas, Warfighter load bearing fabric, and ballistic materials.

1.2.6.7 Logistics Support Teams (LST)

The contractor shall deploy and support LST to CONUS and OCONUS locations from short-term to long-term durations IAW TO requirements. The contractor shall perform onsite maintenance and modifications employing logistics support teams deployed to site with complete resources required to complete the maintenance or modification operation. When

directed, the contractor shall support and augment worldwide SOF units in a force multiplier role.

1.2.6.8 Life Cycle Sustainment Management (LCSM) Integration Services

1.2.6.8.1 LCSM Operations and Activities

The contractor shall provide Life Cycle Sustainment Management (LCSM) services for acquisition and operational logistics projects, for fielded and future systems and ILS support for all modifications, supportability/obsolescence upgrades, and technical refresh of approved TOs. LCSM services shall include the following ILS elements as appropriate for the scope of the task: design interface (including Reliability, Availability, and Maintainability [RAM] data and human factors engineering), maintenance planning, supply support, support equipment, computer resources support, and technical data, training and support, manpower and personnel, packaging handling, storage and transportation, and facilities.

LCSM operations and activities relating to TOs shall be included in the integrated master schedule and the EVMS. When directed, the contractor shall fulfill the role as LCS (Life Cycle Sustainment) manager for SOF-particular acquisition efforts as specified in USSOCOM D70-1.

1.2.6.8.2 LCSM Live Training

The contractor shall plan, develop, procure, and deliver instructor-assisted live training for SOF and non-SOF target audiences identified in the Target Audience Description (TAD) as part of the Training Needs analysis (TNA) provided by the Government or developed by the LCSM team.

When directed, the contractor shall develop and obtain Government approval for training plans supporting a training TO. Training development shall follow the Instructional System Development (ISD) process providing immediate Government quality feedback during the instructional design phase, hence, ensuring attainment of the desired learning outcome.

The training schedule shall be entered into the TO schedule and into the EVMS. The EVMS CPI and SPI shall be the metrics that determine the measure of achieving training delivery cost and schedule objectives.

1.2.6.9 Logistics Automation Integration Services

The contractor shall plan and implement Logistics Automation Integration Services that provide total asset visibility of the USSOCOM Table of Equipment Distribution and Allowances (USTEDA), employing IUID methodologies; radio frequency identification technology of palletized and bulk packed assets controlled by C-ICP, employing SOF Sustainment Asset Visibility & Information Exchange (SSAVIE) and SOF Logistics Data Warehouse (SLDW). The contractor shall develop and implement an open-systems framework within the SOFSA Enterprise integrating USSOCOM and SOFSA automated logistics tools provided as GFP.

1.2.6.10 Other Key Logistics Areas (e.g., Maritime Support)

When directed, the contractor shall provide new product support upon receipt of a TO in other logistics areas for example:

- Surface and subsurface vessels, as well as dry-deck shelters and diving systems
- Warfighter-worn air, land, surface, and subsurface maritime tactical equipment
- Special programs
- Intelligence and information systems
- Simulation and training systems

1.2.6.11 Minor Construction

Minor construction shall be initiated via TOs IAW priorities established by USSOCOM. TO budget and schedule will be maintained in the EVMS.

1.3 SOFSA Facilities

The following 1.3 requirements apply to all facilities and areas located on Government installations or on Government-provided facilities.

Facility Adjustments: To properly manage assets and meet projected requirements, the US Government reserves the right to add or delete installations/locations from the current list of installations/locations identified in this PWS section. The Government will make changes to the inventory during the course of the contract—e.g., commissioning and decommissioning buildings and adding or replacing facility equipment and systems. The contractor shall be responsible for inspecting and maintaining these additional properties/items/systems.

Facility Management: The contractor shall operate and maintain Government facilities at Bluerass Station (BGS), Lexington, KY, Blue Grass Army Depot (BGAD), Richmond, KY; and all other facilities as directed. The contractor shall ensure facilities, equipment, and personnel are available for work performed at BGS and BGAD. The contractor shall use ARCHIBUS floor space utilization management software and other means to provide the Government responsive, accurate, current status of available space. Performance of work at other facilities or locations shall be approved as needed by the Government. When directed, the contractor shall provide status reports IAW CDRL B028 on facility capabilities, use of space, and corrective and preventive maintenance.

The contractor shall provide warehouse operations and establish and maintain facilities, when directed by the Government.

The contractor shall establish a comprehensive Energy Conservation Program that is consistent with good business practices. The contractor shall comply with each host installation's program comprehensive Energy Conservation Program within individual TOs.

During the CLS Services transition-in the contractor shall coordinate with current facility managers to establish similar leases for the CLS Services contract period of performance for:

- Initial occupancy deposit, quarterly rent payments
- Liability insurance for common areas, parking areas, walkways, step/stairways, entrances, lawns, and landscape areas
- Snow removal and landscaping
- Maintenance and repair interior light fixtures and replacement of light bulbs
- Janitorial services

Roads and Parking Areas: The Government will provide parking areas for contractor employees within a reasonable distance of all Government facilities. At these facilities, the Commonwealth will remove snow and ice from roads and parking areas, while the contractor shall remove snow and ice from walkways.

Vector Control: The Government will provide entomology and pest control for abatement of insects, rodents, weeds, fungi, and other undesirable plants and animals within Government-furnished facilities.

The following requirements apply to both the BGS and the BGAD:

External Physical Security: The Commonwealth will provide security to all areas external to assigned facilities including visitor and entry control, parking lots, storage lots, and performing visual checks of building exteriors and lots, as well as conducting external door checks. The contractor shall provide physical security for all assigned facilities. Security measures will include building entry controls, alarm system monitoring, key and lock control, contractor employee/Government employee and visitor access badges, visitor control, periodic checks of facilities after normal work hours, night security lighting for outside storage and work areas, and 24-hour armed response to security alarms. The Commonwealth will check and maintain any perimeter legal boundary fencing and respond to alarms not originating from within the contractor's assigned hangers/building/work areas. The Commonwealth security office will notify the contractor security office of issues or situations that could affect the protection of contractor personnel and/or facilities. The contractor shall provide physical security for all assigned facilities, storage lots, storage buildings, and aircraft aprons. Security measures for contractor assigned hangers, buildings, and areas shall include interior facility/area entry controls, access control, key and lock control, contractor employee/DoD employee and visitor control/badges for assigned hangers, buildings, and areas; as well as security lighting for the exterior of assigned hangers, buildings, storage and work areas.

Emergency Services: The Commonwealth will provide fire fighting/rescue equipment and personnel in response to emergency situations. Commonwealth responsibilities will include fire safety inspections, fire protection training, fire extinguisher recharging, and support of aviation fueling/defueling operations. The Government will support contractor-conducted ground and flight aviation operations.

1.3.1 CONUS SOFSA Facilities

1.3.1.1 Bluegrass Station

BGS Bldg #	Sq ft	BGS Bldg#	Sq ft
------------	-------	-----------	-------

Bluegrass Station is located in Lexington, KY, and is the primary location of performance. These facilities are all contractor operated. The total BGS facility area is 1,201,205 sq ft. **Figure 1.3.1.1-1** lists buildings and square footage for BGS.

Building 1	40,800	Building 154	9,492
Building 3	125,329	Building 156	9,492
Building 5	128,424	Building 190	7,960
Building 16D	21,569	Building 191	9,101
Building 17	86,239	Building 192	40,299
Building 100	2,877	Building 193	9,750
Building 101	42,509	Building 194	58,636
Building 102	32,282	Building 195	40,242
Building 104	2,877	Building 220	258,982
Building 110	2,877	Building 221	249,743
Building 113	2,877	Building 229	1,983
Building 138	2,767	Building 247	510
Building 140	6,729		
Building 141	6,744		

08.CH.0042X-164

Figure 1.3.1.1-1. BGS Building Sizes.

Use of BGS Buildings: Through an agreement with the Commonwealth of Kentucky, the Government will provide the contractor rent-free use of buildings on BGS from the list shown in Figure 1.3.1.1-1 and hangers or other buildings as required. The Government reserves the right to occupy appropriate space within the facilities, necessary to conduct Government business, and provide adequate oversight of the contract on behalf of the USSOCOM. The contractor shall furnish each building so the requirements of this PWS can be effectively performed. The contractor shall conduct routine maintenance and make simple repairs to the interiors of assigned buildings. Prior Government approval is not required for routine maintenance and simple repair actions. The contractor shall be responsible for and provide maintenance for all assigned facilities.

Utilities: The Commonwealth will provide electricity, water, and sewage service to either an accepted metering device or to within 5 ft of each building, as appropriate. The contractor shall maintain the utility meters and the utility infrastructure inside each building. The Commonwealth will provide heating units, air conditioning units, and any associated fuel (except power generation fuel) to service Buildings 3, 5, 220, and 221. The Commonwealth will maintain in operational condition emergency generators for contractor use during electric grid failures, including providing fuel and engine oil.

BGS Mail Delivery: The Commonwealth will provide daily pick-up and delivery of US Mail by the US Postal Service at a specified point on BGS. The Government will also provide Post Office mailboxes at Nandino Post Office sufficient for BGS operations. The Commonwealth will provide postage for all official business SOFSA mail. The contractor will establish accounts with such commercial delivery services it deems necessary to support SOFSA operations. The contractor shall ensure such operations are conducted within the appropriate BGS regulations and guidelines. The Government will reimburse the cost for commercial delivery services. The contractor shall internally distribute all received mail, parcels, and any SOFSA intra-office correspondence including that to or from Government personnel and comply with the Government's policy on mail procedures.

SCIF Requirements: Should the Government provide one or more accredited SCIFs, the contractor shall operate the SCIF IAW DoD Publication C 5105.21-M-1 Sensitive Compartmented Information Administrative Security Manual and IAW USSOCOM Manual 380-6 SCI Security Manual. The contractor shall maintain the SCIF in compliance with DCID 6/9

Physical Security Standards for SCIFs and shall be responsible for maintaining the SCIF's accreditation. The contractor shall prepare a SCIF SPP (CDRL B014). If the Government also provides a secure storage lot for vehicles and large materials, the contractor shall operate and maintain the secure storage lot. The contractor shall operate a Government-provided weapons storage facility IAW DoD 5100.76M Physical Security of Sensitive Conventional Arms, Ammunition, and Explosives. Operating instructions for this facility shall be incorporated in the contractor's security plan (CDRL B013).

Special Requirements Helipads/Ramps: The contractor shall operate and maintain a helicopter operations area/parking ramp immediately adjacent to the assigned facilities. The contractor shall remove snow and ice from the helipad/ramp operations area and provide anti-icing salt as required to maintain normal operations.

1.3.1.2 Lexington, Kentucky

Two SOFSA buildings are located in Lexington, KY, and are leased by the incumbent contractor: 1353 Baker Court (163,990 sq ft) and 1354 Baker Court (187,489 sq ft).

1.3.1.3 Blue Grass Army Depot, Richmond, Kentucky

The total facility area for BGAD facilities is 189,165 sq ft. **Figure 1.3.1.3-1** lists buildings and square footage for BGAD.

BGAD Bldg #	Sq ft
Hanger 232	29,530
Building 233	15,667
Hanger 229	18,639
Building 254	125,329

08.CH.0042X-165

Figure 1.3.1.3-1. BGAD Building Sizes

Use of BGAD Buildings: The Government will provide the contractor rent-free use of Buildings 229, 232, 233, and 254. Approximately 430 sq ft in Building 233 is reserved for Government use. The contractor shall furnish each building so the requirements of this PWS can be effectively performed. The contractor shall conduct routine maintenance and make simple repairs to the interiors of assigned buildings. Prior Government approval is not required for all routine maintenance and simple repair actions. BGAD Facility Maintenance will provide and be responsible for all exterior building maintenance of all assigned facilities. Should contractor personnel damage exterior items, e.g., damaging a wall, then the contractor shall be responsible for fixing or paying to fix needed repairs.

Utilities: The Commonwealth will provide water, sewage, electricity, steam heat, and air conditioning service to all assigned facilities. The Commonwealth will provide repair, routine maintenance, and modification to all utility equipment and utility infrastructure.

BGAD Mail Delivery: The Commonwealth will provide daily pick-up and delivery of US Mail by the US Postal Service at a specified point on BGAD. The Government will provide postage for all official business SOFSA mail. The contractor shall separately post any non-official business mail generated by its operations. The contractor shall establish accounts with such commercial delivery services it deems necessary to support SOFSA operations. The contractor shall ensure that such operations are conducted within the appropriate BGAD guidelines. The Government will reimburse the cost for commercial delivery services. The contractor shall internally distribute all received mail, parcels, and any SOFSA intra-office correspondence including that to or from Government personnel.

Special Requirements: The contractor shall operate and maintain a helicopter operations area/parking ramp immediately adjacent to the assigned facilities. The contractor shall remove snow and ice from the helipad/ramp operations area and provide anti-icing salt as required to maintain normal operations. The contractor shall operate a Government-provided weapons storage facility for the storage of weapons removed from aircraft undergoing maintenance or modification. This weapons storage area shall be operated IAW DoD 5100.76M and IAW the applicable service requirements as needed. No ammunition or explosives of any type shall be stored in this facility at any time. The contractor shall incorporate instructions for operating this facility in its security plan.

1.3.1.4 Fort Walton Beach, Florida

The Government shall make the building located at 91 Hill Avenue, Fort Walton Beach, FL, that has 27,368 sq ft of space, available for contractor use.

1.3.1.5 Other CONUS Facilities

The contractor shall support the Fort Bragg, NC, SOFSA storefront and other CONUS facilities as dictated by issued TOs.

1.3.2 OCONUS Facilities

OCONUS facilities are obtained as dictate by issued TOs.

1.4 Manage GFE/GFM/GFI

The contractor shall manage GFE, GFM, and GFI IAW its Property Plan (CDRL B029).

1.4.1 Provided GFE & GFI

The contractor shall be responsible for managing GFE and GFI, including that listed in Section J Attachment-026 and Attachment-038b of this contract, IAW contract clauses.

1.4.2 Ancillary Equipment

All ancillary equipment is routinely provided by the Government to the contractor via the CLS Services contract or the individual TOs. If tasked, the contractor shall provide TO-specified equipment.

1.4.3 SOFSA Property Management

The contractor shall perform the following property management tasks: manage warehousing; plan and manage GFP/GFI including SOFSA-customer property; provide inventory control; handle distribution, delivery, and wholesale supply management; plan and manage supply and demand; acquire material from commercial and government sources; provide CONUS and OCONUS transportation; and develop material requirements based on Government expectations and needs. The contractor shall also integrate planning, sourcing, manufacturing, delivering, and returning concepts. As a minimum, the contractor shall record all transactions into GOLD (supply systems) database that guarantees 100% property accountability that is

auditable, where accountability is defined as what is in the system of record (on-hand and issued), what is inventoried, and what is unaccounted for.

1.4.4 Contractor Supplied Tools

The contractor shall provide the tools necessary to execute the CLS Services contract with exception of tools that are TO-specific such as special tooling. When tasked the contractor shall provide TO-specified tools.

1.5 Training

The contractor shall be responsible for all training of personnel in support of this contract and document its training approach in its Staffing and Training Plan (CDRL B008).

1.5.1 Workforce Training

In/Out-processing Training: The contractor shall provide training to ensure smooth in/out processing for 100% of its workforce to comply with the contractor's corporate requirements for mandatory personnel training, to enhance work skills, and to expand the number of qualified cross-trained personnel. The contractor shall provide training to ensure employee capacity to perform successfully regardless of location.

Annual Training: The contractor shall provide annual property awareness and property handling training for contractor designated employees. The contractor shall also conduct annual Security Awareness Training and Education training for the workforce, to include:

- Conduct DoD security refresher training and USSOCOM required security education and training is completed for all employees
- Distribute security awareness products
- Distribute quarterly security awareness products/newsletter/information

Skill Training: The contractor's Training Lead shall work with the Government and with the contractor's Operational Excellence Director to identify skill training needs/requirements and maintain these training requirements in its Staffing and Training Plan. The contractor shall provide both contractor and Government-specific training (e.g., Safety, Work Processes) to the CLS Services workforce based on the schedule maintained in its Staffing and Training Plan. The contractor shall have employees complete this training within the first 90 days of their start date. The contractor shall provide root cause/corrective action (best practice) training for the CLS Services workforce.

To increase ease of staffing in a TO environment, the contractor shall cross-train contractor-selected portions of its workforce in one additional skill set within 2 years of their start date and shall implement a workforce rotational program for selected leaders.

The contractor shall certify that each employee meets the knowledge, skills, and abilities standard for their assigned work position no later than 9 months after employment. The contractor shall provide pay incentives or rewards for skill achievement by critical skill, cross-training, and subject matter expert personnel.

TO Training: The contractor shall conduct TO-specific training (to include training on new equipment, foreign equipment, foreign material, storage requirements, and maintenance); this training may encompass training for USSOCOM personnel, Warfighters, and logistics/maintenance support personnel.

Dashboard Training: The contractor shall provide the contractor's workforce with training in accessing dashboard data, inputting data, analyzing/interpreting dashboard data, and accessing help desk/service desk support.

Certification: The contractor shall implement a training/certification program to increase the number of critical-skill contractor workers who meet contractor-defined certification standards.

1.5.2 SOF Personnel Training

The contractor shall provide training to air, ground, and maritime SOF-personnel IAW TO requirements and the USSOCOM Mission Training and Preparation System. The contractor shall provide training to USSOCOM/SOFSA staff to efficiently operate upgraded infrastructure equipment, such as IT/MIS applications, they are involved in using. During the CLS Services contract transition-in, dashboard training shall be provided to Government-identified leaders and personnel and to contractor personnel IAW the Transition Plan (CDRL B021). The contractor shall train the Government workforce in accessing dashboard data, analyzing/interpreting dashboard data, and accessing help/service desk support. (Reference Sect. 2.7.3)

1.6 Transition

The contractor shall deliver the transition-in portion of the Transition Plan (CDRL B021) to the Government no later than 5 working days after transition-in ATP and provide the transition-out portion of Transition Plan at the beginning of the second year of Option Period 4 that addresses preparation for a successful transition to the follow-on contract. The contractor shall plan, budget, and execute actions IAW its Transition Plan with a TO schedule showing an identified critical path leading to a successful transition. (Reference Sect. 2.1.1.6)

1.6.1 No-Fail Transition-In

In compliance with a Government issued transition-in TO, the contractor shall supply a transition team to perform a 4-month, no-fail transition-in to assume CONUS and OCONUS support, in parallel with a contract execution team, to accomplish the following transition activities:

Secure Facility: Assume responsibility for enterprise security. (Reference Sects 2.0, 2.1.6, 2.3)

- **Asset Transfer:** Inventory with the incumbent contractor and accept transfer and control of SOFSA stock inventories and facilities, except for missing or unaccounted property book items. Prior to end-of-transition, document in an electronic database and then report GFE/GFP/GFM/GFI asset status IAW the new contractor's Facility Plan and Property Plan. Develop a master maintenance and service plan for TOs and GFP during transition-in.

Contract Novation: Participate in joint (SOFSA, incumbent, and transition-in contractor) negotiations to establish estimate at completion (EAC) levels for each current TO. Prior to end-of-transition, novate any open TOs unable to be completed prior to transition period completion. Agree to accept performance obligations of the incumbent contractor under the open TOs by virtue of novation and agree there will be no impact on the novated TO's negotiated EAC cost and schedule. The contractor shall accept transition-in assets but not environmental or legal liabilities generated or caused by the incumbent contractor by its acts, omissions, or failure to act prior to the new contractor assuming responsibility for contract performance. The Government agrees to reimburse the new contractor and the new contractor shall not be held responsible for remediation of incumbent's liability generating actions, failures to act, or omissions.

New Task Order Management: Perform "over the shoulder" observation/learning of how the current contractor performs TO management, enterprise services, and business operations. Begin managing new TOs as of Day 1 of the transition-in. By transition-in, Day 120, establish an initial IT capability operating on a contractor supplied server for performing contractor EVMS tracking of novated and new TOs.

Workforce Transition: Hire the majority of the existing workforce, with special emphasis on critical-skill personnel. Provide transition/new employee orientation training to 100% of the contractor's workforce assigned to TO work IAW Staffing and Training Plan (CDRL B008).

Compliance Baseline: Assess and document "as-is" compliance performance for SOFSA's enterprise management, business operations, logistics support services, program management, and subcontracting, as well as GFE/GFM/GFI to be compared to the contractor's compliance performance once best practices are implemented after transition-in is completed. Also establish a standard of required knowledge, skills, and abilities for each job title, as well as baseline the critical SOFSA manufacturing and core capability processes, including a list of employees performing those critical processes.

Environmental Baseline: Complete an "as-is" environmental and hazardous operations/conditions status baseline for all Government owned/leased facilities and areas and a baseline review of all incumbent CLS facilities, to include immediately reporting to the Government any IDLH hazards. Provide the Government the baseline status for review and disposition before the end of transition-in. The contractor shall assist the Government in resolving all identified environmental issues.

1.6.2 Transition-Out

In compliance with a Government issued transition-out TO, the contractor shall supply a transition liaison team to perform a 4-month, transition-out while continuing support for all CLS Services activities, including supporting joint inventories, while the remainder of the incumbent's team executes current TO contracts until the replacement contractor assumes full responsibility for novated contracts and CLS Services support. The contractor shall provide expertise to ensure smooth handover of CLS resources and activities while accomplishing the following transition-out activities:

Asset Transfer: One month prior to new contractor arrival supply the Government, in electronic media, a 100% inventory of GFE/GFM/GFI along with a status report to the Government on the condition and location of inventory items, to include clearly identifying unaccounted for items and quantities. During transition, transfer to the new contractor control of the GFE/GFM/GFI under the incumbent's control, including technical data accumulated during the contract and Government data rights and software source code built for the Government under this contract.

Contract Novation: One month prior to new contractor arrival supply the Government, in electronic media, estimate-to-novation (ETN) costs, schedules, and issues along with EACs for each current TO, including clearly identified EAC changes within the last 90 days and the reason why. Participate in novation transfer meetings. Support analysis of LSS work-in-progress status and novation planning. During transition, transfer to the new contractor current TO work documentation and control in a manner that does not jeopardize mission success.

New Task Order Management: Provide TO management lessons learned training to the replacement contractor's TO management personnel to include effective procedures for performing the following types of TOs: mission-critical, standard 10-day, surge, what-if/ROM, and multi-year production development.

Workforce Ramp-down: Establish with the replacement contractor an employee and key personnel ramp-down/transition-hire schedule while ensuring mission success for ongoing TOs and assigned actions.

1.7 Special Instructions for Iraq/Afghanistan Area of Operations

1.7.1 AI 25.3 Compliance with Laws

Compliance with Laws and Regulations (5 Nov 07): The contractor shall comply with and shall ensure that its personnel and its subcontractors and subcontractor personnel at all tiers obey all existing and future US and host nation laws, Federal, or DoD regulations, and Central Command orders and directives applicable to personnel in Iraq and Afghanistan, including, but not limited to, USCENTCOM, Multi-National Force and Multi-National Corps fragmentary orders, instructions, and directives.

Contractor employees performing in the USCENTCOM Area of Operations are under the jurisdiction of the Uniform Code of Military Justice (UCMJ). Under the UCMJ, US commanders may discipline contractor employees for criminal offenses. Contractors shall advise the Contracting Officer if they suspect an employee has committed an offense. Contractors shall not permit an employee suspected of a serious offense or violating the Rules for the Use of Force to depart Iraq or Afghanistan without approval from the senior US commander in the country.

1.7.2 AI 22.1 Human Trafficking

Prohibition Against Human Trafficking, Inhumane Living Conditions, and Withholding of Employee Passports (5 Nov 07): All contractors ("contractors" herein below includes

subcontractors at all tiers) are reminded of the prohibition contained in Title 18, United States Code, Section 1592, against knowingly destroying, concealing, removing, confiscating, or possessing any actual or purported passport or other immigration document, or any other actual or purported government identification document, of another person, to prevent or restrict or to attempt to prevent or restrict, without lawful authority, the person's liberty to move or travel, in order to maintain the labor or services of that person, when the person is or has been a victim of a severe form of trafficking in persons. (Reference Sect. 3.3.1.5)

Contractors are also required to comply with the following provisions:

1. Contractors shall only hold employee passports and other identification documents discussed above for the shortest period of time reasonable for administrative processing purposes.
2. Contractors shall provide all employees with a signed copy of their employment contract, in English as well as the employee's native language that defines the terms of their employment/compensation.
3. Contractors shall not use unlicensed recruiting firms, or firms that charge illegal recruiting fees.
4. Contractors shall be required to provide adequate living conditions (sanitation, health, safety, living space) for their employees. Fifty sq ft is the minimum acceptable square footage of personal living space per employee. Upon contractor's written request, contracting officers may grant a waiver in writing in cases where the existing square footage is within 20% of the minimum, and the overall conditions are determined by the contracting officer to be acceptable. A copy of the waiver approval shall be maintained at the respective life support area.
5. Contractors shall incorporate checks of life support areas to ensure compliance with the requirements of this Trafficking in Persons Prohibition into their Quality Control program, which will be reviewed within the Government's Quality Assurance process.
6. Contractors shall comply with international laws regarding transit/exit/entry procedures, and the requirements for work visas. Contractors shall follow all host country entry and exit requirements.

