About The United Club

The Camp Humphreys United Club will provide social and philanthropic needs within Camp Humphreys while fostering a commitment to help strengthen and unify the community.

The United Club has two missions. The primary mission is to develop a spirit of community responsibility. Our volunteers gladly give of their time and talents to serve both the military and civilian community. The hundreds of volunteer hours and thousands of dollars raised result in grants to worthwhile charitable causes and scholarships for military spouses, high school students, and continuing ed students whose family are still stationed at Camp Humphreys.

The United Club's second mission is to provide opportunities for social, cultural, and creative pursuits. Joining the club is a wonderful way to meet new people and try things you may not have thought of doing.

Purpose

The purpose of this non-profit organization is to promote friendship and goodwill, to coordinate the members and their activities, to provide community services, to aid community projects and to support Camp Humphreys and Area III welfare, without regard to race, color, sex, age, disability, religion, or national origin. This organization will not engage in activities that conflict with authorized activities of Non-Appropriated Funds or Appropriated Funds unless appropriate military authorities make an exception.

Eligibility

All members of the U.S. Armed Forces (Officer and Enlisted) and their spouses, Civilian components and their spouses, or invited contractors, as defined under the USA/ROK Status of Forces Agreement (SOFA), Article I & XV, respectively.
Message from Oriental Press

DMZ to the Sea is an orientation guide prepared by the United Club Spouse’s and Civilian’s Association of Camp Humphreys. For more than three decades, Oriental Press Inc. had the honor and the privilege of publishing the predecessor publication, Seoul Survivor, to the United States Forces Korea community. We are proud to be a partner on this new publication.

You have arrived in Korea at a time when a significant transformation is taking place as the U.S. Army continues to leave Yongsan Garrison for Camp Humphrey’s, 55 miles south of Seoul. DMZ to the Sea includes information about Korea that will make your stay in Asia easier and more enjoyable. This is a beautiful country full of exciting things to see including gorgeous parks, first class museums, beautiful beaches, exciting markets, fun kids’ cafes, and lovely people. We are happy you’ve landed here and we wish you a wonderful tour in Korea.

DMZ to the Sea is a significant project that requires the help of many dedicated individuals giving months worth of their time and energy outside of their work, family and daily lives. Congratulations to the United Club’s tireless staff of volunteers for an exceptional job. We express our sincere gratitude to all the wonderful members of the United Club Spouse’s and Civilian’s Association for entrusting Oriental Press Inc. with this labor of love.

This new publication is special for us at Oriental Press Inc. Since our humble beginnings in 1987, we have seen many changes. As always we are ‘on-point’ with providing you top quality publications with everlasting useful information for you to peruse. We are truly proud to be a part of this all-important community invaluable resource.

Sincerely,

Charles Chong

A Letter From the
USAG Humphreys Garrison Commander

Welcome to Korea and Camp Humphreys!

It is my sincere hope that you find your time here professionally and personally rewarding. Your garrison team works hard everyday to provide you the best services possible and I hope you take advantage of everything Camp Humphreys has to offer. I also encourage you to get out and experience Korea!! You will find the Korean people to be warm, generous, and eager to share their rich culture with you. So get out there and find what adventures await you from the DMZ to the sea!

Katchi kapshida!

Colonel, Scott Mueller
Commander
United States Army
USAG Humphreys and Area III

A Letter from UC President

Welcome to the USAG Humphreys Community!

The United Club is extremely proud to present the 1st edition of “DMZ To The Sea”, thus preserving the legacy of the “Seoul Survivor”. This book serves as a wonderful resource that is a must have for anyone moving to South Korea and USAG Humphreys. We all know that PCS’ing can be challenging and overwhelming at times, which leads to so many questions, but an overseas move comes with so many more and it often becomes difficult to know where to begin. We want you to know, you are not alone.

This publication is organized to provide you with the information you need to navigate to, from, and around Korea while also providing suggestions on what to do, where to eat and amazing places to see once you are here. This book also includes some helpful information about the wonderful history and rich culture of Korea which will assist you in acclimating to this beautiful country. I want you to have this book in your hands so you feel you can explore with confidence to ensure you have the best experience possible during your stay in Korea.

It’s hard to put into a few words what an exciting and interesting world awaits you. From the traditional and exotic cuisine, world-class public transportation, shopping that will satisfy any shopaholic, Korea will provide you with endless opportunities. My piece of advice I give to you as you read this is to embrace this adventure and explore all that is around you. Get out and enjoy the big cities, the beautiful country sides, blissful beaches, and all Asia has to offer. Your time stationed here will go quickly! With so much to see, do, and taste, make sure to get out by planning trips, cultural experiences…or just walk out of a gate and see what awaits you!

I am extremely honored and proud of this publication and truly grateful to this committee for their countless hours of hard work and dedication. It has been humbling to have had the opportunity to lead such a wonderful organization and a true honor and privilege to serve on this board with these extraordinary woman and volunteers.

A Letter from Editor

Welcome to your Korean adventure!

You are entering a world that is full of excitement, from the loud bustling city nightlife to relaxing calm temples in the mountains Korea has it all. The experiences you will have here will leave you with lifelong memories and friendships.

“DMZ To The Sea” was written with you in mind! The researchers and writers reflected on their experiences from coming to Korea, living here and their upcoming moves to their next duty stations. This was done to answer any questions that you are having as you look at this book. Our goal is to help you through every part of your journey in Korea, from getting here, living here, traveling, and ultimately departing to your next duty station. On behalf of the United Club Spouse’s and Civilians Association board and our members we hope you find it helpful!

The best advice I can give you is to enjoy this wonderful experience and take advantage of the opportunities available here. There is something for everyone here, from themed cafes to historic sites, so get out, try out that delicious smelling food from the street vendor, explore and just make the most of your time here.

A personal note: Thank you to the UC Board for giving me the opportunity to work on this first edition of the “DMZ To The Sea” and entrusting me to carry on the “Seoul Survivor” legacy. I am thankful for the wonderful committee who worked very hard to make this edition possible. Since this is a continuation of “Seoul Survivor” but is the first edition of the “DMZ To The Sea” we experienced a lot of ups and downs along the way as we carved our own path to what our vision was. A special thank you to Tracy Schreurs and Jared Early, the two of you stood by me through it all and filled any position that was needed. Thank you!

Finally, thank you to our longtime partners at Oriental Press, without whom this publication would not be possible.

Katchi Kapshida! Let’s go together!

First Edition 2018-2019

About DMZ to the Sea

This publication was originally conceived, written, and compiled by Judy Bridenbaugh in an attempt to ease the frustration experienced by military members and their families when moving to a location, especially one in a foreign country.

The United Club Spouses and Civilians Association has received the rights to the Seoul Survivor from the American Forces’ Spouses’ Club due to the upcoming transition and relocation from the USAG Yongsan to USAG Humphreys. The United Club is honored to continue the legacy of this instrumental guide. As the peninsula grows and transforms, so must the Seoul Survivor. By evolving into the DMZ To The Sea, we’ve encompassed all of the US Military installations from North to South. We hope this will encourage families to make the most of their time here in South Korea.

Each subsequent year, information is updated and, new material is added. This book is also available as a searchable PDF from our website at no cost. Input for this edition has been gathered from the best available sources at the time of publication. Every effort has been made to ensure the accuracy and relevance of the information and maps at the time of printing. The United Spouses and Civilians Association would be grateful to receive any information from readers concerning errors, omissions, or general updates as USAG Humphreys continues to expand and grow. Please contact us at dmztothesea@gmail.com.

Inclusion of a business, website, etc. in this publication does not indicate official affiliation with or endorsement by USAG Humphreys, USFK, or Eighth US Army.
About Korea

Most Americans have little or no knowledge of Korea's history and culture, and much of what they do know may be an erroneous impression garnered from the news media or old newreel footage from the Korean War. In reality, the Republic of Korea is a vibrant, vital country of more than 50 million people, all striving to keep up in this fast-paced, modern society. Koreans have become world travelers, world-class economic competitors, and they are highly regarded participants in world affairs. Underpinning all their vast economic and commercial accomplishments over the last twenty-five years though, lays the Korean people's spiritual wealth, their traditional respect for elders, their strong belief in community, their love of nature, and their sense of national pride.

Many newcomers find South Korea to be an exotic place. Keeping an open mind and being willing to experience and appreciate cultural differences will make your tour of duty here one of the most memorable of your military career.

Embark on your Korean experience with a sense of adventure and your journey may surprise you in new and wonderful ways. Soon after you arrive, you will realize the Korean people are very friendly. They will exert themselves to the utmost to understand you. Many Koreans, especially in Seoul, speak some English. At times though, communication can be a frustrating task. The key is to exercise patience, speak slowly (not loudly!) and express gratitude. Your reward will be their willingness to assist and support you.

Korea's history is an amazing mixture of events and trends. Against the backdrop of strong cultural uniformity that started to emerge in the seventh century and has continued up to the present day, you will find a pattern of rich contrasts. Buddhist pagodas stand side-by-side with Confucian shrines, cycles of great commercial growth are set against downturns of financial decay, and numerous foreign invasions are countered by attempts at territorial expansion.

A land-owning aristocratic scholar class once ruled over a rigid social structure, supported by less-respected merchants and agricultural peasants who toiled as tenant farmers. Within the Korean government, periods of factional strife and political coups contrast with long periods of stability. Learning about Korea's past helps put the present into true perspective.

On a busy day in Seoul, the capital city of 10 million people, we guarantee you'll notice the following:

- The industriousness of the people
- The official work and school week is Monday through noon Saturday.
- The second and fourth Saturdays are not official work days.

- Traffic: Everyone tries to “get there first.” The traffic in many parts of Korea is legendary and rivals the worst that New York, Paris, London, or Washington, DC has to offer.
- Rather than a methodical, legalized culture of driving, Korea's driving habits have been described as currents in a vast river all flowing in the same general direction.
- A myriad of smells: Visitors quickly come to believe garlic must be the national food staple. It is used extensively in Korean dishes. Once you acquire a taste for it, eating Korean-style can be inexpensive and delicious.
- The clothing: Koreans are much more formal in their dress than most Westerners and take great pains with their appearance. As the culture becomes even more westernized, the number of Koreans who still wear a traditional Korean dress called “hanbok” (graceful, full-length garment in several pieces) is declining except on holidays or for formal occasions.
- The Korean alphabet, Hangul: This phonetic alphabet, invented by King Sejong and a group of scholars in 1443, is actually straight-forward, but often intimidating to foreigners. The 1988 Olympics in Seoul encouraged the Koreans to print most major road and street signs in both Hangul and English.
- The jostling crowds: Space is precious in Seoul. Koreans are accustomed to tight crowds, and they assume everyone else is too. Therefore, pushing and shoving without an apology, is normal and not to be taken personally.
- The markets: Nowhere in the world, Hong Kong included, are there markets and shopping areas to rival those of Seoul. Itaewon, located just outside USAG Yongsan, is probably the most famous of the Korean shopping meccas. The true Korean markets, however, are not as Western in style as Itaewon. In the traditional markets like Dongdaemun (East Gate) and Namdaemun (South Gate), products are grouped according to type. Astonishingly, you will encounter rows and rows of leather jacket vendors in one place, miles of fabric in another, and thousands of electronic gadgets in another. The range is truly amazing! See Markets under the Shopping section for more information.

As with any other prospective assignment, try to visit or correspond with others who have been stationed here before you come. Stay open minded, though, to form your own opinions. While you are here, take every opportunity to venture off base and explore this beautiful, mountainous country. Strike up conversations with the Korean people, taste the delicious and sometimes unusual food, and enjoy the cultural arts. It will definitely be an experience you will never forget.
Facts about South Korea

History: Korea is said to have been founded about 4,300 years ago. Its recorded history dates back to 2333 BC. The Republic of Korea (South Korea) was established in 1948.

Language: The Korean written language is referred to as Hangul; the spoken language is simply called Korean (Hanguk-mal).

Geography: Korea is a peninsula thrusting from the northeast Asian mainland in a southerly direction for about 625 miles or 1,000 kilometers. The peninsula, contiguous to the two continental powers of China and Russia to the north and nearby oceanic Japan to the south, functioned for a long time as a land bridge through which continental culture was transmitted to Japan. Its peninsula location has both the advantage of easy access to adjacent cultures and the disadvantage of becoming the target of aggressive neighbors. South Korea shares a land boundary with North Korea of about 150 miles or 238 kilometers.

Topography: Approximately 70% of South Korea’s land area is comprised of mountains and uplands. Mount Halla (Hallasan) (6,396 feet/1,950 meters) on Jeju Island (Jeju-do) is the tallest mountain. The longest rivers are the Nakdong River (Nakdonggang), the Kum River (Kumgang), and the Han River (Hangang), which flows through Seoul.

Area: South Korea is 8,452 square miles/99,237 square km (about the size of Indiana).

Climate: Long, cold winters and short, hot, humid summers with late monsoon rains and flooding. Temperatures in January average 21°F to 35°F. In July the averages are 71°F to 82°F. The annual rainfall varies from year to year but usually averages more than 39 inches or 100 centimeters. Of that total, two-thirds of the precipitation falls between June and September.

President: Moon Jae-in

Capital City: Seoul.

Monetary Unit: Won (₩).

Population: South Korea: ~51 million (2013); Seoul: ~10 million.

Largest Cities: Seoul, Busan, Daegu, and Incheon.

Religions: Christian 26%, Buddhist 26%, Confucianism 1%, no affiliation 46%.

Literacy Rate: Over 98% (one of the highest in the world).

Industry: South Korea’s workforce is 20 million strong. 52% of the labor force work in the service industry with 27% in mining and manufacturing. Exports include agricultural products, electronics, machinery, textiles, steel, metal, and chemical products. Major products: clothing, textiles, processed foods, chemicals, and electronics.

Natural Resources: Iron, copper ore, tungsten, and graphite.

National Bird: Magpie (traditionally said to bring good news).

National Flower: Mugunghwa (Rose of Sharon).

History of Camp Humphreys

The history of Camp Humphreys dates back to the beginning of the 20th century when, in 1919 the Japanese military built the Pyeongtaek Airfield. Later, during the Korean War, Pyeongtaek Airfield was named K-6 after being repaired and enhanced by the U.S. Air Force to accommodate a U.S. Marine Air Group and the 614th Tactical Control Group. In 1962, the airfield was renamed Camp Humphreys, in honor of Chief Warrant Officer Benjamin K. Humphreys of the 4th Transportation Company, who died in a helicopter accident near the installation.

In 1964, Humphreys District command, later re-designated as the 23rd Direct Support Group, was activated as a separate installation command of the Eighth U.S. Army providing all direct support, supply and maintenance, storage of all conventional ammunition in Korea, Adjutant General publications and training aides and the Eighth U.S. Army Milk Plant.

In 1974, with the activation of the 19th Support Brigade, Camp Humphreys was re-designated as U.S. Army Garrison, Camp Humphreys. USAG-Camp Humphreys was still responsible for all affairs affecting personnel stationed at Camp Humphreys, but the 19th Support Command was responsible for all support activities vital to the Eighth U.S. Army and its subordinate units. Those units formerly reporting to the 23rd Direct Support Group reported to the 19th Support Command in Daegu. Only the basic functions remained with USAG-Camp Humphreys.

Later, the 23rd Direct Support Group and 19th Support Brigade were renamed 23rd Support Group and 19th Theater Army Area Command. On June 17, 1996 the United States Army Support Activity Area III was established and made responsible for the peacetime support mission for Camp Humphreys, Camp Long, Camp Eagle and U.S. Army units assigned to Suwon Air Base.

Under a 2004 land-swap pact, the U.S. promised to gradually return a combined 170 square kilometers of land housing 42 military bases and related facilities to South Korea and move U.S. military forces from garrisons in and north of Seoul to Camp Humphreys. As a result of this pact, the U.S. troop presence in South Korea will be consolidated into two regional hubs in Pyeongtaek and Daegu.

On June 1, 2005, the U.S. Army announced that Camps Eagle and Long would close. Both camps closed on June 4, 2010, consolidating installation support activities on Camp Humphreys.

With the creation of the Installation Management Command on October 24, 2006, U.S. Army Support Activity Area III was redesignated as U.S. Army Garrison Humphreys and Area III on March 15, 2007.

On November 13, 2007 USFK and South Korean officials conducted a groundbreaking ceremony for the expansion of Camp Humphreys.
Chapter 2
PCSing To Korea
So you have orders to Korea! The idea of moving your family around the world may seem intimidating, if not impossible, but with planning and preparation, it can be done! There are many resources out there to assist you with planning your PCS, such as military.com and the “Newcomers” section of the 8th Army website. For general information on Korea, check your local bookstore or the internet for guides. Some family members who live in or have lived in Korea have even started blogs and YouTube channels that are very informative! A sponsor (not to be confused with your soldier, who is often referred to as YOUR sponsor) already stationed in Korea should be assigned automatically, but sometimes this is unintentionally overlooked. Korea is an assignment where a sponsor can be a relocating family’s biggest asset. Your sponsor should provide assistance and information about relocation. If you have not heard from a sponsor as your move draws near, take the initiative and contact your gaining unit, either by email or telephone, and ask for any sponsorship information they can provide.

The following checklist will help guide you through many of the steps you should take during the months, weeks, and days until your departure. Note: if you plan to take extended leave prior to heading to Korea, be sure to take care of time-sensitive items at your last duty station before departing. Once you leave, it can be difficult to address issues if you are not physically located at that duty station any longer.
90 Days Before Departure from Current Duty Station

- Attend an overseas move class for Korea. Check with your Army Community Service (ACS) or other branch community service office to see if they offer such a class. You may also be able to attend your soldier’s LEVY brief with him/her.
- Start a PCS binder to hold all of your PCS-related documents to hand-carry with you.

You should include the following:

- Copies of orders and amendments (10)
- Wills (originals)
- Power(s) of Attorney
- Birth certificates (originals)
- Marriage certificate (original)
- Shipping documents for your HHG and vehicle
- Passports - government-issued and personal
- ID cards
- Driver licenses
- Immunization/medical/dental/vision records (including any from civilian providers)
- Pet documents
- School records
- Photo inventory of shipped goods

- Sort your possessions into categories: luggage, unaccompanied baggage, household goods, non-temporary storage, and purge (see the HHG section for recommendations)
- Obtain Power(s) of Attorney
- Update wills
- Contact the appropriate office on your installation to obtain a no-fee (government-issued) passport
- Schedule medical and dental appointments to be completed before your move, including any recommended immunizations, and request records
- Determine your preferred time frame for your household goods and unaccompanied baggage shipments, and contact your transportation office for scheduling
- If you plan to ship a vehicle you are financing, contact your lender to procure an authorization letter giving you permission to bring your vehicle to Korea
- Complete required maintenance on any vehicle to be shipped, and start arranging for shipping
- If you plan on bringing pets, determine what veterinary requirements you need to fulfill, and determine transport plans. If you are not bringing your pets, make a plan for their care while you are in Korea.
60 Days Before Departure from Current Duty Station

- Contact your insurance provider and determine what policy changes are needed.
- If needed, renew your driver license and/or military ID.
- Find your state’s guidelines for absentee voting while overseas (https://www.fvap.gov/military-voter).
- Purchase items that will be difficult to obtain in Korea to include in your unaccompanied baggage or household goods shipments.
- Obtain an international driver’s license if you plan to drive in Asia (in countries other than Korea).
- Pre-register school-aged children online and obtain records from current school (https://www.dodea.edu/registration-process.cfm).

30 Days Before Departure from Current Duty Station

- Make reservations for temporary accommodations when you arrive in Korea.
- Make travel arrangements through the Travel Office - if you are traveling with pets, you should consider doing this as soon as possible as pet slots on the Patriot Express are limited and fill up quickly.
- Contact the postal service, and arrange for your mail to be held. Soldiers and their families are assigned a mailbox and address during in-processing.

14 Days Before Departure from Current Duty Station

- Plan your baggage for the plane, including entertainment options and/or any treats for children.
- If possible, start shifting your schedule to Korea time (staying up and sleeping later).
- Use up or give away perishable or opened foods, anything in glass containers, flammable items, aerosols, etc. Check with your shipping company to determine any other items they will not ship or store.
- Contact banks/credit card companies for information on fees for international purchases and ATM withdrawals.
- If you are traveling with pets, obtain a health certificate within 10 days of your arrival in Korea. It is recommended that you utilize a military veterinarian, as they have the USDA endorsement required for health certificates.

Command Sponsorship

Military member eligible to have their family members accompany them in Korea must fill out paperwork requesting Command Sponsorship. Command sponsorship allows dependents to travel and live with the military spouse on base in a foreign country fully funded by the government. Command sponsorship benefits requirements, and programs vary by service. Your sponsor should assist you with this process. Note that Tricare coverage in Korea for secondary adult dependents (an adult dependent other than the spouse living in the home) differs from benefits you may be receiving at your current duty station. Verify the coverage and services you need for all members of your family prior to relocating in Korea. Families choosing to accompany military members without command sponsorship will have very limited access to support services such as medical care, schooling, and housing. If you need to apply for command sponsorship after arriving in country, contact the command sponsorship program office.

POV Licensing and Registration:
Yes, all Command Sponsored service members, joint domicile status service members authorized to ship a POV and the aforementioned family members are authorized to obtain a USFK driver’s license.

POV Licensing and Registration:
Non-Command Sponsored dependents whose sponsor is E-7 and above are permitted to obtain a USFK driver’s license. Service members in the grade of E-6 and below and their Non-Command Sponsored dependents require an exception to policy from the first O-5 in their chain of command to obtain a USFK driver’s license.

Emergency Leave:
Yes, Command Sponsored family members and their sponsor will be obligated by the government for transportation back to the United States for emergency leave.

Non-Command Sponsored families are not eligible for government-funded travel. Non-CS families are eligible to use Space A travel out of Osan Air Base for reduced travel costs to get to the United States.

Yes, though category of travel is situation-dependent.

Patriot Express Space A Travel:
Yes, though generally Non-Command Sponsored families are in Category V.

*All children, regardless of age, are to be registered in DBIDS. To ensure proper ration limits are set for family size, sponsor should ensure that all family members are registered. To register a child under 10, sponsor should bring original/certified copy of child’s birth/adoption certificate or U.S. passport and have the child’s social security number available.

Exceptional Family Member Program (EFMP)

Soldiers who wish to have their family members accompany them to Korea must complete an EFMP screening (whether or not they have family members already enrolled in EFMP or not) at their current duty station as part of their command sponsorship request. The EFMP screening process is designed to identify and document special medical and/or educational needs of family members and ensure their needs are considered during the assignment process. The army wants to ensure family members who have special needs receive the care they require. For OCONUS assignments, availability of health care from host nation medical facilities are considered. If you or any of your family members are enrolled in the EFMP program and are approved for command sponsorship, you should still contact your local EFMP office ahead of your arrival to verify if the services you require will be readily available to you.

Required Forms

DA Form 5888 (Family Member Deployment Screening Sheet): your soldier should receive this form from his/her reassignments work center. Upon filling out the form, you must schedule an appointment through the EFMP office at your military treatment facility. A screener must review the form before your soldier’s losing Military Personnel Division (MPD) may submit it to the Korea MPD as part of your command sponsorship packet. Start this process as soon as possible - no more than 180 and no less than 30 days out from your soldier’s report date to Korea.

The following two forms must also be completed and submitted ONLY IF DA Form 5888 is annotated "consideration warranted":
DD Form 2792 (Exceptional Family Medical Summary)
DD Form 2792-1 (Special Education Early Intervention Summary)

POVs

There are many things to consider when thinking about shipping your vehicle to Korea. First, can you bring your privately owned vehicle (POV)? Generally, command sponsored service members are authorized to ship one POV. In accordance with USFK Reg. 190-1, chapter 3, “regardless of SOFA privilege status, only one POV per sponsor may be registered with a USFK motor vehicle recorder.” Your PCS orders will specify if you are allowed to ship your POV. If you own a motorcycle, you can ship it as part of your household goods (thought keep the Korea HHG weight restriction in mind). Regardless of size, all motorcycles and mopeds must be registered with the local DMV.

Second, do you even want to ship your POV to Korea? Although Korea is a modern country with large expressways like you would find at home, some secondary streets are very narrow, and there is the possibility of damage. If you choose not to bring your vehicle to Korea, there are options. There are many second-hand vehicles (also known as “hooplies”) that you may purchase from someone PCSing from Korea, or you might consider visiting a used car lot. Keep in mind that buying a vehicle that is already SOFA-registered is a little bit easier than one that is not yet registered. The process will require both the buyer and seller being present to do the paperwork that is necessary.

Once you receive orders that state that you may ship a POV at the government’s expense, you should visit the Vehicle Processing Center’s (VPC) website. Go to www.pcsmypov.com where there will be a ton of information that will help you out. In the meantime, here is a fast track version to give you some quick pointers.

At the website, you will find more information regarding preparation of your POV for shipment, including cleaning requirements, necessary safety inspections, and additional paperwork you may need to fill out. It is extremely important to note that you MAY NOT ship a vehicle with any open recalls. If this applies to you, be sure to give yourself plenty of time to have this corrected and retain proof that you have no open recalls, the VPC will ask for this.

Checklist: Shipping Your POV to Korea

- In order to ship your POV to Korea you will need:
  - Official orders
  - Proof of shipping entitlement
  - Proof of identity
  - Proof of ownership, title and/or registration of the car
  - If applicable, lien holder shipment authorization letter
  - If applicable, lease holder shipment authorization letter
  - Power of attorney (if someone other than the service member is dropping the car off for shipment)

*If the spouse is the owner of the vehicle the will need to be present during during the turn-in process along with the above documents.

Checklist for Preparing for Your Vehicles Arrival in Korea

- Use the VPC website to get an idea of when your vehicle will arrive
- Prepare to test for your USFK driver license: https://www.army.mil/e2/c/downloads/326068.pdf (you can take the test once you have attended the Newcomer Orientation)
- Gather the paperwork that you will need to pick up your vehicle, which includes (but may not be limited to):
  - USFK Driver’s license (or US Driver’s license if you are within one month of your arrival in Korea)
  - Military ID
  - PCS orders
  - Proof of ownership (title or previous registration)
  - Proof of insurance
  - Korean Customs Import Document (will be provided upon pick-up from your VPC)
  - Safety Inspection Certificate (you will complete this after pick-up)
  - Power of Attorney (if applicable)
  - Letter of Employment or Contract (700-19) - civilians only
  - Vehicle Inspection Form
  - Temporary license plates (To obtain these, you will visit the DMV with your DOD ID, orders, proof of insurance, import document (e-mail from VPC saying your vehicle is ready for pick-up), USFK Form 31EK-E, and Korean won)

* Note: Command-sponsored service members and their family members (regardless of grade) are authorized to obtain a USFK license.
***Some VPCs have an office where you can obtain temporary plates at the same time that you pick up your vehicle.

Permanent Registering Your Vehicle Checklist:

- USFK Safety Inspection (performed at an on-post auto center)
- Proof of ownership
- Import documents
- Proof of insurance (USAA or Korean insurance such as AIG)
- USFK driver license
- DOD ID card
- Orders - or - Letter of employment/contract (civilians only)
- USFK Form 31EK-E
- Power of Attorney (if applicable)
- Prior to your vehicle arriving, it would be a good idea to check out the DMV at the USAG Humphreys One stop, BLDG. 6400.

Once you have registered your vehicle with the local DMV, you must visit your DBIDS office to obtain a USFK Vehicle Registration Decal. Bring all of your documents and the vehicle to be registered, and you will receive the decal.

If your family should find itself in need of a second vehicle, there are steps that you may be able to take. Usually each sponsor is only allowed to register one vehicle at a time while stationed in Korea, but you may be able to obtain an exception to policy (ETP). Visit your DBIDS office to pick up a packet that will outline the steps that you must take, but generally this will entail a memo outlining the reasons that you/your sponsor need a second vehicle and approval in the form of a memorandum from the first O-6 in your sponsor’s chain of command. These memos will be submitted to the O-6 Area Commander, who is the approval authority. This process can take several weeks to complete. If you are denied, there are still options open to you. If you shipped a motorcycle as part of your HHG, you do not require an ETP to register it. Additionally, if you choose to purchase a motorcycle or moped locally, you are also not required to obtain an ETP. Note, that if you have a car and motorcycle already registered and want to obtain either another car or another motorcycle, you will need an ETP.

For more details on getting started with a POV in Korea, visit your local DBIDS office or visit https://www.army.mil/e2/c/downloads/329214.pdf to read USFK Regulation 190-1 (Motor Vehicle Traffic Supervision).
HHG, NTS, UB and Luggage

Where do I put all this stuff? Just like any other PCS move, the government will pack and move your household goods (HHG) to Korea. However, unlike a typical CONUS PCS, your weight allowance will be further limited than usual. According to the Joint Forces Travel Regulation, a service member serving an accompanied tour to most areas in Korea is limited to 50% of the HHG weight allowance, and a service member serving an unaccompanied tour is limited to 25% of the HHG weight allowance. For example, an O-5 with dependents is typically allowed to ship 17,500 lbs. of HHG CONUS. This service member would be allowed to ship 8,750 lbs. to USAG Humphreys, Korea. Keep in mind that storage space in Korea is very limited. On post housing residents typically have a small storage area allotted to them, but this is often not the case for those living off post. Do bring the things that you cannot live without, but avoid bringing things “just in case.” Also remember to leave room in your weight allowance for special treasures that you pick up in Korea and on your travels!

Once a service member receives his or her orders, decisions must be made on how to split the family’s belongings among four categories: luggage that you carry with you, unaccompanied baggage (UAB), HHG, and Non-Temporary Storage (NTS).

Luggage

This is what you will be bringing with you on the plane. Bare in mind that you may be living out of your luggage for several weeks, depending on when you shipped your UAB and HHG, along with how quickly you are assigned housing. There are Exchange shopping facilities and thrift stores on installations throughout Korea, but selection can be limited. Also, do not count on ordering online right away, as being assigned a mailbox is part of the service member’s in-processing.

Each family member should have their own ticket, and therefore each should be entitled to checked bags. It is recommended that you bring the maximum amount of suitcases allowed to ensure that your family has everything it needs, but keep in mind that you will be responsible for carrying it all yourselves. This can be challenging, especially with small children and pets (if you are bringing them), once you arrive in Korea. Be sure to check your orders and with your airline regarding the number of bags allowed per passenger and the weight limit, some airlines have very generous policies for military traveling on orders. Car seats, booster seats, and strollers can often be checked for free or as one of your checked bags. Check with your airline concerning policies on in-flight car seat requirements for your child’s age, height, and weight.

Unaccompanied Baggage (UAB)

This portion of your shipment should include the things you need shortly after you arrive in Korea. It will arrive via air cargo, though delays are possible. It is limited to no more than 2,000 lbs. and cannot include furniture or major appliances. Remember that the weight of your UAB is part of your total HHG weight allowance. What you put in your UAB should be planned carefully, as the rest of your HHG can take on average two to three months to arrive once packed and shipped. Careful planning will also cut down on what you may need to borrow from the ACS Lending Closet or purchase upon arrival.

Household Goods (HHG)

This is the largest of your shipments. Remember that HHG can take two to three months to arrive, so consider sending them as early as possible to avoid living without all of your belongings for too long once you arrive in Korea. Inventory this shipment carefully before it leaves, and take color photos of any special items. Hand-carry these photos to assist you in making any damage claims once your shipment arrives. The following are things to consider bringing in your HHG.

Air purifiers and filters: Many people find the air quality in Korea to be a problem, particularly among small children and those with breathing conditions. Ensure that you bring enough filters for your stay or that you find a supplier that will ship to your APO address.

Small tools: though some tools are available to borrow through the Self Help center on your installation or purchase at your Exchange, it is best to plan ahead for what you may need. Suggested tools to bring are a small saw, a good drill with masonry bits (most housing has concrete walls), concrete nails, step ladder, and screws with anchors.

Baby items: The Furniture Management Branch of Housing does not offer cribs, toddler beds, or changing tables for loan. If you have
a baby or expect to have one during your time in Korea, it is best to bring these items in your HHG, especially since you may find it difficult to find these items for sale locally or to order them online. ACS does have a limited supply of pack ’n play systems for loan while you await your HHG shipment.

