PARTNERING FOR DEFENSE EXPORTABILITY INTERNATIONAL ACQUISITION & EXPORTABILITY

ASSESS, DESIGN, INCORPORATE EXPORTABILITY AT PROGRAM INCEPTION

- Focused area under the Controlling Cost section in Better Buying Power (BBP) 2.0, encourage DoW program management to design and develop technology protection features in systems early in their acquisition life cycle to facilitate earlier foreign sales
- Demonstrate that costs can be reduced, and U.S. products can be made available for foreign sales sooner
- Encompasses all of the elements of international involvement in DoW acquisition activities throughout the acquisition lifecycle – including Science and Technology, Research and Development, Production and Deployment, and Operations and Support – by exploring foreign solutions, International Cooperative Programs, foreign sales or transfers, exportability design and development, and Tech Release and Foreign Disclosure (TR/FD)