Contractors have an affirmative duty to advise the Contracting Officer if they learn of their employees violating the human trafficking and inhumane living conditions provisions contained herein. Contractors are advised that contracting officers and/or their representatives will conduct random checks to ensure contractors and subcontractors at all tiers are adhering to the law on human trafficking, humane living conditions, and withholding of passports.

The contractor agrees to incorporate the substance of this clause, including this paragraph, in all subcontracts under his contract.

1.7.3 AI 23.1 Kidnapping

To Report a Kidnapping (5 Nov 07): Contract manager will notify the JCCIA Duty Officer at phone number 914-822-1419 when an employee kidnapping occurs:

Report the following information:

Name of person reporting: _____

Phone: _____

E-mail: _____

- **Who** was kidnapped?
 - Name
 - Age
 - Nationality and country of residence
- **When** did the incident occur?
- **Where** did it happen?
- **How** was the person kidnapped?

1.7.4 AI 25.2 Fitness for Duty

When DFARS 252.225-7040 is included, this mandatory language supplements paragraph (c) (2):

Fitness for Duty and Limits on Medical/Dental Care in Iraq and Afghanistan (5 Nov 07):

The contractor shall perform the requirements of this contract notwithstanding the fitness for duty of deployed employees, the provisions for care offered under this section, and redeployment of individuals determined to be unfit. The contractor bears the responsibility for ensuring all employees are aware of the conditions and medical treatment available at the performance. The contractor shall include this information and requirement in all subcontracts with performance in the theater of operations.

The contractor shall not deploy an individual with any of the following conditions unless approved by the appropriate CENTCOM Service Component (i.e., ARCENT, CENTAF, etc.) Surgeon: Conditions which prevent the wear of personal protective equipment, including protective mask, ballistic helmet, body armor, and chemical/biological protective garments; conditions which prohibit required theater immunizations or medications; conditions or current medical treatment or medications that contraindicate or preclude the use of chemical and biological protectives and antidotes; diabetes mellitus, Type I or II, on pharmacological therapy; symptomatic coronary artery disease, or with myocardial infarction within 1 year prior to deployment, or within 6 months of coronary artery bypass graft, coronary artery angioplasty, or stent; morbid obesity (BMI \geq 40); dysrhythmias or arrhythmias, either symptomatic or requiring medical or electrophysiologic control; uncontrolled hypertension, current heart failure, or automatic implantable defibrillator; therapeutic anticoagulation; malignancy, newly diagnosed or under current treatment, or recently diagnosed/treated and requiring frequent subspecialist surveillance, examination, and/or laboratory testing; dental or oral conditions requiring or likely to require urgent dental care within 6 months' time, active orthodontic care, conditions requiring prosthodontic care, conditions with immediate restorative dentistry needs, conditions with a current requirement for oral-maxillofacial surgery; new onset (< 1 year)) seizure disorder, or

seizure within 1 year prior to deployment; history of heat stroke; Meniere's Disease or other vertiginous/motion sickness disorder, unless well controlled on medications available in theater; recurrent syncope, ataxias, new diagnosis (< 1 year) of mood disorder, thought disorder, anxiety, somatoform, or dissociative disorder, or personality disorder with mood or thought manifestations; unrepaired hernia; tracheostomy or aphonia; renalithiasis, current; active tuberculosis; pregnancy; unclosed surgical defect, such as external fixator placement; requirement for medical devices using AC power; HIV antibody positivity; psychotic and bipolar disorders. (Reference: Mod 8 to USCENTCOM Individual Protection and Individual/Unit Deployment Policy, PPG-Tab A: Amplification of the Minimal Standards of Fitness for Deployment to the CENTCOM AOR).

IAW military directives (DoDI 3020.41, DoDI 6000.11, CFC FRAGO 09-1038, DoD PGI 225.74), resuscitative care, stabilization, hospitalization at Level III (emergency) military treatment facilities and assistance with patient movement in emergencies where loss of life, limb or eyesight could occur will be provided. Hospitalization will be limited to emergency stabilization and short-term medical treatment with an emphasis on return to duty or placement in the patient movement system. Subject to availability at the time of need, a medical treatment facility may provide reimbursable treatment for emergency medical or dental care such as broken bones, lacerations, broken teeth, or lost fillings.

Routine and primary medical care is not authorized. Pharmaceutical services are not authorized for routine or known prescription drug needs of the individual. Routine dental care, examinations and cleanings are not authorized.

Notwithstanding any other provision of the contract, the contractor shall be liable for any and all medically-related services or transportation rendered. IAW OUSD(C) Memorandum dated January 4, 2007, the following reimbursement rates will be charged for services at all DoD deployed medical facilities. These rates are in effect until changed by DoD direction.

Inpatient daily rate: \$1,918.00. Date of discharge is not billed unless the patient is admitted to the hospital and discharged the same day.

Outpatient visit rate: \$184.00. This includes diagnostic imaging, laboratory/pathology, and pharmacy provided at the medical facility.

1.7.5 AI 25.4 Census Reporting (CDRL B009)

Quarterly Contractor Census Reporting (12 Nov 07): The prime contractor will report upon contract award and then quarterly thereafter, not later than January, 1 April, 1 July, and 1 October, to JCCI.J2J5J7@pco-iraq.net for Iraq and to BGRMPARC-A@swa.army.mil for Afghanistan the following information for the prime contract and all subcontracts under this contract:

1. The total number of contract employees performing on the contract who receive any support benefits, including but not limited to billeting, food, use of exchanges, laundry by host nation, US Nationals, and Third Country Nationals;

2. The total number of prime contract employees performing on the contract by host nation, US Nationals, and Third Country National;
3. The total number of subcontractor employees performing on the contract by subcontractor, host nation, US Nationals, and Third Country National;
4. The company names and contact information of its subcontractors at all tiers; and
5. The name of all company POCs who are responsible for entering and updating employee data in the Synchronized Predeployment & Operational Tracker (SPOT) IAW DFAR 252.225-7040 DoD class deviation 2007-O0004 or DFAR DoD class deviation 2007-O0010.

52.211-16 VARIATION IN QUANTITY (APR 1984)

(a) A variation in the quantity of any item called for by this contract will not be accepted unless the variation has been caused by conditions of loading, shipping, or packing, or allowances in manufacturing processes, and then only to the extent, if any, specified in paragraph (b) below.

(b) The permissible variation shall be limited to:

0 Percent increase

0 Percent decrease

This increase or decrease shall apply to all CLINs.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.211-17 DELIVERY OF EXCESS QUANTITIES (SEP 1989)

The Contractor is responsible for the delivery of each item quantity within allowable variations, if any. If the Contractor delivers and the Government receives quantities of any item in excess of the quantity called for (after considering any allowable variation in quantity), such excess quantities will be treated as being delivered for the convenience of the Contractor. The Government may retain such excess quantities up to \$250 in value without compensating the Contractor therefor, and the Contractor waives all right, title, or interests therein. Quantities in excess of \$250 will, at the option of the Government, either be returned at the Contractor's expense or retained and paid for by the Government at the contract unit price.

Section G - Contract Administration Data

WIDE AREA WORK FLOW

G.1. Wide Area Work Flow DODAAC And Email Distribution Table

Your contract contains DFARS Clause 252.232-7003, Electronic Submission of Payment Requests. This clause requires invoices for supplies and services purchased by the DoD be submitted via electronic means. The Wide Area Workflow (WAWF) system satisfies this mandatory requirement. WAWF can be accessed on the internet at <https://wawf.eb.mil/>

Before using WAWF, ensure your Electronic Business POCs listed in your Central Contractor Registration (CCR) are the same individuals that will invoice through WAWF. If they aren't, you can make changes to your CCR profile at <http://www.ccr.gov/www.ccr.gov>. Click on "Update" or "Renew" using "TPIN". CCR customer support can be reached at 1-888-227-2423.

If your electronic business POCs are correct, contact the WAWF helpdesk at 1-866-618-5988 or by e-mail at (b)(6) and ask them to establish a group for your CAGE code. The group administrator will also have to call the WAWF helpdesk to request account activation. Once the group is established and the account is activated, you will be able to create a combination invoice/receiving report using the codes below and instructions available from our contract administrator/buyer.

Questions concerning payment should be directed to the responsible Defense Finance Accounting Services (DFAS). Please have the order number and invoice number ready when calling about payment status.

The accounts payable mailing address can be located in Block 18a of your order. You can easily access payment information using the DFAS web site at <http://www.dfas.mil/http://www.dfas.mil>. Your purchase order/contract number or invoice will be required to inquire status of your payment. Go to DFAS on the web at: www.dfas.mil/money/vendor.

CLAUSES INCORPORATED BY FULL TEXT**5652.216-9000 Fixed Fee Information (2003)**

Subject to the requirements of FAR 52.216-8 and all other withholding requirements of this contract, the fixed fee stated in Section B shall be paid to the contractor at the same percentage rate as the percentage of incurred and allowable costs proportionate to the total estimated cost.

5652.228-9000 Required Insurance (2003)

The kinds and minimum amounts of insurance required in accordance with 52.228-5 "Insurance-Work on a Government Installation" are as follows:

TYPE	AMOUNT
Automobile Bodily Injury Liability	\$200,000 per person/ \$500,000 per occurrence
Property Damage Liability	\$20,000 per occurrence
Workers Compensation & Occupational Disease	As required by federal and State Statutes
Employer's Liability	\$100,000

Section H - Special Contract Requirements

H.2. SINGLE AWARD APPROVAL

Approval for this award was given on 14 March 08 for a single source award. However, prior to the option being exercised in year three of the contract the Government will brief on performance and subcontract achievements to the Office of the Under Secretary of Defense for Acquisition, Technology and Logistics (OSD/AT&L).

H.1. CONTRACT TYPE

This is an Indefinite Delivery/Indefinite Quantity (IDIQ) contract for 10-years of performance. The Section B contract line item ceilings are flexible whereas they are considered estimates. The contract will be tracked to the overall ceiling amount of \$5B. The maximum for this contract is \$5B and the minimum for the contract is \$2.5M. The maximum of \$5B will not be exceeded without PCO approval.

H.3. NORMAL WORK HOURS

Normal Work Hours and Authorized Holidays.

Contract performance is in accordance with Section C and individual task orders and includes shift work as necessary to perform this contract. Contractor hours of operations are up to the discretion of the Contractor except unless otherwise stated in individual Task Orders. Normal hours of operations for SOFSA personnel range between 0600 to 1800 hrs. Holidays observed by the Government include:

- January 1st
- 3rd Monday of January
- 3rd Monday of February
- Last Monday of May
- July 4th
- 1st Monday of September
- 2nd Monday of October
- November 11th
- 4th Thursday in November
- December 25th

When one of the above designated legal holidays falls on a Sunday, the following Monday will be observed as a legal holiday. When a legal holiday falls on a Saturday, the proceeding Friday is observed as a holiday by U.S. Government Agencies.

THIRD PARTY CONTRACTING

1. Third Party Contract work will be limited to projects conducted in support of SOF hardware or projects for the Department of Defense, Homeland Security or Global War on Terror (GWOT) related activities. This includes work as either a prime contractor or sub-contractor, supporting both DoD and non-DoD agencies of the US Government. GWOT-related could also include Foreign Military Sales and sales to foreign militaries directly involved in supporting US forces in GWOT.

2. The annual project cost ceiling for Third Party Contracts is \$250,000,000 to facilitate noninterference of work performed under Contract H92254-09-D-0001. All work is on a non-interference basis and cannot impede or adversely affect any work on the aforementioned contracts. The ceiling will be calculated using the value of orders received under this Third Party initiative.
3. The Contractor shall obtain prior approval before entering into any contracts for Third Party work. Upon receipt of information that may lead to a third party contract, the Contractor shall notify the Contracting Officer of the scope and rationale for performing the work and receive approval to continue with the analysis and proposal.
4. In each proposal, the Contractor shall add 8% to the total price of the effort (non-fee bearing) as a Government Use Fee (GUF) as fair rental in consideration of contractor use of Government property. This GUF will serve as the total Government compensation and "fair rental" for use of the Government facilities, equipment, and effective 'overhead costs' as described by FAR 45.301 Use and Rental.
5. Prior to proposal submission, the Contractor shall obtain the prior consent of the Contracting Officer. The Government shall not impose unreasonable delay's or adversely affect the price or submission of any third party proposal.
6. Within 30 days of the physical completion of the work on each Third Party Contract, the Contractor will credit the GUF to the same account as established for the scrap program.

CLAUSES INCORPORATED BY FULL TEXT

252.234-7002 EARNED VALUE MANAGEMENT SYSTEM (APR 2008)

(a) In the performance of this contract, the Contractor shall use--

(1) An Earned Value Management System (EVMS) that complies with the EVMS guidelines in the American National Standards Institute/Electronic Industries Alliance Standard 748, Earned Value Management Systems (ANSI/EIA-748 VERSION B JUNE 2007); and

(2) Management procedures that provide for generation of timely, reliable, and verifiable information for the Contract Performance Report (CPR) and the Integrated Master Schedule (IMS) required by the CPR and IMS data items of this contract.

(b) If this contract has a value of \$50,000,000 or more, the Contractor shall use an EVMS that has been determined by the Cognizant Federal Agency (CFA) to be in compliance with the EVMS guidelines as stated in paragraph (a)(1) of this clause. If, at the time of award, the Contractor's EVMS has not been determined by the CFA to be in compliance with the EVMS guidelines as stated in paragraph (a)(1) of this clause, the Contractor shall apply its current system to the contract and shall take necessary actions to meet the milestones in the Contractor's EVMS plan.

(c) If this contract has a value of less than \$50,000,000, the Government will not make a formal determination that the Contractor's EVMS complies with the EVMS guidelines in ANSI/EIA-748 VERSION B JUNE 2007 with respect to the contract. The use of the Contractor's EVMS for this contract does not imply a Government determination of the Contractor's compliance with the EVMS guidelines in ANSI/EIA-748 VERSION B JUNE 2007 for application to future contracts. The Government will allow the use of a Contractor's EVMS that has been formally reviewed and determined by the CFA to be in compliance with the EVMS guidelines in ANSI/EIA-748 VERSION B JUNE 2007.

(d) The Contractor shall submit notification of any proposed substantive changes to the EVMS procedures and the impact of those changes to the CFA. If this contract has a value of \$50,000,000 or more, unless a waiver is granted by the CFA, any EVMS changes proposed by the Contractor require approval of the CFA prior to implementation. The CFA will advise the Contractor of the acceptability of such changes as soon as practicable (generally within 30 calendar days) after receipt of the Contractor's notice of proposed changes. If the CFA waives the advance approval requirements, the Contractor shall disclose EVMS changes to the CFA at least 14 calendar days prior to the effective date of implementation.

(e) The Government will schedule integrated baseline reviews as early as practicable, and the review process will be conducted not later than 180 calendar days after (1) contract award, (2) the exercise of significant contract options, and (3) the incorporation of major modifications. During such reviews, the Government and the Contractor will jointly assess the Contractor's baseline to be used for performance measurement to ensure complete coverage of the statement of work, logical scheduling of the work activities, adequate resourcing, and identification of inherent risks.

(f) The Contractor shall provide access to all pertinent records and data requested by the Contracting Officer or duly authorized representative as necessary to permit Government surveillance to ensure that the EVMS complies, and continues to comply, with the performance criteria referenced in paragraph (a) of this clause.

(g) When indicated by contract performance, the Contractor shall submit a request for approval to initiate an over-target baseline or over-target schedule to the Contracting Officer. The request shall include a top-level projection of cost and/or schedule growth, a determination of whether or not performance variances will be retained, and a schedule of implementation for the rebaselining. The Government will acknowledge receipt of the request in a timely manner (generally within 30 calendar days).

(h) The Contractor shall require its subcontractors to comply with EVMS requirements as follows:

(1) For subcontracts valued at \$50,000,000 or more, the following subcontractors shall comply with the requirements of this clause:

(Contracting Officer to insert names of subcontractors (or subcontracted effort if subcontractors have not been selected) designated for application of the EVMS requirements of this clause.)

(2) For subcontracts valued at less than \$50,000,000, the following subcontractors shall comply with the requirements of this clause, excluding the requirements of paragraph (b) of this clause:

(Contracting Officer to insert names of subcontractors (or subcontracted effort if subcontractors have not been selected) designated for application of the EVMS requirements of this clause.)

Note: The contractor will be required to give the Government access to the EVM system on a read-only basis and to run specific reports.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

5652.204-9003 Disclosure of Unclassified Information (2006)

a. On September 21, 2001, the Department of Defense designated Headquarters US Special Operations Command (USSOCOM) a sensitive unit, as defined by Title 10 United States Code (USC) Section 552 (10 USC 552). In keeping with this designation, unclassified information related to USSOCOM military technology acquisitions managed by USSOCOM or any of its component commands, will be designated Controlled Unclassified Information (CUI). As such, the contractor hereby unequivocally agrees that it shall not release to anyone outside the Contractor's organization any unclassified information, regardless of medium (e.g., film, tape, document, contractor's external website, newspaper, magazine, journal, corporate annual report, etc.), pertaining to any part of this contract or any program related to this contract, unless the Contracting Officer has given prior written approval. Furthermore, any release of information which associates USSOCOM, Special Operation Forces (SOF), or any component command with an acquisition program, contractor, or this contract is prohibited unless specifically authorized by USSOCOM.

b. Request for approval shall identify the specific information to be released, the medium to be used, and the purpose for the release. The contractor shall submit the request to the Contracting Officer at least 45 days before the proposed date for release for approval. No release of any restricted information shall be made without specific written authorization by the Contracting Office.

c. The Contractor shall include a similar requirement in each subcontract under this contract. Subcontractors shall submit request for authorization to release through the prime contractor to the Contracting Officer.

d. The Contractor further understands that Title 18 USC Section 701 specifically prohibits the use of the USSOCOM emblem or logo in any medium (e.g., corporate website, marketing brochure, news paper, magazine, etc.) unless authorized in writing by USSOCOM. Forward any request to use the USSOCOM emblem or logo through the Contracting Officer.

CLAUSES INCORPORATED BY FULL TEXT

5652.216-9004 Procedures for Issuing *Task/Delivery* Orders under Single Award, Indefinite Delivery-Indefinite Quantity Contracts (2003)

(a) Soliciting *Task/Delivery* Order Proposals: When the Government has a requirement for *services/supplies* to be *performed/delivered* under this contract, the Contracting Officer will issue a request for *task/delivery* order proposal either *in writing/by telephone/ electronic* transmission. Each request will include, but not necessarily be limited to, the following:

- 1) Request for proposal number and/or title;
- 2) Contract Number;
- 3) Statement of Work/Objectives
- 4) Instructions to Offerors;
- 5) Items to be delivered and delivery *schedule/performance* period; and
- 6) A listing of Government furnished property to be provided to the Contractor, if required.

(b) Urgent Requirements: In the event of an urgent requirement, the Contractor shall provide a written proposal within the timeframe specified by the Contracting Officer in the specified format.

(c) Submission of Proposals: The Contractor's proposal must comply with the Instructions to Offerors included in the request for task order proposal. The Contractor shall have no more than *10 days* to submit their proposals, unless:

- 1) A longer timeframe is specified in the request for task order proposal, or
- 2) It is an urgent requirement.

Note: The RFQ will normally be an email request, which is considered an acceptable method of communication.

CLAUSES INCORPORATED BY FULL TEXT

5652.225-9000 Logistics Support Privileges (2005)

(a) Logistics support privileges may be authorized for Contractor personnel in overseas areas with prior approval of the overseas component commander. Authorized logistics support privileges will in no event exceed that permitted under the Applicable Statue of Forces Agreement (SOFA), or other controlling regulations. Such support may include the following:

- (1) Commissary (includes rationed items)
- (2) AFFES Facility (Military Exchange) (includes rationed items)
- (3) Military Banking Facility
- (4) Military Postal Services – APO (Personal Mail Only)
- (5) Petroleum and Oil Products
- (6) Officer's or UCO/EM Club
- (7) Armed Forces Recreation Facilities
- (8) Class VI (Alcoholic beverages, includes rationed items)
- (9) Customs Exemption
- (10) Legal Assistance
- (11) Local government transportation for official Government business (non-tactical vehicle)
- (12) Local Morale/Welfare Recreation Services
- (13) Mortuary Services
- (14) Transient Billets
- (15) POV (privately-owned vehicle) license/registration

(b) The contractor/contractor personnel shall be responsible for the return of all logistics support items (i.e. ID cards, ration cards, POV tags and registration, POV and GOV operator's licenses, etc.) prior to the departure from an overseas area of operation.

CLAUSES INCORPORATED BY FULL TEXT

5652.245-9001 Schedule of Government-Furnished Material (2001)

The Government will furnish material in accordance with the Government Furnished Property clause of the contract for use in the performance of this contract. A list of the materials to be supplied is located in Section J of the

solicitation, Attachment 26. Any additional GFP that may be required in support of individual task orders shall be delineated in the task order.

H.4. DISABLED WORKFORCE/JWOD

At least 5% of the total contract value will be spent on products and services manufactured and provided by Nonprofit Agencies that employ people who are blind or severely disabled and are associated with the National Industries for the Blind (NIB) or NISH under the AbilityOne (formerly JWOD) Program. NIB (b)(6) (b)(6) and NISH (b)(6) are available to assist offerors with meeting this requirement. (See H.11 for further penalty information)

The contractor understands and acknowledges that this requirement is a material part of the contract, and that failure to meet this requirement is a breach of the contract, which can subject the contractor to a termination for cause action.

Annually, on the anniversary date of contract signing, the contractor will provide a letter report to the contracting officer showing how this requirement was met during the preceding 12 months.

H.5. SCRAP PROCEDURE

The contractor shall have an approved scrap procedure for the disposal of scrap resulting from production or testing under this contract. The proceeds from the sale of scrap shall be credited to the Government in an Overhead account titled Infrastructure Improvement Pool (IIP).

H.6. FINANCIAL RECORDS

Financial and Accounting Records: Defense Contract Audit Agency (DCAA) is resident at the Lexington, Kentucky facility. DCAA performs other analysis and reviews that require access to the contractor's financial and accounting records supporting proposed and incurred cost. All financial and accounting records for the prime will be locally maintained as it pertains to this contract and the DCAA responsibilities.

H.7. TRAVEL ABOARD MIL AIR

Contractor personnel are authorized to travel aboard military aircraft in performance of duties associated with this contract, provided that appropriate authorization is granted by the Government Command level representative (O-7 or above) of the aircraft prior to the contractor personnel boarding the aircraft.

H.8. ABSORPTION POOL

The Special Operations Forces Support Activity (SOFSA) is responsible for payment to the State of Kentucky for Bluegrass Station building leases, communication services, and utilities cost. The contractor shall set up an

Absorption Pool to accomplish an allocation of dollars to be paid toward the lease and utilities. The allocation base for this pool shall be all operations and maintenance (O&M) funded projects at the rate of 1.5%.

The monies collected by the application of the pool shall be used to pay the State of Kentucky a portion of the building leases, communications services, and utilities costs.

H.9. OCI

Organizational Conflict Of Interest

To prevent conflicting roles, which may bias the contractor's quotes, judgment or objectivity, and to preclude the contractor from obtaining unfair competitive advantage in concurrent or future acquisitions, the contractor shall be restricted as set forth in subparagraphs below.

The Contractor warrants and represents to the best of its knowledge and belief that it does not presently have any organizational conflict of interest which would diminish its capacity to give impartial, technically sound and objective assistance or would result in a biased work product or might result in an unfair competitive advantage except that which flows from the normal benefit or performance of this contract.

Whenever, in the performance of this contract, the Contractor provides recommendations or advice related to the development of specifications, work statements, data or other information for hardware/software items, the Contractor will not enter into any contract either as a prime or subcontractor to furnish said items or components thereof during the life of this contract or through the initial production contract whichever is longer. Whenever, in the performance of this contract, the Contractor provides recommendations or advice related to the development of specifications, work statements, data, or other information for hardware/software items, the Contractor will not enter into any contract with the item supplier to provide any support, analysis or consulting services. The prohibition will apply during the life of the contract through completion of the final task order.

The Contractor may be required to perform technical evaluation of contractor offers and/or products as well as advisory and assistance services relative to the same. In these instances, the Contractor will not evaluate or advise the Government concerning its own products or activities. When required to evaluate other Contractor offers and/or products or provide advisory and assistance services to the same, the Contractor will preserve its objectivity and protect the Government interests.

During the course of this contract, use of other company's quote-proprietary data shall be necessary for contract performance. Access to this proprietary data shall be accomplished either directly from the other company or, if available, from the Special Operations Support Activity. The Contractor shall enter into a written agreement with each of said other companies in which the Contractor:

- Obtains the permission to use the other companies' quote proprietary data, whether obtained directly from the other company or from USSOCOM, in the performance of this contract,
- Agrees to protect the proprietary data from unauthorized use or disclosure for as long as it remains proprietary; and,
- Agrees to refrain from using the proprietary data for any purpose other than in the performance of this contract.