**Specific clothing needs:** Purchase an adequate supply of your preferred clothing, particularly undergarments prior to your PCS to Korea, or check to be sure that your favorite clothing companies ship to APO. Although your installation may have a large Exchange store, selection of many items is limited, particularly if you are not typically sized. Shopping for clothing on the economy can be particularly difficult as the sizing is very different from what we are used to, and sizes tend to favor the small/ slim. The following is a list of some stores that ship to APO:

Amazon Prime - this is generally the fastest way to get something, although some Prime items will not ship here
- Lane Bryant
- Torrid
- Hot Topic
- Gap/Old Navy/Banana Republic
- Buckle
- Land’s End
- Target

**Sports equipment:** Bring your own gear such as golf clubs, tennis equipment, ski gear, camping/hiking gear, and sports shoes for your children (may consider bringing the next size up). These items are available in Korea, but brands and prices will differ greatly from what you are accustomed to. Dicks sporting goods is a great website for sports equipment and will ship to an APO.

**Sewing machine and craft supplies:** Have your machine serviced before you come, and bring all your essential notions and accessories. There may be an Arts & Crafts center on your installation, and there are also places on the economy such as Dream Depot, Daiso, and markets in Seoul to buy fabric, yarn, and craft supplies, but they may not be the same brands that you are used to.

**Grill:** If you live on post, there may be a place to use your grill, and depending on where you choose to live off post, you may also be able to have one at your home. You may not bring a propane tank (even an empty one) in your HHG, but they are available for purchase on your installation, as is charcoal.

**Non-perishable food:** Check with your assigned moving company, but some will allow you to bring unopened items in sealed containers. This is beneficial for those with special dietary needs/wants, as commissary selection can be limited. Consider your weight limit, and check expiration dates before your shipment is packed.

**Rugs & curtains:** On post housing features laminate wood floors, and many of the homes off post have tile or linoleum flooring over concrete, so it is beneficial to bring your own area rugs or purchase them before you arrive. Also consider bringing your own curtains and rods. Exchanges do have some rugs and curtains, but sizes and selection are limited.

**Mattresses, box spring, and bed frames:** As stated earlier in the UAB section, the loaner mattresses are VERY firm. Also, the sizes are limited to queen and twin XL. If these do not suit your needs, consider bringing your own mattresses, box springs, and frames. If you still wish to use the loaner beds, it is highly recommended that you ship some kind of mattress topper or feather bed.

**Home decor and holiday decorations:** Pictures, books and decorations, particularly during the holidays, are what make your house a home. Be sure to bring at least some of your decorations as they will boost your morale. You may want to be selective in what you bring and leave the rest in storage. Factors to consider are amount of space, wall material (very heavy wall-hangings are better left in storage), and the value of your items (you may want to consider leaving irreplaceable or fragile items with family or in storage). Some holiday decorations should be available at your Exchange or on the economy, selection and quantity may be limited. For example, you may not be able to find “real” Christmas trees.

**Entertainment center/TV stand:** Although Housing does provide a TV stand in your loaner furniture, it may not be suitable if you have a particularly large television.

**Futon/sleeper sofa/air mattress:** Housing will only provide enough mattresses and bed frames for each family member. If you plan on having visitors stay with you during your time in Korea, consider bringing some type of item for them to sleep on.
Sofa: Like the Housing-provided mattresses, the sofas loaned to you are not very comfortable, and you may not care for the color or fabric. If you have room in your weight allowance, bring your own sofa. Most housing options are even spacious enough for some sectional sofas.

Humidifier/dehumidifier: The summers (monsoon season) are extremely humid in Korea, and you should consider a dehumidifier to combat potential mold/mildew problems that may arise. Dehumidifiers are not available at the Self Help center or from Housing, and while the Exchange does carry them, they may run out. If you know you will be living on post, consider shipping a dehumidifier in your HHG. They are also available on the economy, which would be a good option if you live off post. Conversely, the winters can be very dry. A humidifier is essential to reduce bloody noses and dry coughs.

Fans/space heaters: Some housing areas have ceiling fans, but many do not. Though on post housing has central air and heat, the dates that they are turned off and on are controlled by housing, so you may find that fans/space heaters make you more comfortable during the interim times. Also, heating and air conditioning costs off post can be very expensive, so fans/space heaters may reduce your power consumption. These items are for sale at the Exchange and on the economy, but availability will vary with the season.

Router for wireless internet: If you have one that you like, bring it. A selection is also available at the Exchange, or one may be ordered online.

Computers/electronics: When considering whether or not to bring certain electronics, check the voltage on your device. Many items today are dual voltage, while some are not. On post is typical 110V (with some 220V outlets). Off post is 220V however many off base houses have 110v as well. Also check with your manufacturer regarding the availability of parts and service while you are in Korea.

Mosquitoes: These can be a huge problem in Korea, depending on the amount of rain. They are active from the mid-spring well into the summer months. There are some options available to minimize mosquito problems, but it is recommended that you bring any items that have worked for you in the past. Mosquito nets over beds are also helpful, so bring them if you can. Although nets may be purchased locally, size and style are limited.

Non-Temporary Storage (NTS)

This last portion of your belongings will be stored at your current location at the government’s expense. There are some considerations to keep in mind while planning your NTS. For example, firearms are not allowed to be shipped to Korea, and while they ARE allowed in your NTS, there is additional paperwork required, and ammunition is not allowed to be stored. Also, if you extend your tour in Korea beyond two years, you must submit your amended orders or extension memo so that your storage will continue at the government’s expense. Lastly, if you have items in storage and then move to another overseas location, you may be entitled to have all your items shipped from NTS to a new location. However, it is not possible to ship some items and leave some in storage. If you currently have items in NTS and wish to have them at your new residence in Korea, note that they cannot be released until you have a final address in Korea. With that in mind, the following is a list of suggestions to lighten your load and leave in your NTS.

Washers, dryers, and other major appliances: it is often spelled out in your orders that these are prohibited from being brought to Korea. Housing will furnish you with a washer and dryer. The rest of your major appliances such as refrigerator and stove/oven will some with your home on or off post.

Large pieces of furniture such as china cabinets and dining sets: the dining sets issued by Housing include a table with leaf, buffet, and a china cabinet, and these items are quite nice.

China and crystal dinner service pieces: unless you do a lot of formal entertaining, it is best to leave these as many homes do not have the storage space to store these items.

Large outdoor toys/play sets or large outdoor furniture: storage is limited, and you may not have a yard in which to set these up. Most homes on and off post only have a small balcony or patio suited for smaller chairs or a bistro table

Large tools/lawnmower: Most homes do not have space for these or yards. If you do live off post in a home with a yard, you should talk to your realtor about securing maintenance.
Suggested checked luggage checklist

- Current seasonal clothing
- Summer: swimsuits, umbrellas, and rain boots
- Winter: warm layers, heavy coat, hat, and gloves
- Several pairs of comfortable shoes, as you will be doing more walking than is common in the U.S., especially until your vehicle arrives
- If you are traveling with pets, you may want to pack ziplock bags of food. For cats, you may want to pack a disposable litter box and a ziplock bag of litter. Depending on your arrival time, you may not be able to get to the PX/commissary to purchase these things before you check into lodging.

Suggested carry-on bag checklist

- Kid-friendly snacks
- Games, toys, and favorite blankets for kids
- Special surprises - parents experienced in long trips recommend having multiple small snacks, books, etc. that kids can open at intervals throughout the trip
- Books and/or tablets (with charger) for older kids and adults
- Neck pillow
- Toiletry kit
- Slippers
- Medications - prescriptions, pain-killers, anti-nausea, sleep aid
- Important paperwork - passports, orders, birth certificates, marriage license, etc.

Suggested UAB checklist

- Kitchen items: Plates, utensils, measuring cups & spoons, pots & pans, dish towels
- Small appliances: microwave, toaster, mixer, coffee maker
- Household supplies: broom, mop & bucket, vacuum
- Bathroom items: shower curtain & rings, towels, bath mats
- Bed linens: pillows, sheets, blankets, mattress covers, foam mattress topper (loaner beds are queen & twin extra-long and are VERY firm)
- Baby furniture & equipment: crib, changing table, large stroller (collapsible furniture such as these are okay for UAB)
- Clothing to span the current and next season
- At least one evening dress/suit per adult for various social functions
- Family entertainment items such as favorite toys and games
- Small TV with DVD player or streaming device such as Apple TV, Roku, or Fire Stick
- Computer equipment
- Small tool box with hammer, screwdriver
- Lightweight decorations

Documents

By now you should have your assignment instructions letting you know that you are on your way to Korea. There are some important documents that will be necessary to have with you in order to make your PCS smoother.

Orders

Of course, your orders are among the most important documents you will need to have. Be sure to have at least 10 copies of your orders, including any amendments, pinpoint orders, and any separate orders for family members. Spouses, keep at least one copy where you can easily access it in the event you need it.

Power of Attorney (POA)

It is wise for all service members and their spouses to have a current POA. Remote assignments, deployments, and Noncombatant Evacuation Operations (NEO) requirements make a POA an absolute necessity in Korea. Whether your family will be coming with you to Korea or remaining in the US, it is a good idea to have a POA prepared before leaving your current duty station. Special POAs are on a case by case basis, and you can consult with the legal office at your current duty station on which ones would be beneficial to your situation.

Employment Records

Family members wishing to work in Korea should hand carry proof of previous employment, such as official personnel records, letters of recommendation, pay stubs, etc. Also bring copies of diplomas, transcripts, and your marriage license to assist in qualifying for Military Spouse Preference. Family members wishing to work on the Korean economy, as an English teacher for example, should bring their original diplomas, as copies of diplomas are not sufficient for the required E-2 visa. Some employers and colleges require an official, sealed transcript with a signature or stamp along the seal line of the envelope.

School Records

Make sure that copies of all school records are up to date and hand-carried. For guidelines on the documents needed for the DODEA schools on post, see the Education section of this publication. School records (diplomas and/or transcripts) are required to take college-level courses at the university campuses on post.
Mail
When it comes to your mail, you are able to put in a hold online or in person at your local post office. These are good for up to 30 days, unless you have permission from your Postmaster for longer. You can then put in a Change of Address (COA) once you get your new address during in-processing. Another option is to put in a COA to a friend or family member’s address. Once you get your new address, you can then put in another COA for your old address and your friend/family member’s address.

Driver’s License and ID Requirements

Driver’s License
Be sure that your United States driver’s license is current and will remain current for your entire tour in Korea (and a few months beyond). This is very important if you want to drive in Korea. Most Departments of Motor Vehicles will allow you to renew your license at any time, so it is wise to do this before you leave the US. Within the first thirty days of your arrival, you will need to obtain a United States Forces Korea (USFK) license to drive on post or anywhere in Korea. There is more information in Chapter 3: “Transportation” regarding how to get your license.

International Driver’s Permit
If you plan on extensive travel in Asia (Japan, Malaysia, Indonesia, etc.), it is strongly suggested that you obtain an international driver’s permit (IDP), also known as an international license. You can get an IDP through American Automobile Association (AAA) or the American Automobile Touring Alliance (AATA). Be aware that there are illegitimate agencies that will try to sell you false documents. You can get an IDP after you reach Korea, but it will take some time to process. You can check the AAA or AATA websites for more information.

Identification Card
Your military identification card (ID) is your lifeline overseas. You will need this to get on post and gain access to most facilities. Until your ID card is registered in the Defense Biometric Identification System (DBIDS) and a ration card is issued (typically during in-processing), you will need a second form of identification to gain access to post. A copy of your pinpoint orders can be used to gain access to any AAFES facility. For commissary access, you need orders that show the dependents’ names, stamped by the ration card office, until your ration card is obtained.

Insurance
The two types of insurance most commonly required by service members and their families in Korea are automobile insurance and household goods/personal effects insurance. The insurance company that you do business with in the US may also provide coverage in Korea. It is easier to call before you leave the US to confirm which company can provide either insurance for you. There are also affordable, reputable companies in Korea who will provide coverage to Americans serving here.

Automobile
Automobile liability insurance is required to register a motor vehicle with the local DMV and on your installation. Check with your insurance company to be sure your auto policy covers living abroad.

Personal Property/Renter’s/Homeowner’s
Many service members also choose to carry a “renter’s policy” to cover their personal property against fire and theft. Also, if you own a home in the US and plan to rent it while overseas, be sure to talk to your insurance company regarding required changes to your homeowner’s policy. Check with your insurance company and make sure your renter’s/homeowner’s policies cover living abroad.

Passport/Visa
The US government will provide a (required) no-fee passport to all eligible command-sponsored family members. Contact your local personnel office for the proper forms and information. The processing time is generally between six and eight weeks, so begin the process as soon as orders for command sponsorship are approved. Do not depart your losing installation without applying for the no-fee passport. In some instances, you can travel to Korea using your tourist passport and your no-fee can be forwarded to you once completed. In the event you do not have a tourist passport and time is running out for your no-fee to arrive, you might consider applying for an expedited tourist passport. There are fees associated with expedited processing, and you will not be reimbursed for these. However, it might be worth it to you if you want to ensure the ability to travel with your sponsor. When applying for any type of passport for your children, both parents need to be present. If one parent cannot be present the Form DS-3053 “Statement of Consent” must be completed. You can get more information at travel.state.gov regarding passport regulations.

All family members, civilians, and even newborns must obtain an A-3 visa (which allows for multiple entries into Korea) and SOFA stamp within 90 days upon arrival. You can obtain one at your local immigration office, and some locations, such as Osan Air Base, have an immigration official present at the passenger terminal. When you go to apply, you must have a copy of
your complete orders and color copies (front and back) of your sponsor’s ID and the IDs of all family members getting stamps and visas. A SOFA stamp can only be issued through to your date eligible to return from overseas (DEROS), so in the event you are extended, make sure to update your SOFA stamp to save yourself any fees upon finally PCSing.

Although an active duty service member can generally travel with his or her military ID card, accompanied by military orders, to the overseas duty station and be allowed to stay for the full length of the assignment without a visa, all personal travel requires a tourist passport. If you wish to travel in any capacity outside of Korea, each person in the family (to include the military member) is encouraged to have a US tourist passport as well. You can obtain a tourist passport through your local US Post Office for a fee. Service members are also advised to have a copy of their leave papers whenever they go on vacation. Whether you travel for fun or on orders, it’s a good idea to take both passports with you, there can be some confusion when you enter and exit the country.

Generally, SOFA stamp holders are not required to get a Korean Alien Registration Card (ARC). However, in some circumstances, it may be helpful to have a card. It can make Internet banking easier and make it possible to register for certain types of classes. If you would like to get an ARC, you can fill out a form at the immigration office when you go to get your SOFA stamp.

Medical

Medical, Dental and Vision Evaluations
Complete any upcoming checkups, such as dental cleanings or children’s annual pediatric checkups (to include a sports physical if necessary) prior to departing for Korea. A current physical is required to enroll children at Child & Youth Services. Having recent dental cleanings will allow you time to get settled and obtain recommendations for providers in the area.

Prescriptions
Fill prescriptions for all family members prior to departing for Korea. Plan to have enough on hand for the journey, any unforeseen delays, and for at least three months after arrival; hand carry them with you.

Immunizations
Be sure to get an up-to-date copy of your shot records for all members of your family that will be coming with you. A current immunization record is necessary to enroll children in school. For more information, please see the Medical section of this publication.

Document Checklist

- Orders (10 or more copies)

Pets

If you are a pet-owner on assignment to Korea, you may be wondering what to do with your furry friends. If you want to bring them with you, there are factors to consider.

Veterinary Care: while your installation may have a veterinary treatment facility (VTF), care is primarily limited to preventative medical and surgical care. Emergency care is not available at military VTFs, and civilian veterinary care may be limited in some areas.

Number of pets: Korea allows importation of no more than four animals per person. Also, in the event of Noncombatant Evacuation Operations (NEO), only two pets (cats/dogs) are authorized evacuation.

Housing: Not all housing areas in Korea allow pets. In on-post housing, you are generally limited to two pets (dogs, cats, or ferrets) and up to four small caged animals or birds and/or an aquarium not to exceed 50 gallons. Many off-post homes will allow pets, and you should make this requirement known to your realtor when looking for one.

Expenses: Although SOFA members are exempt from Korea’s import tax on pets, there are costs associated with bringing pets with you. Prior to departing your current duty station, you will be responsible for the cost of necessary vaccinations, a microchip, blood work, and office visits for a health certificate. You are also responsible for your pet’s travel costs, either in-cabin or as cargo, whether you fly on the Patriot Express or a commercial flight.

If any of these are prohibitive to you, you should consider leaving your pet(s) with a trusted friend or family member for the duration of your stay in Korea. However, if you choose to bring your animals with you, read on for help in fulfilling the necessary requirements.

From the US/CONUS area: you will need an original health certificate (APHIS Form 7001) issued by an accredited veterinarian and endorsed by a USDA veterinarian, unless signed and stamped by a Military/GS veterinarian in BOTH BLOCKS with a valid certificate number. All health certificates must include original signatures (in blue ink) no copies!

From locations outside CONUS: contact the Korean Quarantine and Inspection Agency to confirm requirements. You will need an original health certificate issued by an official government veterinarian from the host nation (ex: certificate and kennel stamp from the Japanese export veterinarian or an EU pet passport signed and stamped by a German government veterinarian). Contact your servicing military VTF for assistance. All health certificates must include original signatures, no copies!

ISO-Compliant microchip: these are mandatory for all dogs and cats, regardless of age. The microchip number must be stated on the official health certificate. ISO-compliant microchips are usually 15 numbers (no letters). If your pet already has a microchip that is non-compliant, you must have a compliant one placed before travel.

Rabies Vaccination: should be performed at least 30 days prior to and be within the reported expiration date (1 or 3 year vaccination) at the time of arrival. Bring your original rabies vaccination certificate, signed in blue ink.

Rabies Antibody Test (FAVN) for dogs/cats over 90 days old: results should be equal to or greater than 0.5IU/mL and should be stated in the remarks section of the health certificate. Testing should be performed at least 30 days prior to but not more than 2 years prior to travel to Korea. You must have the original report, not a copy, to present at the time of entry. The tests should be performed by either the DoD Food Analysis & Diagnostic Laboratory or Kansas State. Note that animals from a rabies-free country do not require a FAVN test.

For complete instructions on preparing your pet(s) for travel to Korea (including how to complete the FAVN test), visit the following website: http://www.korea.amedd.army.mil/veterinary/index.html?2

Please note that any dog or cat presented for entry to Korea that does not meet the requirements could be returned to their point of origin at the owner’s expense. Any animals not returned will be placed in quarantine at the owner’s expense.
**PCSing to Korea Pet Checklist**

This checklist of paperwork required for pet travel is applicable for the import of cats and dogs aged 90 days or older. Contact your veterinarian and airline for the most up to date requirements.

**2-4 months before travel**
- ISO-Compliant Microchip (ISO11784 and 11785 standards)
- Original Rabies Vaccination Certificate (Greater than 30 days old)
- Original, passing, rabies-neutralizing antibody test (FAVN) results.

**As soon as Possible**
- Flight itinerary
- Copy of your orders
- Medical record and personal information about your pet
- Telephone numbers of a person receiving the pet at the final destination.
- Unit forwarding address in Korea.
- Feeding schedule for your pet.

**1-10 days before travel**
- Original health certificate issued by a USDA-authorized veterinarian (must have a confirmed microchip number and list the result of the rabies antibody test) within 10 days of travel.
- Letter of acclimation (may be separate or attached to the health certificate).

Tip: Be sure to have at least 2 copies of everything so that you have one with you incase an item is lost during travel and so that you have them to begin building your NEO packet as soon as you get in country!

**Getting Your Pet to Korea**

Whether your pet travels accompanied or unaccompanied, if you arrive after hours or during the weekend, your pet will be kept at the airport due to customs duty hours. If possible, pets should arrive during weekday/daytime hours to prevent unnecessary stress for the pet or the owner.

**Dog Restrictions**
No specific dog restrictions are listed for entering Korea; however, airlines have specific guidelines for transporting certain breeds. Contact your carrier for more detailed requirements for transporting your pet. If you own an American Staffordshire Bull Terrier (Amstaff), Bull Terrier, Argentinian Dogo, Japanese Tosa, Staffordshire Bull Terrier (English Staff), Pit Bull Terrier, Brazilian Fila, Rottweiler or mixed breed dogs that appear to be a predominant breed listed, you should verify the specific breed restrictions at your new duty location prior to your PCS from Korea.

**Commercial Airline Transport**

US airports require physical screening of all pets and kennels transported in the passenger cabin, accompanied baggage, or as air cargo. If your pet is “carry-on luggage,” you will remove your pet from its kennel and walk through passenger screening at the security checkpoint. The kennel will undergo the same procedures as carry-on luggage or checked bags.

For pets transported as cargo, the airline may require you to remove your pet from its kennel to allow for security screening of the kennel before your pet begins transport.

Most airlines allow only a limited number of pets on a flight, so you may want to book earlier rather than later. Be prepared to provide your pet’s breed, size, weight, and crate dimensions. Contact the airline for the specific requirements for traveling with your pets. Requirements, including date restrictions and breed restrictions, vary according to the airline. If flying commercially, contact the airline prior to purchasing tickets to ensure pets will actually be able to fly on the day of travel (e.g., ask about the airline’s regulations regarding pets on flights greater than 12 hours, outdoor temperature restrictions on travel date, pet flying in-cabin, etc.).

**Military Transport (Patriot Express)**

Effective September 2014, cats and dogs leaving Korea can fly aboard Patriot Express. Discuss pet travel with the Travel Office when making travel arrangements. If you are traveling by Patriot Express, please reference the Facebook page “Osan Passenger Terminal.” Along the lefthand side under photos, at the bottom of the photos page, is a section on pet travel. Here you can find contact information for the latest updates on military transport pet travel. Pets are generally not allowed to accompany the military member on the Military Processing transportation bus from Incheon to USAG Yongsan; however some small pets confined to an airline approved carry-on sized pet carrier may be allowed on the bus. Confirm current regulations at the time of making your bus transfer reservation. Pets can be transported from Osan to USAG Humphreys on the military transport.
Unaccompanied Transport
If you choose unaccompanied travel for your pet, you may want to consider using an animal or pet broker that will serve as your representative to negotiate the process for you. The links for pet travel assistance are provided below for your reference. Inclusion in this list does not constitute an endorsement.

Pet Quarantine
The Quarantine Inspection Agency determines if your pet meets all requirements for entry into Korea. To help avoid quarantine, be sure you have a valid, original rabies certificate; original, current, passing FAVN results; and a completed (no empty fields) health certificate (APHIS form 7001 and DD 2209). The pet must be registered on post as soon as it is released from quarantine.

If you encounter problems at Incheon airport, contact the USFK Incheon Customs Office at the number below.
Location: USFK Incheon Customs Office Phone: 050.3323.7561, 010.3708.5214 (After duty hours, weekends, and holidays) DSN: 723.7561 Hours: Monday-Friday 8:00 am-5:00 pm

Transportation For Your Pet Upon Arrival
Depending on the size of your pet and their method of transportation you may need to look into transportation for your pet from the airport to Camp Humphreys. The buses between the military bases do allow pets on them, however they must be in their kennels. If you have a larger pet especially those in the large and extra large travel kennels you may have difficulty fitting the pet as well their kennel on the bus and may want to look into other options.

The Yongsan Pet Care Center: They will coordinate picking your pet up from airport (both Osan and Incheon) and transporting the pet to Camp Humphreys as well as Yongsan for a fee.
Location: Yongsan Pet Care Center, Building 5256 (located next to Gate 13)

Lodging For Your Pet upon Arrival
Care for your pet will have to be pre-arranged prior to arrival in Korea. The USAG Yongsan Pet Care Center is an official quarantine facility for the Republic of Korea and is the primary pet care provider for all pets in a PCS-inbound status. See Pet Boarding and Grooming below for contact information.

There are a limited number of pet rooms available at the Humphreys Army Lodging so it is important to contact them as soon as you can to book your stay to advise them that you will be bringing pets so that they can make the proper arrangements for you. There is a $3 per day, per pet fee for the pet rooms as well as a non-refundable fee of $50 per stay.

Humphreys Army Lodging Contact Information:
https://humphreys.armymwr.com/programs/humphreys-lodge

The MWR website will provide you with all of the necessary information and forms you need to fill out to reserve your pet friendly stay!

Phone: 031-692-0825
To call them from the US please call 011-82-31-692-0825

If you are unable to book a pet friendly room at the Humphreys Army Lodge you have the option of kenneling your pet or staying at another lodge or hotel off base. Please contact the Humphreys Army Lodge for a list of approved hotels off base and their pet policies and see Chapter 3 Pets for kennels near Camp Humphreys.

Tip: Larger dogs are not as common as pets in Korea, please keep this in mind. All of the kennels listed here have experience with larger dogs, however in your personal research, bookings and travels you may run into varying degrees of acceptance for larger pets.
What to Expect When You Arrive

Post Arrival in Korea

Upon arrival, soldiers will typically be required to present two complete copies of their orders and all amendments, medical and dental records, and leave form (DA 31), so be sure to have those readily available. Carry your identification card, ration control card (once you obtain it), multiple copies of orders, a power of attorney, and your passport with you wherever you go for the first two weeks.

In-Processing

All military personnel are required to in-process shortly after arriving in Korea. Locations for in-processing vary depending upon branch of service. Your military liaison or sponsor should know exactly when and where you will need to go for in-processing. The following information is provided for your convenience. It is helpful to call before you go to verify information and to check hours of operation. Thursday mornings many offices are closed for training.

US Army

At Camp Humphreys you will begin a 5 day POI, the schedule and all other needed information is provided upon arrival.

Checklist: Post Arrival in Korea

The following list will help guide you in completion of tasks in a timely manner.

Week One

☐ Complete in-processing (see In-processing, below)
☐ Register in Defense Biometrics Identification System (DBIDS) and obtain ration card (see Ration Card, below)
☐ Register with Housing Office (see Housing, below)
☐ Once housing is obtained, determine items needed from ACS Loan Closet until your Unaccompanied Baggage and/or Household Goods are delivered
☐ Once housing is obtained, setup your telephone and Internet services, as desired (see Telephone/Internet)

First Ten Days

☐ Register your pet with Veterinary Services (See Pets section of this publication) and turn in pet health records (must be done by Day 10)
☐ Visit Army Community Service (ACS) for a Welcome Packet (See ACS and CYSS section of this publication for contact information)

First 30 Days

☐ Obtain driver’s license (see Driver’s License below)
☐ Set up Korean cell phone service
☐ Visit the TRICARE office to turn in medical records and register for TRICARE
☐ Drop off records at the Dental and Optometry clinics
☐ Register children at CYSS for activities

First 90 Days

☐ Obtain A-3 Visa and Status of Forces Agreement (SOFA) stamp (see SOFA/Visa Stamp, below)
☐ Participate in the USAG Yongsan Spouse and Civilian Newcomers’ Orientation (see Orientation, below)
☐ Complete a Non-Combatant Evacuation Operations (NEO) packet

☐

☐

☐

☐
DBIDS/Ration Card

One of the first steps following in-processing is to enroll in DBIDS and obtain a ration card (also known as a ration “plate”). The sponsor must be enrolled in DBIDS before family members can be enrolled. You must have your identification card with you to be enrolled. All family members must be enrolled. You must be enrolled in DBIDS before you can register your vehicle or receive your ration control card.

Once you have enrolled in DBIDS, obtain your ration card from the ration control section. You will need a copy of the service member’s orders showing assignment and command sponsorship number, a copy of passports for all family members, and a copy of all ID cards, front and back. The service member must be present to accomplish this task. A POA cannot be substituted for the service member.

Location: One Stop (Bldg. 544),
Phone: 050-3357-4002

Housing

All service members, regardless of branch of service or status, must in-process with the Housing Office within 48 hours of arrival or completion of in-processing. All DoD civilians eligible for a Living Quarters Allowance (LQA) are also required to in-process with the Housing Office. The Housing Office will work to make your transition into your new home as smooth as possible, whether you are accompanied or unaccompanied. This includes Temporary Lodging Allowance (TLA), which you may be authorized prior to moving into your permanent residence.

All civilians, unless designated as Key Essential Personnel with specific approval to reside on post, are required to live in off post accommodations. The Civilian Personnel Advisory Center (CPAC) will advise you on your Temporary Quarters Subsistence Entitlements (TQSE) and LQA entitlements.

See the Chapter 3: Housing section for more information on KOHOM/Housing, Appliance Repair, and Self Help Center.

Accompanied Housing On Post/Army Family Housing (AFH)

Command sponsored accompanied personnel and certain designated key and essential civilians are housed on post in AFH. Your PCS travel orders will normally state concurrent travel to government quarters and indicate bedroom number authorization and housing area location. The Housing Office personnel will brief you on projected quarters availability, Temporary Lodging Allowance (TLA) or TQSE, and place your name on the appropriate waiting list.

Bedroom authorization is determined by the size of your family. Couples with no children and families (either married couples or single parents) with one child receive two bedroom units. Families with two children generally receive three bedroom units and those with three or more children generally qualify for four or five bedroom units. Be aware that the age and gender of your children will affect the number of bedrooms you are entitled to in Korea, and smaller children may be expected to share a bedroom.

If quarters are not projected to be available within 60 days of your arrival, or if you are granted concurrent travel to economy quarters, you may be authorized to reside off post and receive Overseas Housing Allowance (OHA). Accompanied service members of all ranks and branches, as well as DoD civilians, are strongly advised not to seek economy housing quarters prior to in-processing with the Housing Office.

Unaccompanied Personnel Housing (UPH)

Unaccompanied personnel of all ranks and branches of service are normally housed in UPH on the installation. Personnel in pay grades of E4 and below will reside in the barracks. Personnel in pay grade of E5 and E6 may reside in barracks if adequate space and privacy criteria are met, or they will reside in the Bachelor Enlisted Quarters (BEQ). Unaccompanied officers and noncommissioned officers in the ranks of E7 and above will be assigned Bachelor Officer Quarters (BOQ) or Senior Enlisted Bachelor Quarters (SEBQ).

Only in the event of adequate quarters being unavailable will an unaccompanied service member be authorized to reside off post. While all UPH meets or exceeds the criteria for square footage, they may not be able to accommodate a full weight allowance of household goods. Full furnishing support is available in all UPH (See Furniture Management Office below).

Location: One Stop Building 6400 Third floor. Phone: 0503.357.9898
DSN 757.9898 Hours: Monday-Wednesday and Friday 8:00am-4:00pm.
Thursday 9:00am-4:00pm Closed on all US Holidays

On Post Housing

USAG Humphreys has 2 different housing areas, one housing area is near the sentry mini mal and the other is near the PX and Commissary. Additional housing near the PX and Commissary is under construction at the time of this publication.
Off Post Housing

Housing on the economy is plentiful and offers a wide variety of styles, to include many high-rise and villa (five stories or less) apartments, as well as a limited number of duplexes and single-family dwelling units. If you are eligible to reside off post due to non-availability of adequate government quarters, or if you are a DoD civilian, you will be issued a statement of non-availability (SNA) from the Housing Office. Once you receive an SNA, you will be required to attend an off post housing briefing. The briefing will provide you a plethora of information about leasing on the economy, such as realtor information, security checklists, utility rates, and housing allowance entitlements.

Service members residing on the economy are entitled to a monthly Overseas Housing Allowance (OHA) and Miscellaneous Housing Allowance (MIHA). The MIHA is provided to help defray the costs of setting up the off post residence. Once you choose your off post unit, the Housing Office will assist you with all the contract negotiations. You may choose to hire a realtor to assist with finding off post housing to ease the selection process and expedite the negotiations with owners.

Note: DO NOT enter into a lease agreement without prior approval from the Housing Office.

Housing Office
Location: One Stop Building 6400 Third floor. Phone: 0503.357.9898 DSN 757.9898 Hours: Monday-Wednesday and Friday 8:00am-4:00pm. Thursday 9:00am-4:00pm Closed on all US Holidays

Furniture Management Office (Loaner Furniture)
If you are an accompanied military family living on or off post, you are authorized furniture support from the Housing Office. Discuss your particular needs with the furniture management office for further information. Military families are usually authorized to keep the loaner furniture to use for the duration of their stay, if you choose to keep it. However the furniture management office will only pick up one time, so it is important to keep in mind what you have brought with you when thinking about what you need from the furniture management office.
Civilian families are only authorized six months furniture support as they are automatically entitled to full household goods shipments.

Driver’s License (Korean)
A USFK driver’s license is required to drive in Korea, even if you are only driving on the installation. A stateside driver’s license, orders, and an ID card are required to obtain a driver’s license. Prior to taking the test, review USFK PAM 385-2, Guide to Safe Driving in Korea, which can be found online at the link below. Once you have successfully passed the test, you will be required to watch a safety video and then be provided your license. Reservations for driver’s license testing must be made at least 24 hours in advance.

Teenagers under the age of 18 with a valid stateside license can be granted driving privileges on post only. Teenagers 16 and over may also apply for a learner’s permit while stationed in Korea.

