ABOUT JSOU

History
In September 2000, under the leadership of the United States Special Operations Command (USSOCOM) Commander, Army General Peter Schoomaker, the Joint Special Operations University (JSOU) was established as an institution of higher learning. Since its founding, JSOU has strived to provide the highest quality of joint special operations forces (SOF) leadership education at both the operational and strategic levels. JSOU provides resident, mobile education team (MET), distance learning (DL), and professional military education (PME) courses to the joint SOF community. University faculty members also support senior and intermediate-level PME programs and the emerging educational requirements of numerous U.S., interagency, and international organizations.

Mission
The mission of JSOU is to prepare SOF to shape the future strategic environment by providing specialized joint PME, developing SOF-specific undergraduate and graduate-level academic programs, and by fostering special operations research, analysis, and outreach in support of USSOCOM objectives.

Vision
A globally recognized academic institution of higher learning dedicated to enhancing special operations knowledge and its application. The vision is achieved by maintaining high academic standards, delivering high-quality and relevant instruction, when and where needed, retaining a highly credentialed faculty proficient in multiple teaching methods and by rapidly adapting to a changing global environment. The result is a career-long framework of joint SOF education that, when combined with Service-provided educational opportunities, significantly improves the intellectual competence of the force to successfully perform current and future special operations missions.

THE JSOU VISION: A GLOBALLY RECOGNIZED ACADEMIC INSTITUTION OF HIGHER LEARNING DEDICATED TO ENHANCING SPECIAL OPERATIONS KNOWLEDGE AND ITS APPLICATION.
ARRIVAL AND DEPARTURE

Reporting Instructions
Students should report to JSOU thirty minutes prior to the class start time.

Parking
Parking is available on campus in the main JSOU parking lot (north end of the bldg) in designated student parking spaces. The last two rows of the parking lot are reserved for staff members. All other parking is available on a first-come, first-served basis to all visitors. For those staying at base lodging, it is highly recommended that you keep your car parked in the hotel lot and walk to the JSOU campus.

In-Processing
The Security Office or the instructor of record for the course will assign student identification (ID) badges at check in. All in-processing requirements will be done on the first day of class.

Identification Badges
Students and visitors are required to wear JSOU-issued ID badges that are displayed above the waist and visible at all times. Students must have a valid government-issued ID to receive a student badge. Students should remove and safeguard their badges while off campus.

Out-Processing
On the last day of class, all students with an assigned ID badge will be required to return the badge to the course instructor or the Security Office. Students will receive a certificate upon completion of the course.

The Sunshine Skyway Bridge lights up Tampa Bay at night.

Attendance
Resident Courses: students are considered to be at their place of duty/work while attending resident courses. Therefore, they are expected to be on time and attend 100 percent of the course unless the instructor of record grants an exception. Exceptions are approved on a case-by-case basis. The instructor of record will determine if the student meets graduation requirements. Sick leave may be authorized when a hospital/doctor certifies a student’s absence from class for incapacitation due to illness or injury. It is the student’s responsibility to notify the instructor of record of any medical condition that will prevent them from attending the course. Extended absences could result in dismissal from the course.

Blended Courses: students in blended courses will access the distance learning portion of the course and attend the resident portion as outlined in the course syllabus. It is expected that all requirements of the online portion of the course will be met not later than the start day of the resident portion, unless an earlier completion date is specified in the syllabus.
Distance Learning Courses: a fully online course requires no physical ‘seat time’ at the JSOU campus (or any other course location) and generally allows students to access course materials and participate in assigned activities as their schedules permit. However, students must meet deadlines and must complete all course requirements in the time specified in the course syllabus.

Transcripts
The information reflected on the student transcript represents the information contained in the student information system regarding the student’s course completions. Official and unofficial student transcripts encompass courses taken at JSOU since the establishment of JSOU at MacDill AFB in academic year (AY) 2011. If a student completed a course before AY11, a transcript might not be available as the records may no longer exist. JSOU can only guarantee transcripts for courses taken since AY11; however, JSOU will attempt to assist students when feasibly possible in determining JSOU course completions prior to AY11.

a. The Student Transcript Request Form is available on the JSOU website at: https://www.socom.mil/JSOU/Documents/Transcript_Request.pdf
b. JSOU accepts requests for transcripts delivered through official mail or email. JSOU will not release a student transcript to a third party without the consent of the student.

c. Student transcripts will display all courses attempted and completed.

Course Materials
The instructor of record will issue all required course materials on the first day of class.

Ethical and Professional Behavior
Students are expected to adhere to the ethical and professional standards associated with their professional duties (both military and civilian) and JSOU’s academic standards. Students found in violation of academic and/or professional misconduct will be subject to dismissal from the course/program they are attending and discipline from their chain of command.

Copyright/Plagiarism
JSOU complies with United States copyright law (Title 17, USC) which protects the rights of authors (or the copyright holder) to control the reproduction, distribution, performance, or display of original intellectual and creative works, both published and unpublished, which have been fixed in a tangible medium. Plagiarism entails appropriating the literary composition of another, parts or passages of their writings, and/or the ideas or language of the same and intending to pass them off as the product of one’s mind. An example is copying verbatim, without quotation marks, with the intent to claim the material as one’s work without giving credit to the author. The intent is established based on consideration of all circumstances and evidence presented. The correct method for giving credit to a source in a written work is to use quotation marks and an accompanying footnote or citation. In the case of oral presentations, credit must be given for using or paraphrasing direct quotes. Instructors will provide students with the appropriate style guide to utilize for citing research sources. Plagiarism is grounds for dismissal from a course or program.