The Contractor further agrees:

- To adopt operating procedures and physical security measures designed to protect the proprietary data from disclosure or release to authorized third parties;
- To indemnify the Government, its agents and employees from all liability arising out of, or in any way related to, the misuse or unauthorized disclosure by the Contractor, its employees or agents of any proprietary data it received;

- To hold the Government, its agents and employees, harmless against any claim or liability, including attorney fees, costs and expenses, arising out of the misuse of unauthorized disclosure of any proprietary data supplied to the Contractor;
- To provide a copy of their agreements with the other companies to the Contracting Officer prior to obtaining access to the proprietary data; and,

Enclosure 1

_ To provide, on request from the Contracting Officer, evidence of the steps taken to protect against unauthorized use or disclosure of the proprietary data.

Whenever a Contractor must obtain proprietary technical data or computer software (including limited rights or government purpose license rights technical data and restricted rights computer software) from the Government to perform under a task order under this contract, the Contractor will be required to furnish a copy of its proprietary technical data or computer software exchange agreement with the owner of the data as a necessary condition to receiving said proprietary technical data or computer software from the Government.

If the Contracting Officer finds that said written agreement or procedures taken are not adequate, the Government has the right to withhold access to the proprietary data. Additionally, if the Contracting Officer finds that a Contractor employee, agent, or subcontractor made unauthorized use or disclosure of any of said proprietary data, the Government has the right to bar that employee, agent, or subcontractor from having further access to said proprietary data from the Contractor at no liability to the Government.

The provisions of this clause are fully applicable to all subcontractors utilized by the Contractor and that this clause shall be included in all subcontracts the Contractor enters into to support, either directly or indirectly, this contract.

No form of business insulation quote technique to avoid, evade or substitute for the restrictions set out herein shall be permitted except in the absolute discretion of the Government the exercise of which shall not be subject to the Disputes Clause.

In the event the Contractor breaches or violates any of the warranties, convenience, restrictions, disclosures or nondisclosure under this provision, the Government may terminate this contract for default and pursue any other remedies as provided by law. Additionally, it is agreed that the prohibitions contained herein against competing for or performing as a prime contractor, subcontractor or as a consultant to a prime or subcontractor to provide services, hardware or software, shall apply to all programs managed or overseen by SOFSA or its subordinate elements with respect to which services may be ordered under this contract. The SOFSA wide exclusion shall cease upon expiration of the final ordering period, or the end of all delivery order performance periods, whichever is later, of this contract.

The Head of the Contracting Activity may at his/her sole discretion, grant individual waivers to the SOFSA-wide exclusion on a case-by-case basis. Such waivers shall be binding. However, the Contractor shall have no right to such waivers, and the failure to grant a waiver shall not be grounds for protest against any solicitation or acquisition as to which the waiver was denied, nor shall the refusal to grant a waiver be subject to appeal under the Disputes Clause of this contract.

During the course of this contract there is a potential for changes in relationships that may occur and accordingly, the Contractor agrees to adjust and take any and all measures deemed necessary to comply with this clause and FAR 9.5. The Contractor agrees to immediately notify the Contracting Officer of changes in relationships and a description of the action the Contractor has taken or proposes to take to avoid, eliminate or neutralize the conflicts of interest.

H.10. NOVATION

The incumbent on contract USZA22-03-D-0006 and 03-C-0056 has agreed that in the event they are not the successful Offeror against this solicitation they will novate any open contracts and all active task orders unable to be

completed prior to transition period completion. A joint review of open work will be performed by the incumbent contractor, successful Offeror and SOFSA representatives to reach a mutually acceptable estimate to complete (ETC) for cost and schedule for these open task orders. Upon assuming responsibility for the mutually agreed upon ETC, the successful Offeror must agree to accept all obligations and liabilities of the incumbent under the open contracts by virtue of this novation and agrees there will be no impact on the mutually agreed upon ETC cost and schedule.

H.11 SMALL BUSINESS TARGETS

Type of Business	Offeror Proposed %	Target %
A. Total Small Business Concerns excluding Ability One but including B through E		25%
B. Small Disadvantaged Business	%	5.0%
C. Women-Owned Small Business	%	5.0%
D. HUBZone Small Business	%	Fill after award
E. Service Disabled Veteran-Owned Small Business	%	3.0%
F. Large Business	%	N/A
G. AbilityOne * not included in 25% Target above	%	5%

Note: The penalty of .5% of the fee associated with the CPFF CLINs per year will be assessed if the 25% Target for B-E above is not met. A penalty of .5% of the fee associated with the CPFF CLINs per year for G above.

H.12 ORDERING OFFICES

Organizations that are warranted by the United States Special Operations Command have the authority to execute task orders under the terms and conditions specified herein against the contract. Copies of the task order, attachments and resulting pricing memorandums will be provided to SOFSA Business Management Division, Bluegrass Station, 5751 Briar Hill Road, Lexington, KY 40516-9723.

952.201-0001

OMBUDSMAN (JAN 2010)

- (a) An ombudsman has been appointed to hear and facilitate the resolution of concerns from offerors, potential offerors, and others for this acquisition. When requested, the ombudsman will maintain strict confidentiality as to the source of the concern. The existence of the ombudsman does not affect the authority of the program manager, contracting officer, or source selection official. Further, the ombudsman does not participate in the evaluation process, or the adjudication of protests or formal contract disputes. The ombudsman may refer the party to another official who can resolve the concern.
- (b) Before consulting with an ombudsman, interested parties must address their concerns, issues, disagreements, and/or recommendations to the contracting officer for resolution. Consulting an ombudsman does not alter or postpone the timelines for any other processes (e.g., agency level bid protests, GAO bid protests, requests for debriefings, employee-employer actions, contests of OMBC-A-76 competition performance decisions).
- (c) If resolution cannot be made by the contracting officer, concerned parties may contact the Deputy PARC/Competition Advocate.
- (d) The ombudsman has no authority to render a decision that binds the agency.
- (e) Do not contact the ombudsman to request copies of the solicitation, contract, delivery order, verify offer due date, or clarify technical requirements. Such inquiries shall be directed to the Contracting Officer.

952.222-0001**PROHIBITION AGAINST HUMAN TRAFFICKING, INHUMANE LIVING CONDITIONS, AND WITHHOLDING OF EMPLOYEE PASSPORTS (AUG 2009)**

(a) All contractors (—contractors|| refers to both prime contractors and all subcontractors at all tiers) are reminded of the prohibition contained in Title 18, United States Code, Section 1592, against knowingly destroying, concealing, removing, confiscating, or possessing any actual or purported passport or other immigration document, or any other actual or purported government identification document, of another person, to prevent or restrict or to attempt to prevent or restrict, without lawful authority, the person's liberty to move or travel, in order to maintain the labor or services of that person.

(b) Contractors are also required to comply with the following provisions:

(1) Contractors shall only hold employee passports and other identification documents discussed above for the shortest period of time reasonable for administrative processing purposes.

(2) Contractors shall provide all employees with a signed copy of their employment contract, in English as well as the employee's native language that defines the terms of their employment/compensation.

(3) Contractors shall not utilize unlicensed recruiting firms, or firms that charge illegal recruiting fees.

(4) Contractors shall be required to provide adequate living conditions (sanitation, health, safety, living space) for their employees. Fifty square feet is the minimum acceptable square footage of personal living space per employee. Upon contractor's written request, contracting officers may grant a waiver in writing in cases where the existing square footage is within 20% of the minimum, and the overall conditions are determined by the contracting officer to be acceptable. A copy of the waiver approval shall be maintained at the respective life support area.

(5) Contractors shall incorporate checks of life support areas to ensure compliance with the requirements of this Trafficking in Persons Prohibition into their Quality Control program, which will be reviewed within the Government's Quality Assurance process.

(6) Contractors shall comply with International and Host Nation laws regarding transit/exit/entry procedures, and the requirements for visas and work permits.

(c) Contractors have an affirmative duty to advise the Contracting Officer if they learn of their employees violating the human trafficking and inhumane living conditions provisions contained herein. Contractors are advised that contracting officers and/or their representatives will conduct random checks to ensure contractors and subcontractors at all tiers are adhering to the law on human trafficking, humane living conditions and withholding of passports.

(d) The contractor agrees to incorporate the substance of this clause, including this paragraph, in all subcontracts under his contract.

952.223-0001**REPORTING KIDNAPPINGS, SERIOUS INJURIES AND DEATHS**

(MAR 2009)

Contractors shall notify the Contracting Officer, as soon as practicable, whenever employee kidnappings, serious injuries or deaths occur.

**FITNESS FOR DUTY AND MEDICAL/DENTAL CARE LIMITATIONS
(JAN 2010)**

(a) The contractor shall perform the requirements of this contract notwithstanding the fitness for duty of deployed employees, the provisions for care offered under this section, and redeployment of individuals determined to be unfit. The contractor bears the responsibility for ensuring all employees are aware of the conditions and medical treatment available at the performance location. The contractor shall include this information and requirement in all subcontracts with performance in the theater of operations.

(b) The contractor shall not deploy an individual with any of the following conditions unless approved by the appropriate CENTCOM Service Component (ie. ARCENT, AFCENT, etc.) Surgeon: Conditions which prevent the wear of personal protective equipment, including protective mask, ballistic helmet, body armor, and chemical/biological protective garments; conditions which prohibit required theater immunizations or medications; conditions or current medical treatment or medications that contraindicate or preclude the use of chemical and biological protective's and antidotes; diabetes mellitus, Type I or II, on pharmacological therapy; symptomatic coronary artery disease, or with myocardial infarction within one year prior to deployment, or within six months of coronary artery bypass graft, coronary artery angioplasty, or stenting; morbid obesity (BMI \geq 40); dysrhythmias or arrhythmias, either symptomatic or requiring medical or electrophysiological control; uncontrolled hypertension, current heart failure, or automatic implantable defibrillator; therapeutic anticoagulation; malignancy, newly diagnosed or under current treatment, or recently diagnosed/treated and requiring frequent subspecialist surveillance, examination, and/or laboratory testing; dental or oral conditions requiring or likely to require urgent dental care within six months' time, active orthodontic care, conditions requiring prosthodontic care, conditions with immediate restorative dentistry needs, conditions with a current requirement for oral-maxillofacial surgery; new onset (< 1 year) seizure disorder, or seizure within one year prior to deployment; history of heat stroke; Meniere's Disease or other vertiginous/motion sickness disorder, unless well controlled on medications available in theater; recurrent syncope, ataxias, new diagnosis (< 1 year) of mood disorder, thought disorder, anxiety, somatoform, or dissociative disorder, or personality disorder with mood or thought manifestations; unrepaired hernia; tracheostomy or aphonia; renalithiasis, current; active tuberculosis; pregnancy; unclosed surgical defect, such as external fixator placement; requirement for medical devices using AC power; HIV antibody positivity; psychotic and bipolar disorders. (Reference: Mod 8 to USCENTCOM Individual Protection and Individual/Unit Deployment Policy, PPG-Tab A: Amplification of the Minimal Standards of Fitness for Deployment to the CENTCOM AOR).

(c) In accordance with military directives (DoDI 3020.41, DoDI 6000.11, CFC FRAGO 09-1038, DoD PGI 225.74), resuscitative care, stabilization, hospitalization at Level III (emergency) military treatment facilities and assistance with patient movement in emergencies where loss of life, limb or eyesight could occur will be provided. Hospitalization will be limited to emergency stabilization and short-term medical treatment with an emphasis on return to duty or placement in the patient movement system. Subject to availability at the time of need, a medical treatment facility may provide reimbursable treatment for emergency medical or dental care such as broken bones, lacerations, broken teeth or lost fillings.

(d) Routine and primary medical care is not authorized. Pharmaceutical services are not authorized for routine or known, routine prescription drug needs of the individual. Routine dental care, examinations and cleanings are not authorized.

(e) Notwithstanding any other provision of the contract, the contractor shall be liable for any and all medically-related services or transportation rendered. In accordance with OUSD(C) Memorandum dated 4 June 2008, the following reimbursement rates will be charged for services at all DoD deployed medical facilities. These rates are in effect until changed by DoD direction.

- (1) Inpatient daily rate: \$2,041.00. Date of discharge is not billed unless the patient is admitted to the hospital and discharged the same day.
- (2) Outpatient visit rate: \$195.00. This includes diagnostic imaging, laboratory, pathology, and pharmacy provided at the medical facility.

952.225-0004**COMPLIANCE WITH LAWS AND REGULATIONS (JAN 2010)**

- (a) The Contractor shall comply with, and shall ensure that its employees and its subcontractors and their employees, at all tiers, are aware of and obey all U.S. and Host Nation laws, Federal or DoD regulations, and Central Command orders and directives applicable to personnel in Iraq and Afghanistan, including but not limited to USCENTCOM, Multi-National Force and Multi-National Corps operations and fragmentary orders, instructions, policies and directives.
- (b) Contractor employees shall particularly note all laws, regulations, policies, and orders restricting authority to carry firearms, rules for the use of force, and prohibiting sexual or aggravated assault. Contractor employees are subject to General Orders Number 1, as modified from time to time, including without limitation, their prohibition on privately owned firearms, alcohol, drugs, war souvenirs, pornography and photographing detainees, human casualties or military security measures.
- (c) Contractor employees may be ordered removed from secure military installations or the theater of operations by order of the senior military commander of the battle space for acts that disrupt good order and discipline or violate applicable laws, regulations, orders, instructions, policies, or directives. Contractors shall immediately comply with any such order to remove its contractor employee.
- (d) Contractor employees performing in the USCENTCOM Area of Responsibility (AOR) may be subject to the jurisdiction of overlapping criminal codes, including, but not limited to, the Military Extraterritorial Jurisdiction Act (18 U.S.C. Sec. 3261, et al) (MEJA), the Uniform Code of Military Justice (10 U.S.C. Sec. 801, et al) (UCMJ), and the laws of the Host Nation. Non-US citizens may also be subject to the laws of their home country while performing in the USCENTCOM AOR. Contractor employee status in these overlapping criminal jurisdictions may be modified from time to time by the United States, the Host Nation, or by applicable status of forces agreements.
- (e) Under MEJA, a person who engages in felony misconduct outside the United States while employed by or accompanying the Armed Forces is subject to arrest, removal and prosecution in United States federal courts. Under the UCMJ, a person serving with or accompanying the Armed Forces in the field during a declared war or contingency operation may be disciplined for a criminal offense, including by referral of charges to a General Court Martial. Contractor employees may be ordered into confinement or placed under conditions that restrict movement within the AOR or administratively attached to a military command pending resolution of a criminal investigation.
- (f) Contractors shall immediately notify military law enforcement and the Contracting Officer if they suspect an employee has committed an offense. Contractors shall take any and all reasonable and necessary measures to secure the presence of an employee suspected of a serious felony offense. Contractors shall not knowingly facilitate the departure of an employee suspected of a serious felony offense or violating the Rules for the Use of Force to depart Iraq or Afghanistan without approval from the senior U.S. commander in the country.

952.225-0005**MONTHLY CONTRACTOR CENSUS REPORTING
(MAR 2009)**

Contractor shall provide monthly employee census information to the Contracting Officer, by province, for this contract. Information shall be submitted either electronically or by hard-copy. Information shall be current as of the 25th day of each month and received by the Contracting Officer no later than the first day of the following month. The following information shall be provided for each province in which work was performed:

- (1) The total number (prime and subcontractors at all tiers) employees.
- (2) The total number (prime and subcontractors at all tiers) of U.S. citizens.
- (3) The total number (prime and subcontractors at all tiers) of local nationals (LN).

- (4) The total number (prime and subcontractors at all tiers) of third-country nationals (TCN).
- (5) Name of province in which the work was performed.
- (6) The names of all company employees who enter and update employee data in the Synchronized Pre-deployment & Operational Tracker (SPOT) IAW DFARS 252.225-7040 or DFARS DOD class deviation 2007-O0010.

952.225-0008**SHIPPING INSTRUCTIONS FOR WEAPONS (MAR 2009)**

- (a) All weapons shall be shipped with a complete serial number manifest that is included with the shipping documents (inventory, bill of lading, etc.).
 - (b) All individual boxes or crates shall be numbered and correspond to a list annotated on the serial number manifest.
 - (c) Each individual box or crate shall have a packing list both inside and outside the box. That packing list shall contain a list of the contents and the serial numbers for the weapons in that box or crate.
 - (d) The contract number shall be listed on all serial number manifests and packing lists.
- All serial numbers shall be unique and non-recurring in any previous or future shipments. Shipments received with recurring serial numbers will not be accepted by the U.S. Government, and the contractor will be required to return the shipment at his own expense and replace with new weapons having non-recurring serial numbers.

952.225-0013**CONTRACTOR HEALTH AND SAFETY (JAN 2010)**

- (a) Contractors shall comply with all National Electrical Code (NEC 2008), Specifications as outlined, and MIL Standards and Regulations. All infrastructure to include, but not limited to, living quarters, showers, and restrooms shall be installed and maintained in compliance with these standards and must be properly supported and staffed to ensure perpetual Code compliance, prevent hazards and to quickly correct any hazards to maximize safety of those who use or work at the infrastructure (NEC Table 352.20). The government has the authority to enter and inspect contractor employee living quarters at any time to ensure the prime contractor is complying with safety compliance standards outlined in the 2008 National Electric Code (NEC).
- (b) The contractor shall correct all deficiencies within a reasonable amount of time of contractor becoming aware of the deficiency either by notice from the government or a third party, or discovery by the contractor. Further guidance on mandatory compliance with NFPA 70: NEC 2008 can be found on the following link <http://www.nfpa.org>.

952.228-0001**WORKERS COMPENSATION INSURANCE (DEFENSE BASE ACT)
(JAN 2010)**

- (a) This JCC-I/A clause supplements FAR Clause 52.228-3 Workers' Compensation Insurance (Defense Base Act).
- (b) The contractor shall procure Defense Base Act (DBA) insurance pursuant to the terms of the contract between the U.S. Army Corps of Engineers (USACE) and CNA Insurance unless the contractor has a DBA self-insurance program approved by the Department of Labor. Proof of this self-insurance shall be provided to the Contracting Officer. The contractor shall submit proof of a valid DBA Insurance policy with CNA Insurance for the Prime and their Subcontractors at every tier prior to performance of the contract. The current rates under the USACE and JCC-I/A contract are as follows:
 - Services \$4.00 per \$100 of employee remuneration
 - Construction \$6.00 per \$100 of employee remuneration
 - Aviation \$17.00 per \$100 of employee remuneration
 - Security \$10.00 per \$100 of employee remunerationJCC-I/A Acquisition Instruction (January 2010) Part 52 – Solicitation Provisions and Contract Clauses Page 70. NOTE: More than one rate may be applicable as more than one type of labor may be utilized for a particular contract.
- (c) The contractor shall insert a Special Contract Requirement substantially the same as this one in all subcontracts (at every tier) to which DBA is applicable.

(d) Should the rates for DBA insurance coverage increase or decrease during the performance of this contract, the contract shall be modified accordingly. However, the revised rates will not be applicable until the Contractor's or Subcontractor's DBA Insurance policy is due to be renewed.

(e) Premiums will be reimbursed only if coverage is purchased through the USACE mandatory requirements DBA contract administered by CNA Insurance and their managing broker, Rutherford International.

(f) Claims Reporting – The Contractor shall make timely Defense Base Act insurance claims on behalf of each employee who is injured or killed in the course of their employment under this contract, and shall ensure that similar language is in each Subcontractor's contract. The Contractor shall provide monthly reports to the Contracting Officer, providing the names of each such injured or deceased employee, the circumstances surrounding each injury or death, the dates of each injury or death, the date the insurance claim was made on behalf of each employee and the current status of each claim.

(g) Failure to obtain Defense Base Act (DBA) insurance in accordance with FAR Clause 52.228-3 Workers' Compensation Insurance (Defense Base Act) and the above requirements, for the prime and all subcontractors at every tier, shall be considered a material breach and could cause this contract to be terminated for default/cause.

Section I - Contract Clauses

I.209-3 FIRST ARTICLE APPROVAL

I.209-3 FIRST ARTICLE APPROVAL--CONTRACTOR TESTING

(a) The Contractor shall perform first article tests on items when specified on individual task orders. As specified in the individual task orders, the Contractor shall notify the Contracting Officer, in writing, of the time and location of the testing so that the Government may witness the tests.

(b) The Contractor shall submit the first article test report within the time specified in the individual task order to SOFSA, Blue Grass Station, 5749 Briar Hill Road, Lexington, KY 40516 marked "FIRST ARTICLE TEST REPORT: Contract No. , Lot/Item No. " Within 7 calendar days after the Government receives the test report, the Contracting Officer shall notify the Contractor, in writing, of the conditional approval, approval, or disapproval of the first article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval shall state any further action required of the Contractor. A notice of disapproval shall cite reasons for the disapproval.

(c) If the first article is disapproved, the Contractor, upon Government request, shall repeat any or all first article tests. After each request for additional tests, the Contractor shall make any necessary changes, modifications, or repairs to the first article or select another first article for testing. All costs related to these tests are to be borne by the Contractor, including any and all costs for additional tests following a disapproval. The Contractor shall then conduct the tests and deliver another report to the Government under the terms and conditions and within the time specified by the Government. The Government shall take action on this report within the time specified in paragraph (b) above. The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule, or for any additional costs to the Government related to these tests.

(d) If the Contractor fails to deliver any first article report on time, or the Contracting Officer disapproves any first article, the Contractor shall be deemed to have failed to make delivery within the meaning of the Default clause of this contract.

(e) Unless otherwise provided in the contract, and if the approved first article is not consumed or destroyed in testing, the Contractor may deliver the approved first article as part of the contract quantity if it meets all contract requirements for acceptance.

(f) If the Government does not act within the time specified in paragraph (b) or (c) above, the Contracting Officer shall, upon timely written request from the Contractor, equitably adjust under the changes clause of this contract the delivery or performance dates and/or the contract price, and any other contractual term affected by the delay.

(g) Before first article approval, the acquisition of materials or components for, or the commencement of production of, the balance of the contract quantity is at the sole risk of the Contractor. Before first article approval, the costs thereof shall not be allocable to this contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the convenience of the Government.

(h) The Government may waive the requirement for first article approval test where supplies identical or similar to those called for in the schedule have been previously furnished by the offeror/contractor and have been accepted by the Government. The offeror/contractor may request a waiver.

(End of clause)

I.209-3A FIRST ARTICLE

I.209-3A FIRST ARTICLE APPROVAL--CONTRACTOR TESTING ALTERNATE I

(a) The Contractor shall perform first article tests of items as specified on individual task orders. Within the time period specified in the task orders, the Contractor shall notify the Contracting Officer, in writing, of the time and location of the testing so that the Government may witness the tests.

(b) The Contractor shall submit the first article test report within the time specified on the individual task order to SOFSA, Blue Grass Station, 5749 Briar Hill Road, Lexington, KY 40516 marked "FIRST ARTICLE TEST REPORT: Contract No. _____, Lot/Item No. _____" Within 7 calendar days after the Government receives the test report, the Contracting Officer shall notify the Contractor, in writing, of the conditional approval, approval, or disapproval of the first article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval shall state any further action required of the Contractor. A notice of disapproval shall cite reasons for the disapproval.

(c) If the first article is disapproved, the Contractor, upon Government request, shall repeat any or all first article tests. After each request for additional tests, the Contractor shall make any necessary changes, modifications, or repairs to the first article or select another first article for testing. All costs related to these tests are to be borne by the Contractor, including any and all costs for additional tests following a disapproval. The Contractor shall then conduct the tests and deliver another report to the Government under the terms and conditions and within the time specified by the Government. The Government shall take action on this report within the time specified in paragraph (b) above. The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule, or for any additional costs to the Government related to these tests.

(d) If the Contractor fails to deliver any first article report on time, or the Contracting Officer disapproves any first article, the Contractor shall be deemed to have failed to make delivery within the meaning of the Default clause of this contract.

(e) Unless otherwise provided in the contract, and if the approved first article is not consumed or destroyed in testing, the Contractor may deliver the approved first article as part of the contract quantity if it meets all contract requirements for acceptance.

(f) If the Government does not act within the time specified in paragraph (b) or (c) above, the Contracting Officer shall, upon timely written request from the Contractor, equitably adjust under the changes clause of this contract the delivery or performance dates and/or the contract price, and any other contractual term affected by the delay.

(g) Before first article approval, the Contracting Officer may, by written authorization, authorize the Contractor to acquire specific materials or components or to commence production to the extent essential to meet the delivery schedules. Until first article approval is granted, only costs for the first article and costs incurred under this authorization are allocable to this contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the convenience of the Government. If first article tests reveal deviations from contract requirements, the Contractor shall, at the location designated by the Government, make the required changes or replace all items produced under this contract at no change in the contract price.

(i) The Contractor shall produce both the first article and the production quantity at the same facility.

(h) The Government may waive the requirement for first article approval test where supplies identical or similar to those called for in the schedule have been previously furnished by the offeror/contractor and have been accepted by the Government. The offeror/contractor may request a waiver.

CLAUSES INCORPORATED BY FULL TEXT

52.216-7 ALLOWABLE COST AND PAYMENT (DEC 2002)

(a) Invoicing.

(1) The Government will make payments to the Contractor when requested as work progresses, but (except for small business concerns) not more often than once every 2 weeks, in amounts determined to be allowable by the Contracting Officer in accordance with Federal Acquisition Regulation (FAR) subpart 31.2 in effect on the date of this contract and the terms of this contract. The Contractor may submit to an authorized representative of the Contracting Officer, in such form and reasonable detail as the representative may require, an invoice or voucher supported by a statement of the claimed allowable cost for performing this contract.