SOFA/Visa Stamp
The A-3 visa and Status of Forces Agreement (SOFA) stamp are required for dependent family members of active duty service members, DoD employees and dependents, and independent contractors and dependents within 90 days of arrival in Korea. When obtained through Korean Immigration after arrival in Korea, the A-3 Visa and SOFA stamp will be valid for a maximum of two years, but not beyond the sponsor’s DEROS date, the expiration date of the passport, or the expiration date of the sponsor or dependent military ID card, whichever is earliest. Therefore, to avoid a second trip to immigration, you should make sure your ID cards and passports do not expire prior to the sponsor’s DEROS date.

The A-3 visa and SOFA stamp can be obtained at the locations listed below. Be prepared with the required documents (also listed below) to avoid longer wait time or having to return a different day. You can also contact Army Community Services if you have questions about the visa application process. Visas are typically processed on a first come-first served basis, so wait time varies. Most people report shorter wait times at the Osan Passenger Terminal.
Required Documents for SOFA Stamp Checklist

- Completed ROK Ministry of Justice Form 34
- Original valid passport (no-fee passport issued by Army)
- Clear photocopy of the passport data page
- Clear photocopy of Sponsor’s ID card, front and back on the same side of paper
- Clear photocopy of dependents’ ID cards, front and back on the same side of paper
- Original Military Assignment Certification Memorandum (received during in-processing)

National & Religious Holidays

Holiday celebrations are an important part of family life in Korea. All celebrations, no matter how large, center on the home. Women can spend hours preparing the traditional dishes; sometimes a family’s reputation depends on the amount and the quality of the food. After the holiday meal the younger members bow to their parents and grandparents as a reaffirmation of family ties, receive gifts of money and words of advice.

January 1, New Year’s Day (Sinjeong)
The first day of the New Year is celebrated with friends, coworkers and families. The most popular event is the bell-ringing ceremony at Bosingak in Jongno, literally “bell street,” Seoul. The bell-ringing event on New Year’s Eve draws throngs of people from all over Seoul. The bell ringing is preceded by various events like congratulatory performances by Korean stars. After that, all citizens participate in the countdown to the New Year. Then, as the New Year starts, celebrities, civil representatives, and senior members from various fields ring the bell 33 times in celebration of a good year.

On New Year’s Day, it is common for Koreans to travel to famous sunrise spots in order to make New Year’s wishes as they greet the first sunrise. The sun first rises in the East Sea (Dong Hae) off the coast of Korea, so many New Year events are organized on the East Coast.

Lunar New Year, Chinese New Year’s Day (Sinjeong), Seollal
Seollal (Lunar New Year in Korean language) is one of the most celebrated national holidays in Korea. It is celebrated in a similar way to January 1, but on a grander scale. This three-day holiday is celebrated the day before the first day of the first month, on the day of, and the day after the first day of the month according to the lunar calendar.

Traditional Confucian families perform ceremonies to commemorate their ancestors. Most notably, “bowing to their ancestors” is commonly practiced and is very much a part of Confucian tradition. It is a matter of religion for them as well. Confucianism is melted in Korean culture much like Saint Patrick’s Day is in America; it doesn’t really matter whether you are Irish or not. However, many Korean Christians and non-Confucian families don’t bow to their ancestors, due to their faith and practice.

Family members rise early and put on their best clothes. Following
the rite and for the remainder of the time, everyone eats the ritual food of Tteokguk, rice cake soup. Tteokguk, is the main food of Seollal and eating it is believed to add a year to one’s age. Along with eating Tteokguk, there is singing and more traditional food is served. Some examples of traditional foods include: kimchi, rice, and bulgogi.

March 1, Independence Movement Day (Samil Chul)
Koreans observe the anniversary of the March 1, 1919 Independence Movement against the Japanese occupation. This day was officially designated as a public holiday to commemorate men and women who died during the Independence Movement. The March 1 Independence Movement was highly influenced by US President Woodrow Wilson’s Declaration of the Principle of Self-Determination at the Paris Peace Conference in January 1919.

Buddha’s Birthday (Seokgatansinil or Bucheonnim Osin Nal)
Buddha’s Birthday is celebrated on the eighth day of the fourth month of the lunar calendar. Solemn rituals are performed at Buddhist temples, and the day’s festivities culminate with a lotus lantern parade. These lanterns are lit and carried in parades on the evening of the Sunday before Buddha’s birthday.

May 1, Labor Day:
This is not a government holiday, though many banks and businesses may be closed.

May 5, Children’s Day (Eorini Nal)
This day is celebrated with various programs for children who spend the day enjoying themselves with their parents.

June 6, ROK Memorial Day (Hyeonchung-il)
On this day, the nation pays tribute to the soldiers and civilians who have given their lives for their country. At 10:00 am, a siren sounds, calling for a one-minute silent tribute. Memorial services are held at the National Cemetery in Seoul.

August 15, Liberation Day (Gwangbokjeol)
On this day in 1945, Korea was liberated from Japan after 36 years of colonial rule. It also marks the 1948 establishment of the government of the Republic of Korea.

Harvest Full Moon/Korean Thanksgiving Day (Chuseok)
Chuseok is celebrated on the fifteenth day of the eighth month of the lunar calendar (September/October). Chuseok is Korea’s most important national holiday.

On the morning of Chuseok Day, Songpyeon, a type of Korean rice cake, and food prepared with the year’s fresh harvest are set out to give thanks to ancestors through Charye, which is an ancestor memorial service. Formal Charye services are held twice a year: during Seollal (Lunar New Year’s Day) and Chuseok. The difference between the two services is that during Seollal the major representative food is white Tteokguk, a rice cake soup, while during Chuseok the major representative food is freshly harvested rice. People visit family tombs and present food offerings to their ancestors. Most Koreans will return to their hometowns during this holiday, so traffic is unusually heavy and travel times double.

October 3, National Foundation Day (Dangun Nal or Gaecheonjeol)
This day commemorates the traditional founding of the Korean nation in 2333 BC by the legendary god-king Dangun. A simple ceremony is held at an altar on top of Mt. Mani (Manisan) on Ganghwa Island (Ganghwa-do) in Gyeonggi Province (Gyeonggi-do). The altar is said to have been erected by Dangun to offer thanks to his father and grandfather in heaven.

October 9, Korean Language Day (Hangul Nal)
The day commemorates the invention (in 1443) and the proclamation (in 1446) of Hangul, the native alphabet of the Korean language. King Sejong the Great, inventor of Hangul, is one of the most honored rulers in Korean history. This is a national holiday celebrated with a variety of activities and events centered around students throughout the nation.

December 25, Christmas Day (Gidoktansinil)
Christmas is celebrated as a national holiday in Korea as in many other countries. It is a religious holiday for Christian families, while it remains more of a party for younger generations and couples, rather than family gatherings or gift-giving. However, families with little children observe Christmas in the same way as many American families, with Santa and Christmas decorations. Christmas trees in Korean homes are small, and most of them are artificial. The traditional Christmas cakes are very colorful and a very popular treat during the season.
The Korean Language

The Korean language has evolved throughout the centuries. No one knows how long it has been spoken, and despite the geographical closeness of China and Japan, Korean is linguistically distinct from Chinese and Japanese.

Chinese characters were used to write Korean until the 15th century. However, since they were hard to learn and were very different from the Korean spoken language, most people remained illiterate. In 1446, after many years of study and testing by the ruler, King Sejong and his scholars introduced a unique Korean alphabet. It was devised on a purely phonetic basis and consisted of 28 characters. These were arranged in syllable units, or blocks, and not into linear words. This meant the syllables could be written horizontally or vertically on a page. From this original alphabet, Hangul, the modern alphabet has evolved over time. It has 24 characters and follows the Western convention of writing from left to right. Chinese characters are rarely used today in conjunction with the Korean alphabet, as it is possible to communicate fluently without using them.

In the past, English was taught in Korean schools beginning in the seventh grade with an emphasis on grammar instead of speaking; it has been taught starting in the first grade since 1998. The mainly testing-oriented educational system means that many Koreans have memorized a lot of English grammar and vocabulary but feel quite shy about their conversational skills.

Useful Korean Phrases

The following Korean phrases may assist you during your tour in Korea. They are simple conversational words and phrases designed for newcomers. Koreans will be pleased you have made the effort to learn even a little of their language. The key is not being afraid to try and having the ability to laugh at yourself.

Numbers

Chinese numbers are often used when counting sequentially. This includes money, telephone numbers, dates, mileage, etc. When shopping, listen for the Chinese numbers, particularly for the endings, which mean hundred, thousand, and ten thousand. Notice that Korean numbers go as far as 99. Beyond 100, Chinese numbers are used. When counting people, use Korean numbers. Sometimes in the smaller restaurants the prices will be written in the Chinese figures, usually from top to bottom. The following chart offers a brief glimpse of some of the differences in the two systems:

Culture and Customs

South Korea’s population shares a common ethnic and cultural heritage. More than Western people, South Korean individuals tend to view themselves as a tightly knit national community with a common destiny. Intense feelings of nationalism, so evident in athletic events like the 1988 Olympic Games held in Seoul and the World Cup soccer games of 2002, reveal a sense of pride concerning South Korea’s place in the world. This section highlights important traditions, cultural attitudes, and etiquette. Your awareness of these factors will greatly reward you as you meet and interact with new Korean friends.
The DMZ to the Sea committee is grateful to Mr. Young K. Chang, instructor at the Defense Language Institute Foreign Language Center, Presidio of Monterey, California, from whose publication, Cultural Orientation (Korean), much of this chapter is extracted.

Korean Non-verbal Behavior & Etiquette

Customs and attitudes are different in Asia than those in Western countries. Korea has its own set of courtesies. If you take the time to learn and observe them, the rewards are significant.

Meeting and Greeting

The traditional bow has given way to the handshake, but friendly back slaps or arm squeezing is considered rude here. Koreans meeting for the first time introduce themselves only at the invitation of a third party. The formal ritual of introduction is similar to this: The person who knows everyone in the group invites his friends to introduce themselves. One says, “I am seeing you for the first time.” The other repeats the same sentence, and the elder one suggests that they introduce themselves. The introductions and formal bows are followed by an exchange of calling/business cards. These cards are very important in Korea. They give an opportunity for each person to discover the other’s position without rudely inquiring about them. Cards also do away with the need of asking someone’s name twice. As a sign of respect, when someone presents you with a business card, take a moment to read it before putting it away.

The proper use of names in Korea is also important. A person’s name is considered his or her personal property. Koreans regard their name with reverence. The persistent wave of Westernization has accustomed Koreans to being addressed by their family name, but only intimate friends and family greet each other on a first-name basis. Koreans prefer titles rather than names. For example, you would call the company president “Sa-jang-nim” or someone with a PhD “Bak-sa.” Teacher or “Sun-saeng-nim” is an acceptable title for anyone.

Try to remember that no matter how “Western” many Koreans may appear on the surface, their thinking is still governed by traditions, which are based on a culture several thousands of years old. The following list covers some important traditions relating to etiquette:

- Looking into an acquaintance’s eyes was generally considered impolite. Though this is not necessarily true today, older Koreans may find direct eye contact offensive.
- Use your right hand when performing tasks such as presenting gifts, paying a bill, or pouring a drink. Your left hand should loosely cup your forearm. The closer your left hand is to your wrist the less respect is being given, while your left hand cupping your forearm near your elbow would show greater respect. Using the left hand for these tasks is considered very impolite; most Koreans do understand that the Western custom is different.
- Do not point the index finger toward a person or gesture with your foot, it is considered insulting. You may gesture with your full hand, palm upward.
- Do not write someone’s name in red ink (e.g., endorse checks, sign letters, etc.). A name written in red means death.
- If invited to dine at someone’s home, bring a gift. When presenting the gift, use proper etiquette as stated above.
- Take your shoes off when entering a Korean house or restaurant with low tables.
- Do not start eating before your guest of honor or senior.
- Do not say, “I don’t drink” when offered unwanted alcoholic beverages. It is more polite to say, “I’m not feeling very well today,” “I’m a designated driver,” or “I’m on medication.”
- Do not eat or drink without offering food or beverage to your colleagues.
- Ask your Korean guest more than once to help himself to more food and drink.
- Do not pour your own drink; pour for someone and let him reciprocate.
- Try to wear conservative clothes. Bare shoulders are considered inappropriate.
- See your guest off at the gate/door, and stay there until your guest is gone.
- “Yes” is often used simply to acknowledge what is said by one’s counterpart; it does not necessarily mean one is in agreement or understanding.
- Do not suggest splitting the bill; each person or family should alternate paying the bill. Remember when it is your turn to pay.
- You may often see two male friends or two female friends walking affectionately arm-in-arm. This is in no way an indication of their sexual preference.
- Koreans love children, and in this culture children are treated as “everyone’s treasures” to cherish and protect. Koreans will often want to touch and hold your children; blondes and redheads are rare in Korea, and often attract the most attention. If your children are uncomfortable with this, remove yourselves from the situation as politely as possible. A simple “no, thank you” usually will suffice.
Traditional Korean Meals/Food

Plain or cooked with other grains, rice (bap) is the main dish at most Korean meals. Rice is accompanied by a variety of side dishes. Favorite side dishes include bean paste soup, roasted beef and fish, as well as steamed and seasoned vegetables. Soy sauce, soybean paste, red pepper paste, ginger root, sesame oil, and sesame seeds are other seasonings that are essential to Korean cuisine. Food is usually eaten with a pair of chopsticks and a large spoon.

The traditional Korean homemaker believes that much of her family’s happiness depends on her culinary expertise. She often begins her day by preparing a substantial breakfast of hearty soup, meat or fish, steamed rice, and kimchi. A light lunch follows, which is similar to the breakfast fare. A generous evening meal is favored and can include up to 15 or 20 dishes for special occasions. Holiday celebrations are an important part of family life in Korea. All celebrations, no matter how large, center on the home. Women can spend hours preparing the traditional dishes; sometimes a family’s reputation depends on the amount and quality of the food.

At an elegant Korean dinner, the first course might be Ku-jol-p’an (nine compartments dish). It is somewhat similar to a French hors d’oeuvre tray. The cooked meat and vegetables are arranged on a large platter with a mound of pancakes in the center.

Homemakers in Korea, like many others in advanced nations, usually have little time to prepare these traditional foods and are well acquainted with frozen fare, microwave lunches, and other high-tech cooking conveniences. Fast food restaurants, Chinese takeout/delivery (speedily brought on the back of a motor scooter with a heated box strapped to the back), and food stalls for the passerby are very popular for the busy Korean housewife.

Native food is offered in small restaurants, in large hotels, and in gourmet sections of large department stores, such as Lotte or Shinsegae. Korean supermarkets usually have sample stations scattered throughout, where they will encourage everyone to try their wares.

The following is an alphabetical list of traditional foods and beverages

**Bap (밥):** Rice

**Bibimbap (비빔밥):** (mixed rice) This Chonju specialty is a bowl of vegetables, rice, and chili paste, topped with a soft-fried egg.

**Bulgogi (불고기):** Thin strips of beef, marinated in sesame oil, soy sauce, sugar, and garlic, then grilled at your table

**Bin-de-ddok (빈대떡):** Vegetables, pork and spices cooked in batter (pancake)

**Bakkumbap (복음밥):** Korean fried rice

**Boricha (barley water) (보리차):** In lieu of tea, cups of this tepid drink are sometimes brought to the table as soon as you are seated in a Korean restaurant.

**Bul Kalbi (볼갈비):** Roasted short ribs that are marinated similar to Bulgogi

**Cha (차):** Tea

**Chaksol Cha (Solluk Cha) (작설차):** Varieties of Nock-cha, Korean green tea

**Chapchae (잡채):** Clear noodles, generally mixed with vegetables and soy-based dressing (may be served hot or cold)

**Cider (사이다):** A local bottled soft drink, similar to 7-Up. Chilsung Cider is a popular brand, served in a green glass bottle

**Daeji Galbi (돼지갈비):** Pork short ribs marinated and cooked over hot charcoal

**Dakagalbi (닭갈비):** Broiled spicy chicken and vegetables

**Dduk (떡):** Rice cake

**Ddokguk (떡국):** Rice cake soup traditionally served on the Lunar New Year

**Dooboo (두부):** Bean curd (Japanese: tofu; Chinese: dofu by the Chinese); it is the compressed white liquid squeezed from cooked soybeans.

**Dolsot bibimbap (돌솥비빔밥):** Steamed rice, mixed vegetables, and egg (and sometimes beef) with chili paste in a hot stone pot

**Ghim or Kim (김):** Paper-thin sheets of salted laver seaweed

**Ghimbab (or Kimbab) (김밥):** This popular food consists of sticky rice rolled with assorted vegetables, egg, and meats into a sheet of seaweed, and sliced into bite-sized pieces. It’s known as Korean Fast Food or the Korean MRE. It differs from Japanese sushi in that the rice is seasoned with sesame oil rather than rice vinegar.

**Goon Mandu (군만두):** Fried dumplings - a perfect hors d’oeuvre when served with soy sauce. Yaki Mandu is the Japanese term.

**In Sam (인삼):** Ginseng - a root long prized for its medicinal properties that is also used in cooking. 백삼 Paeksam is white ginseng; 홍삼 Hongsam is red ginseng.

**In Sam Cha (인삼차):** Ginseng tea

**Kalbi (갈비):** Pork or beef short ribs

**Kalbi Jhip:** A Kalbi restaurant

**Kalbi Tang (갈비탕):** Kalbi soup, the least expensive way to eat Kalbi

**Kimchi (김치):** Cabbage, radishes or other vegetables pickled with garlic, chili pepper, and ginger, then fermented in huge jars buried in the ground. No Korean meal is complete without it!

**Kimchi jjigae (김치찌개):** Kimchi stew
Ku-jol-pan (“Nine treasures”) (구절판): Strips of egg and vegetables are served in a compartmented dish with thin crepes in which you wrap the other eight treasures.

Jjin Mandu (찐만두): The Korean equivalent of Chinese wonton, these are dumplings made of minced pork or beef and vegetables wrapped in thin pastry crescents, steamed and served with soy sauce.

Makkolli (막걸리): Rice wine, the drink traditional of farmers.

Maek-ju (맥주): Beer.

Moo (무우): The large white Japanese daikon radish used in summer kimchi.

Mul (물): Water.

Myon (면): Noodles, sometimes thin and white if made from flour. Other myon are made with buckwheat, potatoes, or mung beans.

Naeng Myon (냉면): Cold noodles that are 70% buckwheat and served in a dish of cold water to which you may add a dollop of chili paste. This is considered a perfect complement at the end of a bulgogi meal.

Sake (사케): Called chonjongg in Korea, this is traditional Japanese rice wine served in tiny cups.

Sam Gyeop Sal (삼겹살): Thick slices of pork belly meat (similar to uncured bacon) grilled and often dipped into a spicy pepper paste.

Sam-kyetang (삼계탕): Ginseng chicken soup - a summer specialty, the chicken is boiled with a piece of the medicinal root and jujubes, and stuffed with glutinous rice.

Changae (Sesame) (참깨): Kae is Korean sesame. The leaves are added to soup, the seeds to vegetables and meat marinades, and the oil for flavoring in cooking.

Seolleongtang (설렁탕): Beef soup served with rice.

Shinselo (신선로): A casserole once served only to royalty. Fried eggs, fish, meat, and vegetables are cut into strips and simmered in broth in the distinctive charcoal brazier.

Soju (소주): Distilled beverage native to Korea and traditionally made from rice.

Songpyon (송편): Chusok half-moon shaped rice cakes.

Ganjjan (Soy Sauce) (간장): Ganjan is made by fermenting the liquid of boiled soybeans. This is one of the most popular condiments in a Korean kitchen.

Sushi (스시): Slices of raw fish dabbed with wasabi and curled over a clump of sticky rice. This is of Japanese origin and differs from Gim-bap/kimbap in that the rice is seasoned with rice vinegar rather than sesame oil.

Uja Cha (유자차): Citron tea, usually served in winter.

Yakchu (약주): A respectable word for liquor.

**Force Protection**

**Force Protection and Emergency Readiness**

Korea remains a relatively safe country, however it is important to be aware of the measures taken to ensure safety during your tour of duty.

US military installations are secure facilities. No one is allowed access to the post without a valid ID card. You must physically hand ID cards to the guards so they are able to view both sides. In addition, only vehicles with proper registration decals are allowed access to the post. Authorized ID card holders may escort visitors and vehicles onto the post.

As with all US military installations on the Korean peninsula and around the world, security procedures are based upon levels of force protection conditions (FP CON). Force protection levels range from FP CON Alpha (lowest threat) to FP CON Delta (highest threat). The current FP CON level will generally be posted at the installation gates. For those living on post, the commander’s channel on the American Forces Network (AFN) is another good source of information for the latest updates.

Demonstrations are periodically held throughout the peninsula. Protesters demonstrate for a variety of reasons, including opposition to the US military presence in Korea. These demonstrations are sometimes held just outside the garrison gates. Military officials publicize warnings affecting those affiliated with the government on the post TV channels, Facebook pages, and radio stations (88.3 FM and 1440 AM at USAG Humphreys, refer to https://photos.state.gov/libraries/korea/187344/ACS/AFN%20radio%20frequenciesdocx.pdf for other AFN stations in Korea). Korean National Police are always present at these demonstrations to provide additional security.

Finally, the buddy system is highly encouraged, and at times it is mandatory. There is a strict curfew from 1:00-5:00 am, seven days a week. For more information on Force Protection, visit http://www.usfk.mil/Resources/ForceProtection.aspx.

**Civil Defense Drills**

South Korea routinely conducts nationwide civil defense drills as part of their emergency readiness plan. The start of the drill is signaled by the ROK government’s Air Raid Siren System, and the exercise lasts 20 to 30 minutes. During the drill, all personnel off post are expected to comply with the directions of the Korean National Police and other ROK government officials.
Noncombatant Evacuation Operations (NEO)

While Korea is a relatively safe location, it is important that all non-combatants be prepared to evacuate both quickly and safely. Noncombatant Evacuation Operations (NEO) are directed by the US Department of State to evacuate eligible personnel from foreign countries when their lives are endangered by war, natural disaster, or civil unrest. The US Embassy (AMEMB) Seoul designates those authorized evacuation assistance. Those considered noncombatant evacuees include:

US citizens who may be ordered to evacuate
- US government civilian employees and dependents
- US Armed Forces family members
- Designated US Armed Forces military personnel

US/non-US citizens who may be authorized assistance
- Private US citizens and their dependents
- Legal permanent residents of the US
- Designated foreign national employees of the US Government and their dependents
- Designated foreign nationals

Both command sponsored and non-command sponsored families are eligible for evacuation assistance from Korea. Military members and emergency essential civilian employees are not considered noncombatants and will remain in Korea until directed otherwise.

NEO Information

For more information on NEO and upcoming NEO exercises, please visit the following website: http://8tharmy.korea.army.mil/NEO/Neo.asp

NEO Warden

Each unit in South Korea has an assigned NEO warden. All DoD-affiliated noncombatants must register with their NEO warden upon arrival to their unit. To help noncombatants prepare for a possible evacuation, USFK conducts a semi-annual NEO exercise called Courageous Channel. All DoD-affiliated noncombatants are required to participate in these exercises in order to rehearse evacuation procedures and to train personnel who support NEO execution. In addition to participating in Courageous Channel, each family is required to maintain a NEO kit that includes important documents, enough food and water for three days, and protective gas masks (issued by the military for each dependent). Your NEO warden will help you prepare your NEO documents and ensure you are ready for the exercise.

NEO Kits

Each person is allowed one airline carry-on and one checked bag with a combined total weight of no more than 70 pounds. Your NEO warden will help you prepare a NEO binder to include in your NEO kit.

Gas Masks

Sponsors are responsible for drawing a mask at CIF for each dependent and for training their dependents on how to use them. Masks are available for both command sponsored and non-command sponsored military dependents, as well as US DoD civilians and dependents. They are not available for contractors or technical representatives (the corporation holding the contract must provide the mask).

Pet Evacuation

Evacuation of people takes priority over pets. USFK will make reasonable efforts to evacuate pets of DoD-affiliated personnel, but pets are likely to be separated from their families during an evacuation. The NEO Tracking System helps reunite pets with their families. Two pets (domestic cats and dogs only) per command sponsored family are authorized transport in the event of a NEO. All other animals must be evacuated before NEO starts. All unaccompanied/single service member pet owners need to ensure they have a pet care plan. Pets cannot be abandoned.

In the event owners decide to transport their pets out of country commercially, all costs associated with transportation are the sole responsibility of the family. If the US government transports a pet on a military or chartered aircraft, the military covers only the cost of transporting the animal from Korea to the first CONUS port of entry.

You are responsible for all costs incurred from port site to the family’s final destination. Please see your NEO warden for more information.
NEO Kit Checklist:

Your NEO warden will help you prepare a NEO binder to include in your NEO kit. At a minimum, you should plan to include the following:

Mandatory Items

- Identification Cards
- Passports
- Family Care Plan (single and dual military parents)
- Prepared Forms

Recommended Items (hard to replace items)

- Birth, marriage, and adoption certificates
- Naturalization certificate
- Powers of attorney
- Will
- Insurance policies
- Checkbook, credit cards, financial records
- Vehicle registration and title
- Social security cards
- Tax returns
- Medical records

Each family member (including infants) should have a NEO kit prepared and available in the event of an evacuation. It should include:

- Food and water for three days
- 30 days of medications including prescriptions
- Protective/gas masks
- Blanket
- Change of clothes (warm)
- Toiletries and towel
- Baby Items
- Feminine hygiene items
- First aid kit
- Battery operated radio
- Flashlight
- Batteries
- Limited Cash (~$100-200)
- Comfort item for children

PET NEO Plan Checklist

- Each pet must have its own approved airline carrier that is large enough for them to stand up, turn around, and lay down. Pets cannot be combined into one carrier.
- A valid Rabies Vaccination Certificate plus a copy should be maintained in your PET NEO kit.
- PET NEO card
- Two completed Veterinary Health Certificates DD2209 (without the veterinary signature or date) in your NEO kit. Any pets leaving Korea will require a veterinarian to sign and date the health certificates before departure.
- Prepare at least 10 days of food supply and medications (if needed) in waterproof containers or ziploc bags.
- Bowls for food and water that do not spill easily
- A well-fitting collar/harness with ID tag and a good leash
- Small plastic bags for feces disposal
- Cat owners need a 10-day supply of litter and a small compact container with lid for litter storage that can fit in the cat kennel to prevent spillage when not in use by the pet in the carrier.
- All pets must have an ISO-compatible microchip and must be registered with the local veterinary treatment facility (VTF).

For additional information and forms, see your local VTF or visit the following website: http://www.korea.amedd.army.mil/veterinary/index.html

Housing

Housing Services Office

After completing the initial 5 day of in processing on the peninsula, service members will be assigned housing based on their status. Unaccompanied service members will be assigned a Barracks by their unit. Service members with command sponsorship will proceed to the Housing Services Office where they will be offered either Government Leased Housing on or off post or be allowed to proceed with an approved Realtor to secure Private Rental Housing. The housing office is located in the One Stop In/Out Processing Center, Building 6400 on the third floor. Hours of operations are Monday through Wednesday and Friday, from 0800 to 1600. And Thursdays from 0900-1600. The housing services office will be closed all US holidays and will have limited services available on Korean holidays.

Housing Assistance

Government Leased Housing, On Post and Off Post

On Post

On Post Housing is on a first come, first serve basis. There is no wait list. If you are PCS’ing as a result of YRP, you may only contact HSO once you are 30 days out from your actual move date. All On Post Housing is Smoke Free. Pets are authorized in all government leased housing. All pets must be registered with the USAG Humphreys Veterinary Clinic within ten days of arrival. All government leased housing units are assigned 2 parking spaces. Quiet hours are between 2200 and 0700.

Government Leased Housing Off Post

If no housing units are available on the garrison itself, the Housing office has leased housing units off post but they are still run by the housing office. Overseas housing allowance (OHA) and Utilities will be collected for these units just as if the tenants were living in on post housing. You will not be able to collect any of your unused Utilities. The same rules and regulations apply to government leased housing Off Post housing units as On Post housing units in regards to smoking, pets, quiet hours and parking. Government leased Off Post housing unit will be provided 1 (50 Liter) General Waste Bag (white) and 1 (10 Liter) Food Waste Bag (orange) per week.

Housing Off Base

Housing on the economy is plentiful and offers a wide variety of styles, to include many high-rise and villa (five stories or less) apartments, as well as a limited number of duplexes and single-family dwelling units. If you are eligible to reside off post due to non-availability of adequate government quarters, or if you are a DoD civilian, you will be issued a statement of non-availability (SNA) from the Housing Office.

Once you receive an SNA, you will be required to attend an off post housing briefing. The briefing will provide you a plethora of information about leasing on the economy, such as realtor information, security checklists, utility rates, and housing allowance entitlements.

Housing Assistance

If you are going to secure housing off post, your realtor must be approved by HSO. They can provide you a list of approved realtors. Off post, any issues with housing (such as repairs, disputes, or payments) will usually go through your realtor. As long as your lease is mediated through HSO with an approved realtor, your lease will include the Military Clause which protects service members under the Servicemembers Civil Relief Act. Renting off post will often include Korean cable and Internet, be sure to receive a receipt for all utilities. Failure to dispose of your trash properly will result in fines. Do not use American trash bags, but the designated color-coded bags which can be purchased at the Commissary or any local off post grocery or convenience store. Your realtor can assist you in purchasing the appropriate bags.

Important Numbers

- Government Furniture Delivery and Pick-up Phone: 0503.353.5796 DSN: 753.5796
- Housing Office Phone: 0503.357.9898 DSN: 757.9898

Note: DO NOT enter into a lease agreement without prior approval from the Housing Office.

Realtors

If you live off base you will want to use a realtor from the list provided by housing to ensure a smooth transition to your new home. You should also check with other people in your incoming unit or job to see what realtor they have used to get recommendations. Unlike the US the housing selection provided by each realtor will be different because the realtors will only show you houses that they rent. So, if you do not find something with one realtor you can check with multiple until you find a home that suits your needs.

Service members residing on the economy are entitled to a monthly Overseas Housing Allowance (OHA) and Miscellaneous Housing Allowance (MIHA). The MIHA is provided to help defray the costs of setting up the off post residence. Once you choose your off post unit, the Housing Office will assist you with all the contract negotiations. You may choose to hire a realtor to assist with finding off post housing to ease the selection process and expedite the negotiations with owners.

Utilities Off Post

Electric

Electricity in Korea can be expensive. Unlike homes in the US, most homes in Korea do not have central air conditioning, instead most of the rooms in the home will be equipped with an air conditioner in the corner or on the wall. The summer months in Korea are very hot and humid and air conditioners as well as fans will be very beneficial, however they can also be costly. Be sure to look for the air conditioners when selecting a home, since these air conditioners are used to cool one room at a time if there is not an air conditioner in every room that will be a bedroom for someone in the family you may need to negotiate with your realtor to get an extra air conditioner unit. Also, when looking at homes and at the air conditioner units you will want to take a look at the energy efficiency rating. The energy efficiency rating is a scale of 1-5 with 1 being the lowest and 5 being the highest. You will want appliances that are low ratings to help save money on electricity. Some homes may have solar panels as well that can help reduce your electric bill. By being smart about your energy usage you can keep your electric bill down to a reasonable amount even in the heat of the summer!

Tip: Only have the air conditioner on when you are in a specific room, otherwise leave it off with doors and windows closed to help keep the room cool!

Gas

Most off post housing units will utilize the Radiant Floor Heating System or Hydronic Heating. Units are heated through a series of filled tubes flowing with heated water rather than the traditional forced air through ducts system most Americans are used to. Radiant Floor Heating Systems are more efficient and cost-effective. Depending on where your housing unit is located, you will utilize either city gas, which is cheaper, or the ‘county’ gas. Most of the stoves, ovens, water heaters, and dryers are also gas.

Tip: Generally in the summer months your electric bills will be higher while your gas bills are low, and in the winter months your gas bill will be higher and the electric bill will be lower! Be sure to set money aside when your bills are lower than you expect so it is not as big of a shock when the bills are higher than you expected!

Water

Many homes in Korea will come with a water filter dispenser that dis-
penses hot and cold water or they may have a bottled water service. You can discuss these options with your realtor and ensure that if you do have a service or a filter you are clear on when the filter will be changed and/or when the water will be delivered.

Internet

Korea has the fastest internet in the world! Usually your internet will be included in your rent and you can discuss your options and choices with your realtor.

Television

Korean television will usually be included in your rent or with your internet service. You can discuss these options with your realtor. There are some English movies and television shows on many of the Korean television services that your realtor and/or your cable installer can show you how to access.

