Subject: Printer for your Bed; Pocket (Small Addition if Not Too Late)

[Redacted]

I thought about this last night, we need something to print on when we get the printer. I checked this morning and it does come with some media, but don't know how much. I'd recommend the Heavyweight Coated paper that HP sells (it can be purchased from CDW/G also). It comes in 100' rolls and is a more sturdy paper than the normally coated paper that comes in 150' rolls. I've added two rolls to the bottom of the table below.

Thanks,  
Gary