(2) Contract financing payments are not subject to the interest penalty provisions of the Prompt Payment Act. Interim payments made prior to the final payment under the contract are contract financing payments, except interim payments if this contract contains Alternate I to the clause at 52.232-25.

(3) The designated payment office will make interim payments for contract financing on the 14th day after the designated billing office receives a proper payment request.

In the event that the Government requires an audit or other review of a specific payment request to ensure compliance with the terms and conditions of the contract, the designated payment office is not compelled to make payment by the specified due date.

(b) Reimbursing costs. (1) For the purpose of reimbursing allowable costs (except as provided in subparagraph (b)(2) of the clause, with respect to pension, deferred profit sharing, and employee stock ownership plan contributions), the term "costs" includes only--

(i) Those recorded costs that, at the time of the request for reimbursement, the Contractor has paid by cash, check, or other form of actual payment for items or services purchased directly for the contract;

(ii) When the Contractor is not delinquent in paying costs of contract performance in the ordinary course of business, costs incurred, but not necessarily paid, for--

(A) Supplies and services purchased directly for the contract and associated financing payments to subcontractors, provided payments determined due will be made--

(1) In accordance with the terms and conditions of a subcontract or invoice; and

(2) Ordinarily within 30 days of the submission of the Contractor's payment request to the Government;

(B) Materials issued from the Contractor's inventory and placed in the production process for use on the contract;

(C) Direct labor;

(D) Direct travel;

(E) Other direct in-house costs; and

(F) Properly allocable and allowable indirect costs, as shown in the records maintained by the Contractor for purposes of obtaining reimbursement under Government contracts; and

(iii) The amount of financing payments that have been paid by cash, check, or other forms of payment to subcontractors.

(2) Accrued costs of Contractor contributions under employee pension plans shall be excluded until actually paid unless--

(i) The Contractor's practice is to make contributions to the retirement fund quarterly or more frequently; and

(ii) The contribution does not remain unpaid 30 days after the end of the applicable quarter or shorter payment period (any contribution remaining unpaid shall be excluded from the Contractor's indirect costs for payment purposes).

(3) Notwithstanding the audit and adjustment of invoices or vouchers under paragraph (g) of this clause, allowable indirect costs under this contract shall be obtained by applying indirect cost rates established in accordance with paragraph (d) of this clause.

(4) Any statements in specifications or other documents incorporated in this contract by reference designating performance of services or furnishing of materials at the Contractor's expense or at no cost to the Government shall be disregarded for purposes of cost-reimbursement under this clause.

(c) Small business concerns. A small business concern may receive more frequent payments than every 2 weeks.

(d) Final indirect cost rates. (1) Final annual indirect cost rates and the appropriate bases shall be established in accordance with Subpart 42.7 of the Federal Acquisition Regulation (FAR) in effect for the period covered by the indirect cost rate proposal.

(2)(i) The Contractor shall submit an adequate final indirect cost rate proposal to the Contracting Officer (or cognizant Federal agency official) and auditor within the 6-month period following the expiration of each of its fiscal years. Reasonable extensions, for exceptional circumstances only, may be requested in writing by the Contractor and granted in writing by the Contracting Officer. The Contractor shall support its proposal with adequate supporting data.

(ii) The proposed rates shall be based on the Contractor's actual cost experience for that period. The appropriate Government representative and the Contractor shall establish the final indirect cost rates as promptly as practical after receipt of the Contractor's proposal.

(3) The Contractor and the appropriate Government representative shall execute a written understanding setting forth the final indirect cost rates. The understanding shall specify (i) the agreed-upon final annual indirect cost rates, (ii) the bases to which the rates apply, (iii) the periods for which the rates apply, (iv) any specific indirect cost items treated as direct costs in the settlement, and (v) the affected contract and/or subcontract, identifying any with advance agreements or special terms and the applicable rates. The understanding shall not change any monetary ceiling, contract obligation, or specific cost allowance or disallowance provided for in this contract. The understanding is incorporated into this contract upon execution.

(4) Failure by the parties to agree on a final annual indirect cost rate shall be a dispute within the meaning of the Disputes clause.

(5) Within 120 days (or longer period if approved in writing by the Contracting Officer) after settlement of the final annual indirect cost rates for all years of a physically complete contract, the Contractor shall submit a completion invoice or voucher to reflect the settled amounts and rates.

(6)(i) If the Contractor fails to submit a completion invoice or voucher within the time specified in paragraph (d)(5) of this clause, the Contracting Officer may--

(A) Determine the amounts due to the Contractor under the contract; and

(B) Record this determination in a unilateral modification to the contract.

(ii) This determination constitutes the final decision of the Contracting Officer in accordance with the Disputes clause.

(e) Billing rates. Until final annual indirect cost rates are established for any period, the Government shall reimburse the Contractor at billing rates established by the Contracting Officer or by an authorized representative (the cognizant auditor), subject to adjustment when the final rates are established. These billing rates--

(1) Shall be the anticipated final rates; and

(2) May be prospectively or retroactively revised by mutual agreement, at either party's request, to prevent substantial overpayment or underpayment.

(f) Quick-closeout procedures. Quick-closeout procedures are applicable when the conditions in FAR 42.708(a) are satisfied.

(g) Audit. At any time or times before final payment, the Contracting Officer may have the Contractor's invoices or vouchers and statements of cost audited. Any payment may be (1) Reduced by amounts found by the Contracting Officer not to constitute allowable costs or (2) Adjusted for prior overpayments or underpayments.

(h) Final payment. (1) Upon approval of a completion invoice or voucher submitted by the Contractor in accordance with paragraph (d)(4) of this clause, and upon the Contractor's compliance with all terms of this contract, the Government shall promptly pay any balance of allowable costs and that part of the fee (if any) not previously paid.

(2) The Contractor shall pay to the Government any refunds, rebates, credits, or other amounts (including interest, if any) accruing to or received by the Contractor or any assignee under this contract, to the extent that those amounts are properly allocable to costs for which the Contractor has been reimbursed by the Government. Reasonable expenses incurred by the Contractor for securing refunds, rebates, credits, or other amounts shall be allowable costs if approved by the Contracting Officer. Before final payment under this contract, the Contractor and each assignee whose assignment is in effect at the time of final payment shall execute and deliver--

(i) An assignment to the Government, in form and substance satisfactory to the Contracting Officer, of refunds, rebates, credits, or other amounts (including interest, if any) properly allocable to costs for which the Contractor has been reimbursed by the Government under this contract; and

(ii) A release discharging the Government, its officers, agents, and employees from all liabilities, obligations, and claims arising out of or under this contract, except--

(A) Specified claims stated in exact amounts, or in estimated amounts when the exact amounts are not known;

(B) Claims (including reasonable incidental expenses) based upon liabilities of the Contractor to third parties arising out of the performance of this contract; provided, that the claims are not known to the Contractor on the date of the execution of the release, and that the Contractor gives notice of the claims in writing to the Contracting Officer within 6 years following the release date or notice of final payment date, whichever is earlier; and

(C) Claims for reimbursement of costs, including reasonable incidental expenses, incurred by the Contractor under the patent clauses of this contract, excluding, however, any expenses arising from the Contractor's indemnification of the Government against patent liability.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.216-10 INCENTIVE FEE (MAR 1997)

(a) General. The Government shall pay the Contractor for performing this contract a fee determined as provided in this contract.

(b) Target cost and target fee. The target cost and target fee specified in the Schedule are subject to adjustment if the contract is modified in accordance with paragraph (d) below.

(1) "Target cost," as used in this contract, means the estimated cost of this contract as initially negotiated, adjusted in accordance with paragraph (d) below.

(2) "Target fee," as used in this contract, means the fee initially negotiated on the assumption that this contract would be performed for a cost equal to the estimated cost initially negotiated, adjusted in accordance with paragraph (d) below.

(c) Withholding of payment. Normally, the Government shall pay the fee to the Contractor as specified in the Schedule. However, when the Contracting Officer considers that performance or cost indicates that the Contractor will not achieve target, the Government shall pay on the basis of an appropriate lesser fee. When the Contractor demonstrates that performance or cost clearly indicates that the Contractor will earn a fee significantly above the target fee, the Government may, at the sole discretion of the Contracting Officer, pay on the basis of an appropriate higher fee. After payment of 85 percent of the applicable fee, the Contracting Officer may withhold further payment of fee until a reserve is set aside in an amount that the Contracting Officer considers necessary to protect the Government's interest. This reserve shall not exceed 15 percent of the applicable fee or \$100,000, whichever is less. The Contracting Officer shall release 75 percent of all fee withholds under this contract after receipt of the certified final indirect cost rate proposal covering the year of physical completion of this contract, provided the Contractor has satisfied all other contract terms and conditions, including the submission of the final patent and royalty reports, and is not delinquent in submitting final vouchers on prior years' settlements. The Contracting Officer may release up to 90 percent of the fee withholds under this contract based on the Contractor's past performance related to the submission and settlement of final indirect cost rate proposals.

(d) Equitable adjustments. When the work under this contract is increased or decreased by a modification to this contract or when any equitable adjustment in the target cost is authorized under any other clause, equitable adjustments in the target cost, target fee, minimum fee, and maximum fee, as appropriate, shall be stated in a supplemental agreement to this contract.

(e) Fee payable. (1) The fee payable under this contract shall be the target fee increased by [Contracting Officer insert Contractor's participation] cents for every dollar that the total allowable cost is less than the target cost or decreased by [Contracting Officer insert Contractor's participation] cents for every dollar that the total allowable cost exceeds the target cost. In no event shall the fee be greater than [Contracting Officer insert percentage] percent or less than [Contracting Officer insert percentage] percent of the target cost.

(2) The fee shall be subject to adjustment, to the extent provided in paragraph (d) above, and within the minimum and maximum fee limitations in subparagraph (1) above, when the total allowable cost is increased or decreased as a consequence of (i) payments made under assignments or (ii) claims excepted from the release as required by paragraph (h)(2) of the Allowable Cost and Payment clause.

(3) If this contract is terminated in its entirety, the portion of the target fee payable shall not be subject to an increase or decrease as provided in this paragraph. The termination shall be accomplished in accordance with other applicable clauses of this contract.

(4) For the purpose of fee adjustment, "total allowable cost" shall not include allowable costs arising out of--

(i) Any of the causes covered by the Excusable Delays clause to the extent that they are beyond the control and without the fault or negligence of the Contractor or any subcontractor;

(ii) The taking effect, after negotiating the target cost, of a statute, court decision, written ruling, or regulation that results in the Contractor's being required to pay or bear the burden of any tax or duty or rate increase in a tax or duty;

(iii) Any direct cost attributed to the Contractor's involvement in litigation as required by the Contracting Officer pursuant to a clause of this contract, including furnishing evidence and information requested pursuant to the Notice and Assistance Regarding Patent and Copyright Infringement clause;

(iv) The purchase and maintenance of additional insurance not in the target cost and required by the Contracting Officer, or claims for reimbursement for liabilities to third persons pursuant to the Insurance Liability to Third Persons clause;

(v) Any claim, loss, or damage resulting from a risk for which the Contractor has been relieved of liability by the Government Property clause; or

(vi) Any claim, loss, or damage resulting from a risk defined in the contract as unusually hazardous or as a nuclear risk and against which the Government has expressly agreed to indemnify the Contractor.

(5) All other allowable costs are included in "total allowable cost" for fee adjustment in accordance with this paragraph (e), unless otherwise specifically provided in this contract.

(f) Contract modification. The total allowable cost and the adjusted fee determined as provided in this clause shall be evidenced by a modification to this contract signed by the Contractor and Contracting Officer.

(g) Inconsistencies. In the event of any language inconsistencies between this clause and provisioning documents or Government options under this contract, compensation for spare parts or other supplies and services ordered under such documents shall be determined in accordance with this clause.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.216-16 INCENTIVE PRICE REVISION--FIRM TARGET (OCT 1997)

(a) General. The supplies or services identified in the Schedule as Items 0005, 1005, 2005, 3005, 4005, and 5005 are subject to price revision in accordance with this clause; provided, that in no event shall the total final price of these items exceed the ceiling price as specified in the task orders. Any supplies or services that are to be (1) ordered separately under, or otherwise added to, this contract and (2) subject to price revision in accordance with the terms of this clause shall be identified as such in a modification to this contract.

(b) Definition. "Costs," as used in this clause, means allowable costs in accordance with Part 31 of the Federal Acquisition Regulation (FAR) in effect on the date of this contract.

(c) Data submission. (1) Within 5 days after the end of the month in which the Contractor has delivered the last unit of supplies and completed the services specified by item number in paragraph (a) of this clause, the Contractor shall submit in the format of Table 15-2, FAR 15.408, or in any other form on which the parties agree--

(i) A detailed statement of all costs incurred up to the end of that month in performing all work under the items;

(ii) An estimate of costs of further performance, if any, that may be necessary to complete performance of all work under the items;

(iii) A list of all residual inventory and an estimate of its value; and

(iv) Any other relevant data that the Contracting Officer may reasonably require.

(2) If the Contractor fails to submit the data required by subparagraph (1) above within the time specified and it is later determined that the Government has overpaid the Contractor, the Contractor shall repay the excess to the Government immediately. Unless repaid within 30 days after the end of the data submittal period, the amount of the excess shall bear interest, computed from the date the data were due to the date of repayment, at the rate established in accordance with the Interest clause.

(d) Price revision. Upon the Contracting Officer's receipt of the data required by paragraph (c) above, the Contracting Officer and the Contractor shall promptly establish the total final price of the items specified in (a) above by applying to final negotiated cost an adjustment for profit or loss, as follows:

(1) On the basis of the information required by paragraph (c) above, together with any other pertinent information, the parties shall negotiate the total final cost incurred or to be incurred for supplies delivered (or services performed) and accepted by the Government and which are subject to price revision under this clause.

(2) The total final price shall be established by applying to the total final negotiated cost an adjustment for profit or loss, as follows:

(i) If the total final negotiated cost is equal to the total target cost, the adjustment is the total target profit.

(ii) If the total final negotiated cost is greater than the total target cost, the adjustment is the total target profit, less per task order percent of the amount by which the total final negotiated cost exceeds the total target cost.

(iii) If the final negotiated cost is less than the total target cost, the adjustment is the total target profit plus per task order percent of the amount by which the total final negotiated cost is less than the total target cost.

(e) Contract modification. The total final price of the items specified in paragraph (a) above shall be evidenced by a modification to this contract, signed by the Contractor and the Contracting Officer. This price shall not be subject to revision, notwithstanding any changes in the cost of performing the contract, except to the extent that--

(1) The parties may agree in writing, before the determination of total final price, to exclude specific elements of cost from this price and to a procedure for subsequent disposition of those elements; and

(2) Adjustments or credits are explicitly permitted or required by this or any other clause in this contract.

(f) Adjusting billing prices. (1) Pending execution of the contract modification (see paragraph (e) above), the Contractor shall submit invoices or vouchers in accordance with billing prices as provided in this paragraph. The billing prices shall be the target prices shown in this contract.

(2) If at any time it appears from information provided by the contractor under subparagraph (g)(2) below that the then-current billing prices will be substantially greater than the estimated final prices, the parties shall negotiate a

reduction in the billing prices. Similarly, the parties may negotiate an increase in billing prices by any or all of the difference between the target prices and the ceiling price, upon the Contractor's submission of factual data showing that final cost under this contract will be substantially greater than the target cost.

(3) Any billing price adjustment shall be reflected in a contract modification and shall not affect the determination of the total final price under paragraph (d) above. After the contract modification establishing the total final price is executed, the total amount paid or to be paid on all invoices or vouchers shall be adjusted to reflect the total final price, and any resulting additional payments, refunds, or credits shall be made promptly.

(g) Quarterly limitation on payments statement. This paragraph (g) shall apply until final price revision under this contract has been completed.

(1) Within 45 days after the end of each quarter of the Contractor's fiscal year in which a delivery is first made (or services are first performed) and accepted by the Government under this contract, and for each quarter thereafter, the Contractor shall submit to the contract administration office (with a copy to the contracting office and the cognizant contract auditor) a statement, cumulative from the beginning of the contract, showing--

(i) The total contract price of all supplies delivered (or services performed) and accepted by the Government and for which final prices have been established;

(ii) The total costs (estimated to the extent necessary) reasonably incurred for, and properly allocable solely to, the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established;

(iii) The portion of the total target profit (used in establishing the initial contract price or agreed to for the purpose of this paragraph (g)) that is in direct proportion to the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established--increased or decreased in accordance with subparagraph (d)(2) above, when the amount stated under subdivision (ii), immediately above, differs from the aggregate target costs of the supplies or services; and

(iv) The total amount of all invoices or vouchers for supplies delivered (or services performed) and accepted by the Government (including amounts applied or to be applied to liquidate progress payments).

(2) Notwithstanding any provision of this contract authorizing greater payments, if on any quarterly statement the amount under subdivision (1)(iv) above exceeds the sum due the Contractor, as computed in accordance with subdivisions (1)(i), (ii), and (iii) above, the Contractor shall immediately refund or credit to the Government the amount of this excess. The Contractor may, when appropriate, reduce this refund or credit by the amount of any applicable tax credits due the Contractor under 26 U.S.C. 1481 and by the amount of previous refunds or credits effected under this clause. If any portion of the excess has been applied to the liquidation of progress payments, then that portion may, instead of being refunded, be added to the unliquidated progress payment account consistent with the Progress Payments clause. The Contractor shall provide complete details to support any claimed reductions in refunds.

(3) If the Contractor fails to submit the quarterly statement within 45 days after the end of each quarter and it is later determined that the Government has overpaid the Contractor, the Contractor shall repay the excess to the Government immediately. Unless repaid within 30 days after the end of the statement submittal period, the amount of the excess shall bear interest, computed from the date the quarterly statement was due to the date of repayment, at the rate established in accordance with the Interest clause.

(h) Subcontracts. No subcontract placed under this contract may provide for payment on a cost-plus-a-percentage-of-cost basis. The Contractor shall--

(1) Insert in each price redetermination or incentive price revision subcontract the substance of paragraph (g), above, and of this paragraph (h), modified to omit mention of the Government and to reflect the position of the Contractor as purchaser and of the subcontractor as vendor, and to omit that part of subparagraph (g)(2) above relating to tax credits; and

(2) Include in each cost-reimbursement subcontract a requirement that each lower-tier price redetermination or incentive price revision subcontract contain the substance of paragraph (g) above and of this paragraph (h), modified as required by subparagraph (1) above.

(i) Disagreements. If the Contractor and the Contracting Officer fail to agree upon the total final price within 60 days (or within such other period as the Contracting Officer may specify) after the date on which the data required by paragraph (c) above are to be submitted, the Contracting Officer shall promptly issue a decision in accordance with the Disputes clause.

(j) Termination. If this contract is terminated before the total final price is established, prices of supplies or services subject to price revision shall be established in accordance with this clause for (1) completed supplies and services accepted by the Government and (2) those supplies and services not terminated under a partial termination. All other elements of the termination shall be resolved in accordance with other applicable clauses of this contract.

(k) Equitable adjustment under other clauses. If an equitable adjustment in the contract price is made under any other clause of this contract before the total final price is established, the adjustment shall be made in the total target cost and may be made in the maximum dollar limit on the total final price, the total target profit, or both. If the adjustment is made after the total final price is established, only the total final price shall be adjusted.

(l) Exclusion from target price and total final price. If any clause of this contract provides that the contract price does not or will not include an amount for a specific purpose, then neither any target price nor the total final price includes or will include any amount for that purpose.

(m) Separate reimbursement. If any clause of this contract expressly provides that the cost of performance of an obligation shall be at Government expense, that expense shall not be included in any target price or in the total final price, but shall be reimbursed separately.

(n) Taxes. As used in the Federal, State, and Local Taxes clause or in any other clause that provides for certain taxes or duties to be included in, or excluded from, the contract price, the term "contract price" includes the total target price or, if it has been established, the total final price. When any of these clauses requires that the contract price be increased or decreased as a result of changes in the obligation of the Contractor to pay or bear the burden of certain taxes or duties, the increase or decrease shall be made in the total target price or, if it has been established, in the total final price, so that it will not affect the Contractor's profit or loss on this contract.

CLAUSES INCORPORATED BY FULL TEXT

52.216-18 ORDERING. (OCT 1995)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from **date of award through 30 September 2018**.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.216-19 ORDER LIMITATIONS. (OCT 1995)

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than **\$15,000.00**, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor:

(1) Any order for a single item in excess of **\$10M**;

(2) Any order for a combination of items in excess of **\$25M**; or

(3) A series of orders from the same ordering office within **3** days that together call for quantities exceeding the limitation in subparagraph (1) or (2) above.

(c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) above.

(d) Notwithstanding paragraphs (b) and (c) above, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within **2** days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.216-22 INDEFINITE QUANTITY. (OCT 1995)

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum". The Government shall

order at least the quantity of supplies or services designated in the Schedule as the "minimum".

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after **30 September 2018**.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within **15 days**.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within **30 days**; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least **60 days** before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed **10 years**.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.219-4 NOTICE OF PRICE EVALUATION PREFERENCE FOR HUBZONE SMALL BUSINESS CONCERNS (JUL 2005)

(a) Definition. HUBZone small business concern, as used in this clause, means a small business concern that appears on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration.

(b) Evaluation preference. (1) Offers will be evaluated by adding a factor of 10 percent to the price of all offers, except--

(i) Offers from HUBZone small business concerns that have not waived the evaluation preference; and

(ii) Otherwise successful offers from small business concerns.

(2) The factor of 10 percent shall be applied on a line item basis or to any group of items on which award may be made. Other evaluation factors described in the solicitation shall be applied before application of the factor.

(3) A concern that is both a HUBZone small business concern and a small disadvantaged business concern will receive the benefit of both the HUBZone small business price evaluation preference and the small disadvantaged business price evaluation adjustment (see FAR clause 52.219-23). Each applicable price evaluation preference or adjustment shall be calculated independently against an offeror's base offer.

These individual preference amounts shall be added together to arrive at the total evaluated price for that offer.

(c) Waiver of evaluation preference. A HUBZone small business concern may elect to waive the evaluation preference, in which case the factor will be added to its offer for evaluation purposes. The agreements in paragraph (d) of this clause do not apply if the offeror has waived the evaluation preference.

___ Offeror elects to waive the evaluation preference.

(d) Agreement. A HUBZone small business concern agrees that in the performance of the contract, in the case of a contract for

(1) Services (except construction), at least 50 percent of the cost of personnel for contract performance will be spent for employees of the concern or employees of other HUBZone small business concerns;

(2) Supplies (other than procurement from a nonmanufacturer of such supplies), at least 50 percent of the cost of manufacturing, excluding the cost of materials, will be performed by the concern or other HUBZone small business concerns;

(3) General construction, at least 15 percent of the cost of the contract performance incurred for personnel will be spent on the concern's employees or the employees of other HUBZone small business concerns; or

(4) Construction by special trade contractors, at least 25 percent of the cost of the contract performance incurred for personnel will be spent on the concern's employees or the employees of other HUBZone small business concerns.

(e) A HUBZone joint venture agrees that in the performance of the contract, the applicable percentage specified in paragraph (d) of this clause will be performed by the HUBZone small business participant or participants.

(f) A HUBZone small business concern nonmanufacturer agrees to furnish in performing this contract only end items manufactured or produced by HUBZone small business manufacturer concerns. This paragraph does not apply in connection with construction or service contracts.

(End of clause)

52.219-28 POST-AWARD SMALL BUSINESS PROGRAM REREPRESENTATION (APR 2009)

(a) Definitions. As used in this clause--

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause. Such a concern is "not dominant in its field of operation" when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged. In determining whether dominance exists, consideration shall be given to all appropriate factors, including volume of business, number of employees, financial resources, competitive status or position, ownership or control of materials, processes, patents, license agreements, facilities, sales territory, and nature of business activity.

(b) If the Contractor represented that it was a small business concern prior to award of this contract, the Contractor shall rerepresent its size status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon the occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

CLAUSES INCORPORATED BY FULL TEXT

52.222-2 PAYMENT FOR OVERTIME PREMIUMS (JUL 1990)

(a) The use of overtime is authorized under this contract if the overtime premium cost does not exceed _____ or the overtime premium is paid for work --

(1) Necessary to cope with emergencies such as those resulting from accidents, natural disasters, breakdowns of production equipment, or occasional production bottlenecks of a sporadic nature;

(2) By indirect-labor employees such as those performing duties in connection with administration, protection, transportation, maintenance, standby plant protection, operation of utilities, or accounting;

(3) To perform tests, industrial processes, laboratory procedures, loading or unloading of transportation conveyances, and operations in flight or afloat that are continuous in nature and cannot reasonably be interrupted or completed otherwise; or

(4) That will result in lower overall costs to the Government.

(b) Any request for estimated overtime premiums that exceeds the amount specified above shall include all estimated

overtime for contract completion and shall--

- (1) Identify the work unit; e.g., department or section in which the requested overtime will be used, together with present workload, staffing, and other data of the affected unit sufficient to permit the Contracting Officer to evaluate the necessity for the overtime;
- (2) Demonstrate the effect that denial of the request will have on the contract delivery or performance schedule;
- (3) Identify the extent to which approval of overtime would affect the performance or payments in connection with other Government contracts, together with identification of each affected contract; and
- (4) Provide reasons why the required work cannot be performed by using multishift operations or by employing additional personnel.