Armed Forces Network (AFN)

Personnel living off post will need to lease a decoder box and purchase a Direct to Home (DTH) cable TV satellite dish at the PX to receive AFN programming. Fees include an installation charge (usually between $100-200) and monthly decoder fees (about $15). For satellite Installation service in the Humphreys off-post area contact 070-4230-8994.

Phone: 050.3353.7358 DSN: 753-7358

Note: Many apartment complexes and rental properties do not permit installation of AFN DTH equipment. Refer to the list provided by the housing office. Review AFN availability carefully before entering into a lease agreement since AFN is the source of many service force protection advisories. (Military websites also carry many of the same advisories.) Service members and DoD civilians who rent a property where DTH equipment installation is not available must sign a housing office statement of acknowledgment. If the landlord does allow installation of AFN DTH equipment on his or her property, you must obtain written permission beforehand.

Internet Television

Another television viewing option available to both on and off post residents in Korea is via smart TV applications, devices that allow applications to run, computers and phones. Many smart tvs have applications with television shows available for free or for a monthly fee depending on the application. Netflix is a low cost monthly service that does have service in Korea with a great selection of television shows and movies to keep you well entertained! Other internet services may require a virtual private network (VPN) or additional software.

Trash

Off post housing units will need to sort their trash based on the type of trash. Most trash collection areas are monitored by CCTV to ensure proper disposal of trash. Trash bags can be purchased at the commissary for those living in Pyeongtaek, if you live outside of Pyeongtaek you will want to talk to your realtor about the specific trash bags you need and they will be able to tell you where to purchase those bags.

General Garbage

General garbage is your everyday waste these bags come in a variety of sizes and you will be able to purchase these in a size such as 50 or 100 liters which will fit most large trash cans. Anything that is not food or recycling can be thrown in the general garbage bag.

Food Waste

Food waste is edible waste that may attract stray animals. You should not put shells, bones, or fruit seeds in these bags. The general rules is that any food that an animal could eat should go in this food bag. Food waste should be placed in its special food waste bag and disposed of. Many people find it helpful to freeze their food waste so that it does not smell while they are filling up their food waste bag.

Recycling

Recycling should be sorted and put in clear plastic bags. You can recycle paper, cardboard, glass, metal, styrofoam, plastic and clothes. Some housing areas will have a trash area with bins for clothing, recycling, general, and food waste so be sure to check the trash area of your neighborhood so you can best separate your items.

Large Items

Large items such as furniture need a special garbage tag to be disposed of properly. You will want to contact your realtor and tell them what you need to dispose of and they can provide you with the information on what tag to buy and where to buy it.

Parking

Parking in Korea is a little different than in the US because there are fewer parking lots and so most people choose to use public transportation. At your home your realtor will tell you where you can park and most apartment complexes, and homes do have dedicated parking areas that you will be able to park in.
Money
Banking and Financial Services

ATM Access
You may obtain cash or make account inquiries with your credit card or any other ATM card which displays the AFFN or CIRRUS Network logo. Ask your bank about service fees that may apply. Many banks will not charge ATM or currency conversion fees for members on active-duty overseas orders. The ATMs on USAG Camp Humphreys are run by Community Bank and do not charge an ATM service charge for withdrawing USD or Won.

Cashing Checks
Many people elect to keep their checking account at a US bank or credit union. The Community Bank and Navy Federal on the installation will only cash checks if you have an account with them. You may cash checks for up to $200 at the PX in the Customer Service section.

Currency Exchanges
On post banks and ATMs will dispense both US dollars and Korean won. Pay close attention to the current conversion rates to get the best value for your money. There are a number currency exchange centers off-post that will exchange US dollars to Korean Won. You can do a quick internet search to find today’s rate or download the cell phone application called XE Currency to stay up to date. It is important to check the rate before exchanging money so you can make sure you are getting the best exchange rate, and you may also want to shop around for the best rate. Exchange centers off post will give better exchange rates if you exchange larger amounts of money with them. This service is especially important for those living off post who must pay their monthly rent to their realtor in cash.

Tip: When estimating how much you will pay for something, most people generally stick with stick with a $1 to ¥1000 rate to make it easy!

Banks
The following financial institutions provide banking services in the USAG Humphreys area.

Community Bank
Community Bank operates the banking facilities on all posts and bases in Korea with full service banking (direct deposit, won conversion, new and used auto loans, and ATM access). The Community Bank ATM card offers 24/7 banking with no fees for withdrawing US dollars, Korean won, or balance inquiries. Community Bank offers 13 full-time branches, two part-time offices and a network of 51 ATMs on the peninsula.

USAA
If you bank with USAA, call them to set up a system for local withdrawals at ATMs depending on your needs. They will allow you to do a one time atm withdrawal limit change once every 7 days or you can permanently change your ATM withdrawal limit. The ATM restrictions usually allow only $600 withdrawals at one time, so you would need to make multiple withdrawals depending on your needs.

Transportation
The thought of navigating Korea on your own may seem intimidating at first, but rest assured that with some guidance, along with patience and practice, you will soon become comfortable making your way around your new home. The following section will serve as an introduction to some of the various transportation methods available to you both on and off your installation.

Privately Owned Vehicle (POV)
USFK Form 134EK (USFK Motor Vehicle Operating Permit)
For the full regulations on driving in Korea, review USFK 190-1, “Motor Vehicle Traffic Supervision.”

According to USFK Regulation 190-1, “All SOFA status USFK military personnel, USFK civilian appropriated and non-appropriated employees, USFK technical representatives, and family members of the aforementioned personnel must possess a USFK Form 134EK (USFK Motor Vehicle Operator’s Permit) to drive POVs on US installations and Korean roadways.”

The above personnel must also possess a valid US driver license, a ROK driver license, or an international driving permit before obtaining a USFK license.

USFK invited contractors and third-party national employees and their families are authorized, but not required, to obtain a USFK license as long as they have a valid ROK driver license or international driving permit first.

Who may get a USFK license - The following personnel are authorized to obtain a USFK license:

- Command-sponsored service members and their family members (regardless of SM’s grade)
- Joint domicile service members (and their family members) authorized to ship a POV
- Service members E-6 and below who receive approval from the first O-5 in their chain of command
- DOD civilian employees (GS-5, WG-5, WL-2, WS-1, NA-5, and CC-3 and above), USFK technical representatives (and their family members)
- US invited contractors and 3rd country national employees em-
ployed as invited contractors who also have SOFA status (and their family members)

Driver License Testing Requirements
• Anyone who would like to obtain a USFK license must first attend the Newcomer’s Orientation
• The test consists of written (laws and road signs) and physical evaluation (vision and reaction time)
• You must schedule an appointment for a road test, if necessary
• To prepare for driver license testing, review USFK Pam 385-2

Driver License Testing at USAG Humphreys
• Location: Building P-7325
• Hours: Mon-Thur at 0900. (Fri 0900 for Korean Nationals and KATUSAs only); if you pass, you may pick up your license after 3 p.m.

Learner’s Permits - Installations with a driver testing facility may issue learner’s permits
Permits may be issued to command sponsored and non-command sponsored family members age 16 or over

To obtain a learner’s permit, the applicant must complete the following requirements:
• USFK written and vision tests
• Proof of US state-approved or installation/garrison commander-approved driver’s education course (no hands-on required)
• Sponsor approval
• Proof of insurance

Note: Operators with a learner’s permit may only drive on the installation during daylight hours in the company of someone with a USFK license

Please refer to the Chapter 2: POV section for information on POV Pick up (when shipping a vehicle), and POV Registration.

Hi-Pass

A Hi-Pass is a device used for paying tolls on Korean expressways, similar to the EZ Pass, found in the US. Instead of manually taking a ticket when entering and then paying cash when exiting a freeway, the device allows you to utilize special lanes (marked with a blue stripe on the lane’s surface) and deducts the toll automatically.

The Hi-Pass may be purchased at rest stops along freeways, such as Expressway 1 (Gyeongbu Expressway) between Pyeongtaek and Seoul. There are also occasionally Hi-Pass tents just past the toll booth at some expressway entrances.

You will need to purchase a card reader that will attach to the lower center of your windshield. Some are battery-powered, and some plug into your car. You will need your vehicle registration, and the name in which you register your reader must match the registration (Service members name). The Hi-Pass is linked to the vehicle on the registration and cannot be used in another vehicle. You can use cash or card to purchase the reader.

After purchasing the reader, you must then purchase and load money onto the card that fits inside. These are not typically sold at the Hi-Pass tent. You may need to visit the rest stop information office or a Hi-Pass service center to obtain one. You can also re-load your card at a toll booth. You will need cash to load your Hi-Pass card.

Tip: If you forget cash when getting your Hi-Pass you can usually find an ATM near the Hi-Pass office or tent in the rest area so you can load your Hi-Pass card.

Accidental Hi-Pass Lane Use
If you drive through a Hi-Pass lane but do not have a Hi-Pass, you will hear a siren. Don’t try to back up and go through a regular toll lane! Just keep going. You will receive a ticket in the mail. It will be for the amount of the toll you should have paid, and you can pay the bill by visiting a Korean bank/post office, your realtor if you live off post, or a GI Bill Pay office (additional fees apply to the latter).

If you have a Hi-Pass system and you hear the siren your Hi-Pass card may be out of money, the Hi-Pass system may not be on or the batteries may be dead. Continue through the toll booth and you will receive your ticket in the mail! Just be sure to check your system and the card as soon as you can!

GPS/Navigation Apps

GPS devices and/or navigation apps can assist you in reaching your destinations around Korea.
GPS

Your installation’s Exchange facility sells the AVOL brand GPS, which should come with all of the USFK military installations pre-loaded. You might also consider checking your installation’s thrift store or “buy and sell” Facebook pages in your area for a second-hand GPS.

Navigation Apps

Waze is a popular app used by many to navigate to local businesses and to USFK installations. If you happen upon a store or restaurant not already in Waze, be sure to add it so that others can enjoy it, too! Naver is a popular Korean navigation app and now has an English version called Naver Map Navigation.

Tickets (Speeding, Parking, Hi-Pass Lane, Bus Lane, etc.)

On Post

Tickets may be issued on post by the Military Police (MPs) for parking or moving violations such as speeding or failing to stop for a bus that is loading/unloading. Tickets issued to USFK service members or their family members will be forwarded to the unit commander. Drivers receiving tickets will have points assessed against their license according to Appendix C (Traffic Points Assessment Matrix) in USFK Regulation 190-1. Points assessed remain in effect for point accumulation for a consecutive 24 months. Certain offenses such as driving under the influence or failing to stop for a bus that is loading/unloading (not in a designated pull-off area) may result in immediate suspension of driving privileges.

Off Post

Unlike in the US, ROK police generally do not pull drivers over for a moving violation. Parking, speeding, and Hi-Pass or bus lane violations are recorded via the many cameras around the Korean roadways. Tickets are delivered to the address listed in your vehicle registration and may be paid at a Korean bank or post office, or your realtor can assist you if you live off post. USAG Humphreys has a third party company, GI Bill Pay at the Community Activity Center, who will help you pay your fines (for a fee). Other installations may also offer this service so you may want to check where you are stationed. It is important to pay your fines promptly, as you may have your driving privileges suspended until you do. Your sponsor will also not be able to clear the installation and leave Korea until all fines are paid. Should you wish to contest a traffic citation, you must coordinate directly with ROK authorities (remember all fines are still your responsibility until they are overturned).

Rental Cars

The Exchange at your installation may have a car rental concessionaire. USAG Humphreys has the National Car Rental Co, Ltd. Here is some information to consider if you wish to rent a car through this agency.

• The renter must be 21 years or older and possess either a USFK license, an international driver’s license, or a Korean driver license with at least 1 year of driving experience
• Insurance is offered for an additional fee
• Base access decals for all USFK installations in Korea are included
• Rental costs range from $80-$140 per day, depending on vehicle type, and discounts are available for rentals of a week or more

Location: Car rental at USAG Humphreys is located at the One-Stop (bldg 6400)

Breakdown/Accident Procedures

Be prepared in case of an accident or breakdown! Always have your registration and insurance card in your vehicle, and be sure to store the following numbers in your phone (112 for police, 119 for fire and ambulance, and your installation MP office). It is also recommended that you have a camera (sometimes referred to as a “black box”) installed in your vehicle to document incidents. These can be purchased on Amazon and installed locally. It is a good idea to print out Appendix B (Driver’s Assistance Request) from USFK Pam 385-2, which has a list of helpful driving-related phrases in English and Hangul.

Accident Procedures

• Stop immediately
• Aid the injured
• Call 112 and/or 119 (or your local MP office if on post) to report location, date, time, injuries, and damage
• Document the scene with your cell phone camera
• DO NOT LEAVE THE SCENE and be sure to follow directions given by the police once they arrive
Breakdown Procedures

To ease your situation in the event of a breakdown, it is recommended that you have the following in your vehicle at all times: warning triangle and a survival kit (blanket, water, food, and a first aid kit)
• Pull to the far right of the roadway if possible and turn on hazard lights
• DO NOT exit the vehicle unless absolutely necessary, and if you must, do so on the right side of the vehicle
• Call 112 to dispatch the nearest police or wrecker service in the vicinity
• Wait with the vehicle until the police or wrecker arrive and render it safe to exit the vehicle

Bicycles

Riding a bike is another alternative for both recreation and transportation while you are stationed in Korea, particularly if you are only allowed one vehicle. Bicycle parking is available near many buildings on your installation.

Bicyclists must adhere to the same traffic laws as drivers and have the same rights as drivers. In general, there are standard safety and best practice rules for bicycling. Reference USFK Regulation 190-1 Motor Vehicle Traffic Supervision Section B-18 for the complete policy.

Here are a few guidelines to keep you safe and in compliance:
• Register your bike at the DBIDS Office.
• Wear a helmet (all ages).
• During the day, wear visible upper body clothing.
• At night, wear reflective gear and use front and rear lights.
• Ride on the right side of the roadway and in the direction of car traffic.
• Follow all traffic laws including obeying stop signs and traffic lights.
• Use hand and arm to signal your intent to turn.
• Take extra precaution at intersections.
• Riding on the sidewalk is reserved for children.

While riding on your installation is safe and convenient, only the most intrepid cyclists brave the roads on local streets. Combining bicycling with transit and walking is one way to get around. You will find bicycle parking throughout the area, especially near subway stations, bus terminals, and other transit interchanges. The subway welcomes bicyclists on the first and last cars of the train outside of peak commuting times.

Taxi

On-Post (AAFES)

AAFES Taxi are the black taxis. Taxi stands on USAG Humphreys can be found near the Walkthrough Gate, new PX and Commissary as well as the old ones, and near soldier barracks on Marne Road and by the Troop Mini-Mall (across from the rotational brigade barracks). Taxis may pick you up or take you off post

Call 753-3414/3415 or use smartphone apps such as “AAFES Taxi” or the Humphreys app.

Text: 1544-9080 Use the following format to ensure your request is understood.
#pick up location #destination #Military Base#
* Be sure to include the building numbers.

Off-Post

Commercial Taxis are the silver/white taxis. A taxi stand is located
outside the Walkthrough Gate. These taxis cannot enter post. Ask for Camp Humphreys/K-6 or Osan Air Base/K-55 if you are heading to post.

**Yonghap Unsong Transportation Consortium**

These taxis have access onto Camp Humphreys, but not Osan. Customers wishing to use this service to get to Osan will have to exit the taxi at the gate at Songtan. Dispatchers speak English; drivers may or may not speak English. Payment is only in Korean won, and a 1,000 won service fee is added to the fare (if a customer is able to flag down a taxi on post without calling in a request, the service fee is waved.)

Phone: 1544-9080

**Note:** many of these drivers may not be familiar with Camp Humphreys, so patience is necessary as they learn the routes.

**Buses**

**On-Post**

Your installation has on-post shuttles that are free of charge for soldiers and family members to get around. These generally run from 0530-0100 from Monday-Friday and 0730-0100 on Saturdays, Sundays, and training holidays. The USAG Humphreys on-post shuttle bus schedules may be found on the Humphreys smartphone app or on the web at [http://www.humphreysliving.com/camp-humphreys-bus-schedules/](http://www.humphreysliving.com/camp-humphreys-bus-schedules/), and the USAG Yongsan schedule may be found on the Yongsan smartphone app.

**Inter-Post**

Buses run regularly from early morning to evening between some of the USFK installations, such as Humphreys-Osan-121st CSH-Yongsan, as well as Yongsan-K16. Buses at USAG Humphreys now arrive and depart from the Bus Terminal on Freedom Road (bldg 1780). The terminal hours are from 0500-2100 with counter service until 1730. Prices vary depending on length of ride, from $3.50 to $7.10 one way.

**Off-Post**

South Korea has a wonderful public transportation! Buses are common in all cities and some of the larger cities like Seoul and Busan offer tour buses of the city.

**City Bus:** These buses run within the city and can be paid for with cash or t-money card (see below for more information). Bus routes are designated by number, and the most commonly used one at USAG Humphreys is 20 (commonly referred to as “the 20 bus”), which can bring you from the main gate to AK Plaza/Pyeongtaek Station. The city bus runs from 0530-2300, and a list of route 20 stops can be found here: [https://www.army.mil/e2/c/downloads/328208.pdf](https://www.army.mil/e2/c/downloads/328208.pdf). These buses run frequently, and most stops have screens inside that tell you when you can expect the next one to arrive.

**Express Bus:** These run on expressways, and while they may stop at rest areas, they seldom stop in a city other than the destination. For schedules and tickets, visit [www.hticket.co.kr/main.do](http://www.hticket.co.kr/main.do).

**InterCity Bus:** These usually make stops at smaller cities while on their way from one region to another. Tickets and schedules may be found at [txbus.t-money.co.kr](http://txbus.t-money.co.kr).

**Airport:** These buses run between Pyeongtaek and the airports making a few stops at bus terminals along the way. Leaving from the Pyeongtaek Intercity Bus Terminal (a short walk down the street from AK Plaza) gives travelers plenty of time options for bus rides to either Incheon (Terminals 1&2) or Gimpo airports. Tickets may be purchased in the terminal, although if it is very early in the morning, there may not be an attendant behind the counter, and you should pay cash to the driver. There is an airport bus with more limited time options that goes only from the bus stop outside the Volvo sales in Anjung-ri (the neighborhood just outside the USAG Humphreys main gate) to the Incheon terminals only, making several stops along the way. The fare is 13,300 won for adults, and you should try to have exact change, if possible. In order to take the airport bus back to Pyeongtaek or Camp Humphreys from Incheon, purchase a ticket at the booth outside exit 8. Depending on what time you depart the airport, you can either get a bus to Anjung-ri or to the Pyeongtaek Bus Terminal. The salesperson can direct you to the stall where your bus will depart.

**Trains**

The train system in Korea is very dependable and can be an excellent alternative to driving. Trains are equipped with restrooms (to include changing tables), overhead bins for small articles, and luggage racks. Tickets can be reserved up to 1 month in advance by either visiting the train station, visiting the Commercial Travel Office in One Stop building 6400, or by visiting letskorail.com.
KTX/KTX Sancheon
These are the high-speed trains that allow passengers to travel anywhere in Korea in less than 3 hours. KTX trains can carry 935 passengers, and the KTX Sancheon trains can carry 363 passengers. Both have first class and standard class cars. There are 4 KTX Lines: Gyengbu, Honam, Geongjeon, and Jeolla, which spread from Seoul to the southeast and southwest of Korea. A great map of the lines can be found at http://www.englishspectrum.com/ktx-train-korea/

ITX
There are two types, the ITX-Cheongchun (which runs from Yongsan Station to Chuncheon City in the east) and ITX-Saemaeul (which runs on the Geyongbu, Honam, Geongjeon, Jeolla, and Jungang Lines)

Saemaeul-ho
This train is being phased out and replaced by the ITX-Saemaeul. It makes more stops than the KTX or ITX, but it does have first class, standard class, and a cafe car.

Mugungwha-ho
This is the slowest and cheapest class of train. It also stops at the most stations. The two types of cars available are passenger and cafe cars.

Nuriro - This medium to long-distance train mainly travels between Seoul to Sinchang.

SRT
Introduced in late 2016, the Super Rapid Train begins at Suseo Station in Seoul terminates in either Mokpo or Busan. It travels at up to 300 km/hr and carries 410 passengers. The closest SRT station to USAG Humphreys is Jije Station, and travelers wishing to travel via SRT may either drive and park at the station or take Metro Line 1 from Pyeongtaek Station one stop to Jije. Currently the website for purchasing tickets on this line is only in Korean, but you may purchase tickets at the station. Fares and schedules may be found by visiting https://kojects.com/suseo-srt/

Tourist Trains
Visit the following website for information on one of the several tourist train options (http://www.letskorail.com/ebizbf/EbizBfTrainFleet.do#tab5)

O-Train (Central Inland Circle Train)
This train takes tourists to Korea’s central inland regions (Gangwon, Chungbuk, and Gyeongbuk Provinces). The interior symbolizes the beauty of the four seasons.

V-Train (Baekdu-daegan Valley Train)
Also known as the “Baby Baekho (white tiger) Train” because it is decorated with a white tiger on the exterior. Passes through the remote valleys in Korea's deepest mountains. Regions include the areas of Gangwon and Gyeongsangbuk Provinces.

G-Train (West Gold Train)
Takes passengers to destinations in 7 different regions of the west coast. Passengers enjoy the sunset & views of ocean ecology scenery of the West Sea. Equipped with a foot bath cafe and On Dol-type cars (Korean floor heating system). It stops at major travel destinations including Boryeong and Gunsan.

DMZ-Train (Peace Train)
Promotes peace, love, and unity as it allows passengers to travel through the untouched natural landscapes, and some of the major attractions located near the Korean Demilitarized Zone. Runs from Seoul Station to Dorasan Station. Tourists can purchase a "DMZ Pass", which allows unlimited use of the DMZ Train.

S-Train (South Coast Train)
Also known as the Namdo Sea Sightseeing Train, this train enables tourists to enjoy the picturesque scenery of the southern coast and experience the local culture. Performances and a tea ceremony are available on the train. It operates between Busan and destinations in South Jeolla Province along the southern coast of the peninsula.

A-Train (Jeongseon Arirang Train)
The name is derived from a Korean folk song (Arirang), which is listed as an Intangible Cultural Heritage by UNESCO. Tourists get panoramic views of the region’s scenery through glass walls and windows. This train travels through Jeongseon Country in Gangwon Province, which is the northeastern region of Korea. This train offers a round trip once per day from Cheongnyangni Station in Seoul, and arrives at Auraji Station in Gangwon Province.
Rail Cruise Haerang
The only hotel-style train in Korea, this rail cruise offers a chance to experience the beautiful landscape of Korea with luxurious service. (82) 1544-7755

Sea Train
Sometimes called “Ocean Train”, every seat on this train faces the sea so passengers may enjoy the beauty of Gangeung, Donghae, and Samcheok on a 58km route along the coastlines of Korea’s famous East Sea. (82) 33-573-5473

Wine & Cinema Train
On this tourist train, passengers can enjoy wine, try the wine spa, and watch cinema on board. It runs between Seoul and Yeongdong every Tuesday and Saturday.

Subway
With nine subway lines, eight rail lines, and 391 stations serving over 20 million people, the Seoul Metro Railway System is one of the largest in the world. The metro covers the entire metropolitan region. Even Camp Red Cloud, Camp Casey, and Osan Air Base are accessible via subway. You can expect the subway to be crowded during peak commute times. Here are some tips to keep in mind when navigating the subway system.

Maps
Download a subway app such as Kakao Metro. If you know your origin and destination stations (and many tourism websites will give you a station and exit for reference), you can plot them in the app, which will tell you the fastest route, including any transfers.

Tip: The Visit Korea app will tell you what subway station as well as what exit number to take to get to your destination and is great when used in addition to Kakao Metro.

Fare
Be sure your T-money card is loaded (see below) or that you have Korean won to purchase a single-fare ticket at a station kiosk. Keep in mind that the T-money card provides a small discount and allows free transfers. Adults can travel up to 10km for 1,250 won. Kids under 6 are free. Children from 7-12 pay 450 won, and teens 13-18 pay 720 won.

Language
Signs and notices will be in English, Korean, and other languages

Hours of Operation
The Seoul Metro operates from 0530 to midnight. Some stations vary, so be sure to confirm on your app.

Station Ins and Outs
Once you know your origin and destination, you can proceed to your departure station. First, make sure you are at the correct station for your trip. Each station will have multiple street level entrances. Use the street level marker to verify the station information. Stairs, escalators, and/or elevators will take you into the station.

Enter the Gate
Have your T-Money card in hand and approach the turnstile or subway gate. Note the green arrows and red circles designed to tell the user which gates to pass through. Sometimes these indicators change based on the direction with the most demand at the time. Locate the T-Money reader on your right side. Place the T-Money card on the reader until you hear it beep. The display will show the trip fare at the top and the remaining balance on the bottom. The fare for transfers is zero. If the card does not scan, the turnstile will lock or the gates will close. Try again then ask for assistance from a subway attendant or fellow passenger.

Locating Your Platform
This can require you to go down several levels and walk through hallways to connect to your train. Follow the signs with your line number. Knowing the color of your line will help you locate it quickly. The sign will also list other stations in the direction of travel for that line. Knowing your direction of travel is key to not getting lost. Some lines use the same platform for both directions while other lines use different platforms located in different areas of the station.

Riding the Subway
Trains run frequently in Seoul, so your wait time will be short. You can expect the subway to be crowded during peak commute times. When the subway is crowded, riders will form two lines in front of each set of doors. Once the train arrives, allow the arriving passengers to step off the train, then enter the train. There may be some pushing and shoving during peak times. You can sit or stand
anywhere except for the spaces designated for passengers with limited mobility (unless applicable). Generally, subway rides are quiet, and you will notice locals napping. Silence is encouraged. Inside the train, you will also find a diagram of the line as well as screens indicating the next station. An arrow will appear on the screen to indicate the exit door.

**Transfers**

If a line transfer is required, you will need to exit the train at the transfer station. Signs indicate which way to find your transfer. Knowing the number and color of the line is helpful. Then locate the color-coded signs on the platform for your next line. Again, it is important to know your direction of travel so that you can find the right platform.

**Finding the Way Out**

At your arrival station, you will need to exit the train onto the platform. Now, find the signs for “Way Out.” Most stations will have several ways out, so you will need to know your exit number before following the signs. If you do not know your exit number, consult the neighborhood map usually located on platforms and near exit stairwells.

**Exit the Gate**

Before you arrive at the station exit, you will need to pass through the exit turnstile or gates. With your T-Money card in hand, approach a gate with a green arrow and place the card on the reader. Your subway trip is now closed, the proper fare charged.

**Leaving the Station**

Continue to follow the signs for your exit number. Notice which way is north as not all maps are oriented the same way. Knowing which way is north will also help when you are above ground. Stairs, elevators, and escalators will take you above to street level.

**Station Amenities**

Subway stations in Seoul have a variety of amenities such as restrooms, shops, convenience stores, eateries, lockers, police stations, lost and found, neighborhood maps, and customer service counters. Some stations connect to underground malls, hotels, or museum entrances.

**Airports**

**Incheon**

- Airport code: ICN
- Located 50 km west of Seoul
- Primary hub for long haul international flights
- Shopping, dining, and entertainment
- Accessible via non-stop and all-stop trains, limousine buses, taxis, and vehicle expressways
- Parking is available, and fees vary according to car size, time, and distance from the terminal.

**Gimpo**

- Airport code: GMP
- Located about 15 km west of downtown Seoul
- Domestic air traffic (e.g., to Jeju Island); international flights in the Asia Pacific region
- Shopping, dining, and entertainment
- Easily accessed by car, bus, and train
- Parking available; fees vary according to car size, time, and distance from terminal

**Osan Air Base**

Space Available flights, also known as Space A or Patriot Express, is air travel offered at a highly reduced rate to active duty and retired service members, along with qualifying members of their families.

Space A travel is possible if there are seats left over on flights after military personnel traveling under orders have received their seats. There are various restrictions governing Space A travel, so familiarity with these guidelines is highly recommended. Keep in mind that Space A is not a reliable means of transportation, so travelers must be flexible and prepared with an alternate travel plan.

**Some basic steps for successful Space A travel include the following**

- Identify your eligibility travel category
- Determine your departure and arrival points, along with intended travel dates
- Prepare required documentation and obtain requisite authorization
- Register with the Passenger Terminal (the earlier the better), and be sure to register for both your departing flight and return flight.
Boats

Surrounded on three sides by water, it is no wonder that ferry transportation is readily available from the Korean coasts to nearby islands such as Jeju. Port cities like Incheon, Busan, Mokpo, and Donghae operate passenger ferry terminals. The Visit Korea Tourism site offers a detailed explanation of all terminals. Cruises on the Han River in Seoul offer a unique view of the city. Go to www.hcruise.co.kr for more details.

T-Money Card

The T-Money card is a reloadable plastic smart card that doubles as an electronic cash card as well as a transportation card; hence the name T-Money. You can use it to pay for trips on the city subway, buses, and trains. You can also use your T-Money card as electronic cash to pay for some taxi services, parking, convenience store purchases, and more. To purchase and reload your T-Money card, visit any convenience store such as CU, GS25 or 7 Eleven, or any subway station ticket kiosk. For bus and subway fares, children and teens receive a discount. Be sure to have them with you when you purchase their T-Money cards so they can be registered for the appropriate age.

Cell Phone Service

Public Telephones

If you do not have a telephone in your quarters, the USO, Library, CAC, and warrior Zone has computers with Skype installed that you are able to use. For privacy you can request a headset or bring your own. See the United Services Organization section for contact information. You can also use prepaid phone cards at all local pay telephones and with Korean cell phones.

Cell Phones

Korea is the most wired country in the world. Only unlocked American cell phones will work in Korea, and vice versa, but you will need to purchase a Korean SIM card and calling plan. Also, an unlocked US phones may not receive the fastest internet connection available in Korea depending on the make and model of your phone.

Some Korean cell phone plans also include calls to and from the US at reasonable prices, so check your options before you buy. Some carriers offer a phone number you can call that will connect you to the US without any additional fees.

Unlike in the US, military orders will not allow you to cancel your cell phone contract. If you leave before your contract is complete, you will need to either pay off the remaining months of the plan or sell your plan to someone else. If you take over a contract, you will need to take the phone to the place of purchase and change the payment information associated with the phone.

Note: The US Military and the Korean government require drivers to use a hands free device, no headsets, so if you must take a call while driving, find a safe place to pull over and take the call.

Where to Buy a Phone

New and used phones are available, ranging in price from $50 to $500. Plans vary with the service and minutes you require. A basic plan starts for as little as $10 per month plus the cost of the phone. Read all service agreements carefully; some plans charge for all calls made to cell phones operated by other service providers.

Prepaid Phone Cards

Prepaid phone cards to program into the phone are another convenient option. More time can be purchased and added, or have several months programmed in at a time at approximately $10 minimum per month. Several businesses on post sell phone minutes, including the PX and they will program your phone for you. Ask for details about programming cards and expiration dates when purchasing your phone.

Education

Whether you are the parent of a preschoooler or high school student, or an adult interested in pursuing an advanced degree or just learning some of the language, there are a variety of educational opportunities both on and off post for service members and dependents residing in Korea.

Preschools

Preschools are available both on and off post. Please be aware that space is limited, so early registration is vital to secure your child’s spot.

On Post

Strong Beginnings

Strong Beginning is a pre-kindergarten program run by the Child Development Center (CDC). Students must be 4 years of age by September 1 to qualify.

Sure Start

Sure Start is a free pre-kindergarten program run by DoDEA. Students must be 4 years of age by September 1 and have a parent who is E1 through E9 (or civilian equivalent) to qualify.

Off Post

Both English speaking and Korean immersion preschools are available off post. Below are a few of the Pyeongtaek preschools that Humphreys parents choose for their children.

Mustard Seed Christian Preschool, 031-655-4673
Angel’s Montessori Preschool
Kids R Us, 031-657-7771
Mission Baptist Academy, 031-677-0375
K-12 Schools

The Camp Humphreys community is serviced by two elementary schools, one middle school, and one high school. Please see the education checklist below to determine your child’s eligibility to attend.

DoDEA Registration Process

Regardless of registration type (new or returning) you will have to physically visit your corresponding registrar’s office (generally located at your child’s school) to complete the DoDea registration process.

To maximize your time, we highly recommend you fill out the required and recommended registration documents, and bring the required documentation prior to your visit.

