

WHAT ARE THE CRAZY 8s?

The Crazy 8s were originally established in 2012 as an insurgency group with a mission to innovate processes and challenge the work habits in SORDAC. **The 8s are back**, with members from across SOF AT&L, with a more focused goal to act as ambassadors and facilitators for improving mobility and collaboration, encouraging idea generation and improving our workplace environment.

“The Crazy 8s will be the primary facilitator to develop, instill and sustain a fully collaborative, mobile working environment in SOF AT&L.”

- 1. Collaborative tools/processes**
- 2. Improving Mobility**
- 3. Facilitating Idea Generation**
- 4. Preserving SOF AT&L's Standard of Excellence**
- 5. Workplace Environment Improvement**