* Insert either "zero" or the dollar amount agreed to during negotiations. The inserted figure does not apply to the exceptions in paragraph (a)(1) through (a)(4) of the clause.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.222-39 NOTIFICATION OF EMPLOYEE RIGHTS CONCERNING PAYMENT OF UNION DUES OR FEES (DEC 2004)

(a) Definition. As used in this clause--

United States means the 50 States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, and Wake Island.

(b) Except as provided in paragraph (e) of this clause, during the term of this contract, the Contractor shall post a notice, in the form of a poster, informing employees of their rights concerning union membership and payment of union dues and fees, in conspicuous places in and about all its plants and offices, including all places where notices to employees are customarily posted. The notice shall include the following information (except that the information pertaining to National Labor Relations Board shall not be included in notices posted in the plants or offices of carriers subject to the Railway Labor Act, as amended (45 U.S.C. 151-188)).

Notice to Employees

Under Federal law, employees cannot be required to join a union or maintain membership in a union in order to retain their jobs. Under certain conditions, the law permits a union and an employer to enter into a union-security agreement requiring employees to pay uniform periodic dues and initiation fees. However, employees who are not union members can object to the use of their payments for certain purposes and can only be required to pay their share of union costs relating to collective bargaining, contract administration, and grievance adjustment.

If you do not want to pay that portion of dues or fees used to support activities not related to collective bargaining, contract administration, or grievance adjustment, you are entitled to an appropriate reduction in your payment. If you believe that you have been required to pay dues or fees used in part to support activities not related to collective bargaining, contract administration, or grievance adjustment, you may be entitled to a refund and to an appropriate reduction in future payments.

For further information concerning your rights, you may wish to contact the National Labor Relations Board (NLRB) either at one of its Regional offices or at the following address or toll free number:

National Labor Relations Board
Division of Information
1099 14th Street, N.W.
Washington, DC 20570
1-866-667-6572
1-866-316-6572 (TTY)

To locate the nearest NLRB office, see NLRB's website at <http://www.nlr.gov>.

(c) The Contractor shall comply with all provisions of Executive Order 13201 of February 17, 2001, and related implementing regulations at 29 CFR part 470, and orders of the Secretary of Labor.

(d) In the event that the Contractor does not comply with any of the requirements set forth in paragraphs (b), (c), or (g), the Secretary may direct that this contract be cancelled, terminated, or suspended in whole or in part, and declare the Contractor ineligible for further Government contracts in accordance with procedures at 29 CFR part 470, Subpart B--Compliance Evaluations, Complaint Investigations and Enforcement Procedures. Such other sanctions or remedies may be imposed as are provided by 29 CFR part 470, which implements Executive Order 13201, or as are otherwise provided by law.

(e) The requirement to post the employee notice in paragraph (b) does not apply to--

(1) Contractors and subcontractors that employ fewer than 15 persons;

(2) Contractor establishments or construction work sites where no union has been formally recognized by the Contractor or certified as the exclusive bargaining representative of the Contractor's employees;

(3) Contractor establishments or construction work sites located in a jurisdiction named in the definition of the United States in which the law of that jurisdiction forbids enforcement of union-security agreements;

(4) Contractor facilities where upon the written request of the Contractor, the Department of Labor Deputy Assistant Secretary for Labor-Management Programs has waived the posting requirements with respect to any of the Contractor's facilities if the Deputy Assistant Secretary finds that the Contractor has demonstrated that--

(i) The facility is in all respects separate and distinct from activities of the Contractor related to the performance of a contract; and

(ii) Such a waiver will not interfere with or impede the effectuation of the Executive order; or

(5) Work outside the United States that does not involve the recruitment or employment of workers within the United States.

(f) The Department of Labor publishes the official employee notice in two variations; one for contractors covered by the Railway Labor Act and a second for all other contractors. The Contractor shall--

(1) Obtain the required employee notice poster from the Division of Interpretations and Standards, Office of Labor-Management Standards, U.S. Department of Labor, 200 Constitution Avenue, NW, Room N-5605, Washington, DC 20210, or from any field office of the Department's Office of Labor-Management Standards or Office of Federal Contract Compliance Programs;

(2) Download a copy of the poster from the Office of Labor-Management Standards website at <http://www.olms.dol.gov>; or

(3) Reproduce and use exact duplicate copies of the Department of Labor's official poster.

(g) The Contractor shall include the substance of this clause in every subcontract or purchase order that exceeds the simplified acquisition threshold, entered into in connection with this contract, unless exempted by the Department of Labor Deputy Assistant Secretary for Labor-Management Programs on account of special circumstances in the national interest under authority of 29 CFR 470.3(c). For indefinite quantity subcontracts, the Contractor shall include the substance of this clause if the value of orders in any calendar year of the subcontract is expected to exceed the simplified acquisition threshold. Pursuant to 29 CFR part 470, Subpart B--Compliance Evaluations, Complaint Investigations and Enforcement Procedures, the Secretary of Labor may direct the Contractor to take such action in the enforcement of these regulations, including the imposition of sanctions for noncompliance with respect to any such subcontract or purchase order. If the Contractor becomes involved in litigation with a subcontractor or vendor, or is threatened with such involvement, as a result of such direction, the Contractor may request the United States, through the Secretary of Labor, to enter into such litigation to protect the interests of the United States.

(End of clause)

52.222-42 STATEMENT OF EQUIVALENT RATES FOR FEDERAL HIRES (MAY 1989)

In compliance with the Service Contract Act of 1965, as amended, and the regulations of the Secretary of Labor (29 CFR Part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5 U.S.C. 5341 or 5332.

THIS STATEMENT IS FOR INFORMATION ONLY: IT IS NOT A WAGE DETERMINATION

Employee Class	Monetary Wage-Fringe Benefits
01300 Scheduler	\$12.50
01410 Supply Technician	\$19.50
05070 Automotive Worker	\$14.17
05190 Motor Vehicle Mechanic	\$14.17
23023 Aircraft Mechanic II	\$22.00

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.222-99 NOTIFICATION OF EMPLOYEE RIGHTS UNDER THE NATIONAL LABOR RELATIONS ACT.

(a) During the term of this contract, the Contractor shall post a notice, of such size and in such form, and containing such form, and containing such content as prescribed by the Secretary of Labor, in conspicuous places in and in plants and offices where employees covered by the National Labor Relations Act engage in activities relating to the performance of the contract, including all places where notices to employees are customarily posted both physically and electronically, in the languages employees speak, in accordance with 29 CFR 471.2 (d) and (f).

(1) Physical posting of the employee notices shall be in conspicuous places in and about the Contractor's plants and offices so that the notice is prominent and readily seen by employees who are covered by the National Labor Relation Act and engage in activities related to the performance of the contract.

(2) If the Contractor customarily posts notices to employees electronically, then the Contractor shall also post the required notice electronically by displaying prominently, on any website that is maintained by the Contractor and is customarily used for notices to employees about terms and conditions of employment, a link to the Department of Labor's website that contains the full text of the poster. The link to the Department's website, as referenced in (b)(3) of this section, must read, "Important Notice about Employee Rights to Organize and Bargain Collectively with Their Employers."

(b) This required notice, printed by the Department of Labor, may be-

(1) Obtained from the Division of Interpretations and Standards, Office of Labor-Management Standards, U.S. Department of Labor, 200 Constitution Avenue, NW, Room N-5609, Washington, DC 20210, (202) 693-0123, or from any field office of the Office of Labor-Management Standards or Office of federal Contract Compliance Programs;

(2) Provided by the Federal contracting agency, if requested;

(3) Downloaded from the Office of Labor-management Standards website at www.dol.gov/oms/regs/compliance/E013496; or

(4) Reproduced and used [as] exact duplicate copies of the Department of Labor's official poster.

(c) The required text of the Employee Notification referred to in this clause is located at Appendix A, Subpart A, 29 DFR part 471.

(d) The Contractor shall comply with all provisions of the Employee Notice and related rules, regulations, and orders of the Secretary of Labor.

(e) In the event that the Contractor does not comply with the requirements set forth in paragraphs (a) through (d) of this clause, this contract may be terminated or suspended in whole or in part, and the Contractor may be suspended or debarred in accordance with 29 CFR 471.14 and FAR Subpart 9.4. Such other sanctions or remedies may be imposed as are provided by 29 CFR Part 471, which implements E.O. 13496 or as otherwise provided by law.

(f) Subcontracts.

(1) The Contractor shall include the substance of this clause, including this paragraph (f), in every subcontract that exceeds \$10,000 and will be performed wholly or partially in the United States, unless exempted by the rules, regulations, or orders of the Secretary of Labor issued pursuant to section 3 of Executive Order 13496 of January 30, 2009, so that such provisions will be binding upon each contractor.

(2) The Contractor shall not procure supplies or services in a way designed to avoid the applicability of Executive Order 13496 or this clause.

(3) The Contractor shall take such action with respect to any such subcontract as may be directed by the Secretary of Labor as a means of enforcing such provisions, including the imposition of actions for non compliance.

(4) However, if the Contractor becomes involved in litigation with a subcontractor, or is threatened with such involvement, as a result of such direction, the Contractor may request the United States, through the Secretary of Labor, to enter into such litigation to protect the interests of the United States.

52.223-11 OZONE-DEPLETING SUBSTANCES (MAY 2001)

(a) Definition. Ozone-depleting substance, as used in this clause, means any substance the Environmental Protection Agency designates in 40 CFR part 82 as--

(1) Class I, including, but not limited to, chlorofluorocarbons, halons, carbon tetrachloride, and methyl chloroform;
or

(2) Class II, including, but not limited to, hydrochlorofluorocarbons.

(b) The Contractor shall label products which contain or are manufactured with ozone-depleting substances in the manner and to the extent required by 42 U.S.C. 7671j (b), (c), and (d) and 40 CFR Part 82, Subpart E, as follows:

“WARNING: Contains (or manufactured with, if applicable), a substance(s) which harm(s) public health and environment by destroying ozone in the upper atmosphere.”-----

The Contractor shall insert the name of the substance(s).

CLAUSES INCORPORATED BY FULL TEXT

52.232-7 PAYMENTS UNDER TIME AND MATERIALS AND LABOR HOUR CONTRACTS (FEB 2007)

The Government will pay the Contractor as follows upon the submission of vouchers approved by the Contracting Officer or the authorized representative:

(a) Hourly rate. (1) Hourly rate means the rate(s) prescribed in the contract for payment for labor that meets the labor category qualifications of a labor category specified in the contract that are--

(i) Performed by the Contractor;

- (ii) Performed by the subcontractors; or
 - (iii) Transferred between divisions, subsidiaries, or affiliates of the Contractor under a common control.
- (2) The amounts shall be computed by multiplying the appropriate hourly rates prescribed in the Schedule by the number of direct labor hours performed.
- (3) The hourly rates shall be paid for all labor performed on the contract that meets the labor qualifications specified in the contract. Labor hours incurred to perform tasks for which labor qualifications were specified in the contract will not be paid to the extent the work is performed by employees that do not meet the qualifications specified in the contract, unless specifically authorized by the Contracting Officer.
- (4) The hourly rates shall include wages, indirect costs, general and administrative expense, and profit. Fractional parts of an hour shall be payable on a prorated basis.
- (5) Vouchers may be submitted once each month (or at more frequent intervals, if approved by the Contracting Officer), to the Contracting Officer or authorized representative. The Contractor shall substantiate vouchers (including any subcontractor hours reimbursed at the hourly rate in the schedule) by evidence of actual payment and by--
- (i) Individual daily job timekeeping records;
 - (ii) Records that verify the employees meet the qualifications for the labor categories specified in the contract; or
 - (iii) Other substantiation approved by the Contracting Officer.
- (6) Promptly after receipt of each substantiated voucher, the Government shall, except as otherwise provided in this contract, and subject to the terms of paragraph (e) of this clause, pay the voucher as approved by the Contracting Officer or authorized representative.
- (7) Unless otherwise prescribed in the Schedule, the Contracting Officer may unilaterally issue a contract modification requiring the Contractor to withhold amounts from its billings until a reserve is set aside in an amount that the Contracting Officer considers necessary to protect the Government's interests. The Contracting Officer may require a withhold of 5 percent of the amounts due under paragraph (a) of this clause, but the total amount withheld for the contract shall not exceed \$50,000. The amounts withheld shall be retained until the Contractor executes and delivers the release required by paragraph (g) of this clause.
- (8) Unless the Schedule prescribes otherwise, the hourly rates in the Schedule shall not be varied by virtue of the Contractor having performed work on an overtime basis. If no overtime rates are provided in the Schedule and overtime work is approved in advance by the Contracting Officer, overtime rates shall be negotiated. Failure to agree upon these overtime rates shall be treated as a dispute under the Disputes clause of this contract. If the Schedule provides rates for overtime, the premium portion of those rates will be reimbursable only to the extent the overtime is approved by the Contracting Officer.
- (b) Materials. (1) For the purposes of this clause--
- (i) Direct materials means those materials that enter directly into the end product, or that are used or consumed directly in connection with the furnishing of the end product or service.
 - (ii) Materials means--
- (A) Direct materials, including supplies transferred between divisions, subsidiaries, or affiliates of the Contractor under a common control;

(B) Subcontracts for supplies and incidental services for which there is not a labor category specified in the contract;

(C) Other direct costs (e.g., incidental services for which there is not a labor category specified in the contract, travel, computer usage charges, etc.); and

(D) Applicable indirect costs.

(2) If the Contractor furnishes its own materials that meet the definition of a commercial item at 2.101, the price to be paid for such materials shall not exceed the Contractor's established catalog or market price, adjusted to reflect the--

(i) Quantities being acquired; and

(ii) Actual cost of any modifications necessary because of contract requirements.

(3) Except as provided for in paragraph (b)(2) of this clause, the Government will reimburse the Contractor for allowable cost of materials provided the Contractor--

(i) Has made payments for materials in accordance with the terms and conditions of the agreement or invoice; or

(ii) Ordinarily makes these payments within 30 days of the submission of the Contractor's payment request to the Government and such payment is in accordance with the terms and conditions of the agreement or invoice.

(4) Payment for materials is subject to the Allowable Cost and Payment clause of this contract. The Contracting Officer will determine allowable costs of materials in accordance with Subpart 31.2 of the Federal Acquisition Regulation (FAR) in effect on the date of this contract.

(5) The Contractor may include allocable indirect costs and other direct costs to the extent they are--

(i) Comprised only of costs that are clearly excluded from the hourly rate;

(ii) Allocated in accordance with the Contractor's written or established accounting practices; and

(iii) Indirect costs are not applied to subcontracts that are paid at the hourly rates.

(6) To the extent able, the Contractor shall--

(i) Obtain materials at the most advantageous prices available with due regard to securing prompt delivery of satisfactory materials; and

(ii) Take all cash and trade discounts, rebates, allowances, credits, salvage, commissions, and other benefits. When unable to take advantage of the benefits, the Contractor shall promptly notify the Contracting Officer and give the reasons. The Contractor shall give credit to the Government for cash and trade discounts, rebates, scrap, commissions, and other amounts that have accrued to the benefit of the Contractor, or would have accrued except for the fault or neglect of the Contractor. The Contractor shall not deduct from gross costs the benefits lost without fault or neglect on the part of the Contractor, or lost through fault of the Government.

(7) Except as provided for in 31.205-26(e) and (f), the Government will not pay profit or fee to the prime Contractor on materials.

(c) If the Contractor enters into any subcontract that requires consent under the clause at 52.244-2, Subcontracts, without obtaining such consent, the Government is not required to reimburse the Contractor for any costs incurred

under the subcontract prior to the date the Contractor obtains the required consent. Any reimbursement of subcontract costs incurred prior to the date the consent was obtained shall be at the sole discretion of the Government.

(d) Total cost. It is estimated that the total cost to the Government for the performance of this contract shall not exceed the ceiling price set forth in the Schedule, and the Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this contract within such ceiling price. If at any time the Contractor has reason to believe that the hourly rate payments and material costs that will accrue in performing this contract in the next succeeding 30 days, if added to all other payments and costs previously accrued, will exceed 85 percent of the ceiling price in the Schedule, the Contractor shall notify the Contracting Officer giving a revised estimate of the total price to the Government for performing this contract with supporting reasons and documentation. If at any time during performing this contract, the Contractor has reason to believe that the total price to the Government for performing this contract will be substantially greater or less than the then stated ceiling price, the Contractor shall so notify the Contracting Officer, giving a revised estimate of the total price for performing this contract, with supporting reasons and documentation. If at any time during performing this contract, the Government has reason to believe that the work to be required in performing this contract will be substantially greater or less than the stated ceiling price, the Contracting Officer will so advise the Contractor, giving the then revised estimate of the total amount of effort to be required under the contract.

(e) Ceiling price. The Government will not be obligated to pay the Contractor any amount in excess of the ceiling price in the Schedule, and the Contractor shall not be obligated to continue performance if to do so would exceed the ceiling price set forth in the Schedule, unless and until the Contracting Officer notifies the Contractor in writing that the ceiling price has been increased and specifies in the notice a revised ceiling that shall constitute the ceiling price for performance under this contract. When and to the extent that the ceiling price set forth in the Schedule has been increased, any hours expended and material costs incurred by the Contractor in excess of the ceiling price before the increase shall be allowable to the same extent as if the hours expended and material costs had been incurred after the increase in the ceiling price.

(f) Audit. At any time before final payment under this contract, the Contracting Officer may request audit of the vouchers and supporting documentation. Each payment previously made shall be subject to reduction to the extent of amounts, on preceding vouchers, that are found by the Contracting Officer or authorized representative not to have been properly payable and shall also be subject to reduction for overpayments or to increase for underpayments. Upon receipt and approval of the voucher designated by the Contractor as the "completion voucher" and supporting documentation, and upon compliance by the Contractor with all terms of this contract (including, without limitation, terms relating to patents and the terms of paragraph (g) of this clause), the Government shall promptly pay any balance due the Contractor. The completion voucher, and supporting documentation, shall be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event later than 1 year (or such longer period as the Contracting Officer may approve in writing) from the date of completion.

(g) Assignment and Release of Claims. The Contractor, and each assignee under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, a release discharging the Government, its officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions:

(1) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible of exact statement by the Contractor.

(2) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the Government is prepared to make final payment, whichever is earlier.

(3) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the Government against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of this contract relating to patents.

(h) Interim payments on contracts for other than services.

(1) Interim payments made prior to the final payment under the contract are contract financing payments. Contract financing payments are not subject to the interest penalty provisions of the Prompt Payment Act.

(2) The designated payment office will make interim payments for contract financing on the **14th** day after the designated billing office receives a proper payment request. In the event that the Government requires an audit or other review of a specific payment request to ensure compliance with the terms and conditions of the contract, the designated payment office is not compelled to make payment by the specified due date.

(i) Interim payments on contracts for services. For interim payments made prior to the final payment under this contract, the Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR part 1315.

(End of Clause)

52.243-7 NOTIFICATION OF CHANGES (APR 1984)

(a) Definitions.

"Contracting Officer," as used in this clause, does not include any representative of the Contracting Officer.

"Specifically authorized representative (SAR)," as used in this clause, means any person the Contracting Officer has so designated by written notice (a copy of which shall be provided to the Contractor) which shall refer to this

subparagraph and shall be issued to the designated representative before the SAR exercises such authority.

(b) Notice. The primary purpose of this clause is to obtain prompt reporting of Government conduct that the Contractor considers to constitute a change to this contract. Except for changes identified as such in writing and signed by the Contracting Officer, the Contractor shall notify the Administrative Contracting Officer in writing, within 3 calendar days from the date that the Contractor identifies any Government conduct (including actions, inactions, and written or oral communications) that the Contractor regards as a change to the contract terms and conditions. On the basis of the most accurate information available to the Contractor, the notice shall state--

- (1) The date, nature, and circumstances of the conduct regarded as a change;
- (2) The name, function, and activity of each Government individual and Contractor official or employee involved in or knowledgeable about such conduct;
- (3) The identification of any documents and the substance of any oral communication involved in such conduct;
- (4) In the instance of alleged acceleration of scheduled performance or delivery, the basis upon which it arose;
- (5) The particular elements of contract performance for which the Contractor may seek an equitable adjustment under this clause, including--
 - (i) What contract line items have been or may be affected by the alleged change;
 - (ii) What labor or materials or both have been or may be added, deleted, or wasted by the alleged change;
 - (iii) To the extent practicable, what delay and disruption in the manner and sequence of performance and effect on continued performance have been or may be caused by the alleged change;
 - (iv) What adjustments to contract price, delivery schedule, and other provisions affected by the alleged change are estimated; and
- (6) The Contractor's estimate of the time by which the Government must respond to the Contractor's notice to minimize cost, delay or disruption of performance.

(c) Continued performance. Following submission of the notice required by (b) above, the Contractor shall diligently continue performance of this contract to the maximum extent possible in accordance with its terms and conditions as construed by the Contractor, unless the notice reports a direction of the Contracting Officer or a communication from a SAR of the Contracting Officer, in either of which events the Contractor shall continue performance; provided, however, that if the Contractor regards the direction or communication as a change as described in (b) above, notice shall be given in the manner provided. All directions, communications, interpretations, orders and similar actions of the SAR shall be reduced to writing and copies furnished to the Contractor and to the Contracting Officer. The Contracting Officer shall countermand any action which exceeds the authority of the SAR.

(d) Government response. The Contracting Officer shall promptly, within 5 calendar days after receipt of notice, respond to the notice in writing. In responding, the Contracting Officer shall either--

- (1) Confirm that the conduct of which the Contractor gave notice constitutes a change and when necessary direct the mode of further performance;
- (2) Countermand any communication regarded as a change;
- (3) Deny that the conduct of which the Contractor gave notice constitutes a change and when necessary direct the

mode of further performance; or

(4) In the event the Contractor's notice information is inadequate to make a decision under (1), (2), or (3) above, advise the Contractor what additional information is required, and establish the date by which it should be furnished and the date thereafter by which the Government will respond.

(e) Equitable adjustments.

(1) If the Contracting Officer confirms that Government conduct effected a change as alleged by the Contractor, and the conduct causes an increase or decrease in the Contractor's cost of, or the time required for, performance of any part of the work under this contract, whether changed or not changed by such conduct, an equitable adjustment shall be made--

(i) In the contract price or delivery schedule or both; and

(ii) In such other provisions of the contract as may be affected.

(2) The contract shall be modified in writing accordingly. In the case of drawings, designs or specifications which are defective and for which the Government is responsible, the equitable adjustment shall include the cost and time extension for delay reasonably incurred by the Contractor in attempting to comply with the defective drawings, designs or specifications before the Contractor identified, or reasonably should have identified, such defect. When the cost of property made obsolete or excess as a result of a change confirmed by the Contracting Officer under this clause is included in the equitable adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of the property. The equitable adjustment shall not include increased costs or time extensions for delay resulting from the Contractor's failure to provide notice or to continue performance as provided, respectively, in (b) and (c) above.

Note: The phrases "contract price" and "cost" wherever they appear in the clause, may be appropriately modified to apply to cost-reimbursement or incentive contracts, or to combinations thereof.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

52.244-2 SUBCONTRACTS (JUN 2007)

(a) Definitions. As used in this clause--

Approved purchasing system means a Contractor's purchasing system that has been reviewed and approved in accordance with Part 44 of the Federal Acquisition Regulation (FAR).

Consent to subcontract means the Contracting Officer's written consent for the Contractor to enter into a particular subcontract.

Subcontract means any contract, as defined in FAR Subpart 2.1, entered into by a subcontractor to furnish supplies or services for performance of the prime contract or a subcontract. It includes, but is not limited to, purchase orders, and changes and modifications to purchase orders.
purchase orders.

(b) When this clause is included in a fixed-price type contract, consent to subcontract is required only on unpriced contract actions (including unpriced modifications or unpriced delivery orders), and only if required in accordance with paragraph (c) or (d) of this clause.

(c) If the Contractor does not have an approved purchasing system, consent to subcontract is required for any subcontract that—

(1) Is of the cost-reimbursement, time-and-materials, or labor-hour type; or

(2) Is fixed-price and exceeds—

(i) For a contract awarded by the Department of Defense, the Coast Guard, or the National Aeronautics and Space Administration, the greater of the simplified acquisition threshold or 5 percent of the total estimated cost of the contract; or

(ii) For a contract awarded by a civilian agency other than the Coast Guard and the National Aeronautics and Space Administration, either the simplified acquisition threshold or 5 percent of the total estimated cost of the contract.

(d) If the Contractor has an approved purchasing system, the Contractor nevertheless shall obtain the Contracting Officer's written consent before placing the following subcontracts:

(e)(1) The Contractor shall notify the Contracting Officer reasonably in advance of placing any subcontract or modification thereof for which consent is required under paragraph (b), (c), or (d) of this clause, including the following information:

(i) A description of the supplies or services to be subcontracted.

(ii) Identification of the type of subcontract to be used.

(iii) Identification of the proposed subcontractor.

(iv) The proposed subcontract price.

(v) The subcontractor's current, complete, and accurate cost or pricing data and Certificate of Current Cost or Pricing Data, if required by other contract provisions.

(vi) The subcontractor's Disclosure Statement or Certificate relating to Cost Accounting Standards when such data are required by other provisions of this contract.