DoDEA School Registration Requirements

A child must be
• Four years old by September 1 to attend pre-kindergarten or Sure Start.
• Five years old by September 1 to enroll in kindergarten.
• Six years old by September 1 to attend first grade

New Students
• New students registering for enrollment in DoDEA Europe, DoDEA Pacific, and Guantanamo Bay, Cuba schools overseas are required to provide verification of the following:
  • Date of Birth
  • Dependent Status
  • Active Duty Status of Military Sponsor or Employment Status of Civilian Sponsor
  • Status of Defense Contractor Sponsor and Central Billing Letter
  • Status of non-DoD sponsor (other Federal Agencies)

Required forms for new students
• DoDEA Form 600 - Student Registration
• DoDEA Form 700 - Consents and Authorizations
• DoDEA Form 700A - Internet Agreement and Consent to Use IT Resources
• DoDEA Form H.1 Student Health History
• DoDEA 2942.0-M-F3 - Immunization Requirements

Recommended forms for new students

All Documents can be found at https://www.dodea.edu/

Documents that may be used for verification of information

Date of Birth
• Certified copy of birth certificate
• Child’s passport

Dependent Status
• Sponsor is listed as biological parent on child’s birth certificate
• Dependent is listed on active duty military sponsor’s/DoD civilians orders
• Locally-hired DoD civilians - Certificate of Employment from HR listing names of dependents
• Sponsor is named on child’s military identification card (ID)
• Appropriate military service form documenting that the Service recognizes the child as a dependent of this member
• Approved (Defense Enrollment Eligibility Reporting System) DEERS registration form
• Dependent is listed on defense contractor’s Letter of Identification (LOI) or Letter of Agreement (LOA) and in Central Billing Letter (CBL)

If the sponsor is a step-parent, and one of the above cannot be provided, the following is required:
• Child’s birth certificate documenting sponsor’s spouse is biological parent
• Custody documents indicating spouse has full custody of child
• Marriage certificate of sponsor and child’s biological parent

If neither the sponsor nor spouse are the biological parents of the child, court ordered custody or guardianship documents are required (power of attorney or notarized agreements between biological parents and sponsor are NOT accepted). Note: If court order names only the spouse as guardian or custodian of the child, the sponsor will be required to complete and sign an in loco parentis affidavit (available from the school registrar).

Active Duty Status of Military Sponsor
• Current orders Permanent Change of Station Orders (PCS) (normally 3 years duration at most locations)
• Sponsor’s active duty identification card (copy of picture side will be retained in the file)
• Letter from sponsor’s command certifying active duty status
• Current deployment orders

Employment Status of Civilian Sponsor
• Initial Registration - PCS orders
• Local Hires - Current Notification of Personnel Action (SF 50/or NAFI Equivalent) and
• Letter from Servicing personnel officer verifying full-time employment and verifying dependents

Employment Status and Certification of Non-DoD Civilian Sponsors and Dependents
• Sponsor’s employing agency must certify that the sponsor occu-
pies a position that is subject by policy and practice to transfer AND must certify that the agency will reimburse the DoD for the educational services provided to the dependent

- Initial Registration - PCS orders

**Employment Status of Defense Contractor Sponsor**

- Letter of Identification (LOI) or Letter of Agreement (LOA) NOTE: Official travel of defense contractor authorizing dependent education subject to availability on a tuition-paying basis. The LOI/LOA must identify the organization contract number, length of the contract, and names of dependents.
- Verification of Housing
- Housing assignment letter, voucher, or RCI lease agreement (each installation may have specific requirements, please check with registrar)
- Letter from housing office that housing will be available and offered within 90 school days.

**Schools Off Post**

International Christian School Pyeongtaek, (ICS) offers off post education for students in elementary through high school (K-12). Founded in 1990, ICS is a private, coeducational day school, offering a college preparatory curriculum to the international community in Pyeongtaek. Website: http://www.icsptk.org

**Home Schooling**

Eligible home-school students may use or receive auxiliary services, enroll in one or more DoDEA courses, and/or access gifted education, English as a second language, or special education services consistent with existing DoDEA regulations and policies. Academic resources, such as textbooks, are made available to home-school students on the same basis as dependents enrolled in DoDEA schools. Eligible home-school seniors who are fully enrolled in a DoDEA High School may also participate in a DoDEA commencement ceremony by meeting DoDEA graduation requirements, earning a DoDEA diploma, and complying with DoDEA graduation policies and procedures.

For more information about DoDEA's support for homeschool students, please visit www.dodea.edu/parents/homeschooling.cfm.

**School Support Services**

The School Liaison Program helps military personnel and DOD civilian parents advocate for their K-12 students. They provide assistance in dealings with issues such as PCS, varying school-to-school curriculum and requirements, and homeschooling.

Employment

Employment opportunities in Korea for spouses are limited, but with initiative and some creativity, finding paid employment is possible. The information in this section is intended to inform you about some of the specific employment requirements and restrictions in place in Korea, and to provide some guidance regarding resources available to help you.

There are US government, contract, corporate, and volunteer positions available. Spouses of active duty and federal civilian employees have hiring preference upon arrival for all government positions. Employment opportunities are very competitive, so anticipate potential delays in securing a position commensurate with education and/or experience.

Dependents of members of the US armed forces and civilian component are admitted to the Republic of Korea (ROK) under an A-3 visa. Persons in Korea under an A-3 visa are not entitled to be paid for work on the Korean economy without an additional authorization from the Korean government.

Employment, On Post

The Employment Readiness Program (ERP) assists family members with resume writing, identifying employment opportunities, and preparing for a new job. They sponsor opportunities to meet potential employers face-to-face at Job Fairs several times a year. Ensure you bring clean, accurate copies of your resume and dress appropriately.

USAJOBS

USAJOBS (www.usajobs.gov) is the Federal Government's official source for most federal jobs and employment information. Here you can find opportunities in civil service, nonappropriated funds (NAF) and Department of Defense Education Activity (DODEA) staff. Additional information on federal employment can be found on www.fedshirevets.gov.

DoDEA Teaching opportunities

DoDEA teaching opportunities (excluding substitute teaching) are advertised on www.dodea.edu. Substitute teaching positions with DoDEA are advertised on www.usajobs.gov and subject to a background check process that may take two to three months, so plan accordingly. Though posted on USAJOBS, you should start the application process directly with the elementary, middle, or high school. Remember, the school where you submit your application has priority for your services.

Army and Air Force Exchange Service (AAFES)

AAFES employment opportunities are posted directly on their website (www.applymyexchange.com). These include positions at the Post Exchanges and various food courts. High school age children and older dependents interested in working as baggers may apply in person at the Commissary or at the School Aged Center.

The on post thrift stores on Camp Humphreys (Painted Door Thrift Store) and Camp Walker (The Apple Tree) hire part-time staff. For applications, enquire directly in-store.

Employment, Off Post

Home-Based Businesses

Home-based businesses (HBB) are a viable self-employment option. Examples of home-based businesses include independent consultants, individuals offering private lessons, and individuals selling goods or services. HBBs are regulated by FMWR and subject to written approval by the Garrison Commander and are regulated by SOFA. To initiate this process please visit Financial Management at FMWR for the required forms.

You are responsible for paying US taxes as a HBB, you can sell only to customers governed by the SOFA or in the US, and you cannot use APO mail to send or receive anything to do with your business. All HBB in Korea (on-post or off-post) require approval.

Tip: Military spouse entrepreneurs can connect virtually through the Milspo Project (http://milspoproject.org).

Remote Employment

Thanks to the wonders of modern technology, remote workers can be physically located just about anywhere in the world and still meet job requirements! Here are a few resources to get you started on the remote job search:

- www. flexjobs.com
- www.hiremadskills.com
Volunteer Work
Volunteering is a great way to build gaps in skills or experience, increase employment marketability and network! For more information on volunteer opportunities, contact the ACS Volunteer Program Coordinator.

Visas
Dependents with A-3 visas may obtain a work permit in any of eight employment categories. These categories each have a number of qualifications applicants must meet in order to be eligible. The employment status categories are:

- **E-1 Teaching (Professor):** This is for professors of higher education. Requirements include education and experience as a professor of higher education.
- **E-2 Foreign Language Instructor:** This category includes English teachers. Requirements include a bachelor’s degree and/or relevant college level educational and/or work experience.
- **E-3 Research:** This category includes those performing research in the natural sciences or in the development of industry and technology. Requirements include an invitation from a Korean public or private institution to perform work of this nature.
- **E-4 Technology Instruction:** A person possessing professional level knowledge in the natural sciences, or special technical skills. Requirements include an invitation from a Korean public or private institution to perform instruction of this nature.
- **E-5 Professional Occupation:** This category includes foreign attorneys, accountants, and doctors who are certified in a foreign country and are authorized under Korean law to practice in their field in Korea.
- **E-6 Arts and Performance:** This category includes those engaged in music, the arts, literature, modeling, or other performance activities for profit.
- **E-7 Special Occupations:** This category includes such employment as designated by the Minister of Justice, including work in translation, interpretation, cultural research, etc.
- **E-8 Employed Trainee:** This category is for temporary employment for industrial training purposes.

Employment without proper permission violates Korean law. This includes teaching English to private individuals. Penalties for violation of Korean immigration law may include deportation, prosecution in Korea, fines, and levying of back taxes. A dependent with an A-3 visa may secure employment with a Korean company but the employer must then initiate the necessary paperwork with the Korea Immigration Service (an agency of the Korea Ministry of Justice) to obtain an employment permit for the dependent. The dependent may then visit a local immigration office and obtain the passport employment permit stamp. Once the dependent obtains the proper work permit, he or she may be lawfully employed on the Korean economy. Dependents employed on the Korean economy are subject to the withholding of Korean income taxes from their wages in Korea.

Modeling And Acting
Korean companies need people of various ages and nationalities for advertisements, television shows, and movies. Look for job postings on the Internet and Facebook, and apply directly to the agencies seeking models. You may even be approached on the street if you or your children have “the look” they need. You will typically need to provide three to five head shots and you may be asked to submit a short video. You’ll also need to provide size measurements (know your Korean clothing sizes and metric conversions). The modeling company will supply the necessary work visa for each shoot.

Medical Services, On Post

General Information
USAG Humphreys has a medical clinic and will have a hospital in the near future. The medical clinic services Military members and their families who are enrolled in Tricare. Occasionally, the clinic is able to provide services to non-command sponsored family members, DA civilian employees, DODDS employees, non-enrolled retirees not currently assigned a provider and contractors on a “space-available” basis.

The services provided at the clinic are: family medicine, pediatrics, physical therapy, behavioral health, occupational health, internal medicine, counseling, clinical pharmacist, aviation medicine, Educational Developmental Intervention Services, social work, public health, health promotions, immunizations, radiology, laboratory, and optometry. If you are in need of a specialty referral the Tricare office will arrange for your appointment at a host nation hospital or at the Brian Allgood Army Community Hospital in Seoul.

The clinic does not provide emergency services but does have informational cards with the numbers and locations of the nearest emergency departments.
- Location Information: Building number 555
- Appointment Line: Phone: 0503-337-2273  DSN: 737-2273  
  Hours: Monday-Friday 8:00 am - 4:30 pm.

Non CSP Dependents, civilian contractors, and retired military not enrolled or assigned personnel can call the appointment line Monday-Friday from 11:30 am - 4:30pm.

Tip: Select option #2 (for outlying medical clinic), then select option #3 (for Humphreys Medical Clinic) then select option #1(for appointment line).

Immunization And Disease Awareness

Immunizations
For active duty, mandatory immunization requirements will be communicated through the Periodic Health Assessment (PHA) process. DoD family members, DoD civilians, and DoDDS employees should check with your medical treatment facility, healthcare provider, and/or school nurse for recent updates on immunization requirements. Family members/dependents will be screened through the Exceptional Family Member Program (EFMP) for overseas travel prior to departure for Korea, and guidance on any immunizations that are required or recommended prior to entering Korea will be provided during that process. For school immunization requirements, visit the DoDEA website at www.dodea.edu.

Diseases
Tuberculosis (TB) is present on the Korean peninsula, and within the Asia region. To test for this disease, it is recommended to have a Purified Protein Derivative (PPD) for tuberculosis infection test prior to coming to Korea, every year while in Korea, and just prior to leaving Korea. This is a mandatory requirement for Active Duty service members and highly recommended for all others. DoDDS and Child Youth and School Services require current proof of PPD testing for registration. Vector-Borne Diseases are similar to those in the US; diseases transmitted by mosquitoes, mites, ticks and rodents are present in Korea. Japanese Encephalitis is prevalent in the Asia region, and a vaccine is available for all active duty, DoD family members, DoD civilians, and DoDDS employees.

Vivax Malaria is transmitted by mosquitoes and is present at relatively low levels, primarily in areas north of Seoul and near the DMZ. For protection, military personnel should use repellents on exposed skin when in malaria risk areas during hours when mosquitoes are present. As mosquitoes can also bite through clothing, DEET repellent spray can be applied to the outer garments for protection. Soldiers should use permethrin impregnated ACUs during the malaria season.

Common House Mosquito (Culex. pipiens), is often found in abundance on military installations, including USAG Yongsan. In Korea, it is not attributed to the transmission of any disease. Populations breed in standing water on and off post and in government housing complexes, making pesticide applications less effective. Mosquitoes are more prevalent at night; they enter houses through air conditioning systems or any small opening (e.g., under the door and through the drains). Bed nets, drain covers, and indoor space sprays (available from the military Self Help Center) are often effective. Korean products including MOGSOL (needs a plug adapter) are available off post at grocery stores.

Pharmacy
Prescriptions obtained from off post providers can be filled at the on post pharmacy only if prescription is written in English. You may order prescription refills using the automated telephone system (see number below), or on line (see link below).

The pharmacy’s busiest time is 10:00 am to 3:00 pm. If possible, visit the pharmacy before or after this period for fastest service and shortest wait times.

Prenatal Care

**Childbirth Class**

Childbirth classes for expectant parents are available through ACS. A New Parent Support Program is also available. This program enhances parent and infant attachment, increases knowledge of early childhood development, and provides support services to allow parents to become nurturing and capable caregivers. Breast pumps are available through TRICARE for both active duty and DoD dependents. Additional information is available at www.tricare.mil/breastpumps. Currently, there is a lactation consultant available through ACS.

**Medical Services, Off Post**

For individuals who require medical care off post, there are several doctors and clinics that service the foreign community. Host nation partnership hospitals and clinics provide the highest quality of healthcare and all are accredited by the Joint Commission International or the Korean Hospital Association. Many of the medical staff speak English and a significant number were trained in America.

Providers will refer you to host nation partnership hospitals and/or clinics for the specialty care you require when the services are not available within the military system (transport and guides are provided). A staff of Host Nation Patient Liaisons assist patients as well. The Nurse
Case Managers visit all our beneficiaries if they require hospitalization and conduct telephone follow-ups with the Korean healthcare team providing your medical care.

**Referrals**

Most visits to a host nation partnership hospital or clinic typically begin with a referral from your Primary Care Manager at the local Military Treatment Facility (MTF). If the needed care is not available at the Military Treatment Facility, a Host Nation Appointment Clerk or TRICARE Representative at your local TRICARE office will assist in making your appointment at one of our host nation partnership hospitals or medical clinics. Usually, the Host Nation Appointment Clerk will make your appointment, schedule transportation on one of the TRICARE courtesy shuttles, and provide you with a claim form and any necessary medical documentation or care authorizations needed for your medical appointment. Although our host nation partnership hospitals and clinics accept self-referrals, it is best to work through your local TRICARE office to coordinate your care. The payment for your care at the Korean facility will depend on your TRICARE status or other insurance plan you may have. When you call to make your appointment, TRICARE staff will advise you on your coverage and financial responsibilities at that time.

One of the surprising things about living in Korea is the lower cost of elective procedures off base. A service that helps many families is the infertility options. From IUI to IVF and everything in between, Korea’s infertility clinics offer options not covered by TRICARE at a fraction of the cost of treatments in the US. Many doctors in Korea studied abroad and speak English. Some are even certified in the US or have had practices there. Additionally, if you have thought about Lasik eye surgery, cosmetic surgery, laser hair removal or chiropractic care, you could save hundreds to thousands of dollars by having those procedures done here. As with any medical service, ask your community for recommendations on where to go; chances are you will meet someone who has done what you are thinking about right now.

**Birthing Resources**

There are many support services around USAG Humphreys and the surrounding areas that can assist individuals and families with the birth of their child. Doulas provide non-medical, labor, breastfeeding, and postpartum support. Doulas without post access can be signed onto post for births at the hospital or for home births. Midwives are medically trained professionals who provide delivery care in both hospitals and clinics, along with specializing in natural home and water births.

For those choosing to birth off post or wanting further childbirth education, there are several options available. Contact the TRICARE office for more information and to ensure coverage. Also see the resources listed below and research the facility.

This list is not all-inclusive, nor does it serve as endorsement for any one service.

**Medical Services, When Traveling**

If you plan to travel outside Korea, check with the Clinical Preventive Medicine (PM) Service for current requirements in other countries. The clinic staff provides a personal medical consultation to ensure an enjoyable and safe vacation for you. Please bring shot records for each person traveling. It is best to schedule appointments four to six weeks before traveling to allow adequate time for any necessary vaccinations to take effect.

**Healthy Travel Tips**

No matter where your travels may take you, be sure to observe the following:

- Wash your hands often with soap and water.
- Eat only thoroughly cooked food or fruits and vegetables you have peeled yourself. Remember: boil it, cook it, peel it, or forget it. Don’t eat food purchased from street vendors.
- Never eat undercooked ground beef and poultry, raw eggs, or...
• unpasteurized dairy products. Raw shellfish is particularly dangerous to persons who have liver disease or compromised immune systems.
• Drink only bottled or boiled water, or carbonated drinks in cans or bottles. Avoid tap water, fountain drinks, and ice cubes. Check to make sure that bottles for water are not being reused. Bottle caps should be new and unopened.
• Motor vehicle crashes are a leading cause of injury to travelers, so walk and drive defensively. Avoid travel at night if possible and always use seat belts.
• Protect yourself from insects by remaining in well-screened areas, using repellents (applied sparingly at four-hour intervals), and wearing long-sleeved shirts and long pants.
• Monkeys, dogs, cats, chickens, and ducks can be a source of serious diseases such as rabies, plague, and bird flu, so avoid contact with animals whenever possible.
• To prevent fungal and parasitic infections, keep feet clean and dry. Never go barefoot.

Recommended Supplies and Equipment

Make sure you pack:

• A long-sleeved shirt and long pants to wear outside, whenever possible, to help prevent sunburn and illnesses carried by insects.
• Insect repellent containing diethyltoluamide (DEET), in 22% to 35% strength for adults and 6% to 10% for children, as well as a bed net impregnated with the insecticide permethrin. (Bed nets can be purchased in camping or military supply stores.) There are also natural insect repellents available for use by adults and children that are DEET-free.
• Over-the-counter anti-diarrhea medicine to take if necessary, and iodine tablets and portable water filters to purify water if bottled water is not available.
• Prescription medications: make sure you have enough to last during your trip, as well as a copy of the prescription(s).
• Carry an emergency contact information sheet with you: include any medications, as well as any medical conditions and known allergies.

Emergency/Urgent Care While Traveling

TRICARE has contracted and partnered with International SOS (ISOS), a worldwide company, to establish a network of quality healthcare providers and hospitals throughout the Western Pacific to assist with urgent and emergency medical and dental care for active duty service members (ADSMs). By using the ISOS network, ADSMs will not incur out-of-pocket expenses and there will be no claims to file. It is a cashless and claimless service. This service is available to ADSMs who are TDY, deployed, or simply on leave in Pacific areas where a US Military Treatment Facility is unavailable.

Active duty family members enrolled in TRICARE Prime may use ISOS for emergency medical care only. ISOS can assist you in obtaining urgent medical or dental care, but you will be required to pay for the services up-front and file a claim through the region in which you’re enrolled for reimbursement. TRICARE Standard active duty family members, as well as retirees and their family members, are not eligible for this emergency travel benefit.

To utilize these services in an emergency, members should call their nearest ISOS assistance center. It’s a good idea to visit the TRICARE/ISOS website before you travel and record the phone number for the ISOS assistance center in the country in which you’ll be traveling. Collect calls are accepted. Note that when calling collect, it may be necessary to request an international operator.

For civilians and family members not eligible for ISOS, it is a good idea to purchase international or travel medical insurance before going abroad. If you already have international insurance, check with your current insurance provider before you travel to confirm coverage and procedures in case of emergency.

ISOS toll free phone number: 080-429-0880

Emergency Care Defined

Emergency care is care provided for sudden and unexpected onset of a medical or psychiatric condition or the acute exacerbation of a chronic condition that is threatening to life, limb or sight and requires immediate medical treatment.

If you need emergency care as defined:
• Seek care from the nearest medical facility.
• Dial the local number for ambulance service as provided by the American Embassy, military unit, or other source.
• Have a local address and phone number available. Do not hang up the phone until directed to do so by the host nation operator.
• When emergency treatment or hospitalization in a local civilian hospital is received, contact International SOS as soon as possible.

Urgent Care Defined
Urgent care is defined as treatment for a medical or psychological condition that would cause undue discomfort to the patient or that may worsen if not treated within 24 hours. If you need urgent care in Pacific locations, ISOS can provide several valuable services. By calling them before receiving care, you can:
• Find a qualified healthcare provider.
• Avoid paying up front costs.
• Avoid filing claims.
• Otherwise, expect to pay the host nation provider at the time of service. Then file a claim with your TRICARE Service Center upon return from travel.

Dental Services, On Post
Because the Dental Company’s (DENTAC) mission encompasses Soldier readiness throughout the peninsula, family member dental care in military clinics is limited and is on a space-available basis. While there is some degree of space-available in-house family member care, the majority of family member care occurs through a network of Preferred Host Nation Providers. Selected providers practice dentistry in line with US standards, maintain modern facilities, and engage in infection control and sterilization protocols in accordance with US standards and Centers of Disease Control guidance. They sometimes accept insurance in lieu of upfront payment from the patient. The DENTAC strongly encourages all sponsors to ensure coverage of their family members through participation in the TRICARE Dental Program (MetLife). Check their website, which provides up-to-date information. Active duty family members are the only non-active duty category that may obtain routine space-available care in military dental clinics. However, the DENTAC will always provide emergency care to address pain, infection, or trauma to members of all beneficiary categories.

Dental Clinic on USAG Humphreys:
The USAG Humphreys dental clinic can do exams, cleanings, general dentistry, pediatric dentistry, endodontics and periodontics, however active duty service members are the first priority so many family members see off post dentists in the preferred network.
• Location: Building 555, second floor.
• Phone: 02-7917-9206 or 02-7917-9207 DSN: 739-9206 or 739-9207

Emergency Treatment
Emergency dental treatment for family members is available at the appropriate clinic during clinic hours. During off-duty hours, patients should go to the nearest emergency room.

Dental Services, Off Post
The TRICARE Dental Office maintains a list of preferred providers in Pyeongtaek and the surrounding area. Preferred providers will file appropriate forms with TRICARE. Below are the preferred providers in Pyeongtaek, Osan, and Suwon as of the date of this publication.

Shopping
Shopping in Korea can be a lot of fun, if you are informed and ready for shopping experiences that are different from what you might be used to. This section provides some basic information on sizing, customs, types of products to search for, and an overview of some of the major shopping areas.

General Information

Online Shopping and Shipping
Many people who have never bought a single item on the Internet find themselves die-hard Internet shoppers after moving to Korea as Western goods are more expensive on the economy. Many internet sites will ship to APO addresses but you may need a Virtual Private Network (VPN) to order from them. We could not possibly list them all, but here is a list of a few popular online retailers that will ship to an APO/FPO:

Search for online coupons and discounted shipping codes when ordering.
• Plan ahead during the busy holiday mailing season. Be sure to check which shipping method a company intends on using to ship the goods to you. The quickest, easiest, and most convenient way for APO/FPO shipments is USPS Priority Mail. This usually takes one to two weeks, versus six to eight weeks by standard methods.

• For those items that cannot be shipped to an APO/FPO address, there are companies who specialize in forwarding packages to APO/FPO addresses. They provide you with a stateside shipping address and then charge shipping and handling to forward it on to your APO address. Consider visiting www.apobox.com or www.shipitapo.com.

• Most online vendors will not ship large items to APO addresses. If they do, the shipping costs can be more than the actual item purchased.

Gmarket
Gmarket is a Korean online auction and shopping mall website, where people from all around the world buy and sell goods and services. Website: http://mg.gmarket.co.kr/

On-Post Shopping Tips
The best way to find out which retail services are available is to search AAFES and the installation you are interested in.

Baby And Maternity

• PX and Furniture Store carry most baby items, but choice is limited. If you want a particular stroller, baby jogger, or high chair, purchase it prior to departing the US and ship it in your household shipment.

• Baby furniture items, such as cribs, mattresses, changing tables, and rocking chairs, are not supplied by the Housing Management Office and can be expensive to purchase in Korea.

• Infant and toddler clothing stocks in the PX may be quickly depleted.

• Newborn clothing can be found at large chain stores like emart but the styles and colors are very different from typical American styles.

• The PX has a selection of maternity clothing but items may sell out quickly.

• Doota Mall -You will find a selection of maternity clothes on the 6th floor with the baby clothes. There are individual vendors so be sure to go around the floor to compare prices. They are located near the Dongdaemun subway station (Subway Line 4, Exit 8)

• Ordering through US websites is another way to get maternity clothes.

• Some maternity clothing may also be available second hand through the local facebook buy and sell pages.

• The Painted Door Thrift Shop (Humphreys), The Second Hand Rose Thrift Shop (Yongsan), Casey's Closet (Camp Red Cloud), Osan Thrift Shop (Osan AB) and Apple Tree Gift and Thrift (Daegu/Camp Walker) often have gently used maternity clothes and baby items in stock.

All About Hair

• Prices vary so ask for pricing beforehand, each service provided
(e.g., shampooing, blow drying, etc.) may be a separate charge.
• If you use special hair care products, check the online websites to see if your product can be ordered and shipped to your APO.
• If your favorite products are not available for order, bring a supply of those products with you. Some products can be purchased off post, but they can be hard to find and expensive.
• Korean made products may not work as well or may be more harsh than products due to the different hair texture within the culture and FDA standards for products made in the U.S.
• Many find the water here harsh on skin and hair. Additionally, soaps, shampoos and conditioners may or may not provide the same results as in the states.
• Consider purchasing water filtration devices that can be installed on shower heads

Bicycles

• If you don’t want to ship or buy a car, or if you are prohibited from owning a car in Korea, consider a bike.
• You can ship bikes with household goods or buy one on-post.
• The AAFES selection of bike accessories is limited. Consider bringing some of your own specialty items (i.e. fenders, waterproof bike wear, head lights, tail lights etc...).
• When riding on-post everyone is required to wear a helmet and reflective vest at all times of the day or night. The bike must be equipped with a front headlight that shines 50 feet, and red rear light.
• All bicycles must be registered on post at DBIDs.
• Riding on-post is generally quite safe. Riding off-post, one must exercise extreme caution.

Carpets And Rugs

• The floors in most government quarters are linoleum/wood over concrete.
• Off post apartments generally have heated floors.
• Online stores will not ship rugs or rugs pads OCONUS.
• Bring any desired rugs (including runners) with you in your household goods as choices are limited in Korea and can be expensive.

Good color choices are hard to come by locally, particularly neutral colors.
• Check with departing personnel as they may have purchased Korean carpets or rugs locally and be willing to sell them.
• Check Thrift Stores
• AAFES carries some area rugs, carpeting, and padding at a variety of prices and sizes up to 12’x15’. Ask at the PX about ordering rugs for delivery to the local store from the online catalog.
• Carpet vendors move from installation to installation to set up displays and sell various sizes of decorative rugs.

Holiday Decorating

Christmas/Easter
• Bring essential holiday items in HHG shipment.
• Holiday items (including artificial trees) are available at the PX on post.
• The thrift shops usually have a selection of holiday decorations at very reasonable prices.
• Live trees may be found on the larger installations, however, many will find the trees expensive. Greenery/Trimmings are not sold.
• Both live and artificial trees (numerous colors and styles) are available on the economy, though they are more expensive than those available on post.
• Christmas tree stands are in short supply, so bring a stand in your household goods shipment if you plan to purchase a live tree.
• Disposing of live trees is difficult if you live off post and trash is not authorized to be brought on post to be put in dumpsters.

Hanukkah/Passover
• Bring essential holiday items in HHG shipment.
• AAFES did not offer any items in the past and nothing can be found off post.

Commissary

• Commissary website: Website: www.commissaries.com
• All patrons age 10 and over must present a valid military ID and ration card to enter the store (visitors are not allowed to enter).
• There are monthly limits on commissary purchases in total dollars. Accompanied personnel are allowed a greater amount. There are
also per day purchase limits placed on certain items (shelf limits). See the ration section of this chapter for additional information.

• Commissary hours vary depending on the post you are assigned to.
• All commissaries will have modified hours for American and Korean holidays.
• Coupons are allowed at the commissary, as well as at the PX. Regular manufacturer, online printable, and commissary coupons may be used for up to six months after the printed expiration date while stationed overseas. You can also load coupons onto the free Commissary Rewards Card on the Commissary website. ACS will have coupons available for coupons swappers.

Tailors & Seamstresses
• Selecting a good tailor by word of mouth is helpful. Most people who have lived in the area for a few years have a favorite tailor, so when you see a person wearing a custom suit or uniform that you like, ask him or her who made it.
• After you select a tailor, make sure you select a fabric that will be compatible with the style of garment you have chosen. Be sure to review all of the details of the garment (type of lapel, pocket flaps, cuffs, etc.) with the tailor so you will be pleased with the final product.
• Do not accept unsatisfactory workmanship and do not pay for the garment in full until it is completed to your satisfaction.
• Outside of Osan and Humphreys custom items can cost 25% less than in Seoul and will often see even bigger savings if you order more than one item (e.g., a gown and custom suit, a custom suit and jacket, etc.).

Custom-Made Uniforms
• Many military personnel have found that custom uniforms can be made very reasonably by off post tailors.
• Get recommendations from individuals of similar size and visit many off-post tailors to get quotes prior to purchasing a custom uniforms.
• Quality- pricing may differ greatly verify use of authorized materials
• The Military Clothing Sales Store (MCSS) carries fabrics and buttons authorized for Army uniforms only. The selection of Air Force, Marine, and Navy uniform items is limited at USAG Humphreys and some items have to be ordered from Osan or the US, so plan ahead.
• For clothing services off post, you may need to purchase your own fabric. After the tailor has taken all the necessary measurements, ask how much fabric he will need to make the uniform. A man’s jacket normally takes about 2½ yards and the pants require about 1½ yards. Check at Military Clothing Sales and Service to make sure you have all the necessary trim and measurements for its placement.
• Women’s uniforms are more difficult to make than men’s and is more expensive, so ask to see samples and prices before committing to the garment.

Furniture Delivery Service
• Many vendors/stores will deliver items purchased off post.
• Understand delivery prices as some only deliver to your door but not into your home.
• Most off-post vendors do not have access to post and will require you to escort to on post housing. When coordinating for this delivery make sure you understand the requirements for the person entering the installation based on the current threat level. At a minimum all delivery persons will be required to show a photo identification (many Koreans do not carry this) as well as registration documents for the vehicle. If the delivery person is turned away at the gate you may be charged additional money for an additional delivery or the vendor may not deliver beyond the commercial gate entrance.
AAFES Concessionnaires

- Local vendors sell many items including art, blankets, lacquer-ware, clothing, embroidery, furniture, jewelry, pottery, leather goods, and clothing.
- Some vendors travel between installations and may only be at one location for a month.
- If you are interested in items get a business card from the vendor, find out their schedule for locations or determine the location of their shop off post.
- At most installations there is also a dry-cleaner, portrait studio, and optical shop.

Gasoline

AAFES Gas Station prices are considerably cheaper than prices found on the Korean economy. Identification cards are required for access to pump gas. AAFES gas stations are either located in conjunction with a shoppette or have a kiosk that offers drinks, quick snacks, oil, and wiper fluid.

- Purchasing fuel on the economy requires you to know the proper grade for your vehicle and that the attendants select the proper gasoline.
- For pricing, Korean gas is measured and priced in liters, and may be more expensive.
- Make sure you have enough Korean won with you before stopping for gas on the economy.

Auto Parts & Servicing

- Generally speaking, parts for non-Korean cars are expensive. A good mechanic will tell you to order parts from US and they will put them on for you to save hundreds of dollars.
- All installations have auto craft shop, types of service depends installation.

Gas Grills And Propane

- Propane tanks cannot be shipped with your household goods.
- The PXs sell gas and charcoal grills. The stores have a decent supply during summer months.
- Propane tanks can be bought or exchanged either through the PX or Shoppette depending on your installation.
- There are off-post filling stations near some installations. Cost and quality varies.
- Larger grills and smokers can be rented through MWR Outdoor Recreation.
- Grills are not authorized on the balconies when living in apartment complexes. On-post housing has designated grilling areas with outdoor propane lockers/storage areas.
- Most picnic areas near the various housing complexes on and off post have charcoal grills for public use.