Services for Students with Disabilities
JSOU fully supports and complies with the Americans with Disabilities Act (ADA) Policy. We endeavor to provide students, employees, and the community an opportunity for success with as few deterrents possible. We strive to create a welcoming environment and will work in good faith to provide reasonable accommodations for students with special needs.

Students are encouraged to make their instructors aware of any special accommodations they may require to be successful in their classes. Instructors have the authority to make reasonable accommodations in their classrooms. Prospective students are encouraged to contact the Admissions Department if assistance is required in applying for admission or registering for courses.

Student Complaints
Students must discuss complaints with the responsible faculty member within three days of the occurrence of the issue. The student must bring all supporting materials (handouts, text, class notes, etc.) to this informal meeting and must be prepared to openly discuss all aspects of the complaint. In the event this meeting does not resolve the issue, the student must schedule an appointment with the Dean of Academics within a month. During this meeting, the student must present, in writing, all issues in question. To aid the Dean of Academics in rendering a fair and equitable decision, the student must be prepared to provide all supporting materials. The complaint must include information regarding the action the student is appealing and any related mitigating circumstances. The Dean of Academics will act on all student complaints and provide a written response to the student within ten business days of receipt of the written request.

Grievance Procedures
After following the above student complaint procedures, if the student is not satisfied with the decision by the Dean of Academics, the student may elect to file a written grievance with the Accrediting Council for Continuing Education and Training (ACCET). The grievance should include all information

**Dress Code**

For all courses, military students may wear any official uniform combination, to include any combination of dress uniform, flights suits, or battle dress uniform. Civilian personnel should wear conservative, professional casual attire (slacks, open collar shirts, dresses, etc.). Jeans, shorts, T-shirts, athletic wear, sneakers, flip-flops, and other very casual types of attire are not authorized.

**Smoking**

Smoking, to include smokeless tobacco, is not permitted on campus outside of the designated areas. E-cigarettes are not permitted inside the facility. Please treat e-cigarettes as a tobacco product and use them in the designated smoking areas.

**Weapons**

The possession of weapons on base is regulated by federal law, and unless authorized, students cannot bring firearms on the installation. For more details, please contact Security Forces at (813) 828-3322.

**Student Messages/Personal Electronic Devices**

Cell phones and all other personal electronic devices are not allowed in the JSOU building. Family and units/squadrons may contact Student Services at DSN: 299-3586 or commercial: (813) 826-3386 regarding messages or emergencies. There are public telephones in the Student Business Center.

**USSOCOM Research Library**

The USSOCOM Research Library has the dual mission of serving as a command library to USSOCOM, including its components and TSOCs and as an academic library to JSOU. JSOU students have access to the collection of SOF and leadership related items which consists of books, e-books, audiobooks, videos, periodicals, and online scholarly databases. The library staff provide references, instruction, and interlibrary loan services. There are computers available in the library for students to use. The library online portal page can be found at http://jsou.libguides.com/welcome.

Students are automatically assigned library access if the completion of their course requires the use of the library. If a student is not automatically assigned access, they can always request access for the duration of their course. Students can apply for more permanent access if they are a member of USSOCOM Headquarters, one of the components, TSOC, or within the SOF Enterprise. To contact the library, see the contacts page at http://jsou.libguides.com/contacthours for hours, phone numbers, and email addresses.

**Student Business Center**

The Student Business Center has CAC-enabled computers, a printer, and a copier for students to use. The center is open during normal business hours. For additional services, please contact Student Services.

**Education Outreach Center**

The Education Outreach Center exists to support the SOF community further their civilian education and to enhance their professional knowledge and abilities. Our academic advisors can assist each SOF member as they navigate their educational journey and help prepare them for academic success. Specifically, the Education Outreach Center can assist students with exploring bachelor’s and master’s degree programs; reviewing military transcripts, college education, and experience to informally assess transferable college credit; selecting degree programs that are compatible with professional and personal goals; developing academic roadmaps; and providing persistent, tailored academic support. The intent is that through tailored advice, more SOF enlisted will achieve an educational milestone that supports the USSOCOM Commander’s commitment to educating SOF. The Education Outreach Center can be reached at (813) 826-4246 or by email at academicadvice@socom.mil.

**Articulation Agreements and Academic Partnerships**

In order to facilitate the transfer of creditable coursework taken at JSOU to degree-granting institutions, JSOU has formal arrangements with regionally accredited colleges and universities to include Saint Leo University, Excelsior College, Norwich University, and the University of Charleston (WV). Articulation agreements are expected to be made with additional schools during the 2017 academic year. Check the JSOU website or with the Academic Resource Center to obtain the most recent list of schools and agreements. Each of these schools has matched required courses in specific degree programs they offer to equivalent courses given by JSOU. These agreements between academic institutions can expedite degree completion substantially, and students are encouraged to investigate degree options offered through these agreements.

**Student Café**

The Student Café includes a refrigerator, microwave, coffeemaker, and vending machines. Coffee and tea are for sale on an honorary system. Vending machines are cash only. Snacks and drinks with lids may be brought into the classroom. Please clean up and properly dispose of your trash.