(vii) A negotiation memorandum reflecting—

(A) The principal elements of the subcontract price negotiations;

(B) The most significant considerations controlling establishment of initial or revised prices;

(C) The reason cost or pricing data were or were not required;

(D) The extent, if any, to which the Contractor did not rely on the subcontractor's cost or pricing data in determining the price objective and in negotiating the final price;

- (E) The extent to which it was recognized in the negotiation that the subcontractor's cost or pricing data were not accurate, complete, or current; the action taken by the Contractor and the subcontractor; and the effect of any such defective data on the total price negotiated;
- (F) The reasons for any significant difference between the Contractor's price objective and the price negotiated; and
- (G) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation shall identify each critical performance element, management decisions used to quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.
- (2) The Contractor is not required to notify the Contracting Officer in advance of entering into any subcontract for which consent is not required under paragraph (c), (d), or (e) of this clause.
- (f) Unless the consent or approval specifically provides otherwise, neither consent by the Contracting Officer to any subcontract nor approval of the Contractor's purchasing system shall constitute a determination—
- (1) Of the acceptability of any subcontract terms or conditions;
 - (2) Of the allowability of any cost under this contract; or
 - (3) To relieve the Contractor of any responsibility for performing this contract.
- (g) No subcontract or modification thereof placed under this contract shall provide for payment on a cost-plus-a-percentage-of-cost basis, and any fee payable under cost-reimbursement type subcontracts shall not exceed the fee limitations in FAR 15.404-4(c)(4)(i).
- (h) The Contractor shall give the Contracting Officer immediate written notice of any action or suit filed and prompt notice of any claim made against the Contractor by any subcontractor or vendor that, in the opinion of the Contractor, may result in litigation related in any way to this contract, with respect to which the Contractor may be entitled to reimbursement from the Government.
- (i) The Government reserves the right to review the Contractor's purchasing system as set forth in FAR Subpart 44.3.
- (j) Paragraphs (c) and (e) of this clause do not apply to the following subcontracts, which were evaluated during negotiations:

(End of clause)

52.247-1 COMMERCIAL BILL OF LADING NOTATIONS (FEB 2006)

When the Contracting Officer authorizes supplies to be shipped on a commercial bill of lading and the Contractor will be reimbursed these transportation costs as direct allowable costs, the Contractor shall ensure before shipment is made that the commercial shipping documents are annotated with either of the following notations, as appropriate:

(a) If the Government is shown as the consignor or the consignee, the annotation shall be:

"Transportation is for the _____ and the actual total transportation charges paid to the carrier(s) by the consignor or consignee are assignable to, and shall be reimbursed by, the Government."

(b) If the Government is not shown as the consignor or the consignee, the annotation shall be:

"Transportation is for the _____ and the actual total transportation charges paid to the carrier(s) by the consignor or consignee shall be reimbursed by the Government, pursuant to cost-reimbursement contract no. _____. This may be confirmed by contacting _____."

CLAUSES INCORPORATED BY FULL TEXT

252.201-7000 CONTRACTING OFFICER'S REPRESENTATIVE (DEC 1991)

(a) "Definition. Contracting officer's representative" means an individual designated in accordance with subsection 201.602-2 of the Defense Federal Acquisition Regulation Supplement and authorized in writing by the contracting officer to perform specific technical or administrative functions.

(b) If the Contracting Officer designates a contracting officer's representative (COR), the Contractor will receive a copy of the written designation. It will specify the extent of the COR's authority to act on behalf of the contracting officer. The COR is not authorized to make any commitments or changes that will affect price, quality, quantity, delivery, or any other term or condition of the contract.

CLAUSES INCORPORATED BY FULL TEXT

252.203-7001 PROHIBITION ON PERSONS CONVICTED OF FRAUD OR OTHER DEFENSE-CONTRACT-RELATED FELONIES (DEC 2008)

(a) Definitions. As used in this clause—

(1) "Arising out of a contract with the DoD" means any act in connection with—

(i) Attempting to obtain;

(ii) Obtaining, or

(iii) Performing a contract or first-tier subcontract of any agency, department, or component of the Department of Defense (DoD).

(2) "Conviction of fraud or any other felony" means any conviction for fraud or a felony in violation of state or Federal criminal statutes, whether entered on a verdict or plea, including a plea of nolo contendere, for which sentence has been imposed.

(3) "Date of conviction" means the date judgment was entered against the individual.

(b) Any individual who is convicted after September 29, 1988, of fraud or any other felony arising out of a contract with the DoD is prohibited from serving--

(1) In a management or supervisory capacity on this contract;

(2) On the board of directors of the Contractor;

(3) As a consultant, agent, or representative for the Contractor; or

(4) In any other capacity with the authority to influence, advise, or control the decisions of the Contractor with regard to this contract.

(c) Unless waived, the prohibition in paragraph (b) of this clause applies for not less than 5 years from the date of conviction.

(d) 10 U.S.C. 2408 provides that the Contractor shall be subject to a criminal penalty of not more than \$500,000 if convicted of knowingly--

(1) Employing a person under a prohibition specified in paragraph (b) of this clause; or

(2) Allowing such a person to serve on the board of directors of the contractor or first-tier subcontractor.

(e) In addition to the criminal penalties contained in 10 U.S.C. 2408, the Government may consider other available remedies, such as—

(1) Suspension or debarment;

(2) Cancellation of the contract at no cost to the Government; or

(3) Termination of the contract for default.

(f) The Contractor may submit written requests for waiver of the prohibition in paragraph (b) of this clause to the Contracting Officer. Requests shall clearly identify—

(1) The person involved;

(2) The nature of the conviction and resultant sentence or punishment imposed;

(3) The reasons for the requested waiver; and

(4) An explanation of why a waiver is in the interest of national security.

(g) The Contractor agrees to include the substance of this clause, appropriately modified to reflect the identity and relationship of the parties, in all first-tier subcontracts exceeding the simplified acquisition threshold in Part 2 of the Federal Acquisition Regulation, except those for commercial items or components.

(h) Pursuant to 10 U.S.C. 2408(c), defense contractors and subcontractors may obtain information as to whether a particular person has been convicted of fraud or any other felony arising out of a contract with the DoD by contacting The Office of Justice Programs, The Denial of Federal Benefits Office, U.S. Department of Justice, telephone 301-937-1542; www.ojp.usdoj.gov/BJA/grant/DPFC.html".

(End of clause)

252.211-7003 ITEM IDENTIFICATION AND VALUATION (JUN 2005)

(a) Definitions. As used in this clause'

Automatic identification device means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

Concatenated unique item identifier means--

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

Data qualifier means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

DoD recognized unique identification equivalent means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at <http://www.acq.osd.mil/dpap/UID/equivalents.html>.

DoD unique item identification means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

Enterprise means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

Enterprise identifier means a code that is uniquely assigned to an enterprise by an issuing agency.

Government's unit acquisition cost means--

(1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;

(2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and

(3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery.

Issuing agency means an organization responsible for assigning a non-repeatable identifier to an enterprise (i.e., Dun & Bradstreet's Data Universal Numbering System (DUNS) Number, Uniform Code Council (UCC)/EAN

International (EAN) Company Prefix, or Defense Logistics Information System (DLIS) Commercial and Government Entity (CAGE) Code).

Issuing agency code means a code that designates the registration (or controlling) authority for the enterprise identifier.

Item means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

Lot or batch number means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

Machine-readable means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

Original part number means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

Parent item means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

Serial number within the enterprise identifier means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

Serial number within the part, lot, or batch number means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

Serialization within the enterprise identifier means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

Serialization within the part, lot, or batch number means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

Unique item identifier means a set of data elements marked on items that is globally unique and unambiguous.

Unique item identifier type means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at http://www.acq.osd.mil/dpap/UID/uid_types.html.

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) DoD unique item identification or DoD recognized unique identification equivalents.

(1) The Contractor shall provide DoD unique item identification, or a DoD recognized unique identification equivalent, for--

(i) All delivered items for which the Government's unit acquisition cost is \$5,000 or more; and

(ii) The following items for which the Government's unit acquisition cost is less than \$5,000:

Contract line, subtitle, or exhibit line
item No. Item description:

None

(iii) Subassemblies, components, and parts embedded within delivered items as specified in Attachment Number -----
-

(2) The concatenated unique item identifier and the component data elements of the DoD unique item identification or DoD recognized unique identification equivalent shall not change over the life of the item.

(3) Data syntax and semantics of DoD unique item identification and DoD recognized unique identification equivalents. The Contractor shall ensure that--

(i) The encoded data elements (except issuing agency code) of the unique item identifier are marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Data Identifiers (DIs) (Format 06) in accordance with ISO/IEC International Standard 15418, Information Technology ``EAN/UCC Application Identifiers and ANSI MH 10 Data Identifiers and ANSI MH 10 Data Identifiers and Maintenance.

(B) Application Identifiers (AIs) (Format 05), in accordance with ISO/IEC International Standard 15418, Information Technology ``EAN/UCC Application Identifiers and ANSI MH 10 Data Identifiers and ANSI MH 10 Data Identifiers and Maintenance.

(C) Text Element Identifiers (TEIs), in accordance with the DoD collaborative solution ``DD" format for use until the solution is approved by ISO/IEC JTC1 SC 31. The ``DD" format is described in Appendix D of the DoD Guide to Uniquely Identifying Items, available at <http://www.acq.osd.mil/dpap/UID/guides.htm>; and

(ii) The encoded data elements of the unique item identifier conform to ISO/IEC International Standard 15434, Information Technology--Syntax for High Capacity Automatic Data Capture Media.

(4) DoD unique item identification and DoD recognized unique identification equivalents.

(i) The Contractor shall--

(A) Determine whether to serialize within the enterprise identifier or serialize within the part, lot, or batch number; and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; and for serialization within the part, lot, or batch number only; original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in the version of MIL-STD-130, Identification Marking of U.S. Military Property, cited in the contract Schedule.

(ii) The issuing agency code--

(a) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires unique item identification under paragraph (c)(1)(i) or (ii) of this clause, in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in this

contract, the Contractor shall report at the time of delivery, either as part of, or associated with, the Material Inspection and Receiving Report, the following information:

- (1) Concatenated unique item identifier; or DoD recognized unique identification equivalent.
- (2) Unique item identifier type.
- (3) Issuing agency code (if concatenated unique item identifier is used).
- (4) Enterprise identifier (if concatenated unique item identifier is used).
- (5) Original part number.
- (6) Lot or batch number.
- (7) Current part number (if not the same as the original part number).
- (8) Current part number effective date.
- (9) Serial number.
- (10) Government's unit acquisition cost.

(e) For embedded DoD serially managed subassemblies, components, and parts that require unique item identification under paragraph (c)(1)(iii) of this clause, the Contractor shall report at the time of delivery, either as part of, or associated with the Material Inspection and Receiving Report specified elsewhere in this contract, the following information:

- (1) Concatenated unique item identifier or DoD recognized unique identification equivalent of the parent item delivered under a contract line, subline, or exhibit line item that contains the embedded subassembly, component, or part.
- (2) Concatenated unique item identifier or DoD recognized unique identification equivalent of the embedded subassembly, component, or part.
- (3) Unique item identifier type.**
- (4) Issuing agency code (if concatenated unique item identifier is used).**
- (5) Enterprise identifier (if concatenated unique item identifier is used).**
- (6) Original part number.**
- (7) Lot or batch number.**
- (8) Current part number (if not the same as the original part number).**
- (9) Current part number effective date.**
- (10) Serial number.**
- (11) Unit of measure.

(12) Description.

** Once per item.

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause in accordance with the data submission procedures at <http://www.acq.osd.mil/dpap/UID/DataSubmission.htm>.

(g) Subcontracts. If paragraph (c)(1) of this clause applies, the Contractor shall include this clause, including this paragraph (g), in all subcontracts issued under this contract.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

252.223-7007 SAFEGUARDING SENSITIVE CONVENTIONAL ARMS, AMMUNITION, AND EXPLOSIVES (SEP 1999)

(a) Definition.

"Arms, ammunition, and explosives (AA&E)," as used in this clause, means those items within the scope (chapter 1, paragraph B) of DoD 5100.76-M, Physical Security of Sensitive Conventional Arms, Ammunition, and Explosives.

(b) The requirements of DoD 5100.76-M apply to the following items of AA&E being developed, produced, manufactured, or purchased for the Government, or provided to the Contractor as Government-furnished property under this contract:

To be determined on Individual Task Orders when applicable.

(c) The Contractor shall comply with the requirements of DoD 5100.76-M, as specified in the statement of work. The edition of DoD 5100.76-M in effect on the date of issuance of the solicitation for this contract shall apply.

(d) The Contractor shall allow representatives of the Defense Security Service (DSS), and representatives of other appropriate offices of the Government, access at all reasonable times into its facilities and those of its subcontractors, for the purpose of performing surveys, inspections, and investigations necessary to review compliance with the physical security standards applicable to this contract.

(e) The Contractor shall notify the cognizant DSS field office of any subcontract involving AA&E within 10 days after award of the subcontract.

(f) The Contractor shall ensure that the requirements of this clause are included in all subcontracts, at every tier--

(1) For the development, production, manufacture, or purchase of AA&E; or

(2) When AA&E will be provided to the subcontractor as Government-furnished property.

(g) Nothing in this clause shall relieve the Contractor of its responsibility for complying with applicable Federal, state, and local laws, ordinances, codes, and regulations (including requirements for obtaining licenses and permits) in connection with the performance of this contract.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

252.225-7040 CONTRACTOR PERSONNEL AUTHORIZED TO ACCOMPANY U.S. ARMED FORCES DEPLOYED OUTSIDE THE UNITED STATES (MAR 2008)

(a) Definitions. As used in this clause--Combatant Commander means the commander of a unified or specified combatant command established in accordance with 10 U.S.C. 161.

Designated operational area means a geographic area designated by the combatant commander or subordinate joint force commander for the conduct or support of specified military operations.

Subordinate joint force commander means a sub-unified commander or joint task force commander.

(b) General.

(1) This clause applies when Contractor personnel are authorized to accompany U.S. Armed Forces deployed outside the United States in--

(i) Contingency operations;

(ii) Humanitarian or peacekeeping operations; or

(iii) Other military operations or military exercises, when designated by the Combatant Commander.

(2) Contract performance in support of U.S. Armed Forces deployed outside the United States may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the Contractor accepts the risks associated with required contract performance in such operations.

(3) Contractor personnel are civilians accompanying the U.S. Armed Forces.

(i) Except as provided in paragraph (b)(3)(ii) of this clause, Contractor personnel are only authorized to use deadly force in self-defense.

(ii) Contractor personnel performing security functions are also authorized to use deadly force when such force reasonably appears necessary to execute their security mission to protect assets/persons, consistent with the terms and conditions contained in their contract or with their job description and terms of employment.

(iii) Unless immune from host nation jurisdiction by virtue of an international agreement or international law, inappropriate use of force by contractor personnel authorized to accompany the U.S. Armed Forces can subject such personnel to United States or host nation prosecution and civil liability (see paragraphs (d) and (j)(3) of this clause).

(4) Service performed by Contractor personnel subject to this clause is not active duty or service under 38 U.S.C. 106 note.

(c) Support. (1)(i) The Combatant Commander will develop a security plan for protection of Contractor personnel in locations where there is not sufficient or legitimate civil authority, when the Combatant Commander decides it is in the interests of the Government to provide security because--

- (A) The Contractor cannot obtain effective security services;
- (B) Effective security services are unavailable at a reasonable cost; or
- (C) Threat conditions necessitate security through military means.
- (ii) The Contracting Officer shall include in the contract the level of protection to be provided to Contractor personnel.
- (iii) In appropriate cases, the Combatant Commander may provide security through military means, commensurate with the level of security provided DoD civilians.
- (2)(i) Generally, all Contractor personnel authorized to accompany the U.S. Armed Forces in the designated operational area are authorized to receive resuscitative care, stabilization, hospitalization at level III military treatment facilities, and assistance with patient movement in emergencies where loss of life, limb, or eyesight could occur. Hospitalization will be limited to stabilization and short-term medical treatment with an emphasis on return to duty or placement in the patient movement system.
- (ii) When the Government provides medical treatment or transportation of Contractor personnel to a selected civilian facility, the Contractor shall ensure that the Government is reimbursed for any costs associated with such treatment or transportation.
- (iii) Medical or dental care beyond this standard is not authorized unless specified elsewhere in this contract.
- (3) Unless specified elsewhere in this contract, the Contractor is responsible for all other support required for its personnel engaged in the designated operational area under this contract.
- (4) Contractor personnel must have a letter of authorization issued by the Contracting Officer in order to process through a deployment center or to travel to, from, or within the designated operational area. The letter of authorization also will identify any additional authorizations, privileges, or Government support that Contractor personnel are entitled to under this contract.
- (d) Compliance with laws and regulations. The Contractor shall comply with, and shall ensure that its personnel authorized to accompany U.S. Armed Forces deployed outside the United States as specified in paragraph (b)(1) of this clause are familiar with and comply with, all applicable--
- (1) United States, host country, and third country national laws;
- (2) Treaties and international agreements;
- (3) United States regulations, directives, instructions, policies, and procedures; and
- (4) Orders, directives, and instructions issued by the Combatant Commander, including those relating to force protection, security, health, safety, or relations and interaction with local nationals. However, only the Contracting Officer is authorized to modify the terms and conditions of the contract.
- (e) Pre-deployment requirements.
- (1) The Contractor shall ensure that the following requirements are met prior to deploying personnel in support of U.S. Armed Forces. Specific requirements for each category may be specified in the statement of work or elsewhere in the contract.
- (i) All required security and background checks are complete and acceptable.

(ii) All deploying personnel meet the minimum medical screening requirements and have received all required immunizations as specified in the contract. The Government will provide, at no cost to the Contractor, any theater-specific immunizations and/or medications not available to the general public.

(iii) Deploying personnel have all necessary passports, visas, and other documents required to enter and exit a designated operational area and have a Geneva Conventions identification card, or other appropriate DoD identity credential, from the deployment center. Any Common Access Card issued to deploying personnel shall contain the access permissions allowed by the letter of authorization issued in accordance with paragraph (c)(4) of this clause.

(iv) Special area, country, and theater clearance is obtained for personnel. Clearance requirements are in DoD Directive 4500.54, Official Temporary Duty Abroad, and DoD 4500.54-G, DoD Foreign Clearance Guide. Contractor personnel are considered non-DoD personnel traveling under DoD sponsorship.

(v) All personnel have received personal security training. At a minimum, the training shall--

(A) Cover safety and security issues facing employees overseas;

(B) Identify safety and security contingency planning activities; and

(C) Identify ways to utilize safety and security personnel and other resources appropriately.

(vi) All personnel have received isolated personnel training, if specified in the contract, in accordance with DoD Instruction 1300.23, Isolated Personnel Training for DoD Civilian and Contractors.

(2) The Contractor shall notify all personnel who are not a host country national, or who are not ordinarily resident in the host country, that--

(i) Such employees, and dependents residing with such employees, who engage in conduct outside the United States that would constitute an offense punishable by imprisonment for more than one year if the conduct had been engaged in within the special maritime and territorial jurisdiction of the United States, may potentially be subject to the criminal jurisdiction of the United States in accordance with the Military Extraterritorial Jurisdiction Act of 2000 (18 U.S.C. 3621, et seq.);

(ii) Pursuant to the War Crimes Act (18 U.S.C. 2441), Federal criminal jurisdiction also extends to conduct that is determined to constitute a war crime when committed by a civilian national of the United States;

(iii) Other laws may provide for prosecution of U.S. nationals who commit offenses on the premises of U.S. diplomatic, consular, military or other U.S. Government missions outside the United States (18 U.S.C. 7(9)); and

(iv) In time of declared war or a contingency operation, Contractor personnel authorized to accompany U.S. Armed Forces in the field are subject to the jurisdiction of the Uniform Code of Military Justice under 10 U.S.C. 802(a)(10).

(f) Processing and departure points. Deployed Contractor personnel shall--

(1) Process through the deployment center designated in the contract, or as otherwise directed by the Contracting Officer, prior to deploying. The deployment center will conduct deployment processing to ensure visibility and accountability of Contractor personnel and to ensure that all deployment requirements are met, including the requirements specified in paragraph (e)(1) of this clause;

(2) Use the point of departure and transportation mode directed by the Contracting Officer; and

(3) Process through a Joint Reception Center (JRC) upon arrival at the deployed location. The JRC will validate personnel accountability, ensure that specific designated operational area entrance requirements are met, and brief Contractor personnel on theater-specific policies and procedures.

(g) Personnel data.

(1) The Contractor shall enter before deployment and maintain data for all Contractor personnel that are authorized to accompany U.S. Armed Forces deployed outside the United States as specified in paragraph (b)(1) of this clause. The Contractor shall use the Synchronized Predeployment and Operational Tracker (SPOT) web-based system, at <http://www.dod.mil/bta/products/spot.html>, to enter and maintain the data.

(2) The Contractor shall ensure that all employees in the database have a current DD Form 93, Record of Emergency Data Card, on file with both the Contractor and the designated Government official. The Contracting Officer will inform the Contractor of the Government official designated to receive this data card.

(h) Contractor personnel.

(1) The Contracting Officer may direct the Contractor, at its own expense, to remove and replace any Contractor personnel who jeopardize or interfere with mission accomplishment or who fail to comply with or violate applicable requirements of this contract. Such action may be taken at the Government's discretion without prejudice to its rights under any other provision of this contract, including the Termination for Default clause.

(2) The Contractor shall have a plan on file showing how the Contractor would replace employees who are unavailable for deployment or who need to be replaced during deployment. The Contractor shall keep this plan current and shall provide a copy to the Contracting Officer upon request. The plan shall--

(i) Identify all personnel who are subject to military mobilization;

(ii) Detail how the position would be filled if the individual were mobilized; and

(iii) Identify all personnel who occupy a position that the Contracting Officer has designated as mission essential.

(i) Military clothing and protective equipment.

(1) Contractor personnel are prohibited from wearing military clothing unless specifically authorized in writing by the Combatant Commander. If authorized to wear military clothing, Contractor personnel must--

(i) Wear distinctive patches, arm bands, nametags, or headgear, in order to be distinguishable from military personnel, consistent with force protection measures; and

(ii) Carry the written authorization with them at all times.

(2) Contractor personnel may wear military-unique organizational clothing and individual equipment (OCIE) required for safety and security, such as ballistic, nuclear, biological, or chemical protective equipment.

(3) The deployment center, or the Combatant Commander, shall issue OCIE and shall provide training, if necessary, to ensure the safety and security of Contractor personnel.

(4) The Contractor shall ensure that all issued OCIE is returned to the point of issue, unless otherwise directed by the Contracting Officer.

(j) Weapons.

(1) If the Contractor requests that its personnel performing in the designated operational area be authorized to carry weapons, the request shall be made through the Contracting Officer to the Combatant Commander, in accordance with DoD Instruction 3020.41, paragraph 6.3.4.1 or, if the contract is for security services, paragraph 6.3.5.3. The Combatant Commander will determine whether to authorize in-theater Contractor personnel to carry weapons and what weapons and ammunition will be allowed.

(2) If the Contracting Officer, subject to the approval of the Combatant Commander, authorizes the carrying of weapons--

(i) The Contracting Officer may authorize the Contractor to issue Contractor-owned weapons and ammunition to specified employees; or

(ii) The Regional Security Officer may issue Government-furnished weapons and ammunition to the Contractor for issuance to specified Contractor employees.

(3) The Contractor shall ensure that its personnel who are authorized to carry weapons--

(i) Are adequately trained to carry and use them--

(A) Safely;

(B) With full understanding of, and adherence to, the rules of the use of force issued by the Combatant Commander; and

(C) In compliance with applicable agency policies, agreements, rules, regulations, and other applicable law;

(ii) Are not barred from possession of a firearm by 18 U.S.C. 922; and

(iii) Adhere to all guidance and orders issued by the Combatant Commander regarding possession, use, safety, and accountability of weapons and ammunition.

(4) Whether or not weapons are Government-furnished, all liability for the use of any weapon by Contractor personnel rests solely with the Contractor and the Contractor employee using such weapon.

(5) Upon redeployment or revocation by the Combatant Commander of the Contractor's authorization to issue firearms, the Contractor shall ensure that all Government-issued weapons and unexpended ammunition are returned as directed by the Contracting Officer.

(k) Vehicle or equipment licenses. Contractor personnel shall possess the required licenses to operate all vehicles or equipment necessary to perform the contract in the designated operational area.

(l) Purchase of scarce goods and services. If the Combatant Commander has established an organization for the designated operational area whose function is to determine that certain items are scarce goods or services, the Contractor shall coordinate with that organization local purchases of goods and services designated as scarce, in accordance with instructions provided by the Contracting Officer.

(m) Evacuation.

(1) If the Combatant Commander orders a mandatory evacuation of some or all personnel, the Government will provide assistance, to the extent available, to United States and third country national Contractor personnel.

(2) In the event of a non-mandatory evacuation order, unless authorized in writing by the Contracting Officer, the Contractor shall maintain personnel on location sufficient to meet obligations under this contract.

(n) Next of kin notification and personnel recovery.

(1) The Contractor shall be responsible for notification of the employee-designated next of kin in the event an employee dies, requires evacuation due to an injury, or is isolated, missing, detained, captured, or abducted.