**Tips Before Shopping Locally**

Shopping in Korea can be slightly overwhelming at first, but with time and practice you will become a pro in no time!

**When shopping, keep these simple guidelines in mind:**

- Checkout http://www.pyeongtaek.go.kr/tourEn/main.do
- Checkout http://www.korea-hotels.net/daegu/shopping.htm
- There are thousands of stores and vendors in Korea. Check out some of the websites and Facebook pages listed in the Resources section, and read the recommendations of others.
- Do not let aggressive merchants push you to buy something you do not want.
- Street and marketing shopping is a feast for the senses. If you see something you like, buy it; it might not be there the next time you visit that area. Also, be sure that you want an item. It is challenging to try to return something purchased from an open market or street vendor.
- If you are shopping for Korean-made items, be sure to check to see that the items are actually made in Korea. Many items, especially those that seem to be very good bargains, are often imported.
- Explore! The small, local markets and street vendors carry items you cannot find on post. Wandering through the large shopping malls and department stores can be a full day outing for you and your family.
- It is customary in the Korean culture to give a business card to a new acquaintance. You may want to bring some cards with you from the US with your name, email, and new APO address. Have the information printed in English on one side and Hangul on the other. If you have cards made in Korea, use a reputable printer or you might find yourself having the cards reprinted. It helps to type the information to give to the printer. There are several vendors on post and off post.
- Korean clothing and shoes tend to run smaller than western items. General guidelines according to many Korean vendors is Korean Large is US Small. It is important to understand that even knowing the analogous US size does not guarantee fit, as items are often not as roomy. It is recommended that you take actual measurements with you when shopping.
- Always negotiate at smaller stores and markets. Be comfortable with going back and forth with the merchant before agreeing on a price. Merchants can be very dramatic about negotiating, but do not let that deter you. The only places you cannot negotiate are box stores (e.g., Costco).
- If possible, browse on your first pass through a market and then return on the second pass to buy.
- Prior to shopping in the markets and street vendors, browse the items and prices at chain stores like Daiso, Lotte Mart, and E-Mart. This will give you a general idea of prices.
- Check the US Postal and Customs regulations prior to buying a large number of items to send to the US. The US Customs Office is cracking down on illegal exports. Learn about items that are illegal to send stateside as well.
- You can buy just about anything if you know where to get it. Stiffer regulations from the Korean government have decreased the counterfeit label distributors drastically in the markets. So prices are not as inexpensive as others have told you.
- Do your homework to determine if you are getting a good deal.
- Always know the exchange rate between dollars and won before you shop. You may be able to get a better deal using one currency over the other, depending on current economic conditions.
- Be aware that if you pay by credit card, the currency exchange rate is in the seller’s favor. If you use a credit card, never pay a service charge to the merchant for using the card. If the merchant insists on the service charge and you absolutely have to have the item, make the merchant write the charge separately on your receipt. This is an illegal practice and most merchants will back off if you stand your ground. Keep your credit card receipts and ensure the charge that shows up on your bill matches the receipt.
- Many businesses will offer a cash discount if you pay in won. Ask for the discount as most businesses are not going to offer this on their own.
- Many US banks charge service fees for use of their cards overseas. It’s generally easier (and cheaper) to shop with cash, whether in dollars or won. Contact your bank for more information on this practice.
• Outside of Korean department stores, many Korean stores do not have dressing rooms. Be prepared to slip things on over your clothes or change in a makeshift dressing that consists of a curtain that has been hung for your privacy. Many stores and vendors do not allow you to try garments on.

• If you find an item you like but are not prepared to buy at that time, ask the merchant for a business card so you can find the store again; keep in mind the item may not be available later. When you see something you want and have done the research to know the price is right, buy it! This is even true for stores on post. Seasonal items are generally put out ahead of what you expect in the US and sometimes sell out.

• If you really like the items and prices at a particular store, ask for extra business cards to refer your friends. Many times merchants will give discounts for your word-of-mouth referrals.

• Shopping bags are not free at grocery and some department stores, but for a few cents you can buy bags for what you need. It is best to come prepared with some sturdy bags or wagon if you plan to make many purchases. Many stores offer an area to box your own purchases at no cost.

• New stores open all the time and some old favorites may move or go out of business, so ask your neighbors, colleagues, and friends to recommend shops that cater to your interests.

• With the exception of some food and flower markets, most stores do not open before 10:00 am. Many markets are closed on a particular weekday and large box stores are closed certain days of the month so check before you go. The last week of July and the first week of August is traditionally vacation time for the Koreans; be prepared for the markets to close for a few days or even a week. This also occurs during Chuseok (Korean Thanksgiving holiday) and the Lunar New Year holiday.

What To Buy Locally

Antiques

• Before you buy, spend a lot of time looking and comparing items and prices.

• Visit a variety of shops over a period of several weeks and ask questions. Reputable dealers will tell you if a piece has been repaired, the material used, its origin, and age. When looking at antique pieces, look for bamboo nails, tongue-in-groove joints, cutout or etched fittings, and locks.

• Upon purchase, ask the shop owner for a certificate of authenticity that will describe the piece, list the materials used to make it, detail its usage, and measurements.

• Keep your receipt, the certificate, and a picture of your antique in case of damage or loss.

• National Treasures may not be removed from the country. In most cases, they would be entirely too expensive to purchase. For more information, call the Office of Cultural Affairs, Seoul City Hall at 02.731.6188.

Arts/Crafts/Quilting

• Most Korean quilts are sewn by machine and made of washable fabrics.

• If sewn by hand from ornate silks and satin fabrics, but these are usually not washable and more for decoration than everyday use.

• Quilts can be made to order; prices vary widely so shop around for the best prices, quality of fabric, and workmanship.

• Dream Depo is a chain store that has a broad range of art, craft, stationery and architectural supplies available. Search for locations using Waze.

• Happy Quilt has an amazing fabric selection including top quality cotton and seasonal fabrics as well as thread, zippers, and other items needed for sewing and quilting. Locations: B-5215, 5216 inside Dongdaemun Fabric Market.

• Arts and Crafts shops on the installation may be able to special order items for you.

• Dongdaemun Market is the best place to purchase fabric, sewing notions and quilts. You will be amazed at the sheer volume of fabrics available. Fabric can be bought by the yard or by the bolt along with a huge selection of notions: tassels, thread, zippers, and really anything else you can imagine.

Clothing

• Koreans are increasingly fashion-conscious, and many new cutting-edge and trendy designers are emerging. If you are a fashionista, Korea is a great place to shop!

• Women wearing Large, X-Large, and plus-size will have a difficult time finding clothing that fits in Korea; there are some specialty
shops that sell imported plus-size women’s clothing; however the sizing is reflective of the country of origin.
• There are some sizing differences that you should note.
• Shirt sizes are often in centimeters. If given S, M, L, XL options, know that a Korean M is often equivalent to American XS or S.
• Pants are often sized by the waist measurement in centimeters or occasionally inches and are often ‘skinny’ or ‘slim’ cuts.
• Shoe sizes can be difficult since some shoes have Korean sizing and some have European. Shoes are measured in millimeters.
• Shoes sizes above US size 8 or wide options are very limited off post.

Flowers and Plants
• Flower markets and nurseries are a great place to get flowers and plants for a low cost.
• Flower markets usually close around lunch time so be sure to go early.
• Framing
• Many people choose to have artwork framed in Korea due to the relatively low cost.
• Plastic frames are widespread so if you are offered an unbelievably low price on the framing, check for plastic.
• The MWR Arts and Craft Centers of every post offer custom matting and framing services for a reasonable fee, or you can do your own framing.

Ginseng
• Ginseng is Korea’s traditional medicinal herb. This herb, known as the “miraculous medicine” or “Koryo Ginseng,” is believed to calm the mind and strengthen the body.
• There are many ginseng products including the root, tea, canned drinks, and even candy.
• It is an acquired taste, so it is advisable to taste test before you purchase.
• Ginseng products can be costly.

Hanbok
• The hanbok is the traditional Korean attire.
• Hanboks can be very elaborate depending upon the fabric and handwork involved.

• It is still worn on official occasions and holidays such as Chuseok, weddings, and other special family gatherings.
• It is not uncommon for American spouses to have one made for attending formal affairs instead of gowns.
• Locations: Itaewon; Dongdaemun Market, in the five-story white building (Subway Line 4, Station 421, Exit 9); Namdaemun Market, Building C, 3rd floor (Subway Line 4, Station 425, Exit 5); and on Osan Air Base. There are many other shops that sell ready-made hanbok, so shop around.

Jewelry
• Like most of Asia, Korea seems to abound with jewelry.
• Deal with a reputable merchant if you plan on purchasing precious stones and metals.
• Know which countries specialize in what type of precious stones in order to get the best price.
• Korea’s special stones are amethyst and topaz. True Korean amethyst has become very expensive, so you will find many shops sell the cheaper Brazilian amethyst.
• Korean jade supply was mined out several years ago; consequently, most of the jade you see comes from other Southeast Asian countries. Merchants can, and do, make high-quality synthetic stones.
• Always comparison shop before you purchase. The PX carries a variety of jewelry from different parts of Asia; check out their selection and prices. They always stand behind the products they sell and you may wish to eliminate any doubt when purchasing a high dollar item like fine jewelry.
• When purchasing expensive jewelry, ask for certificates of authenticity and carefully inspect all merchandise. Certificates of authenticity are required even from the PX as they are needed for insurance purposes.

Musical Instruments
• Nakwon Musical Instrument Arcade is located behind Tapgol Park (Pagoda Park) near Insadong in Seoul. This large indoor market has the widest variety and best selection of musical instruments, from piccolos to pianos.
• How to get there: Seoul Subway-Jongno 3(sam)-ga Station (Lines 1, 3, 5, exit 5)
Pottery

Celadon
- Unique Korean art form has evolved into some of the most beautiful ceramics available anywhere in the Orient.
- Pottery can be purchased at pottery villages, markets, or festivals. Yeoju Pottery Village is one of the most famous.
- The United Spouses Club usually offers a yearly bus trip to the pottery village.

Kimchi Pots
- Pots are sold just about everywhere.
- You will pay more money the closer you are to larger cities where tourists are more likely to shop.
- Do not rush to make a purchase, as you will probably find a similar item possibly at a discounted price.
- Prices range from 5,000 won for small pots to 150,000 for very large ones. Decorative pots can also be found at the numerous pottery shops.
- Spouse’s Clubs typically plan trips to the villages.
- Out Door Recreation may plan trips during festivals.

Leather
- There are many good bargains to be found for luggage, jackets, handbags or shoes.
- If you cannot tell the difference between cow, lamb, or pigskin, shop with someone who can.
- Quality lambskin is the most expensive and you certainly do not want to pay for lamb and end up with treated cow; this also applies for fleece linings.
- If you are placing an order, never pay for the entire garment in advance. Make the smallest down payment possible since the merchant will be much more interested in seeing that the final product meets your specifications and completed in a timely manner.
- Do not accept a garment until you are happy with it, but it is not the merchant’s fault if you picked a style that is unbecoming to you. Know what looks best on you before placing a customized order, or you could end up forfeiting your deposit. In most cases, you will have to purchase the item since large sizes will be difficult for the tailor to sell.

Local Markets
- 3-8 Market (Humphreys) this market happens on every day that ends in a 3 or an 8 and is located just down the street from the walk in gate. This is a great place to get fresh local fruit and vegetables. You can also find some tasty treats and unique items while browsing.
- Tongbok Market This market opens on everyday that ends in a 0 or 5 and is located in Pyeongtaek near AK Plaza, if you take the number 20 bus to AK plaza the stop before AK Plaza is the market. This market has a very wide selection of items including fruit, vegetables, food, fish, luggage, clothing, and much more!
- 4-9 Market (Osan) this market is located outside of the Osan walk in gate and happens on days that end in 4 or 9. This is a great place to get local fruits, vegetables, and unique items. This market has more vendors than 3-8 market.
- Anjeong-ri Rodeo Street (outside USAG-Humphreys walk-out gate)
  - Features a cluster of restaurants and clothes and souvenir shops for U.S. military personnel and Korean and foreign tourists.
  - It looks like a small Itaewon in Seoul, evoking an exotic ambience.
  - The street features Mato Festival, a multinational culture and arts festival, four times a year, alongside an arts market, experiential
events, and performances.
• Sinjang-dong Shopping Mall (outside of Osan AB)
• Clustered here are shopping and entertainment establishments for domestic and foreign tourists. Designated as an exclusive walkway from the K-55 base to the railroad, this area allows visitors to enjoy shopping and holidays. In May-June each year, a memorial event for the designation of the Songtan Tourist Special Zone is held.

Other Markets

Dongdaemun (East Gate Market)
• The largest of the shopping markets in Seoul and possibly the most popular with both Korean and foreign shoppers
• Dongdaemun is famous for a variety of wares including fabric, sweaters, lingerie, shoes, sports equipment, clothing, Korean bedding, jackets, leather items, handbags, jewelry, toys, and much more.
• It is located in the eastern sector of the Seoul and is easily reached by taking the subway. The market is well marked on almost all Seoul roadmaps. Public Transportation: Dongdaemun (Subway Line 4, Station 421, Exit 8 or 9).
• Drive using waze and park in the FED compound (free to all ID card holders and roughly three blocks away).

Banpo (Express Bus Terminal)
• Several floors of restaurants and interesting, inexpensive shops
• There are fresh flower markets in the basement and third floor along with a huge artificial flower market with home goods on the third floor.
• Christmas and other holiday items are available seasonally.
• Just south of the Han River. This bus terminal is the hub of all long-distance bus traffic in the Republic of Korea. It is busy on a normal day and jammed on Korean holidays
• How to get there when in Seoul
• Public Transportation: Subway: Express Bus Terminal Station (Subway Line 3 or 7, Exit 1),
• Bus: exit Gate 6 (Commissary Gate on Yongsan) and take a right; walk to the stop light and cross the street to the bus stop. Take bus 143 and get off at the first stop (Hangang Middle School) which is close to Gate 6.

Insadong
• In downtown Seoul between the US Embassy and Pagoda Park.
• Many tea shops and restaurants to be found down some of the interesting side streets around this shopping area.
• On Sunday afternoons, the streets are closed to vehicle traffic and shopkeepers set up their wares in the street, along with various entertainers and artists.

Ssamziegil
• The cultural space is a mall on six floors, housing 70 shops that are all connected by a long spiral path that leads to the Sky Park on the top floor, offering views of the streets below.
• This mall is located on the left, down toward the middle of the long main street in Insadong.
• Public Transportation: Anguk Station (Line 3, Station 328, exit 6) and walk about 50 feet straight ahead, then turn left.

Janghanpyeong and Dapsimni Antique Art Markets
• Flea markets interspersed with fine antiques and a few nice shops with an array of traditional goods
• Many furniture retailers purchase wholesale from this market.
• Just a short walk away you’ll find another nearby antique market area known as Dapsimni. This market offers three large buildings of treasures waiting to be explored. The buildings (2-dong, 5-dong, and 6-dong) are fairly easy to spot since the signs are in English as well as Korean.
• English is not spoken by many of the shopkeepers so negotiating can be challenging.
• Public Transportation using Seoul Subway: Janghanpyeong Antique Art Market, Between Dapsimni (Subway Line 5, Station 542, exit 4) and Janghanpyeong (Line 5, Station 543) For Dapsimni Antique Art Market, Dapsimni Station (Subway Line 5, Station 542, exit 2)

Namdaemun (South Gate Market)
• Unique cornucopia of clothing, jewelry, dishes, appliances, folk art, flowers, gift bags, stationery items, and foods.
• Major manufacturers’ outlet opening very early at 2:00 am and not
closing until 6:00 pm.
• Has a large wholesale flower market, but go early since that section closes around 1:00 pm.
• Good place to buy children’s clothing, with many buildings selling nothing but children’s clothes and shoes.
• The Alpha Store is located on Stationery Alley and has a great variety of crafts, art supplies, and office needs.
• Free shopping guide books filled with market information, detailed maps, and building numbers are available at information booths located along the market’s main arteries.
• Parking is available in the underground lot at the Hilton Hotel; fees can be high if you spend more than a couple of hours.
• How to get there:
  • Seoul Subway - Hoehyeon Station (Subway Line 4, Station 425, Exit 5).
  • Bus 143, 149 (outside Gates 14 or 16 on Yongsan) and bus 401 (outside Gate 3 on Yongsan).
  • To walk from Yongsan, exit post at Gate 19 (Camp Coiner) and take a left out of the gate. Walk up the hill to the Hilton Hotel and then down to the market. It is located just down the hill from the Hilton Hotel and across from Seoul Station.

Noryangjin Fish Market
• This is Seoul’s largest fish market.
• Run by the Department of Agriculture, Forestry, and Fisheries, and houses over 700 shops selling seafood from 15 fishing ports around Korea.
• Includes numerous restaurants that will cook your purchased fish for you, an auction floor, and an adjacent agricultural section.
• Hours: Daily 3:00 am-9:00 pm, Wholesalers are off on Sundays and holidays.
• How to get there: Seoul Subway - Noryangjin Station (Subway Line 1, Exit 2)

Seoul Folk Flea Market (Hwanghak-dong Flea Market)
• This market is located along a few blocks under the Cheonggye elevated road.
• This is Korea’s oldest flea market dating all the way back to the Korean War.
• The market has close to 1,000 shops selling hard to find antiques along with secondhand goods.
• English is not spoken by many of the shopkeepers so negotiating can be challenging.
• Hours: Daily 10:00 am-7:00 pm, Closed the second and fourth Tuesdays of every month.
• How to get there: Seoul Subway - Sinseoldong (Subway Line 1, Exit 9) and walk straight ahead for 100 m

Yongsan Electronics Market
• This market houses enough computers, stereos, cameras, and general electronic gadgets to keep an electronic whiz busy for months, maybe even years.
• Do not just shop in the main building. The entire market consists of more than two dozen buildings and the surrounding streets are packed with vendors selling thousands of electronic gadgets and gizmos.
• It is helpful to have a Korean speaker accompany you to the Electronics Market as most vendors speak little English.
• Compare prices and bargain before you buy.
• This is an important place to remember that a brand label is just that, a label. They can be put on or taken off very easily. Check for quality and performance.
• Most product information is written in Korean and warranties are not valid in the US.
• If you live on post or are planning on taking the products with you upon PCS, ensure all products you buy are dual voltage (110/220).
• How to get there: In Yongsan, an easy walk out of Gate 14 (turn left at the traffic signal and follow the signs). If driving, exit Gate 14, turn left at the light and immediately get in the right lane and make a right turn at the next traffic signal. The lanes are confusing, so pay attention. Go straight ahead taking the underpass in front of you. Turn left at the first traffic signal after the underpass. The market is 300 yards on the left, behind the train station and E-Mart. There is a large parking lot in front of the building.

Shopping Districts

Itaewon
• This area is conveniently located outside Gate 5 (the Gas Station Gate) in Yongsan and across the street.
• It is a good place to venture off-post for your first shopping adventure.
• Many of the vendors speak English and it is not quite as over-
whelming as some of the larger markets in Seoul.
• You can find clothing, shoes, travel bags, luggage, leather and eel
skin goods, brass, antiques, and reproductions.

Areas In Itaewon

The Underground: The Underground shopping area is a block
away from McDonald’s and across the alley from “The Bag Man” purse
shop. There are many entrances to The Underground.

Boutique Area: Follow the small street that leads to “The Under-
ground.” Keep walking until you pass a small tag store on the right
hand side. (The tag store will sew your name in Korean on luggage
and clothing tags while you wait and also sells hats and ready-made
luggage tags.) Once you pass the tag shop, you will see Monica’s Cus-
tom Tailor shop. Turn right in front of this store. Walk down a narrow,
steep alleyway, leading down hill. At the bottom of the hill, there are
boutiques lining both sides of the street. Many stores are closed on
Tuesdays.

Hamilton Shopping Center: There is a wide variety of stores
in this four level shopping center attached to the hotel and often is
simply referred to as the “Hamilton” or the “Hamilton Hotel.” The lower
levels sell watches, jewelry, purses and souvenirs; the top two floors
are mostly clothing, purses, and luggage. Have a specific item in
mind when shopping the lower levels, as the vendors tend to be a bit
aggressive as they pressure you to buy. Take the escalator to the top
level where there are also bathrooms. There is also a reputable rug
dealer with a nice selection of Persian rugs. He also offers rug clean-
ing and repair. Some shops take US dollars, but exchange rates can
vary from store to store.

Remix: On the right side of the main street toward the middle
section of the shopping area, Remix offers a selection of clothing. It is
easy to walk by and miss the store.

Shoe and Boot Shop (no name on storefront): This store is
located immediately before the Remix clothes shop. Go downstairs to
get to the store. It carries a good selection of ladies shoes and boots at
reasonable prices.

A-One: On the right side of the main street toward the middle of
the shopping area, A-One offers a selection of shoes and boots.

The Morning Calm Antique Furniture Store: This store has a
huge selection of Korean antiques and reproductions. The store has
very unique pieces of furniture and the owner is willing to make a deal.

Myeongdong
• This is one of the busiest and most fashionable shopping districts
in Seoul.
• The narrow streets and alleys contain hundreds of clothing and ac-
cessory boutiques, shoe stores, tailors, dressmakers, huge depart-
ment stores, specialty shops, and the Myeong-dong Cathedral.
• This district stretches for about a mile in any direction from the
Myeong-dong Station, so everything is within walking distance.
• The area is popular with teenagers and has many familiar stores
such as Gap, Old Navy, H&M, and Forever 21.
• Some of the familiar stores even sell European-sized clothing.
• Myeong-dong claims to sell the biggest ice cream treat in the world
at 16 inches high. There are always lines of people waiting to sam-
ple this mile high treat even on bitterly cold winter days.
• During the warmer summer evenings, the streets abound with hun-
dreds of shoppers, as the vendors stay open at least until midnight.
• How to get there: Seoul Subway -Myeongdong (Subway Line 4,
Exits 7 or 8)

Apgujeong
• This trendy, upscale fashion district, surrounded by many luxury
apartments, is located south of the Han River in Gangnam-gu.
• You will find department stores, clothing stores, shoe shops, and
boutiques as well as numerous restaurants, cafés, coffee hous-
es, nightclubs, cinemas, theaters, and other entertainment spots.
Some stores you will recognize like The Body Shop and L’Occi-
tane.
• How to get there: Seoul Subway - Apgujeong or Sinsa Stations
(Subway Line 3, Stations 336 or 337)

Ewha Women’s University and Sinchon
• These quaint shopping areas are very close to one another and
are fast becoming the new fashionable places to shop.
• With the feel of a small college town, lots of fun little shops, hair
salons, and small restaurants dot the area.
• With many universities adjacent to it, Sinchon has been called the “Street of Youth.” Theaters line the street near Sinchon.
• How to get there: Seoul Subway- Ewha Women’s University (Subway Line 2, Station 241, Exit 2), Sinchon Station (Subway Line 2, Station 240)

Department Stores and Malls
• Entertaining way to learn what products are available here, but it also gives you a glimpse into the Korean way of life.
• Features the finest and most expensive items, the department stores are almost a microcosm of Korean society, with most also containing grocery stores and restaurants.
• Someone is usually available to answer questions in English.

COEX Mall (Seoul)
Everything can be found at this enormous shopping complex. In addition to the endless stores, you will find restaurants, food courts, clubs, an aquarium, and a movie theater. Be prepared for an adventure and huge crowds! There’s a lot to see, so plan to spend the entire day.
• Directions: Seoul Subway - Samseong Station (Subway Line 2, Station 219, Exit 6). The subway exit leads straight into the mall.
• Website: www.coex.co.kr/eng

D-Cube City Department Store
This nine-story indoor shopping mall has lots of great stores including H&M and Uniqlo. There are also two full floors of restaurants. You can find an information cube in English on each floor to help you navigate your way around. There is also a Pororo Theme park on the 4th floor that is popular with young children.
• Directions: Seoul Subway - Sindorim Station (Subway Line 1, Exit 1) and follow the signs for the D-Cube City Department Store which will take you straight to the entrance.
• Website: www.dcubecity.com

Doota Mall
Many of the shops carry European-sized clothing. Ask at the information booth on the ground floor and they will give you a slip of paper with a list of store numbers that sell the larger sizes. There is also a very nice food court on the 7th floor.
• Directions: Across from Dongdaemun Market and directly across from the History and Culture Park, look for another large white building across the street (and stream).

Galleria Department Store
This department store carries a wide variety of luxury-brand lines, and there is a great supermarket in the basement.
• Directions: Seoul Subway -Apgujeong (Subway Line 3, Station 336, Exit 2). Expect a 15-minute walk or take a taxi.

I’Park Mall
This mall houses a Multiplex containing 11 movie screens, a putt-putt golf course, and a skateboard and rollerblade ramp area. There is an open-air stage within the courtyard of the complex where bands and other entertainers perform during the summer months. There are two floors exclusively for restaurants. The Living Digital store carries an assortment of electronics, furniture, and a Korean bookstore. There is also a fashion mall with shoes, clothes and accessories, nail and hair salons, and hobby shops. The opposite end of the mall contains the I’Park Department Store and E-Mart.
• Directions: Walking distance from Yongsan Garrison or take the Seoul subway to Yongsan Station (Subway Line 1, Station 135)
• Website: www.iparkmall.co.kr

Shinsegae/Chungcheong
Shinsegae Department Store is considered a “family-style one-stop multi-shopping cultural space that is huge, many shops on each floor including H&M and American Eagle Outfitters. There is also a 3D movie theater located on the 4th floor. Visit the large Korean food court, located on the basement floor or head to the McDonalds on the street level. HOURS 1030 - 2030
There are also many places to shop in Cheonan including Lotte Mart, Misarang, Galleria and Underground Mall. How to get there:
• Location: 354-1 Sinbu-dong, Dongnam-gu, Cheonan, Chungnam
• Website: www.shinsegae.com/english

Superstores

Costco
• US Costco card as it can be used in Korea, or sign up for a Costco Membership at a lower price while you are in Korea!
• Items are geared toward the Korean shopper, so you will find different merchandise than available in the US, but Costco does carry some Kirkland’s brand items.
• How to get there from Humphreys: Search waze for Costco and select the Chonan location for directions.
• For other locations go to Website: www.costco.co.kr (click on English, then ‘Locations’ for maps and written directions)
• Hours: Sun-Sat 10:00am-10:00pm Closed on the 2nd and 4th Sunday of every month.

E-Mart
• The store has everything from pet grooming items to groceries, and is similar in quality to Walmart stores.
• This chain store has many locations throughout Korea.
• You can purchase many ready-to-eat Korean food items, including already marinated bulgogi and kalbi meat, frozen items like yaki mandu, bread, and fresh fruit and vegetables.
• Search for E-Mart in Waze for directions.

Mega Mart
• This chain store is found throughout Korea.
• The store has furniture, groceries and is similar to K-Mart in the US.
• Location: Cheonan. Search Mega Mart in Waze for directions.

IKEA
• IKEA furniture and home accessories are practical, well designed and affordable.
• Will deliver throughout Korea using third party delivery company. When coordinating on-post delivery make sure you understand the requirements for the person entering the installation based on the current threat level. At a minimum all delivery persons will be required to show a photo identification (many Koreans do not carry this) as well as registration documents for the vehicle. If the delivery person is turned away at the gate you may be charged additional money for an additional delivery.
• Gwangmyeong Store (Southwest of Seoul) Hours: 1000-2200

Home Plus
• Homeplus is the second largest retailer in South Korea, behind E-mart chain. Homeplus operates both hypermarkets and its Super Express store chain, and also provides a home delivery shopping service. Homeplus hypermarket stores typically provide home products, clothing and electronics.
• Open 1000-2400 daily (except 2nd and 4th Sunday)
• Pyeongtaek Location: 274 Hyeonhwa-ri, Anjung-eup, Pyeongtaek, Gyeonggi-do
• Osan Location: Sucheong-dong, Osan, Gyeonggi-do
• Seoul Locations: 10 Locations around Seoul
• Daegu Locations: 10 locations around Daegu

Toys-r-Us
• Although not a department store, many people enjoy taking their children to this familiar store. There are several locations around Seoul and South Korea; however, the most popular is the one near Jamsil Station that is located on the upper level of the Lotte Adventure World Complex.
• How to get there: Seoul Subway Line 4 (Light Blue) from either Gate 13 or 14 (on Yongsan) to Sadang Station. At Sadang Station, transfer to Subway Line 2 (Green). Follow the signs for Subway Line 2 and be sure to go up the stairs at the very end of the station and make a sharp "U" turn to the right, which leads to the platform for Subway Line 2. Take the Subway Line 2 train to Jamsil Station and follow the signs to Exit 3, Lotte Adventure World. Continue walking underground past the information booth. You will see signs leading to the Toys-R-Us Store which is located on the upper levels of the complex.
• You can also search Toys-R-Us in Waze to find a location close to you.
Ration Control

Ration Control and Black Market

The Ration Control Program exists to prevent the transfer of duty-free goods to those not entitled to receive them. Active duty military use their military ID as their Ration Control Card (RCC), but RCCs are required for family members entitled to make AAFES or commissary purchases.

To receive a RCC, you must first be entered into the DBIDS system. The sponsor must accompany all family members to the Ration Control Office with their ID cards. You may show a copy of your sponsor’s orders stamped by the Ration Control desk at the PX or commissary to purchase items before obtaining your RCC. RCCs must be presented by all patrons over age 10 when entering duty-free facilities (e.g., Class VI stores, AAFES gas station, PX, and commissary). The RCC and military ID must be presented at the point of sale as well. Consider keeping your receipts for large ticket items in case questions are raised about your buying habits.

Your ration card is monitored using The Command Unique Tracking System (CUTS). This system assists USFK law enforcement agencies in collecting data for inventory control and to curb black marketing. There are monthly limits on commissary purchases in total dollars. Accompanied personnel are allowed a greater amount. There are also per day purchase limits placed on certain items (shelf limits). See the ration section of this chapter for additional information.

You will be given information on the current rules and regulations concerning black marketing during in-processing. Under the Status of Forces Agreement (SOFA), the US is allowed to import certain products duty-free for the commissary and PX services. These products are strictly for the personal use of authorized personnel. Black marketing is the illegal sale of duty-free goods to the Korean economy and can result in severe disciplinary action. Report anyone who is engaged in this practice to the black marketing hotline (DSN: 738-5118 or Email: usarmy.yongsan.usfk.mbx.blackmarket-hotline-for-customs-office@mail.mil)

Many products are considered illegal for gift-giving to Korean Nationals. For questions regarding the sale of controlled items or gifts to personnel not authorized duty-free import privileges, contact the Ration Control Office for information on proper legal procedures. Information is also available from USFK regulations 643-1 and 60-1.

Ration Limits for the Commissary

• The ration limits are $800 for individual + $300 for each additional family member.
• Your ration limits do not include purchases from AAFES.

Note: For the first 90 days in country all individuals are authorized an additional 50% over their ration limits at the Commissary. (Excluding alcohol)

Ration Limits for Liquor

Liquor
• 3 Units for individual (over 21) + 2 unites for each additional family member who is over 21.

Note: Liquor is defined to be any beverage that is 20% or more alcohol by volume. Wine does not count against your liquor rations!

Beer
• 6 Cases for individual (over 21) + 2 cases for each additional family member who is over 21.

Eating in the “Ville” and Delivery off base

Off post you will not only find Korean cuisine, but also a melting pot of international flavors. A wonderland of world-class restaurants is just a stone’s throw away from post in the area of the “ville” or the shopping area right outside of the pedestrian gate. Almost all of the restaurants in this area will accept Korean won as well as US Debit and Credit cards for payment. If you prefer paying in cash there is an ATM conveniently located on post near the pedestrian gate that dispenses US dollars as well as Korean won, and there are money exchanges right outside of the gate. Restaurants off post may offer delivery for those who live off post depending on how far away from the restaurant you live. Your realtor can provide you with your address off post and can help you with delivery options where you live.

Don’t limit yourself to the restaurants in the “ville” outside USAG Humphreys. There are many wonderful places to try in Pyeongtaek and the surrounding cities! So be sure to take your appetite for adventure and food and go explore!

Tip: Eating out in Korea can be different from what you may be used
One of the largest differences is that most Korean restaurants are “family style.” This means that side dishes and the main dish will be brought to the table and everyone will eat from these dishes instead of being served an individual dish or portion.

**Vegan Friendly Foods**

**You can purchase the following meat substitutes at the commissary:**
- Variety of Tofu available (No tempeh)
- Meat substitutes:
  - Morning Star
  - Gardein
  - Amy’s
  - Lightlife
  - Tofurkey

**5 Day Market (Osan and Humphreys) and Tongbok Market near AK Plaza**

The markets are a great place to purchase local fruits and vegetables, as well as some vegetarian options for you and your family!

**Below is a list of items that you will be able to find at the markets and some tips for purchasing.**
- Tofu: You can purchase fresh and homemade.
- Honey: You can find local honey and spreads.
- Rice cakes: These usually do not have meat in them but it is always good to ask.
- Homemade mandu: This is typically made with meat, but Osan and Humphreys market vendors sell vegetable and kimchi mandu on occasion.
- Beans, Grains and Millets: You can find a wide variety of beans, grains, millets (quinoa, amaranth, barleys, rice, etc)
- Teas: There are many teas available including chrysanthemum, red hibiscus, goji berry, jujube and many more.
- Dried vegetables and fruits: These are very popular and you can find candied ginger, sweet potato, and beets. You will also be able to find and purchase dried peas, green beans, and peppers.
- Roasted seaweed

**Tip:** If you ask nicely most vendors will let you sample a product before you purchase. Most of them are very good to their customers and appreciate repeat business. A smile goes a long way.

**Restaurants on base**

Chili’s (Osan Air Base): Offers vegetarian options
Taco Bell: Offers 11 vegetarian options.
Subway: offers vegetarian options.
Manchu Wok: offers vegetarian options

**Off Base Vegetarian Dining**

While dining off post you will find it helpful to know a few Korean words or use Google translate to help you speak with your server about your vegetarian options.

**You may find these Korean words/phrases helpful**

Traditional Korean Food to Try Checklist

- **Kimchi** is a staple in Korea and is served with almost every meal! This spicy dish is a bit sour and is made of fermented vegetables. The most common type of kimchi is made with cabbage, however cucumber kimchi is also becoming widely popular!
- **Bibimbap** is a bowl of rice that is mixed with other ingredients including vegetables, beef, soy sauce, chilli pepper paste and fried egg. This is a very common dish that is delicious!
- **Bulgogi** is a marinated beef dish that is not spicy and is usually a little bit sweet which makes it the perfect Korean dish to try if you are not a fan of spicy food.
- **Hoeddeok** is a Korean street food that is like a very sweet small pancake. However be careful when biting into this delicious treat as it is filled with a warm mixture of cinnamon, honey, brown sugar and bits of peanut!
- **Tteok** or rice cakes are small and are usually round and sometimes resemble a mozzarella stick however they can also come shaped as small flat round cakes, thicker circular cakes or elongated thinner cakes. These rice cakes are usually added to meals and can be an acquired taste.
- **Tteokbokki** is a sweet and spicy food made with rice cakes, fish cakes, and vegetables.
- **Haemul Pajeon** or seafood and vegetable pancakes are made with green onions, eggs, flour, and seafood. Common types of seafood in this dish are oysters, shrimp, squid and clam.
- **Naengmyeon** or cold buckwheat noodles is a cold noodle dish that is common in the warm summer months to help keep you cool.
- **Steamed mandu** dumplings or Jjinmandu are noodle like wrappers that are usually stuffed with pork, cabbage, onion, carrots etc.
- **Yaki mandu** is the very similar except it is fried instead of steamed. Gimbap is an on the go snack that looks similar to sushi. Gimbap is a toasted seaweed wrap that is stuffed with sushi rice, Korean pickled vegetables, spinach and ham.
- **Korean Barbecue** or Beef and Leaf is where you sit at a table with a personal grill and cook raw slices of meat yourself or the waitstaff may help you if you look confused. The most common way to eat this is to take a piece of grilled meat and put it in a lettuce leaf, add rice and other sides of your choosing and take a big bite!
- **Dak Galbi** is a spicy chicken stir-fry dish made with the red chili powder paste, vegetables, and rice cakes. Mozzarella cheese can usually be added to the dish to help combat some of the spiciness.

Visitors

While you are stationed in Korea, the occasion may arise where you have visitors. Should you wish to bring your visitors onto your installation, there are procedures that you must follow for your safety and the safety of those around you. Failure to comply with escort procedures will result in you and/or your sponsor being prohibited from escorting visitors for at least 90 days. There are some different scenarios for visitors. Maybe you have invited a Korean friend to your home on the installation for dinner. Maybe you have purchased a large piece of furniture and need to have it delivered to your on-post home. Or perhaps your parents want to visit from the United States. The following will guide you through the steps you need to take to escort a visitor properly.

**Obtaining Installation Access for Visitors**

**24-Hour Pass:** In order to escort a visitor for one day, you must be sure to communicate to your visitor that they will need to have proper identification.

Your visitor must have one of the following:

- Korean Nationals - must have Republic of Korea government issued ID card with photo such as:
  - Korean ID card
  - Korean National Police Agency ID card
  - RoK Military ID card
  - RoK Ministry of Defense ID card
- Korean passport
- Korean Driver License with the 7th digit being a 1,2,3, or 4

**Non-Korean Nationals**

These visitors must have a passport (to verify immigration status). After inspection, the passport will be returned, and the visitor must surrender another form of photo identification. If the visitor does not have another form of photo identification, the sponsor (escort) may surrender a photo ID that is NOT their DOD ID card.

**Note:** You may not escort a visitor from the list of USFK Designated Countries without an exception to policy. If you think this may apply to a potential visitor, visit your DBIDS office to review the list and procedures you need to follow for an exception to policy.
Number of visitors

One DOD ID card-holder may escort up to four visitors at one time. You must meet your visitor(s) outside of the installation and enter through a gate where visitors can be processed. At USAG Humphreys, for example, this would be either the Walk-Through Gate or the CPX Gate. You will accompany your visitor(s) into the access control point and give both your DOD ID card and your visitors ID card to the guard on duty. You and your guest(s) will need to provide a fingerprint on a scanner and answer basic questions, such as your destination and your phone number. The guard will retain your guest’s ID card and give them a pass in exchange. You and your guest(s) will give these both to the next guard, who will scan them as you enter the installation. You MUST remain with your visitor(s) at all times. When it is time for your guest(s) to depart, no more than 24 hours after they entered, you must return with them to the same access control point at which they entered so that they may receive their identification back.

 Escorting a Vehicle

Check with your installation to see which gate your visitor and their vehicle will need to enter. At USAG Humphreys, for example, this would be the CPX Gate. The vehicle will park in the designated area, and you and the driver will complete the escort procedures to enter the installation, which are very similar to the 24-hour pass check-in procedures. Your visiting driver will need the following in order to bring their vehicle onto the installation: valid driver license, proof of ownership (registration), safety inspection (on the registration), and proof of insurance. You will be asked for your ID, your destination, and your phone number. The visitor must follow you in their vehicle at all times while on the installation, and they must leave through the same gate at which they entered.

 Short-Term Visitors

If you plan to have visitors who will need longer-term access than 24 hours (if you live on the installation and want family to visit and stay with you), you should begin planning several weeks out. Have your guest(s) send you a copy of their passport picture page. You will need to turn this in to DBIDS along with a completed USFK Form 82-E Application for Installation/Base Access. If you plan to request permission for access to several installations (Humphreys, Osan, and Yongsan, for example), approval takes longer than just access for your installation. Turn your documents in as early as you can!

Visitor Arrival

Once your visitor arrives, you must first get them onto the installation using the 24-hour pass procedures outlined above. Then you must bring your visitor to the DBIDS office on your installation, where they will be issued a Short Term Visitor’s Pass (37EK), which resembles a DOD ID card. Your visitor will have their fingerprint captured, and their photo will be taken for their pass. Your visitor must retain this throughout their stay. It will allow them to go through any gate with you and have it scanned like a typical ID card. Once your visitor departs for home, you will turn this card back in to the DBIDS office.

Medical Care for Visitors

Before they arrive, your short-term visitors should consider the potential need for medical care during their stay in Korea. Visitors will not be able to use military treatment facilities and will have to visit a Korean clinic or hospital. Before their trip, they should contact their insurance company to verify what, if any, coverage they have while traveling overseas. If they are not covered, they may want to consider travel insurance in case of an emergency, taking care to verify eligibility requirements.

If your visitor should need medical attention while they are with you in Korea, there are several options. Rest assured, the Korean hospitals in the vicinity of U.S. military installations are accustomed to treating foreigners, and many staff members speak English. You and your visitor should consider downloading the BAACH (Brian Allgood Army Community Hospital) app on your smartphone. The “Hospital” section on the app lists names and addresses of many local hospitals, and the “Navigating Korean Hospitals” section gives you an idea of what to expect should you visit one of these hospitals. You can also utilize the “Medical” section of this chapter for information on hospitals in the Pyeongtaek area. Another option for those in the USAG Humphreys area is the South of Seoul app. Under “Pyeongtaek Business Directory,” there is a “Medical and Dental” section, which lists names, addresses and business information for smaller area clinics that may be more appropriate for illnesses such as the flu. Your visitor may have to pay cash at these clinics (and use a local pharmacy, if necessary), but you can expect it to be much cheaper than you might pay for comparable services in the United States.
NEO and Visitors

The possibility of a Noncombatant Evacuation Operation (NEO) is always a reality for which you should be prepared. Keep in mind that there are stages leading up to a potential crisis that fall short of an actual NEO, and if there are “authorized departures” or “ordered departures,” your family or friends visiting you in Korea should return home. That being said, if you have a visitor during a full NEO event, you can be assured that your visitors will be moved out of harm’s way along with your family. If you are notified to evacuate, you should bring your visitors, their passports, and their bags (following the NEO bag weight guidelines) with you to the assembly point. They will be moved south with you to the reception center, where the State Department will take control of them. U.S. citizens will be repatriated to the U.S. However, if your mother is visiting and is a citizen of a country other than the U.S. or Korea, the State Department will coordinate with the appropriate embassy to get her home. Please note that this does NOT apply to Korean Nationals, unless they are DOD dependents.

Army Community Service

Army Community Service (ACS) provides family assistance and support services to military, DoD civilians, contractors and their family members. ACS encourages you to stop in the office and see what services/programs can help you during your stay in Korea.
• Location: One Stop Building 6400, 1st Floor
• Phone: 050.375.2363 DSN: 757.2363 Website: https://humphreys.armymwr.com/ Facebook: https://www.facebook.com/acs.humphreys/
• Hours: Monday-Friday 8:00 am-5:00 pm (Closed Thursday Mornings)

The following is a list of some of the services provided by ACS

Army Emergency Relief (AER)
AER offers financial assistance for rent, food, utilities, emergency travel expenses, and other verified emergencies. AER also provides scholarships for college students and spouses. Website: www.aerhq.org

Army Family Team Building (AFTB)
AFTB was created for family members to ease the challenges associated with military life. AFTB is open to all military, DoD civilians, and all family members. Free classes are available on topics such as: military acronyms, customs and courtesies, stress management, leadership, problem-solving, military benefits, and time management.

Master Resilience Training (MRT)
MRT provides resilience training to soldiers and family members. MRT classes helps build resilience through teaching skills such as: assertive communication, effective praise and active constructive responding, energy management, problem solving, goal setting, real time resilience and character strengths.

Mobilization and Deployment
ACS provides, upon request, Non-combatant Evacuation Operations (NEO) briefings to units and Family Readiness Groups. ACS also processes families for deployment and operates a FAC, coordinating support and safe haven areas for families in case of a mass casualty or emergency event.

Employment Readiness
ACS offers assistance with resume writing, employment opportunities and job preparation. See the Employment section of this publication for more information on employment opportunities both on and off post.

Exceptional Family Member Program (EFMP)
ACS offers EFMP information and referral, advocacy, support group meetings, respite care information, help in-and out-processing, and command sponsorship information.

Family Advocacy Program (FAP)
Family Advocacy works to reduce domestic violence through education, prevention, and training. FAP offers a number of classes to include parenting and anger management. These classes are for both individuals who are referred due to domestic violence or simply wish to work on things they have identified in themselves.

Additional Services Offered by the Family Advocacy Program

The Domestic Abuse Victim Advocate (DAVA)
The DAVA is accessible by walk-ins as well as by hotline and by using the USAG-Humphreys APP.
Phone: 050-3364-5997  DSN: 1530

New Parent Support Program (NPSP)
The New Parent Support Program for all families or individuals expecting a child or has a child birth through the fourth birthday. A trained registered Nurse can come to the home and assist in all stages of newborn and early child development as well as prevention for abuse. NPSP can also be accessed by walk-ins or calling 757-2368. To report child abuse or any domestic violence please call the hotline at DSN 101.

Financial Readiness
ACS offers consumer affairs assistance, information and advocacy, financial counseling and budgeting assistance, checkbook management, and personal financial management classes. Group counseling classes are available.

Military And Family Life Consultation Program (MFLC)
MFLC provides confidential short term, situational, and problem-solving counseling to individuals, couples, families, and groups.
Phone for Garrison MFLC: 010-8693-9926 or 010-4149-1551
Relocation Readiness
ACS provides relocation information to military personnel and families. Support programs include newcomer orientations, welcome packets, Korean public transportation classes, English and Korean Language classes and a lending closet.

Sexual Harassment/Assault Response and Prevention (SHARP)
The SHARP program exists so the Army can prevent sexual harassment and sexual assaults before they occur by providing information and briefings on their prevention. The SHARP program is here to assist victims of sexual assault and sexual harassment 24 hours a day seven days a week. Our goal is to eliminate sexual harassment and sexual assaults by creating a culture of respect and dignity for every member of the Army family.

24-hour response information: If you or someone you know is a victim of sexual assault or sexual harassment, please contact our 24 hr Hotline. Phone: 0503-363-5700  DSN 158.

Garrison SARC
The SHARP Response Center is located on the 3rd floor of building #572. You can also contact the Garrison SARC directly. Phone: 010-8636-7783  DSN: 753-8435

Volunteers Program
Interested parties are directed to volunteer opportunities across the installation and provided information on registering in the Volunteer Management Information System (VMIS).

American Red Cross
The primary mission of the American Red Cross in Korea is to serve military personnel and their families, improve the quality of human life, enhance self-reliance and concern for others, and help people avoid, prepare for, and cope with emergencies. The USAG Humphreys medical clinic hosts a wide spectrum of Red Cross volunteer opportunities including: leadership, administrative, and casework positions.

American Red Cross services include: health and safety classes such as CPR, First Aid and AED classes, Lifeguarding and Water Safety, Babysitter Training, Instructor Training, Pet First Aid and Disaster Services. Available classes vary by community. Please contact your local area Red Cross station for class availability and cost.
- Location: One-Stop Building 6400 2nd Floor
- Phone: 0503-357-2348  DSN: 757-2348
- Website: http://www.redcross.org/

Armed Forces Emergency Service (AFES)
The Red Cross provides rapid communications between military members, DoD civilians and their families regarding death, serious illness, childcare breakdowns, birth, health and welfare reports, and other personal or family problems. Family members back home should call their local Red Cross to request emergency message service. Your family will need your current rank, social security number, and military address for the request.

Answers to frequently asked questions are listed below

How do I send a message?
For requests between 8:00 am and 4:00 pm, call your installation Red Cross Office. After hours, contact the Stateside 24/7 call center 1-877-272-7337. A caseworker will process your message. To expedite service, please provide as much pertinent information related to the situation as possible (e.g., local point of contact, name and phone numbers, doctor’s name and phone number, location of patient, your 1SG’s or Company Commander’s name and phone numbers).

What do I do if I get a message?
For emergency messages, your 1SG will be called to copy its contents and deliver them to you. If a non-emergency message arrives, every effort will be made to locate you in order to deliver its contents to you directly. Once you have received your message, discuss the situation with your chain of command.

Will the service pay my way home?
If you have been placed on Emergency Leave with Funded Travel Orders, the military will pay for your plane ticket. Ordinary Leave under Emergency Conditions requires that you pay for the plane ticket. Contact your chain of command regarding travel regulations for your family.

Parent and Outreach Services (Parent Central)

Child & Youth Services (CYS) provides quality child and youth development options. USAG Humphreys CYS services children and youth from six weeks to 18 years old. Programs include the Child Development Center (CDC), Family Child Care (FCC), the School-Age Center (SAC), the Middle School & Teen Center (MST), Youth Sports & Fitness, and SKIES Unlimited. Registration is open to active duty military personnel, DoD civilian personnel, reservists on active duty or during inactive duty personnel training, DoD contractors, and their families.

To enroll in any CYS program, including the CDC, children must first be registered with CYS at Parent Central. Parent Central is located in the One Stop Building 6400 on the 2nd floor. An appointment to register is required. Walk-ins are on Thursdays; but may incur a long wait. Complete the registration packet, which can be picked up at Parent Central or requested via phone (they will email it to you) prior to the appointment. Bring copies of school physicals, PCS orders, and shot records. For quicker processing, also have your DEROS (anticipated date of departure), official email of sponsor, and two emergency contacts with access to post other than parents. There is a waiting list for childcare on post. To find out your priority placement and get on the waiting list, contact Parent Central.

Parent’s Night Out

Parent and Outreach Services usually offer weekend care options on one night per month for children from six weeks to 11 years old. Payment and reservations must be made ahead of time at Parent Central. Dates will be advertised on the CYS facebook page, at Parent Central and in the Humphreys Happenings.

Location: One Stop Building 6400, 2nd floor
Phone: 050-3357-2246/2250 DSN: 757-2246/2250

SKIES Unlimited

SKIES Unlimited offers classes for children six weeks to eighteen years of age. All new enrollments for SKIES classes must be done through Parent Central. Classes include various levels of dance, martial arts, and gymnastics. Class brochures and schedules can be found at Parent Central. Registration and payment for classes is also at Parent Central.

Location: BLDG. 6317
Phone: 05033-57-2253 DSN: 757-5523

Child Development Center (CDC)

The Child Development Center (CDC) offers child care options for children six weeks to six years old (Kindergarten). The CDC offers full-time and hourly care (subject to availability). Monthly childcare fees are determined on a sliding scale based on family income. Priority goes to children of single Soldiers and dual military couples. To get on the waiting list for full-time care contact Parent Central. Parents need to attend an orientation and register children at CYS prior to children receiving care. CYS requires additional documents to enroll in the CDC. Bring an LES from each working parent and a DD Form 2652 (application for Child Care Fees) to the registration appointment. A completed family care plan for single or dual military parents is required. Hourly care is also offered and can be requested 2 weeks in advance.

Location: BLDG. 5410
Phone: 05033-56-1104 DSN: 756-1104

Hours: 5:30-6:00 (M-F) Closed Weekends

School-Age Center (SAC)

The School-Age Center (SAC) offers out-of-school care and activities for children in first through fifth grades. After-school activities include 4-H Clubs, Boys and Girls Club of America activities, and art and fitness programs. A full-day Summer Camp program operates for ten weeks from June-August. Hourly care is also provided when space is available. Reservations can be made by calling the number listed below.

Children in first through fifth grades are able to visit the SAC facility on the first Saturday of each month from noon to 4:00 pm to participate in some of the SAC activities. Priority use is given to children who are not enrolled in the before-and after-school program. Families must be registered with CYS to participate. Home school families are encouraged to participate and use the center as available.

Middle School & Teen Center (MST)

The Middle School & Teen (MST) Program is for youth in sixth through twelfth grades and/or 11-18 years old. The MST program is affiliated with the Boys and Girls Club of America (BGCA) and 4-H organizations. The MST program is for youth to hang out with friends and take part in various programs, clubs, and activities such as Smart Girls and Club Tech. The MST program has a Youth Technology Lab with computers and school textbooks. The staff is ready to assist youth with homework as well. Video games, DDR machine, pool table, table tennis, and
foosball, as well as paints and other arts and crafts supplies are available. The center provides transportation from school to the center after school. Sign up is required.

Veterans Affairs
The Department of Veterans Affairs (VA) office at USAG Humphreys is identified as a Benefits Delivery at Discharge (BDD) Center. The Humphreys BDD provides separating and retiring military members of
all services the opportunity to start VA claims for service-connected disability compensation before they retire. The VA office offers information on health care, disability compensation, vocational rehabilitation, employment, home loan guaranty, survivors’ benefits and insurance. Veterans residing on the Korean peninsula will be served by the regional office in Pittsburgh, Pennsylvania. The correspondence address is Department of Veterans Affairs, Pittsburgh Regional Offices, 1000 Liberty Avenue, Pittsburgh, PA 15222. If you are already a veteran needing services in Korea, you will be directed to contact the Pittsburgh office. Foreign Embassies
Most countries maintain an embassy or consulate in Seoul. They can be very helpful in providing you with travel information for their country and will assist in any visa arrangements if you are not traveling with a group that is handling details for you. The embassies can also tell you of any necessary vaccinations/immunizations required for travel in their country. Do not expect foreign embassies to warn you of potential difficulties/dangers of travel in their country; most try to encourage tourism. Please visit the Department of State’s Bureau of Consular Affairs website at http://travel.state.gov to find travel warnings, travel advisories and entry requirements for specific countries. The library and internet is a good source for current telephone numbers or addresses you may need. Service members will need permission from their command and country-specific training from the Foreign Clearance Guide website prior to any travel abroad.

US Embassy & Services
US Ambassador Mark Lippert and the US Embassy in Seoul welcome you to Korea. Assisting Americans overseas is their highest priority, and they look forward to serving you.

American Citizen Services (ACS)
The American Citizen Services (ACS) section accepts applicants for US passports, adjudicates Consular Reports of Birth Abroad (CRBA) for children born to US citizen parent(s) abroad, notarizes documents, offers voting assistance, transmits benefits applications to Social Security, Veterans Affairs and other federal agencies for action, repatriates destitute US citizens, conducts welfare and whereabouts searches, assists the family members of US citizens who die in Korea, and visits US citizens who are arrested for violating the law. For details on ACS services and to download application forms, visit the ACS website below.

- Phone: 02-397-4114 (In an Emergency) DSN: 721-4114

Passport Assistance at USAG Humphreys
Customers based at USAG Humphreys can apply for passports and Consular Reports of Birth Abroad (CRBAs) directly through the Post Passport Acceptance Agent located in the One Stop Building. Passport payments through the passport office can only be paid with a money order.

- Location: One Stop Building 6400 Room 1-201
- Phone: 050.3357.2460 or 050.3357.2458 DSN: 757-2460 or 757-2458
- Hours: 9:00AM-4:00PM Monday, Tuesday, Thursday, Friday. Wednesday closed.

Passports
ACS encourages all US citizens, including military and dependents, to maintain a valid US passport at all times. Tourist passports are required for personal travel; official or “no-fee” passports should only be used for official travel such as PCS or TDY travel. Always hand-carry your passport when traveling. When you’re out and about, keep your
passport in a secure location, such as a hotel safe. If you hold a no-fee passport that contains your SOFA stamp, you will need to carry both the no-fee and tourist passports if you wish to visit a country other than the United States. You must show the no-fee passport to Korean authorities and the tourist passport to authorities in other countries.

Visas
While stationed in Korea, you may wish to take advantage of the wonderful travel opportunities in Asia. Before traveling, be sure to check the entry requirements for each country you plan to visit. In addition to a valid passport, many nearby countries require US citizens to obtain a visa. Some visas may be obtained at the airport upon arrival; others must be obtained at the Embassy of the country you are visiting prior to travel. Many countries require a traveler to hold a passport with at least six months remaining validity and/or two blank pages. For entry requirements of your destination, visit the US Department of State’s Bureau of Consular Affairs website listed below.

- Website: http://travel.state.gov

SOFA Stamps
The US Embassy does not issue Status of Forces Agreement (SOFA) stamps. Please see Chapter 2 "What to Expect When You Arrive" for more information.

Getting Married In Korea
While consular officers at the Embassy are not authorized to perform marriages, they can assist US citizens with the paperwork necessary for a legal marriage in Korea. There are specific marriage requirements for USFK members. For details, visit the website below.

- Website: http://seoul.usembassy.gov/acs_getting_married.html

Registering a Baby In Korea
The Embassy strongly encourages all US citizens who have children born in Korea to apply for a Consular Report of Birth Abroad (CRBA) and passport as soon as possible after the birth of the child. A CRBA is an official record confirming that the child acquired US citizenship at birth. It can be issued only at a US Embassy or Consulate overseas, and only before the child reaches 18 years of age. For details, visit the website below.

Naturalization and Immigration
The Department of Homeland Security, US Citizenship and Immigration Service (USCIS), maintains an office at US Embassy Seoul. USCIS can assist with issues such as US citizenship, naturalization, and immigration applications for non-US citizen spouses and other family members.

- Website: http://seoul.usembassy.gov/dhs.html

Staying Safe in Korea
Crime rates in Korea are low compared to the US, but you should never let your guard down. The Embassy has received reports of US citizens who have been victims of crime from petty theft to sexual assault and rape. Conversely, Americans are arrested in Korea every year for violating the laws of the Republic of Korea. Alcohol abuse is often a contributing factor. If you are a victim of crime, first call the police by dialing 112. If you need further assistance, contact the Special Citizen Services (SCS) Unit at the US Embassy. For more information on crime and staying safe in Korea, please visit the website below.

- Location: Special Citizen Services (SCS) Unit at the US Embassy
- Website: http://travel.state.gov/content/passports/english/country/korea-south.html

Staying Connected
The Embassy encourages all American citizens overseas to register their whereabouts through the Smart Traveler Enrollment Program (STEP) and to receive the monthly newsletter and email alerts. You can also follow the Embassy on Facebook or Twitter (see below). The Embassy’s goal is to reach all US citizens in the Republic of Korea with current security information and other important updates.

  • Phone: 031-462-2311

Korea Post
To ship items within Korea (not including to other military installations), you may need to use the Korean postal service, Korea Post. There are many post drop boxes in the USAG Humphreys area, and the nearest post office is located outside the walk out gate just passed the ⅜ Market on the left side. If you have passed the Brooklyn English Used Book Store you have gone too far. A Korean post office can also be found just outside of the Quarry gate near the GS25. Please remember that it is not legal to ship goods purchased at the PX or Commissary to non-US military personnel in Korea.
  • Location: Outside walk gate and near the Quarry gate.

Pets
Pet Laws and Regulations
For public safety, the laws regarding pets in South Korea are changing. South Korea’s newest leash law requires all dogs to be on a leash that is no longer than 6 feet and 6 inches. Potentially dangerous breeds of dogs (pit bulls, rottweilers, chow chows, etc.) must wear muzzles. Fines for not abiding by these may be up to ₩500,000 or approximately $500. For additional information on these new laws please reach out to the military veterinary clinic. It is also important to ensure your dog’s excrement is picked up and disposed of properly (as general waste). Fines for not picking up after your pet may range between ₩50,000 to ₩600,000 won or approximately $50-$600.

Living with Your Pet
Government and civilian housing policies differ as to authorization, number, and types of pets. It is very important to remember that only up to 2 pets (domestic dog or cat only) can be shipped back to the US in the event of noncombatant evacuation operations (NEO), when traveling via the Patriot Express, and on many commercial airlines. When bringing your pet to Korea or adopting a pet in Korea please do your research. Speak with the military vet regarding the rules and regulations, as well as the costs for transporting your pets in and out of the country to ensure you are prepared for the financial costs and work that goes into having your pet with you.

USAG Humphreys on-post housing allows two pets (dogs, cats, or ferrets) and up to four small caged animals or birds and/or an aquarium not to exceed 50 gallons. If a member of your family has a service animal, discuss that with the Housing Office so they can factor that into determining your housing assignment.

Just like anywhere else, some off-post/civilian apartments allow pets, and some do not. Ask your property manager or landlord about pet allowances before signing a lease.

Pet Services
Veterinary Services
Per regulation, all pets (on or off post) must be registered at the Humphreys Veterinary Treatment Facility (VTF) within 10 days of arrival or purchase. Pet owners not living on a military installation must also register (license) pets at the city hall nearest their residence. ISO-compatible microchips are mandatory for all pets, on and off the military installation.

The 106th Medical Detachment primarily provides preventive veterinary medical and surgical care for privately owned animals on a space available basis. There are six VTFs in Korea: USAG Humphreys, Camp Casey, USAG Red Cloud, USAG Yongsan, Osan Air Base, and Camp Walker. The six clinics work
together to provide a range of veterinary care services including vaccinations, lab work, x-rays and ultrasound, microchips, surgery, and health certificates. VTFs do not provide after-hour emergency care services. Veterinary care at VTFs is limited during military training exercises.

- Location: Humphreys Veterinary Treatment Facility (VTF), Building 2260 (near the PX and Commissary)
- Phone: 0503-337-9720 or 0503-337-9815 (CONUS) DSN: 737.9720 or 737-9815

Dog Parks

Korean apartments generally do not provide areas for walking pets, and single homes with yards can be difficult to find and are expensive. USAG Humphreys does have some very nice dog parks. There is a small dog park by old housing, 2 small dog parks by new housing, and a large dog park by the super gym. The small dog park by old housing has a small parking area that makes it very convenient for those who live off base. These can be used by all ID card holders (living on or off post) to exercise and socialize dogs.

Please observe the “rules of petiquette” posted in the park.
• Owners must pick up and dispose of all pet waste.
• You may have up to two dogs per adult per visit. Owners are responsible and liable for their pets’ actions; aggressive pets or pets in heat are not allowed in the park.

Note: Pets are not allowed on ball fields, tennis courts, or basketball courts, or school grounds even if on a leash.

There is at least one dog park off post, and it is located across from PIEF (Pyeongtaek Information Exchange Foundation) near the Oscarville apartments. Please be a good neighbor and follow posted rules.

Pet Adoption

There are many options to acquire a pet both on and off your local installation. Visit your local VTF for informational websites, maps, and directions on where to purchase a pet.

Most VTFs handle the adoption of strays and surrendered animals needing new homes including many pure breeds. Every year during the PCS season many owners find themselves struggling to get their pets home because they did not realize the true responsibilities of pet ownership. Please be sure to fully research the responsibilities and costs of pet ownership and travel before adopting a new pet to help reduce the number of pets in the already overcrowded shelters.

Additional information regarding having your pets in Korea can be found at https://www.korea.amedd.army.mil/Veterinary/index.html

Tip: Small animals adopted in Korea such as guinea pigs, hedgehogs, fish, hamsters etc, cannot be imported back to the United States. Please keep this in mind when purchasing.
DMZ to the Sea Adventures

Gyeongbokgung Palace and the adjacent Gwanghwamun Plaza.

Gyeongbokgung Palace was the major legal residence of the royal family during the Joseon Dynasty. Carrying a meaning of “a place where the new king can enjoy prosperity of great blessings,” this was the first palace built during the Joseon Dynasty. The palace is unique for its vast area and harmony of buildings, and is the only palace to have all four major gates still remaining to this day.

Within the palace grounds, you can see a multitude of restored buildings. Visitors will enjoy looking at the variations among buildings, each serving a unique purpose. Of course, even before entering the palace, tourists enjoy gathering at Gwanghwamun Gate to watch the Royal Guard Changing Ceremony; be sure to time your visit to include this cultural performance in your tour. Gyeongbokgung Palace also offers special evening admissions once a year, so don’t miss the opportunity to enjoy the evening atmosphere at the palace grounds if your schedule allows.

• Directions: Gyeongbokgung Station (Seoul Subway Line 3), Exit 5.
• Operating hours: November-February 09:00-17:00 / March-May, September-October 09:00am-6:00pm / June-August 09:00pm-6:30pm (Last admission: 1 hr before closing) Closed Tuesdays
• Admission: Adults 3,000 won / Teenagers & Children 1,500 won
• Open period: April-October (7 months)
• Admission hours: 10:00am, 2:00pm, 4:00pm (and 11:00am on weekends)
• Reservation method: Online reservation via palace website during open period 1~6 days in advance
• Website: www.royalpalace.go.kr (Korean, English)

Tip: A reservation is required for admission to the Gyeonghoeru Pavilion.

N Seoul Tower

Seoul’s landmark attraction is none other than N Seoul Tower, located atop Namsan Mountain in the center of the city. The tower draws in visitors year-round, and is most famous for the view it offers of the cityscape at night. For hallyu fans, the tower is a must-visit attraction, having been featured in dramas like “My Love From the Star (2013)” and “Legend of the Blue Sea (2016).”

The tower features not only an observation deck, but also atmospheric cafés and restaurants among other facilities. N. Seoul Tower is a great place to spend an enjoyable evening with friends or loved ones, taking in the beautiful nightscape over a cup of coffee.

Traveling in Korea

From Korea, to the many countries beyond, there is a world of opportunity awaiting you and your family, but to maximize your enjoyment, it is wise to be properly informed and prepared. This section will help you become acclimated to your new home, prepare to welcome visitors, and to explore both Korea and the region.