(2) In the case of isolated, missing, detained, captured, or abducted Contractor personnel, the Government will assist in personnel recovery actions in accordance with DoD Directive 2310.2, Personnel Recovery.

(o) Mortuary affairs. Mortuary affairs for Contractor personnel who die while accompanying the U.S. Armed Forces will be handled in accordance with DoD Directive 1300.22, Mortuary Affairs Policy.

(p) Changes. In addition to the changes otherwise authorized by the Changes clause of this contract, the Contracting Officer may, at any time, by written order identified as a change order, make changes in the place of performance or Government-furnished facilities, equipment, material, services, or site. Any change order issued in accordance with this paragraph (p) shall be subject to the provisions of the Changes clause of this contract.

(q) Subcontracts. The Contractor shall incorporate the substance of this clause, including this paragraph (q), in all subcontracts when subcontractor personnel are authorized to accompany U.S. Armed Forces deployed outside the United States in--

(1) Contingency operations;

(2) Humanitarian or peacekeeping operations; or

(3) Other military operations or military exercises, when designated by the Combatant Commander.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

252.225-7043 ANTITERRORISM/FORCE PROTECTION POLICY FOR DEFENSE CONTRACTORS OUTSIDE THE UNITED STATES (MAR 2006)

(a) Definition. United States, as used in this clause, means, the 50 States, the District of Columbia, and outlying areas.

(b) Except as provided in paragraph (c) of this clause, the Contractor and its subcontractors, if performing or traveling outside the United States under this contract, shall--

(1) Affiliate with the Overseas Security Advisory Council, if the Contractor or subcontractor is a U.S. entity;

(2) Ensure that Contractor and subcontractor personnel who are U.S. nationals and are in-country on a non-transitory basis, register with the U.S. Embassy, and that Contractor and subcontractor personnel who are third country nationals comply with any security related requirements of the Embassy of their nationality;

(3) Provide, to Contractor and subcontractor personnel, antiterrorism/force protection awareness information commensurate with that which the Department of Defense (DoD) provides to its military and civilian personnel and their families, to the extent such information can be made available prior to travel outside the United States; and

(4) Obtain and comply with the most current antiterrorism/force protection guidance for Contractor and subcontractor personnel.

(c) The requirements of this clause do not apply to any subcontractor that is--

(1) A foreign government;

(2) A representative of a foreign government; or

(3) A foreign corporation wholly owned by a foreign government.

(d) Information and guidance pertaining to DoD antiterrorism/force protection can be obtained from USSOCOM/SOCS-Z-SM; telephone, DSN 299-4190 or commercial (813) 826-4190.

(End of clause)

CLAUSES INCORPORATED BY FULL TEXT

252.225-7997 ADDITIONAL REQUIREMENTS AND RESPONSIBILITIES RELATING TO ALLEGED CRIMES BY OR AGAINST CONTRACTOR PERSONNEL IN IRAQ AND AFGHANISTAN (DEV 2009) (DEVIATION)

(a) The Contractor shall report to the appropriate investigative authorities any alleged offenses under—

(1) The Uniform Code of Military Justice (chapter 47 of title 10, United States code) (applicable to contractors serving with or accompanying an armed force in the field during a declared war or a contingency operation); or

(2) The Military Extraterritorial Jurisdiction Act (chapter 212 of title 18, United States Code).

(b) The Contractor shall provide to all contractor personnel who will perform work on a contract in Iraq or Afghanistan, before beginning such work, information on the following:

(1) How and where to report an alleged crime described in paragraph (a) of this clause.

(2) Where to seek victim and witness protection and assistance available to contractor personnel in connection with an alleged offense described in paragraph (a) of this clause.

(End of clause)

252.228-7001 GROUND AND FLIGHT RISK (JUN 2010)

(a) Definitions. As used in this clause--

(1) Aircraft, unless otherwise provided in the contract Schedule, means--

(i) Aircraft to be delivered to the Government under this contract (either before or after Government acceptance), including complete aircraft and aircraft in the process of being manufactured, disassembled, or reassembled; provided that an engine, portion of a wing, or a wing is attached to a fuselage of the aircraft;

(ii) Aircraft, whether in a state of disassembly or reassembly, furnished by the Government to the Contractor under this contract, including all Government property installed, in the process of installation, or temporarily removed; provided that the aircraft and property are not covered by a separate bailment agreement;

(iii) Aircraft furnished by the Contractor under this contract (either before or after Government acceptance); or

(iv) Conventional winged aircraft, as well as helicopters, vertical take-off or landing aircraft, lighter-than-air airships, unmanned aerial vehicles, or other nonconventional aircraft specified in this contract.

(2) Contractor's managerial personnel means the Contractor's directors, officers, and any of the Contractor's managers, superintendents, or other equivalent representatives who have supervision or direction of--

(i) All or substantially all of the Contractor's business;

(ii) All or substantially all of the Contractor's operation at any one plant or separate location; or

(iii) A separate and complete major industrial operation.

(3) Contractor's premises means those premises, including subcontractors' premises, designated in the Schedule or in writing by the Contracting Officer, and any other place the aircraft is moved for safeguarding.

(4) Flight means any flight demonstration, flight test, taxi test, or other flight made in the performance of this contract, or for the purpose of safeguarding the aircraft, or previously approved in writing by the Contracting Officer.

(i) For land-based aircraft, "flight" begins with the taxi roll from a flight line on the Contractor's premises and continues until the aircraft has completed the taxi roll in returning to a flight line on the Contractor's premises.

(ii) For seaplanes, "flight" begins with the launching from a ramp on the Contractor's premises and continues until the aircraft has completed its landing run and is beached at a ramp on the Contractor's premises.

(iii) For helicopters, "flight" begins upon engagement of the rotors for the purpose of take-off from the Contractor's premises and continues until the aircraft has returned to the ground on the Contractor's premises and the rotors are disengaged.

(iv) For vertical take-off or landing aircraft, "flight" begins upon disengagement from any launching platform or device on the Contractor's premises and continues until the aircraft has been engaged to any launching platform or device on the Contractor's premises.

(v) All aircraft off the Contractor's premises shall be considered to be in flight when on the ground or water for reasonable periods of time following emergency landings, landings made in performance of this contract, or landings approved in writing by the Contracting Officer.

(5) Flight crew member means the pilot, the co-pilot, and, unless otherwise provided in the Schedule, the flight engineer, navigator, and bombardier-navigator when assigned to their respective crew positions for the purpose of conducting any flight on behalf of the Contractor. It also includes any pilot or operator of an unmanned aerial vehicle. If required, a defense systems operator may also be assigned as a flight crew member.

(6) In the open means located wholly outside of buildings on the Contractor's premises or other places described in the Schedule as being "in the open." Government-furnished aircraft shall be considered to be located "in the open" at all times while in the Contractor's possession, care, custody, or control.

(7) Operation means operations and tests of the aircraft and its installed equipment, accessories, and power plants, while the aircraft is in the open or in motion. The term does not apply to aircraft on any production line or in flight.

(b) Combined regulation/instruction. The Contractor shall be bound by the operating procedures contained in the combined regulation/instruction entitled "Contractor's Flight and Ground Operations" (Air Force Instruction 10-220, Army Regulation 95-20, NAVAIR Instruction 3710.1 (Series), Coast Guard Instruction M13020.3, and Defense Contract Management Agency Instruction 8210.1) in effect on the date of contract award.

(c) Government as self-insurer. Subject to the conditions in paragraph (d) of this clause, the Government self-insures and assumes the risk of damage to, or loss or destruction of aircraft "in the open," during "operation," and in "flight," except as may be specifically provided in the Schedule as an exception to this clause. The Contractor shall not be liable to the Government for such damage, loss, or destruction beyond the Contractor's share of loss amount under the Government's self-insurance.

(d) Conditions for Government's self-insurance. The Government's assumption of risk for aircraft in the open shall continue unless the Contracting Officer finds that the Contractor has failed to comply with paragraph (b) of this clause, or that the aircraft is in the open under unreasonable conditions, and the Contractor fails to take prompt corrective action.

(1) The Contracting Officer, when finding that the Contractor has failed to comply with paragraph (b) of this clause or that the aircraft is in the open under unreasonable conditions, shall notify the Contractor in writing and shall require the Contractor to make corrections within a reasonable time.

(2) Upon receipt of the notice, the Contractor shall promptly correct the cited conditions, regardless of whether there is agreement that the conditions are unreasonable.

(i) If the Contracting Officer later determines that the cited conditions were not unreasonable, an equitable adjustment shall be made in the contract price for any additional costs incurred in correcting the conditions.

(ii) Any dispute as to the unreasonableness of the conditions or the equitable adjustment shall be considered a dispute under the Disputes clause of this contract.

(3) If the Contracting Officer finds that the Contractor failed to act promptly to correct the cited conditions or failed to correct the conditions within a reasonable time, the Contracting Officer may terminate the Government's assumption of risk for any aircraft in the open under the cited conditions. The termination will be effective at 12:01 a.m. on the fifteenth day following the day the written notice is received by the Contractor.

(i) If the Contracting Officer later determines that the Contractor acted promptly to correct the cited conditions or that the time taken by the Contractor was not unreasonable, an equitable adjustment shall be made in the contract price for any additional costs incurred as a result of termination of the Government's assumption of risk.

(ii) Any dispute as to the timeliness of the Contractor's action or the equitable adjustment shall be considered a dispute under the Disputes clause of this contract.

(4) If the Government terminates its assumption of risk pursuant to the terms of this clause--

(i) The Contractor shall thereafter assume the entire risk for damage, loss, or destruction of the affected aircraft;

(ii) Any costs incurred by the Contractor (including the costs of the Contractor's self-insurance, insurance premiums paid to insure the Contractor's assumption of risk, deductibles associated with such purchased insurance, etc.) to mitigate its assumption of risk are unallowable costs; and

(iii) The liability provisions of the Government Property clause of this contract are not applicable to the affected aircraft.

(5) The Contractor shall promptly notify the Contracting Officer when unreasonable conditions have been corrected.

(i) If, upon receipt of the Contractor's notice of the correction of the unreasonable conditions, the Government elects to again assume the risk of loss and relieve the Contractor of its liability for damage, loss, or destruction of the aircraft, the Contracting Officer will notify the Contractor of the Contracting Officer's decision to resume the Government's risk of loss. The Contractor shall be entitled to an equitable adjustment in the contract price for any insurance costs extending from the end of the third working day after the Government's receipt of the Contractor's notice of correction until the Contractor is notified that the Government will resume the risk of loss.

(ii) If the Government does not again assume the risk of loss and the unreasonable conditions have been corrected, the Contractor shall be entitled to an equitable adjustment for insurance costs, if any, extending after the third working day after the Government's receipt of the Contractor's notice of correction.

(6) The Government's termination of its assumption of risk of loss does not relieve the Contractor of its obligation to comply with all other provisions of this clause, including the combined regulation/instruction entitled "Contractor's Flight and Ground Operations."

(e) Exclusions from the Government's assumption of risk. The Government's assumption of risk shall not extend to damage, loss, or destruction of aircraft which--

(1) Results from failure of the Contractor, due to willful misconduct or lack of good faith of any of the Contractor's managerial personnel, to maintain and administer a program for the protection and preservation of aircraft in the open and during operation in accordance with sound industrial practice, including oversight of a subcontractor's program;

(2) Is sustained during flight if either the flight or the flight crew members have not been approved in advance of any flight in writing by the Government Flight Representative, who has been authorized in accordance with the combined regulation/instruction entitled "Contractor's Flight and Ground Operations";

(3) Occurs in the course of transportation by rail, or by conveyance on public streets, highways, or waterways, except for Government-furnished property;

(4) Is covered by insurance;

(5) Consists of wear and tear; deterioration (including rust and corrosion); freezing; or mechanical, structural, or electrical breakdown or failure, unless these are the result of other loss, damage or destruction covered by this clause. (This exclusion does not apply to Government-furnished property if damage consists of reasonable wear and tear or deterioration, or results from inherent vice, e.g., a known condition or design defect in the property); or

(6) Is sustained while the aircraft is being worked on and is a direct result of the work unless such damage, loss, or destruction would be covered by insurance which would have been maintained by the Contractor, but for the Government's assumption of risk.

(f) Contractor's share of loss and Contractor's deductible under the Government's self-insurance.

(1) The Contractor assumes the risk of loss and shall be responsible for the Contractor's share of loss under the Government's self-insurance. That share is the lesser of--

(i) The first \$100,000 of loss or damage to aircraft in the open, during operation, or in flight resulting from each separate event, except for reasonable wear and tear and to the extent the loss or damage is caused by negligence of Government personnel; or

(ii) Twenty percent of the price or estimated cost of this contract.

(2) If the Government elects to require that the aircraft be replaced or restored by the Contractor to its condition immediately prior to the damage, the equitable adjustment in the price authorized by paragraph (j) of this clause shall not include the dollar amount of the risk assumed by the Contractor.

(3) In the event the Government does not elect repair or replacement, the Contractor agrees to credit the contract price or pay the Government, as directed by the Contracting Officer, the lesser of--

(i) \$100,000;

(ii) Twenty percent of the price or estimated cost of this contract; or

(iii) The amount of the loss.

(4) For task order and delivery order contracts, the Contractor's share of the loss shall be the lesser of \$100,000 or twenty percent of the combined total price or total estimated cost of those orders issued to date to which the clause applies.

(5) The costs incurred by the Contractor for its share of the loss and for insuring against that loss are unallowable costs, including but not limited to--

(i) The Contractor's share of loss under the Government's self-insurance;

(ii) The costs of the Contractor's self-insurance;

(iii) The deductible for any Contractor-purchased insurance;

(iv) Insurance premiums paid for Contractor-purchased insurance; and

(v) Costs associated with determining, litigating, and defending against the Contractor's liability.

(g) Subcontractor possession or control. The Contractor shall not be relieved from liability for damage, loss, or destruction of aircraft while such aircraft is in the possession or control of its subcontractors, except to the extent that the subcontract, with the written approval of the Contracting Officer, provides for relief from each liability. In the absence of approval, the subcontract shall contain provisions requiring the return of aircraft in as good condition as when received, except for reasonable wear and tear or for the utilization of the property in accordance with the provisions of this contract.

(h) Contractor's exclusion of insurance costs. The Contractor warrants that the contract price does not and will not include, except as may be authorized in this clause, any charge or contingency reserve for insurance covering damage, loss, or destruction of aircraft while in the open, during operation, or in flight when the risk has been assumed by the Government, including the Contractor share of loss in this clause, even if the assumption may be terminated for aircraft in the open.

(i) Procedures in the event of loss.

(1) In the event of damage, loss, or destruction of aircraft in the open, during operation, or in flight, the Contractor shall take all reasonable steps to protect the aircraft from further damage, to separate damaged and undamaged aircraft, and to put all aircraft in the best possible order. Except in cases covered by paragraph (f)(2) of this clause, the Contractor shall furnish to the Contracting Officer a statement of--

- (i) The damaged, lost, or destroyed aircraft;
- (ii) The time and origin of the damage, loss, or destruction;
- (iii) All known interests in commingled property of which aircraft are a part; and
- (iv) The insurance, if any, covering the interest in commingled property.

(2) The Contracting Officer will make an equitable adjustment for expenditures made by the Contractor in performing the obligations under this paragraph.

(j) Loss prior to delivery.

(1) If prior to delivery and acceptance by the Government, aircraft is damaged, lost, or destroyed and the Government assumed the risk, the Government shall either--

(i) Require that the aircraft be replaced or restored by the Contractor to the condition immediately prior to the damage, in which event the Contracting Officer will make an equitable adjustment in the contract price and the time for contract performance; or

(ii) Terminate this contract with respect to the aircraft. Notwithstanding the provisions in any other termination clause under this contract, in the event of termination, the Contractor shall be paid the contract price for the aircraft (or, if applicable, any work to be performed on the aircraft) less any amount the Contracting Officer determines--

(A) It would have cost the Contractor to complete the aircraft (or any work to be performed on the aircraft) together with anticipated profit on uncompleted work; and

(B) Would be the value of the damaged aircraft or any salvage retained by the Contractor.

(2) The Contracting Officer shall prescribe the manner of disposition of the damaged, lost, or destroyed aircraft, or any parts of the aircraft. If any additional costs of such disposition are incurred by the Contractor, a further equitable adjustment will be made in the amount due the Contractor. Failure of the parties to agree upon termination costs or an equitable adjustment with respect to any aircraft shall be considered a dispute under the Disputes clause of this contract.

(k) Reimbursement from a third party. In the event the Contractor is reimbursed or compensated by a third party for damage, loss, or destruction of aircraft and has also been compensated by the Government, the Contractor shall equitably reimburse the Government. The Contractor shall do nothing to prejudice the Government's right to recover against third parties for damage, loss, or destruction. Upon the request of the Contracting Officer or authorized representative, the Contractor shall at Government expense furnish to the Government all reasonable assistance and cooperation (including the prosecution of suit and the execution of instruments of assignment or subrogation) in obtaining recovery.

(l) Government acceptance of liability. To the extent the Government has accepted such liability under other provisions of this contract, the Contractor shall not be reimbursed for liability to third persons for loss or damage to property or for death or bodily injury caused by aircraft during flight unless the flight crew members previously have

been approved for this flight in writing by the Government Flight Representative, who has been authorized in accordance with the combined regulation entitled "Contractor's Flight and Ground Operations".

(m) Subcontracts. The Contractor shall incorporate the requirements of this clause, including this paragraph (m), in all subcontracts.

(End of clause)

252.237-7019 TRAINING FOR CONTRACTOR PERSONNEL INTERACTING WITH DETAINEES (SEP 2006)

(a) Definitions. As used in this clause--

Combatant Commander means the commander of a unified or specified combatant command established in accordance with 10 U.S.C. 161.

Detainee means a person in the custody or under the physical control of the Department of Defense on behalf of the United States Government as a result of armed conflict or other military operation by United States armed forces.

Personnel interacting with detainees means personnel who, in the course of their duties, are expected to interact with detainees.

(b) Training requirement. This clause implements Section 1092 of the National Defense Authorization Act for Fiscal Year 2005 (Pub. L. 108-375).

(1) The Combatant Commander responsible for the area where a detention or interrogation facility is located will arrange for training to be provided to contractor personnel interacting with detainees. The training will address the international obligations and laws of the United States applicable to the detention of personnel, including the Geneva Conventions. The Combatant Commander will arrange for a training receipt document to be provided to personnel who have completed the training.

(2)(i) The Contractor shall arrange for its personnel interacting with detainees to--

(A) Receive the training specified in paragraph (b)(1) of this clause--

(1) Prior to interacting with detainees, or as soon as possible if, for compelling reasons, the Contracting Officer authorizes interaction with detainees prior to receipt of such training; and

(2) Annually thereafter; and

(B) Provide a copy of the training receipt document specified in paragraph (b)(1) of this clause to the Contractor for retention.

(ii) To make these arrangements, the following points of contact apply:

(Contracting Officer to insert applicable point of contact information cited in PGI 237.171-3(b).)

(3) The Contractor shall retain a copy of the training receipt document(s) provided in accordance with paragraphs (b)(1) and (2) of this clause until the contract is closed, or 3 years after all work required by the contract has been completed and accepted by the Government, whichever is sooner.

(c) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (c), in all subcontracts that may require subcontractor personnel to interact with detainees in the course of their duties.

(End of clause)

5652.201-9001 Technical Representative (2000)

(a) The Contracting Officer may appoint one or more Government employees as a technical representative to assist the Contracting Officer with scientific engineering or field of discipline matters directly related to the contract. The technical representative is not authorized to act on behalf of the Contracting Officer or to make any commitments or changes that will affect price, quality, quantity, delivery, or any other term or condition of the contract.

(b) The appointments will be in writing, signed by the Contracting Officer. *To be completed after contract award:*

(c) The Technical Representative appointed to this contract **will be identified on individual task orders.**

5652.201-9002 Authorized Changes Only by Contracting Officer

The Contractor shall not comply with any order, direction or request of Government personnel unless it is issued in writing and signed by the Contracting Officer, or is pursuant to specific authority otherwise included as part of this contract. Except as specified herein, no order, statement, or conduct of Government personnel who visit the contractor's facilities or in any other manner communicates with Contractor personnel during the performance of this contract shall constitute a change under the Changes clause in Section I. In the event the Contractor effects any change at the direction of any person other than the Contracting Officer, the change will be considered to have been made without authority and no adjustment will be made in the contract price to cover any increase in cost incurred as a result thereof. **Changes will be made only by a Contracting Officer.**

5652.204-9002 Instructions for the Use of Electronic Contracts (2000)

In accordance with DoD policy, this solicitation and the resulting contract will be executed and documented through electronic means. As a result, the use of the terms "documented," "copy," "printed," "in writing," or "written" within this document shall refer to all electronically transmitted documents that will become part of the electronic contract file and an official government record. Any reference to official signatures and signed documents shall refer to electronic signatures. Whenever an electronic signature is used it shall have to full force and effect as a handwritten signature.

5652.204-9003 Disclosure of Unclassified Information (2006)

a. On September 21, 2001, the Department of Defense designated Headquarters US Special Operations Command (USSOCOM) a sensitive unit, as defined by Title 10 United States Code (USC) Section 552 (10 USC 552). In keeping with this designation, unclassified information related to USSOCOM military technology acquisitions managed by USSOCOM or any of its component commands, will be designated Controlled Unclassified Information (CUI). As such, the contractor hereby unequivocally agrees that it shall not release to anyone outside the Contractor's organization any unclassified information, regardless of medium (e.g., film, tape, document, contractor's external website, newspaper, magazine, journal, corporate annual report, etc.), pertaining to any part of this contract or any program related to this contract, unless the Contracting Officer has given prior written approval. Furthermore, any release of information which associates USSOCOM, Special Operation Forces (SOF), or any component command with an acquisition program, contractor, or this contract is prohibited unless specifically authorized by USSOCOM.

b. Request for approval shall identify the specific information to be released, the medium to be used, and the purpose for the release. The contractor shall submit the request to the Contracting Officer at least 45 days before the propose date for release for approval. No release of any restricted information shall be made without specific written authorization by the Contracting Office.

c. The Contractor shall include a similar requirement in each subcontract under this contract. Subcontractors shall submit request for authorization to release through the prime contractor to the Contracting Officer.

d. The Contractor further understands that Title 18 USC Section 701 specifically prohibits the use of the USSOCOM emblem or logo in any medium (e.g., corporate website, marketing brochure, news paper, magazine, etc.) unless authorized in writing by USSOCOM. Forward any request to use the USSOCOM emblem or logo through the Contracting Officer.

5652.216-9002 Withholding of Fixed Fee or Incentive Fee (2005)

Pursuant to FAR 52-216-8 "Fixed Fee" or FAR 52.216-10 "Incentive Fee", the withheld amount of the fixed or incentive fee shall not exceed 15 percent of the total fee or \$100,000, whichever is less.

5652.216-9005 Government Down Time for Various Reasons (2005)

From time to time Government installations may be closed in response to an unforeseen emergency or similar occurrence, or by order of the President, Secretary of Defense, or installation commander. Designated emergencies include, but are not limited to, adverse weather such as snow or flood, an act of God such as a tornado or earthquake, acts of war or terrorism, computer failures, or a base disaster such as a natural gas leak or fire.

(1) Under such designated emergencies or other ordered base closures, contractor personnel will not be allowed on the Government installation unless specifically approved by the Contracting Officer in accordance with installation policies and procedures. If an emergency requiring installation closure occurs while contractor personnel are on the installation, contractor personnel shall promptly secure all government furnished property appropriately and evacuate in an expedient but safe manner unless otherwise directed by the Contracting Officer.

(2) If the installation closure causes a delay in the work required by the contract, the Government may:

- (i) grant a time extension in each task order delayed by the closure equal to the time of the closure, subject to the availability of funds.
- (ii) terminate the work or a portion of the work.

- (iii) reschedule the work on any day satisfactory to both parties.
- (iv) permit the contractor to perform at an off-site location during the period of installation closure if meaningful work can be accomplished. Contractor shall certify to the government by letter within 5 business days of returning to work the nature and scope of the work completed off-site. There shall be no adjustment to the contract labor rates for work performed off the installation.
- (v) require that the Contractor continue on-site performance during the installation closure period in accordance with installation procedures.

5652.228-9001 Liability-Flight Operations (1998)

The Government shall not be held responsible for damages to property (except as provided in FAR 52.246-25 "Limitation of Liability-Services") or for injuries or death to persons which might occur without fault on the part of the Government as a result of, or incident to, performance of the contractor with the exception of work directly related to aircraft flight as defined by DFARS 252.228-7002 "Aircraft Flight Risk".

5652.231-9001 Allowable Travel Costs (2005)

(a) Pursuant to Public Law 99-234, reasonable and allowable Contractor costs for transportation associated with the performance of this contract may be reimbursed upon mileage, rates, actual costs, or a combination thereof, lodging, meals and incidental expenses may be based upon per diem, actual expense, or a combination therefore, provided that the method used results in a reasonable charge. The cost above shall be determined reasonable and allowable to the extent that they do not exceed, on a daily basis, the maximum per diem rate in effect at the time of travel as set forth in:

(1) Federal Travel Regulations, Volume 2, DoD Civilian Personnel, Appendix A, prescribed by the Department of Defense, for travel in Alaska, Hawaii, the Commonwealth of Puerto Rico, and the territories and possessions of the United States, available on a subscription basis from the Superintendent of Documents, U.S. Government Printing Office, Washington DC 20402, Stock No. 906-010-000000-1; or at http://www.gsa.gov/Portal/gsa/ep/contentView.do?P=MTT&contentId=13265&contentType=GSA_BASIC in electronic format.

(2) Standardized Regulations (Government Civilians, Foreign Areas), Section 925, "Maximum Travel Per Diem Allowance for Foreign Areas," prescribed by the Department of State, for travel in areas not covered in (a)(1) of this clause, available on a subscription basis from the Superintendent of Documents, U.S. Government Printing Office, Washington DC 20402, Stock No. 744-008-000000-0; or at <http://www.state.gov/m/a/als/prdm/2002/9892.htm> in electronic format

(b) Cited Federal Regulations are not incorporated in their entirety. Only sections defining lodging, meals and incidental expenses and those sections dealing with special or unusual situations and setting forth maximum per diem rates are incorporated herein.

5652.232-9001 Invoicing (2005)

(a) The contractor shall segregate and bill separately costs for each Delivery/Task Order issued under this contract. Cost for performing work set forth in one Delivery/Task Order shall not be allowable under any other Delivery/Task Order.

(b) If a Delivery/Task Order contains multiple CLINs/SLINs the contractor shall segregate and bill separately the costs for each CLIN/SLIN of the Delivery/Task Order.

(c) The cost of performing work set forth on one CLIN/SLIN shall not be allowable under any other CLIN/SLIN.

(d) The contract number and Delivery/Task Order number shall appear on correspondences and invoices. For complete instruction on submittal of proper invoices under this contract, the contractor is instructed to contact the paying office as stated in Block 25 of the award form

5652.232-9002 Time and Materials/Ceiling Price Indefinite Delivery Contracts (1998)

Ceiling Price _ The term "ceiling price" as used in the clauses FAR 52.232-7 "Payments Under Time and Materials and Labor-Hour Contracts", and the term "estimated cost" in FAR 52.232-20 "Limitation of Cost" and 52.232-22 "Limitation of Funds" shall be applicable to each CLIN or SLIN specified in schedule B. The Government shall not be obligated to pay the contractor any amount in excess of the ceiling price for each CLIN/SLIN set forth in schedule B, unless and until the Contracting Officer has notified the contractor in writing that the ceiling price has been increased and has specified in the notice a revised ceiling price for performance under the contract for that CLIN/SLIN.

5652.233-9000 Independent Review of Agency Protests (2005)

All protests shall be submitted through the Contracting Officer. A request for an independent review of the protest decision may be made to the Director of Procurement. Submit request in accordance with FAR 33.104(d)(4) to: United States Special Operations Command Directorate of Procurement, Chief, (SOAL-KM), 7701 Tampa Point Blvd., MacDill AFB, FL 33621, Fax (813) 828-7504.

5652.237-9000 Contractor Personnel Changes (1998)

(a) The contractor shall have the right to remove his personnel assigned to perform the tasks hereunder and to substitute other qualified personnel provided that the Contracting Officer is notified of such removal and replacement. The contractor shall notify the Contracting Officer prior to such change, giving the new employee's name, security clearance and technical qualifications.

(b) Any removals or replacements for the convenience of the contractor shall be at no additional cost to the Government. Cost to be borne by the contractor include but are not limited to time of travel, travel and training costs for replacement personnel.

(c) Removals or replacements of contractor personnel shall be considered for the convenience of the contractor except when such removal is for:

- (1) employees removed as a result of cancellation or completion of the contract,
- (2) employees replaced due to death or incapacitating illness or injury,
- (3) or employees removed or replaced at the Government's request.

(d) If any employee removes him/herself from the employ of the contractor, such removal will be at no additional cost to the Government.

5652.237-9001 Key Personnel Requirements (2003)

(a) Certain experienced professional and/or technical personnel are essential for successful accomplishment of the work to be performed under this contract. Such personnel are defined as "Key Personnel" and are those persons whose resumes were submitted for evaluation of the proposal. The contractor agrees that such personnel shall not be removed from the contract work or replaced without compliance with the following:

1) If one or more of the key personnel, for any reason, becomes or is expected to become unavailable for work under this contract for a continuous period exceeding 30 work days, or is expected to devote substantially less effort to the work than indicated in the proposal or initially anticipated, the contractor shall, subject to the concurrence of the Contracting Officer or an authorized representative, promptly replace personnel with personnel of equal ability and qualifications.

2) All requests for approval of substitutions hereunder must be in writing and provide a detailed explanation of the circumstances necessitating the proposed substitutions. The request must contain a resume for the proposed substitute, and any other information requested by the Contracting Officer. The Contracting Officer shall promptly notify the contractor of approval or disapproval in writing.

(b) If the Contracting Officer determines that suitable and timely replacement of Key Personnel who have been reassigned, terminated or have otherwise become unavailable for the contract work is not reasonably forthcoming or that the resultant reduction of productive effort would be so substantial as to impair successful completion of the contract, the Contracting Officer may terminate the contract for default or for the convenience of the Government, as appropriate, or make an equitable adjustment to the contract to compensate the Government for any resultant delay, loss or damage.

(c) The follow positions are identified as Key Personnel:

Facility Director
Project/Program Management
Management Information Systems
Quality Assurance
Contracts/Subcontracts Management
Engineering
Logistics
Industrial Operations

5652.239-9000 Privacy or Security Safeguards. (2000)

(a) The details of any privacy or security safeguards that may be revealed to the contractor by the Government in the course of performance under this contract shall not be published or disclosed in any manner without the Contracting Officer's express written consent.

(b) The Government shall be afforded full, free, and uninhibited access to all facilities, installations, technical capabilities, operations, documentation, records, and data bases for the purpose of carrying out a program of

inspection to ensure continued efficacy and efficiency of safeguards against threats and hazards to data security, integrity, and confidentiality.

(c) If either the Government or the contractor discovers new or unanticipated threats or hazards, or if existing safeguards have ceased to function, then a mutual agreement shall then be reached on the changes or corrections to existing safeguards or institution of new safeguards, with final determination of appropriateness to be determined by the Government. The Government's liability is limited to an equitable adjustment of cost for such changes or corrections, unless the ineffectiveness of existing safeguards is due to the fault of the contractor in which case the Government is not liable for any equitable adjustment.

(d) The Government shall not be liable for claims of loss of business, damage to reputation, or damages of any other kind arising from the discovery of new or unanticipated threats or hazards, or any public or private disclosure thereof.

(e) The contractor agrees to incorporate this clause in all subcontracts at all tiers.

5652.243-9000, Technical Improvements (2005)

a. After contract award, the Government may solicit, or independently the Contractor may propose, technology improvements to the equipment, software specifications, or other requirements of the contract. For purposes of this contract, these improvements will be considered Engineering Change Proposals (ECP)/Engineering Change Orders (ECO). These improvements may be proposed to save money, save energy, improve performance or for any other purpose which presents a technological advantage to the Government. As part of the proposed changes, the Contractor shall submit a price proposal to the Contracting Officer for evaluation. Those proposed technology improvements that are acceptable to the Government will be processed as modifications to the contract.

b. As a minimum, the following information shall be submitted by the Contractor with each proposal:

1. A description of the difference between the existing contract requirement and the proposed change, and the comparative advantages and disadvantages of each;
2. Itemized requirements of the contract which must be changed if the proposal is adopted, and the proposed revision to the contract for each such change;
3. An estimate of the changes in performance and cost, if any, that will result from adoption of the proposal;
4. An evaluation of the effects the proposed changes would have on collateral costs to the Government, such as Government-furnished property costs, costs of related items, and costs of maintenance, operation and conversion (including Government application software); and
5. A statement of the time by which the contract modification adopting the proposal must be issued so as to obtain the maximum benefits of the changes during the remainder of this contract including supporting rationale; and
6. Any effect on the contract completion time or delivery schedule shall be identified.

c. The Government reserves the right to require a rerun of selected portions of the live test demonstration to verify the proposed improvement, at no additional charge to the Government.

d. The Government will not be liable for proposal preparation costs or any delay in acting upon any proposal submitted pursuant herein. The Contractor has the right to withdraw, in whole or in part, any proposal not accepted by the Government within the period specified in the proposal. The decision of the Contracting Officer as to the acceptance of any such proposal under this contract is final and not subject to the "Disputes" clause of this contract.

e. The Contracting Officer may accept any proposal submitted pursuant to this clause by giving the Contractor written notice thereof. This written notice will be given by issuance of a modification to this contract. Unless and until a modification is executed to incorporate a proposal under this contract, the Contractor shall remain obligated to perform in accordance with the requirements, terms and conditions of the existing contract.

f. If a proposal submitted pursuant to this clause is accepted and applied to this contract, the equitable adjustment increasing or decreasing the contract price shall be in accordance with the procedures of the "Changes" clause. The resulting contract modification will state that it is made pursuant to this clause.

5652.252-9000 Notice of Incorporation of Section K (1998)

Section K, Certifications and Representations, of the solicitation will not be distributed with the contract; however, Section K is hereby incorporated by reference.

252.237-70XX

252.237-70XX

CONTINUATION OF ESSENTIAL CONTRACTOR SERVICES (Aug 2009)

(a) The Contracting Officer has identified all or a portion of the contractor services performed under this contract as essential contractor services in support of mission essential functions. The following key personnel categories located at Blue Grass Station are subject to these requirements are Facility Director, Project/Program Management, Management Information Systems, Quality Assurance, Contracts/Subcontracts Management, Engineering, Logistics, and Industrial Operations.

(b) The Contractor shall have a plan after award of this contract or incorporation of this clause in a contract by modification, for continuing the performance of essential contractor services identified in (a) above during a crisis.

(1) The Contractor shall identify in the plan provisions made for the acquisition of necessary personnel and resources, if necessary, for continuity of operations for up to 30 days or until normal operations can be resumed;

(2) The plan must, at a minimum, address-

Deviation Attachment

(i) Challenges associated with maintaining contractor essential services during an extended event, such as a pandemic that occurs in repeated waves;

(ii) The time lapse associated with the initiation of the acquisition of necessary personnel and resources and their actual availability on site;

(iii) The components, processes, and requirements for the identification, training, and preparedness of personnel who are capable of relocating to alternate facilities or performing work from home; and

(iv) Any established alert and notification procedures for mobilizing identified "essential contractor service" personnel; and

(v) The approach for communicating expectations to contractor employees regarding their roles and responsibilities during a crisis.

(c) The Contractor recognizes that the services under this contract are vital to the Government and must be continued without interruption. In the event the Contractor anticipates not being able to perform due to any of the causes enumerated in the excusable delay clause of this contract, the Contractor shall notify the contracting officer or other designated representative as expeditiously as possible and use its best efforts and cooperate with the Government in the Government's efforts to maintain the continuity of operations.

(d) The Government reserves the right in such crisis situations to use federal employees of other agencies or contract support from other contractors or to enter into new contracts for essential contractor services. Any new contracting efforts would be conducted in accordance with OFPP letter, "Emergency Acquisitions" May 2007 and FAR and DFARS Subparts 18 and 218 respectively or any other subsequent emergency guidance issued.

(e) This clause shall be included in subcontracts for the essential services.

(End of Clause)

12. PUBLIC RELEASE. Any information (classified or unclassified) pertaining to this contract shall not be released for public dissemination except as provided by the Industrial Security Manual or unless it has been approved for public release by appropriate U.S. Government authority. Proposed public releases shall be submitted for approval prior to release. Direct Through (Specify)

Requests must be forwarded through the certifying official (block 16), USSOCOM Office of Public Affairs (SOCS-PA), and the Contracting Officer

To the Directorate for Freedom of Information and Security Review, Office of the Assistant Secretary of Defense (Public Affairs)* for review.
* In the case of non-DoD User Agencies, requests for disclosure shall be submitted to that agency

13. SECURITY GUIDANCE. The security classification guidance needed for this classified effort is identified below. If any difficulty is encountered in applying this guidance, or if any other contributing factor indicates a need for changes in this guidance, the contractor is authorized and encouraged to provide recommended changes. The contractor may also challenge guidance or the classification assigned to any information or material furnished or generated under this contract; and may submit questions for interpretation of the guidance to the official identified below. Pending final decision, the information involved shall be handled and protected at the highest level of classification assigned or recommended. (Fill in as appropriate for the classified effort. Attach, or forward under separate correspondence, any documents/guides/extracts referenced herein. Add additional pages as needed to provide complete guidance.)

The Program Manager listed in block 16 will provide a copy of all applicable security directives for this contract. Appropriate local service/component command security directives, regulations, and standard operating procedures will be provided by the requiring agency (normally through the Performance Monitor or component command COR). Upon completion or termination of the classified contract, or sooner when the purpose of the release has been served, the contractor will return all classified information (furnished or generated to the source from which received unless retention or other disposition instructions are authorized in writing by the USSOCOM Government Contracting Agency/Activity. Furthermore, the contractor will account for and return to the appropriate issuing office, all identification badges and/or entry passes/vehicle decals issued to contractor personnel upon completion or termination of the classified contract, termination of employment, or suspension of classified clearance or access of any contractor employee.

ITEM 13:

Ref 10a: COMSEC security requirements apply. Contractor must forward requests for COMSEC material/information to the appropriate COMSEC officer through the program office. The contractor is governed by **DoD 5220.22-M, NISPOM**. Access to COMSEC material by personnel is restricted to U.S. citizens holding final U.S. Government clearances. Such information is not releasable to personnel holding only reciprocal clearances. The government program/project manager shall designate the number of personnel requiring cryptographic access. The number will be limited to the minimum necessary and will be on a strict need-to-know basis. Additional COMSEC requirements may be required at non USSOCOM locations/facilities (based on service/command requirements). The Performance Monitor or component command COR at these locations/facilities will provide specific information.

- Subcontracting of COMSEC material by a contractor requires prior approval of the contracting activity.
- Access to COMSEC material requires special briefings.
- Access to classified COMSEC material requires a final U.S. Government clearance at the appropriate level.
- Access to COMSEC material may require contractor to complete a counterintelligence (CI) scope polygraph examination.

Ref 10j: FOUO information/provided under this contract shall be safeguard as specified in the attachment, Protecting for Official Use Only (FOUO) Information.

Ref 10k: ACCM information is governed by DoD 5200.1-R, "Information Security Program," Chapter 6, Section 8, "Alternative Compensatory Control Measures (ACCM)," and OSD/C3I Memorandum, 18 April 2003, "Revised Alternative Compensatory Control Measures (ACCM) Guidance"; Focal Point Program information is governed by CJCS Manual 3213.02B, "Focal Point Program Procedures", and supporting documentation for each Focal Point sub-system, including security classification guides, program security plans, and governing directives. Inspections of ACCM information in USSOCOM, Component (JSOC, AFSOC, NSWC, MARSOC, or USASOC), or Theater Special Operation Command (SOCCENT, SOCEUR, SOCPAC, SOCSOUTH, or SOCKOR) owned and operated facilities are under the auspices of the respective Command or Component FPPCO.

Ref 11c: The contractor requires access to classified source data up to and including Top Secret in support of the work effort. Any extracts or use of such data requires the contractor to apply derivative classifications and markings consistent with the source documents. Use of "Multiple Sources" on the "Derived From" line necessitates compliance with the NISPOM, paragraph 4-208a, and the use of a bibliography.

Ref 11d: Contractor must provide adequate storage at their facility for classified hardware to the level of Secret.

Ref 11h: See Item 10a instructions for further guidance on COMSEC involved contracts.

Ref 11i: The contractor shall ensure that compromising emanations related to this contract are kept to a minimum. Contractors will provide information required to perform an accurate Emanation Security Vulnerability Assessment to the contracting officer, to be provided to the appropriate government Emanation Security authority.

Ref 11j: The contractor must comply with special OPSEC requirements contained in the contract or addendum thereto. The contracting activity will be involved in approving OPSEC requirements for subcontracts.

ITEM 14:

Focal Point/ACCM material maintained by the Contractor within their facility must be afforded protection commensurate with DoD requirements and strictly controlled based on need-to-know and required briefings. DSS personnel conducting inspections of the Contractor must be briefed on to the specific program by the appropriate government FP Control Officer responsible for the material prior to being granted access.

Contractor is responsible for providing control, accountability, and physical security for Government owned Arms, Ammunition, and Explosives in accordance with DoD 5100.76.

Ref 11j: See Performance Work Statement, paragraph 1.2.2.9, for additional OPSEC requirements.

IA requirements: Specific Information Assurance requirements may be mandated and are authorized by the responsible command/unit sponsoring network accreditation. Additional requirements based on DoD 5220.22-M (NISPOM) and DISA may be imposed.

ITEM 15:

Defense Security Service is relieved of all inspection responsibility within BlueGrass Army Depot, Richmond, Kentucky.

Defense Security Service is relieved of all inspection, accreditation, and certification responsibilities for all SOFSA operated Arms, Ammunition, and Explosives (AA&E) storage areas.

(b)(6)

"Category"	#	Data Item Title	Description	Stated purpose or intended use:
Start up	A026	Successor Transition Plan	Addresses the details to transition responsibility for contract performance from the incumbent contractor to include milestones and success metrics	The government will approve the plan and any proposed revisions to the plan prior to implementation.
Close out	A027	Incumbent Transition Plan	The Plan shall address details of work in process to assure all delivery orders are achieved and work remaining is an efficient, uninterrupted transfer of work to the successor contractor. The plan shall include transition responsibility for contract performance to the successor contractor to include milestones and success metrics.	The government will approve the plan and any proposed revisions to the plan prior to implementation.
Security	A001	Five Year Security Facilities Plan	Within 90 days of contract award develop a Five Year Security Plan. Identify all physical security systems (alarms, entry control systems, fences, gates, guard buildings, lighting, etc.) and establish a schedule for replacing or upgrading each system as needed over a five year period. To be updated as required.	
Security/Safety	A013	Accident/Incident Report	The accident/incident/safety report identifies any accident occurring in the SOFSA facilities causing major injury or death to contractor personnel.	Notification and information concerning major accident/incident.
Security/Safety	A014	Hazardous Waste Report	Contains information describing the hazardous waste generated at the SOFSA facilities. Lists the actions taken to dispose the waste.	Used in the preparation of briefings and to advise SOFSA, local, and federal authorities of the waste generated, disposition, and any potential safety hazard to contractor/government employees or facilities.
Security	A015	Standard Practice Procedures	The SPP defines procedures to be employed to protect DoD classified information and materials in the possession of the contractor.	Used to identify and monitor contractor security activities.
Security	A016	SCIF Standard Practice Procedures	Detailed procedures for the protection of the Sensitive Compartmented Information Facility (SCIF).	Identify and monitor the contractor's security resources and activities.
Security	A017	Physical Security Plan	Provides detailed procedures for the physical protection of classified material, personnel, sensitive operations, weapons and ammunition, and government resources.	Identify and monitor the contractor's security resources and activities.
Security	A018	Automated Information Systems Std Prac	Provide detailed instructions for the protection of classified information during computer processing of such information. Prepared for each computer system and tailors procedures to that specific system.	Used to identify the computer system authorized to process classified information and to monitor the contractor's computer security activities.
Security	A019	Info Tech Security Plan	Provide detailed procedures and measures implemented within computer systems and networks for the protection of sensitive unclassified information.	Identify and monitor the contractor's security resources and activities.
Security	A020	Operations Security (OPSEC) Plan	Describes the methods to (1) Identify OPSEC security responsibilities and requirements (2) Define overall OPSEC security standard practice procedures (3) Identify potential problem areas and determine solutions, and (4) Develop OPSEC security awareness inputs into the overall system security process.	Used to identify and monitor a contractor's OPSEC activities during performance of the contract.

Category	#	Data Item Title	Description	Stated purpose or intended use:
Security/Safety	A021	Emergency Situation Reporting	Provide written report of any incident involving damage to, destruction of, or loss of government property of facilities; any violation of security procedures and requirements.	Notification and information concerning major emergency situation.
Security	A022	Continuity of Operations Plan	Provide detailed procedures and measures implemented to protect Information Technology hardware and software in the event of a catastrophic event.	
MIS	A003	MIS Support Report	Provide the status of all the ADP equipment and software in use to meet the requirement listed in the contract. Include equipment and software on hand and projected for procurements. Include log of IAVAs, applicability and status. Mitigating activities when vulnerabilities can not be eliminated. Include software development information and pending projects.	Used to prepare briefings and to advise SOFSA of the status of the MIS program in support of customers' requirements and any potential or existing problem that may limit the contractor supporting capabilities listed in the PWS.
MIS	A025	Data Management Plan	Tells how the contractor intends to comply with the data management requirements of DOD-STD-1700(NS) in terms of the contractor's overall program, policies, and procedures.	

Category	#	Data Item Title	Description	Stated purpose or intended use:
Property	A007	DD Form 1662 (Property Accountability)	Annual report detailing government property utilized in performance of the contract. DD 1662 is property in custody of contractor report which provides detailed cost and quantities of government property being utilized by a contract and the PWS. Annual 100% inventory of government property.	Used to prepare briefings and to advise SOFSA on any potential property needs in support of customers' requirements. Provides updated government records to SOFSA and the administrative contracting officer for accounting of government property.
Property	A008	Status of Government Furnished Equipment (GFE)	This report describes status and supply condition data about Government Furnished Equipment (GFE) which the contractor has received under the contract.	Used to review the condition, installation and effectiveness of the GFE.
Property	A009	Facility Reports - Property Control System	This report is an annual requirement which provides contractor's procedures for receiving, storing, issuing, and maintaining government property being utilized by contractor in performance of the contract and the PWS.	Used in the preparation of briefings and to advise SOFSA of any potential property needs in support of customers' requirements.
Property	A010	GFM by NSN	The monthly Government Furnished Material (GFM) by National Stock Number (NSN) requisition summary report shall provide by NSN/part number visibility of GFM requisitioned by the contractor through the defense logistics system.	Used in the preparation of briefings and to advise SOFSA of any potential property needs in support of customers' requirements.
Property	A012	Cyclic Inventory Report	Lost Property: The inventory report shall provide the status of property on-hand based on a randomly selected 25% inventory, based on the property records account.	
Contract Performance	A004	Contract Status Report: Performance outside the U.S.	Quarterly Reporting of Actual Contract Performance Outside the U.S. reported via letter to Deputy Director of Defense Procurement and Acquisition Policy (Contract Policy and International Contracting)	Concurrence by Govmt Contracting Officer
Contract Performance	A004	Contract Status Report: Personnel Status Portion	Provides information on contractor and subcontractor personnel. Staffing is shown by location and divided between direct and direct distributed employees. Increases/decreases of personnel by location are explained.	Determine that an adequate work force remains in place to accomplish the mission.
Contract Performance	A004	Contract Status Report: Financial Status Portion	Provides current status and projected requirements of funds, man-hours, and work completion.	Used for evaluation of contractor progress.

Category	#	Data Item Title	Description	Stated purpose or intended use:
Contract Performance	A004	Contract Status Report: Project Status Portion	Documents the status of contractor effort towards achieving contract objectives.	Monitor and Evaluate contractor performance.
Contract Performance	A006	Overtime Report	This report contains a summary of project direct labor hours and overtime hours and dollars for each accounting month. (vouchered data). Compare overtime hours worked in assigned projects with direct hours charged to the projects.	Used to prepare briefings and to advise SOFSA of the cost and overtime hours worked per project in order to determine if additional manpower may be required.
Quality	A005	Waiver Deviation Equipment Mod Reports	(1) Request for Deviation: Describes a proposed (prior to manufacture) departure from contract requirements for a specific number of units or for a specified period of time. (2) Equip Mod: provide an instrument for the Government to track implementation of an Engineering Change Proposal/Material Change/Modification Work Order. (3) Used to obtain authorization to deliver non-conforming material which does not meet the prescribed configuration documentation but is suitable for use "as is" or after repair.	(1) Enables the Government to determine the impact on performance, operational readiness, logistics support or other affected areas. (2) Permit the Government to track contractor's modification of government equipment. (3) enables the Government to evaluate and authorize acceptance of an item not conforming to contractual requirements.
Quality	A011	Quality Deficiency Report	Furnish a consolidated report monthly detailing status of QDR. Devicient Government Furnished Material received by contractors.	Used to initiate corrective action
Quality	A023	QA rework, Repair, and Scrap Costs	Quality and Productivity Performance: Provide detailed information of the procedures and measures implemented to establish a QAP. Include detailed information on quality and productivity performance in support of the customers' requirements outlined in work taskings.	Verify that a contractor is identifying costs associated with nonconforming material, analyzing causes, and taking corrective action to prevent recurrence of nonconforming material.
Quality	A024	Quality System Plan	Document the details of the contractor's quality system, including management commitment to quality, system elements, policy and practices.	Provides the Government contracting activity a basis for assessment of the quality system and evidence of the contractor's intent to comly with the contract quality requirements.
Facilities	A002	Facility Reports	Content shall contain a general discussion of the space available and its respective use according to the PWS and the Customer's requirements. Brochures, sketches, and/or drawings shall accomply the report. Any special use of space or areas, which support peculiar equipment, shall be identified.	Used to help identify deficiencies and to improve the management of space assets on installations. Provide visibility into contractor preventive and corrective maintenance time and materials cost for all government-owned property used in support of operations and maintenance contracts.