General Information

Public Restrooms

Public restrooms may have western style toilets and/or in-ground toilets. Signs are usually on the doors to identify which type of toilet is inside. You may find a toilet that has seat warmers and other features. Look at the pictures carefully before pressing any buttons.

Foreigners sometimes miss toilet paper in bathrooms because it is often in large dispensers similar in size to a paper towel dispenser located outside the stalls. When you walk into the restroom, you may notice toilet paper dispensers on the wall. This signals that the stalls do not have their own rolls, so take some with you. A good rule of thumb is to carry tissues with you, just in case. You might see a wastebasket and signs that read “do not to throw toilet paper into the toilet.” If you see this then the wastebasket should be used to dispose of your used toilet paper. Be aware that soap for washing and hand towels are often communal.

Space-Available Travel

Patriot Express

Space Available Flights, also referred to as Space A travel or Patriot Express, is air travel that is offered at a highly reduced cost to active and retired members of the military as well as qualifying members of their families. Space A travel is possible if seats remain available after military personnel traveling under orders receive their seats. There are various restrictions governing Space A travel so familiarity with these guidelines is highly recommended.

In Korea, Space A travel is provided at Osan and Kunsan Air Bases. Osan Air Base is located about 30 minutes from USAG Humphreys and is conveniently and inexpensively reached by bus service departing from USAG Humphreys bus Terminal. To ensure the most accurate and up to date information, travelers should speak directly to personnel.

The passenger terminal at Osan Air Base has excellent modern facilities including a spacious, well-equipped play area for families traveling with children. The Space A flights depart from Osan Air Base and arrive in the United States at Seattle International Airport. Connections from Seattle are via regular commercial airlines. Connecting commercial flights are not part of Space A travel and are at the traveler’s personal expense.

Keep in mind that Space A travel is not a reliable means of transportation. Unlike commercial airlines, there are usually no back-up flights if a plane is diverted. There are also no guarantees that seats will be available. This means travelers must be flexible and prepared with an alternative travel plan. If you keep this in mind, and follow all the required guidelines, you will no doubt find that Space A is a great option.

Here are the basic steps for successful Space A travel:

- Identify your eligibility travel category.
- Determine your departure and arrival points, and intended travel dates.
- Prepare required documentation and obtain requisite authorization.
- Register with the Passenger Terminal (the earlier this is done, the better). Be sure to register for both your departing flight and your return flight.
- Call the Passenger Terminal 24-48 hours prior to departure date to receive flight status updates, required “show-time” and projected seat availability.
- Check-in at the Passenger Terminal on flight departure date. Be sure you have all required travel documents (Passport, ID card, authorized letter to travel, and any other documents you were instructed to bring).
- Listen for the seats available announcement. If you are selected for a space available seat, be prepared to check in immediately.

Visas

The best way to get accurate information on visas is to contact the relevant embassy several months prior to the time you are interested in traveling. Conditions are constantly changing around the world, so be prepared for some travel changes. Travel agents or the USO can help groups of travelers obtain passport information and visas. For visitors to Korea, a visa is not required if the period of stay in Korea is 90 days or less.

Korea Tourism

There is an abundance of things to see and experience in Korea, and it can be hard to know where to begin. Be adventurous! Buy a good map and an English/Korean dictionary, acquire some won, and just go explore.
Koreans are friendly and relish the opportunity to teach you about their country and culture. Another option is to start your exploration by joining a group tour with the USO, outdoor recreation or an United Club Bus tour.

Palace Districts
The Palace District of central Seoul is bounded by five grand palaces. Check out the traditional tea shops and trinkets of the major tourist center in Insadong, the art galleries in Samcheong-dong, and stroll through streets studded with traditional hanok buildings in Bukchon-dong. The official South Korean presidential residence, Cheongwadae, also known as the “Blue House,” is also located within this district.

The royal palaces of Seoul are the pride of Korea. Although most of the buildings were damaged or destroyed by war, their historical and aesthetic significance are still appreciated throughout the world. All of the palaces and their contents date from the Joseon Dynasty (1392-1910) and restorations are ongoing.

At specific times during the day, there are special ceremonies performed, such as the changing of the guard or a traditional Korean wedding ceremony. Special tickets can be purchased for multiple palaces at discounted rates.
Changdeokgung and Biwon (Secret Garden)
A UNESCO World Heritage site, this palace was first built in 1405; the buildings have all been recently restored and repainted. Buildings of particular note include the blue-roofed Seonjeongjeon, which was the king’s office, and the Daejojeon (“Great Making Hall”), his bedchamber. Most famous of all is the Biwon (“Secret Garden”). Access to the Biwon complex is by guided tour only.

Gyeongbokgung
Built in 1935, Seoul’s grandest and most beautiful palace was the seat of power for centuries before it was razed in 1592 and again in 1910 by the Japanese. Large parts have been restored and the most representative edifices of the Joseon Dynasty, Gyeonghoe-ru Pavilion and Hayangwonjeong Pond, are still relatively intact. The vast grounds house the National Palace Museum of Korea and the National Folk Museum. At specific times during the day, there are special ceremonies performed, such as the changing of the guard or a traditional Korean wedding ceremony. Special tickets can be purchased for multiple palaces at discounted rates.

Chilseong Market
This is a giant fish, produce, herb and hardware market that has the rugged demeanor of farm and country folk. Exploring this market will either amaze or shock you. It is not like the United States where your food comes pre-packaged or frozen, instead you will see heads and eyes on it here. Taking a trip down the row of pork sellers was a trip for those with the stomach to see pig heads perched for display on each table; one thing is for sure- if you’re a tourist, the only souvenirs you’re sure to get are pictures. You will smell its waft before you even emerge from the train station. People who enter the train from this stop, usually bear some kind of faint odor on them.
- Directions: The market is located outside the Chilseong metro stop.

Gatbawi Hike
Sitting at the peak of the mountain is a giant rock Buddha sculpture, where you can say a prayer and light incense or place a coin on the rock. You can either hike the stairs or the trail. If you want the more scenic route, take the trail. If you want a workout, take the stairs. This is an intensive 3-hour hike up Palgongsan mountain and there are two ways to go about it 1) you can take the rock steps directly up a steep 80 degree incline climb or 2) go by way of a longer, winding hiking trail.
- Directions: Take the red line to Ansim. Exit at Dongdaegu Station and walk upstairs to the Dongdaegu KTX/Korail station. The Tourist Information booth is located outside the train station near the line of waiting taxis. At the booth, purchase a ticket for the Daegu City Bus Tour to Gatbawi.

Dongwasa Temple and the Giant Standing Buddha
- Getting there: From Dongdaegu Train station, exit next to parking lot No. 3 and go to the bus stop located nearby and take Express Bus No. 1 (about 45-min). Get off at entrance of Donghwasa Temple Bus Stop and walk about 8 min to the temple.

Korean jjimjilbang and bathhouses
Korean jjimjilbang and bathhouses are an interesting cultural experience that you won’t want to miss. Unfortunately, it demands being comfortable wearing your birthday suit in front of your own sex. A jjimjilbang is a 24-hour bathhouse that allows you to sleep overnight; whereas a Korean sauna/bathhouse is just there for bathing. The waters are generally herbal and all tout medicinal properties to help heal different ailments (so Koreans believe).

Festivals

For a complete list of the many festivals in Seoul and all of Korea, visit the Korea Tourism website where you can search by date, key word, and location.

Cherry Blossom

Festivals to celebrate the spring season, specifically the blooming of the cherry blossom trees, happen throughout the peninsula, usually in April. The Yeouido Spring Flower Festival, the closest to USAG Yongsan, is the most popular. It is located near the National Assembly building, and is famous for its 1,400-1,600 Korean cherry trees.
- Direction: Take public transportation to Yeouido Station (Subways Lines 5 or 9, Exit 5) and then take Bus 162, 262, or 461 to National Assembly or National Assembly Station (Subway Line 9, Exits 1 or 6).

Hi Seoul Festival
The Hi Seoul Festival features a variety of cultural and art programs and numerous exhibits. Taking place in the fall, this event is held along the famed Gwanghwamun Square, Seoul Plaza, Cheonggye Plaza and in downtown Seoul.
- Website: http://www.hiseoulfest.org/eng/main/main.php

Lotus Lantern Festival/Buddha’s Birthday
Seoul celebrates the birth of Buddha with a festival of paper lanterns. Before the festival, traditional lanterns are exhibited at Bongeunsa Temple. On Yeondeung-nori, the eve of the festival, there are traditional Buddhist celebrations at the 14th-century Jogyesa Temple in Insadong. The opening ceremony for the parade itself is held at nearby Dongdaemun and the procession of lanterns then moves along Jongno Street to the Jogyesa Temple. The festival is notable not only for its large colorful lanterns, but also for the thousands of delicate hand-held lanterns in the shape of lotus flowers carried by adults and children wearing traditional hanbok.

Travelling to Other Countries

The biggest adventure of which everyone should take advantage during their stay in Korea is travel to other countries.

Here are a few tips to make the most of your travel

Register with STEP: the Smart Traveler Enrollment Program (STEP) is a free service to allow US citizens and nationals traveling abroad to enroll their trip with the nearest US Embassy or Consulate. English as an official language: consider traveling to countries where English is prevalent; this allows you to travel on your own with ease.
- Website: https://step.state.gov/step/

Carry local currency and monitor your bank account.
Many countries impose fees upon arrival that must be paid in local currencies. Additionally, transportation from the airport to your hotel, if not prepaid, will have to be paid. Not everywhere accepts credit cards so keeping local currency on hand is helpful. ATM machines will allow you to pull money from your US bank account. Study the international currency rates online or using a phone app before going on your trip so that you will know the amount of local currency you can expect for your dollars/won. Airports and hotels typically have the lowest exchange rates; only get what you absolutely need from these places. Seoul KTX station also has a money exchange counter next to the ticket counter.

Travel to more than one country per trip.
This can improve the adventure while minimizing costs.

Roll with it!
Whatever happens, remember to laugh and add it to the list of memories that you made with your family!

Know the USFK foreign travel regulations and request travel in advance.
Military members must request permission from their commander for foreign travel. Some areas are restricted and others require higher-level approval. Service members should initiate travel requests early to ensure they receive approval prior to planned travel dates.
Check Visa/Passport Requirements.
Check with your travel agent on the visa/passport requirements for the country you are visiting; they vary from country to country. Leave ample time for processing these documents.

***We recommend always traveling with a tourist passport.***
***No fee passports are only for official travel.***

Review immunization requirements.
Always know the immunization requirements of the countries you’re visiting.

Plan ahead.
Dealing with travel agents or airlines in Korea is somewhat different than the experiences you may have had elsewhere, so you need to have plenty of time to make sure all details are in order and to ensure that you are getting the best deal possible. Don’t allow your travel agent/group tour promoter to wait until the last minute to provide you with your tickets, accommodations confirmation, etc. It’s not easy to get your military leave orders changed if a travel agent lets you down at the last minute.

Research, research, research.
Once you have selected a destination, find out everything you can about which airlines are available, hotel promotions, and travel agents. You will find you can save hundreds of dollars by shopping around.

Benefit from the experiences of others.
Talk with those who have traveled during their tours in Korea. Their experiences can often save you a lot of time, trouble, and money.

Look for discounts and deals.
Check with the airline yourself to view current fares and always ask about discount rates. Check with the international reservations center of the local hotels that give military discounts (Hilton, Hyatt, Sheraton, Ramada, and Intercontinental). You will often find that you can put your own package together for less than what some of the tour operators quote.

Luggage Insurance.
If it’s offered, always buy baggage insurance when traveling in Asia. If your luggage does get lost, you can buy enough personal items to hold you over until it finally shows up. Never check valuables in your luggage; always hand-carry them.

Do your homework.
Learn as much as possible about your intended destination and don’t pay for a lot of “optional” tours to places you don’t really want to see. Be aware of the fact that most of the airports in Asia have an airport tax, some of which have to be paid in the local currency. Always know what this is and put money aside to pay it.

Be prepared to communicate.
If you’re going on your own without the assistance of an English-speaking tour guide consider buying an English translator dictionary or downloading one to your phone. Even if you can’t speak the language, being able to point at the appropriate words often helps. Also, learn a few key words and phrases. Knowing enough to be polite will often encourage others to help you.

Know in advance what the customs are and dress accordingly.
Many Westerners unintentionally offend people of Asian cultures by wearing “improper” clothing into temples and shrines. Remember, you are representing your family and your country.

Be respectful.
Remember that many things are different in Asia (voltage for appliances, driving on a different side of the road, etc.), and you need to prepare yourself and your children for these differences. The last thing you want is for your children to be offensive by telling people, even the waiter, that things are weird or gross.

Travel light.
You undoubtedly will find many treasures to purchase during your journey. Many veteran travelers travel with an empty lightweight bag folded into their luggage just so they’ll be able to get their purchases home safely.

Know the customs and laws of each country you plan to travel in.
You can check with the embassy of your destination for current information on their laws.
Have a Plan B
This is especially important if you are flying Space A. Always be prepared to pay for a commercial ticket back to Korea if the Space A flights are suddenly not available. Also, be prepared to pay for lodging if you need to stay in an area longer than anticipated.

Where To Go

The following is a list of possible places to explore. Due to changing world conditions, always check with the embassy and USFK to see if travel to your country of choice is recommended, or even prohibited.

Tip: An International Driving Permit (IDP) may be required to operate a vehicle in your chosen destination and is only valid when used in conjunction with a valid US driver’s license. IDPs may be obtained at AAA offices in the United States or by mail via AAA or through the National Automobile Club.

Australia
The “land down under” is beginning to enjoy a real surge in popularity with travelers from Korea. There are several package tours on the market. You can easily obtain your visa from the Australian Embassy in the Kyobo Building downtown near the American Embassy or you can obtain a visa online through the Australian Government’s Department of Immigration and Citizenship Electronic Travel Authority. Qantas, Korean Air, and Asiana have direct flights to Sydney and many other cities.

Sydney Points of Interest
There are many things to see and do in Sydney, including visiting the Sydney Opera House. A Circle pass is good for unlimited one day travel with stops at most of the famous Sydney sights. Sydney also has a subway system you can use to get around. The Australian Naval Base is accessible with a valid US military ID, and then you can walk on base straight down to the harbor.

If you are traveling on a flexible itinerary, try visiting a travel agency while in Sydney and check into their tours of the Gold Coast. They offer some specials for the Great Barrier Reef area. Call the Australian Embassy or visit one of the travel services on post to book a trip.

Cambodia
Korean Air has a direct flight into Siem Reap and the Temples of Angkor Wat, making it much easier to reach them. Although the city is modernizing at a fast pace, this still may not be a trip for children. Healthcare is not easily accessible and there is a lot of walking through old stone ruins. The temples date back to 800 AD and are mainly of Hindu origin with Buddhist influence in the later temples.

China
Americans and other foreign visitors are touring China in increasing numbers to visit Beijing, Guangzhou, Shanghai, Guilin, Xian, and Hangzhou. A visa is required to visit China and they can be expensive. Travel services on or off post offer individual or group tours to many destinations in China for varying lengths of time and prices. These trips are an excellent value for the money especially with the travel services arranging all visas, tours of your choice, and great four and five star hotel accommodations. A flight from Incheon Airport to Beijing is about two hours.

Guam/Saipan
Located off the coast of Japan in the Mariana Islands, Guam is a four and a half hour flight from Incheon International Airport and the short hop to Saipan is less than an hour from Guam. In addition to white sandy beaches and breathtaking views, Guam, a US territory, is home to two
military bases where you can pick up discount tickets for local activities. For a more tranquil setting consider Saipan. This US Commonwealth is smaller and does not have the hustle and bustle of Guam. Both Guam and Saipan have a variety of luxury hotels and recreational activities.

**Hong Kong**

Hong Kong is an amazing city with skyscrapers jutting out of the surrounding mountains and the bustling harbor down below. It’s truly a shopper’s paradise since imported goods enter Hong Kong duty free. Shop carefully and compare prices and quality. Always deal with reputable dealers. Look for the Hong Kong Tourism Board symbol, as it normally indicates an established merchant with a good reputation.

Upon arrival at the Hong Kong airport, pick up one of the free tourist travel kits available in the baggage claim area or download the free app offered by the Hong Kong Tourism Board. The kit contains an excellent map and a good guidebook. The Hong Kong subway can get you just about anywhere you want to go. Buy a tourist pass; it’s cheaper and you won’t have to wait in the long lines to pay for a ticket each time.

The Fleet Arcade shopping area is located on the Hong Kong island side of the city and can be easily reached from the Admiralty Subway Stop. The United States Navy Fleet Post Office (FPO) is in the Fleet Arcade and is a full-service United States Post Office. A commercial packaging facility is located next to the FPO and makes mailing home your purchases very convenient! To use FPO services, identification is required. Payment is accepted in US dollars or by personal check (no credit cards).

If you are looking for a vacation to remind you of the US, Disneyland Hong Kong is a great option. With the least expensive prices of the Disney resorts in Asia, it is an affordable spot to treat your kids or treat yourself like a kid.

**Resources:**

**FPO and Fleet Arcade Shopping Area**
Location: Fenwick Pier, 1 Lung King St. Wan Chai (FPO is on the second floor of the Fleet Arcade).
Hours: Monday-Friday 10:00 am-4:00 pm and 10:00 am-6:00 pm. Closed on Holidays and Weekends. (when US ships are in port)

**India**

India’s rich diversity is comprised of many languages, religions, traditions and beliefs. This fascinating country is awe-inspiring, though first-time visitors may be surprised in other ways as poverty remains a harsh reality for many of India’s residents and witnessing this can be jarring.

**Japan**

Traveling to Japan from Korea is relatively inexpensive and easy if you plan your trip carefully. There are several ways of going to Japan: commercial airlines, AMC flights from Osan, and by ferry from Busan. Try to use the US military facilities in Japan (particularly the New Sanno in Tokyo) as much as possible because Japan is the most expensive country in the world. The New Sanno Hotel has an extremely high occupancy rate, so make your reservations at least six months in advance by calling or visiting their website.

If you are using commercial transportation while in Japan, consider buying a Japan Rail Pass while you are still in Seoul as they aren’t available inside Japan. These passes allow unlimited travel on trains throughout the country and are a real bargain. You can purchase them from Global Travel near City Hall or other agencies in Seoul. There is so much to see and do in Japan that you will want maximum flexibility in getting around. It is also advisable to buy a tourist subway pass (you can get them at the New Sanno or at the airport) for easy movement in Tokyo.

Shopping in Japan can be a very expensive experience if you shop on the Japanese economy. Many Americans have found they get better value by shopping in the arcade at the New Sanno or at the bases located throughout Japan.

**Okinawa**

One of the four Ryukyu Islands, Okinawa is an easy destination for anyone wanting to use Space A from Osan to Kadena. Call the Osan AMC terminal for information. You will find the AMC terminal personnel much more helpful if you call at a time when they are not processing a flight. Ask when you call if this is the case and if so, when could you call back. Also, the Osan Passenger Terminal Facebook page offers an abundance of information including flight schedules and updates. The climate of Okinawa is subtropical and an interesting change from Seoul. Shopping for local crafts and fine china is excellent. Be aware that Jap-
Japanese taxis are expensive. Use base transportation whenever possible to get as close to your destination as possible.

The most logical and inexpensive place to stay is Kadena Airbase, which has 24-hour billeting. Another option is the Camp Foster Westpac Lodge. For some family fun time try the Torii Beach Cabins. A secret of Okinawa is Okuma Resort located 50 miles North of Kadena Airbase. There is also occasionally Navy BOQ space available; you can check with the Navy Billeting office in Building 4198 before 4:00 pm.

Macau

This tiny country on the tip of China is often a destination for tourists while they are in Hong Kong. Macau is easily accessible from Hong Kong by ferry or hydrofoil. The Portuguese heritage of Macau gives it its own special flavor. Go to Macau, if for nothing else, to eat the uniquely flavored food and drink the good, inexpensive wines.

Gambling is also a big attraction here and huge casinos line the shore. Some of these casinos boast fabulous restaurants. Excellent, inexpensive places to eat are also easily found.

Malaysia

Malaysia is an inexpensive and marvelous place to visit. The Malaysians are a friendly people, eager to visit with foreigners. English is the dominant language here, making it generally easy to communicate with everyone from the cab drivers to the shopkeepers. Kuala Lumpur is very child-friendly. There are beautiful, clean beaches throughout the country and special package tours for golfers interested in playing on the lush Malaysian courses. Eating and shopping are inexpensive, with the best buy possibly being the beautiful Selangor pewter, produced just outside Kuala Lumpur.

Johor Bahru, located across the Johor Strait from Singapore, is also another rapidly growing tourist location. Consider this as an option if you want to see Singapore, as hotels in Johor Bahru are less than half of the cost of hotels in Singapore. Taxis and public transport travel between Johor Bahru and Singapore daily but due to the more than 100,000 Malaysians that use the only bridge into Singapore, you can save a lot of time by using the public transport system. If you are traveling with small children, you are able to go to the front of the bus lines, but even without this advantage, the trip takes less than 45 minutes and will save an hour or more during heavy traffic times.

Nepal/Tibet

These ancient countries in North-Central Asia are visited by few of the personnel stationed in Korea. Those who have gone have come back with varying reports. Some cite the primitive living and traveling conditions while others talk about the fascinating cultures. Neither country has an embassy in Seoul, so you will have to do your own research online, at the USAG Humphreys library, or find a good travel agent. Make sure any plans or itineraries are confirmed in writing before departure.
New Zealand

This wonderfully scenic country is very affordable now that you live in Korea. Make sure your tour incorporates both the North and South Islands. The North Island offers world-class dining in Auckland, hot water beaches along the Pacific Coast Highway, and mud pools and geysers in Rotorua, just to name a few. The South Island’s charm is endless and includes six of New Zealand’s eight “Great Walks.” Stewart Island is one of the best spots to see the rare Kiwi bird, and overnight cruises to take in the scenery or spot fur seals and bottlenose dolphins. Call your travel agent to arrange for the things you are most interested in including in your tour package.

Singapore

This small island country is a truly international city, and almost every nationality is noticeably represented. As it was once a British colony, English is predominantly used (although somewhat broken), with the other three official languages being Mandarin, Malay, and Tamil. It is also one of the cleanest and safest cities in the world.

The island is small and public transportation is affordable as cars are strictly regulated. Taxi costs are similar to Seoul, so don’t be afraid to jump in a cab because you really don’t have far to go. For a family of four, a taxi is generally cheaper than the subway. However, cab prices vary between taxi companies, so beware of deluxe taxis that will cost more.

The most popular places to stay are Clarke Quay, Marina Bay and Chinatown. Chinatown was gentrified in recent years, and has been brought back to its early 1900s colonial style. AirBnB rentals are easy to find if you book ahead. Unless you want to watch the Formula One, avoid going during the race week in September. Besides the road closures and large crowds downtown, hotel prices tend to be very high.

Activities for Couples/Single Adults

• Check out the nightlife in Clarke Quay, a neighborhood of clubs, bars and restaurants on the river that don’t close until sunrise.
• If you have ever wanted to experience a true superclub, Zouk is THE place to go. It is known as one of the best night clubs in the world and has been at its location for over 20 years. If you can, attend ZoukOut, the largest beach party held every year featuring world famous DJs.
• Have a drink at Ku Dé Ta on the rooftop of the Marina Bay Sands Hotel, and watch the sunset over the entire city. Free admission on weekdays. You can have a close-up view of the hotel’s rooftop pool from the bar, but only guests are allowed in the pool area.
• Have champagne service in the Singapore Flyer, the large Ferris wheel, while watching city lights and ships out at sea.

Fun for All

• Shopping is a popular pastime in Singapore. Orchard Road is the main shopping street, but Chinatown, Kampong Glam and Marina Bay have lots to offer.
• Singapore river cruises can be one of the most breathtaking ways to take in the architecture and beauty of the city. Among the sites that can be seen on the various cruises are Empress Place, which has been an architectural treasure since 1865, and the Merlion, one of the most recognized landmarks, known as the symbol of Singapore.
• Singapore Botanic Gardens, Singapore’s first UNESCO World Heritage Site nomination, is a beautiful place. Filled with thousands of rare tropical plants and a separate orchid garden, it is the only botanic garden in the world that is open 5:00 am- midnight every day of the year and does not charge any entrance fees for the main garden. A small fee is charged for the National Orchid Garden which houses 400 species and more than 2,000 hybrids. The orchid is Singapore’s national flower.
• Gardens by the Bay is a large park behind the Marina Bay Sands. The main attraction is the grove of Supertrees, which are steel pipes shaped like trees (think Dr. Seuss meets Avatar). The park was created on reclaimed land, and is a biomass recycling center for all the greenery in the city; the Supertrees are the ventilation pipes for the biomass generator. Admission is free for the garden, but some of the attractions in the park such as Cloud Forest require an entrance fee. The park is also open in the evening when the Supertrees are lit up, making for some exciting night photography. Marina Bay Sands puts on a light show most evenings. The show is best viewed from across the bay from the hotel at One Fullerton.
• Visit the neighborhoods of Little India and Arab Town.
• Royal Caribbean Cruise Lines also offer very affordable cruise options, embarking from Singapore for many travel destinations throughout Asia.

Eating in Singapore

Singapore is known as a food mecca but it can be very expensive if you don’t know where to go. All restaurants are very strictly regulated
for safety and hygiene, including street vendors or “hawker stalls.” Authentic international food can be found anywhere and everywhere, and there are many, many food review websites for Singapore to help narrow down the choices. Some very affordable local options include hawker stalls (outdoor food courts that sell mostly local food), food courts in shopping malls, and Little India.

**Taipei, Taiwan**

Taipei is Taiwan’s largest city and also its capital. Check with the US Embassy before booking a trip.

Some of the things to see include the National Palace Museum, Chiang Kai-shek Memorial Hall, Taipei 101 which was ranked as the world’s tallest building until 2010; Wulai, which is a mountain village famous for the aboriginal village, waterfall, and hot springs; and Taroka Gorge.

Popular items from Taiwan are painting reproductions, pottery and other ceramic wares, furniture, jewelry made of coral and other semi-precious stones, Hualien marble, Taiwan jade, temple carvings, hand puppets, old coins, cloisonné, and rosewood furniture.

**Thailand**

With its 800-year-old history, vast cultural attractions, exotic beaches, islands, and national parks, Thailand offers something for everyone. Not only are the Thai people very friendly and hospitable, but the country also offers an abundance of amenities from excellent food to inexpensive quality accommodations, making it an ideal vacation spot for military families.

The best buys in Thailand historically have been silk, rubies, and star sapphires. For more information visit www.tourismthailand.org. Another great website is www.nancychandler.net which contains “Nancy Chandler’s map of Bangkok,” which is most helpful.

**Major tourism destinations in Thailand include:**

**Bangkok**

New buildings reach for the sky around the corner from ancient temples, many of which are home to enormous images of Buddha inlaid with gold and mother of pearl. Points of interest include floating Markets, Mae Sa Elephant Camp, the Grand Palace and Wat Po, the National Museum, Nakhon Kasem, Chatuchak Weekend Market, and Pattaya beach resort.

**Chiang Mai**

Chiang Mai’s reasonable cost and abundance of activities geared to the family makes for a very relaxed and enjoyable vacation. The Chiang Mai cultural center has evening dinner shows; khantoke and a dance show is performed most nights with audience participation expected. The massage retreats in Chiang Mai are another popular attraction.

**Phuket**

Being Thailand’s largest island, Phuket is famous for its beaches. Patong, Karon, and Kata are popular beaches. If you prefer peace and quiet, however, stay away from these beaches as they can be crowded and noisy. There are many water sport activities. Check out the beautiful waterfalls, Ton Sai and Bang Pai. The islands off Phuket (Andaman, Similan, and Phi Phi) offer some of the best scuba diving in Southeast Asia. Phuket tends to be more expensive than other areas in Thailand because it has long been a popular tourist destination.

**Korat**

If it’s the Khmer culture you are after, then head about 260 km north of Bangkok to Korat where you will find several stunning examples of 12th century architecture. Plan to visit nearby Phimai, a Khmer complex constructed on a manmade river islet. Its sanctuary tower is home to stunning Khmer artistry.

**Koh Samui**

This island has become a popular alternative to Phuket, and lies off the opposite coast of Thailand. Chaweng beach is the most popular area (and can be very crowded), but there are many other beautiful beaches around the island. Koh Samui is close to Ang Thong National Marine Park, and other popular diving sites.

**Vietnam**

There are many places to see from Hanoi in the north to Saigon in the south.

**Hanoi**

A flight from Incheon Airport to the northernmost city of Hanoi is only about four hours and there are many places to visit such as excavations at Hanoi Citadel, floating villages, military history museums, art museums, temples, pagodas, markets, and a myriad of other tourist venues which are scattered in and around this historical city. Places of interest
in Hanoi; Hoa Lo Prison, the Old Quarter, Thang Long Water Puppet Theater, Ha Long Bay, and the many caves and grottoes.

**Saigon (Ho Chi Minh City)**
Saigon teems with energy, activity, and motion and everywhere you look seems to be the meeting of traditional and modern life. Visit the Reunification Palace, formerly the Independence Palace of the South Vietnamese president that was famously stormed by tanks in 1975 and signified the fall of South Vietnam. Visit the bustling markets and tour the temples and museums of Saigon. For tour destinations and prices, visit one of the travel service offices or visit www.vietnamtourism.com.

**Member Testimonials**

To help you plan and decide what trips will be best for you and your family while stationed in Korea, the United Club members have provided testimonials of the trips they have taken during their time here. We asked some basic questions including the number of people and ages, the type of transportation used, and for a few things they highly recommend! We hope these testimonials will help you to make the most of your trip and planning. Additionally, we highly recommend that you reach out to others when planning your trip to ask similar questions and any others you may have before finalizing your plans! Safe travels!
Location: Jeju Island

Date(s) Visited: March 29 - April 2, 2018
Who traveled with you? 2 Adults, 1 teen, 2 children
Visa Required? 
Transportation:
- To the airport: From Post we took a cab to AK plaza, then the train to Seoul Station (buy ticket ahead of time to be sure to get seats) from there we took the Airport Express to Gimpo Airport to catch our flight.
- To the locale: We too a flight from Gimpo Airport using T Way airlines... booked through Kayak!!!
- Around your destination: We rented a car through SixT rentals... great value!!! Only way to get around as their public transportation on island is horrible!!!
Accommodations: We stayed in Jeju City and it was a great area, but for future recommendation we will stay in Seogwipo-si.
Foods to try: Jeju black Pork, Jeju mandarins, hallabong juice and all things made from the local citrus fruit, U-do peanut, and the tasty Abalones!!!
Attractions, Festivals, Tours, etc.: The Cherry blossom festival is a must see!
Personal Tips: Bring plenty of Won... everything you do costs money!!! The average family will pay 7,000 won to do the sights that are popular!!!
Things to avoid: paying too much for food... don’t be afraid to look at menu’s then go next door and do the same!!! Jeju is expensive... remember it’s an island... and a vacation spot... so be prepared to pay for your meals!!!

Date(s) Visited: March 23-April 1
Who traveled with you? Family of 4 (two adults, two children 5 & 8)
Visa Required? No
Transportation:
- To the airport: Drove POV and parked in longterm parking
- To the locale: Commercial flight (Garuda Indonesia International, direct flight, 7 hours)
- Around your destination: Private tour guide from airport to hotel and all around the island then back to the airport. Tour guide used was Suweca Ketut. He was full of wonderful information of the island and very good with our children. We were given fresh mineral water at the start of every adventure.
Accommodations: 5 nights at Hilton Bali Resort - hotel in Nusa Dua area (on the beach) then 3 nights at Anantara Vacation Club- Seminyak (near the beach)
Foods to try: Try suckling Pig, chicken satay with peanut sauce and nasi goreng (fried rice), Luwak coffee, LacaLaca in Seminyak, and seafood barbecue dinner at Jimbaran beach
Attractions, Festivals, Tours, etc.: Uluwatu Temple, Kecak and fire dance show during sunset, Barong Balinese Dance, Rice terrace (Ubud), Klintamani Mt., Lunch overlooking Batur Volcano and Lake, Luwak coffee plantation, Elephant safari park
Personal Tips: Prices are always negotiable! Massages are amazingly affordable, please take advantage. We paid just over $5 for an hour massage. Suweca Bali Tour is an amazing and very affordable way to travel the amazing island of Bali! He is reliable, affordable, and very safe. Please, make the best of your stay by using his services. www.balitouradvisorandguides.com
Customs/Courtesies/Good to Know Info: You will need to wear a sarong to cover your legs when you visit a Hindu temple (they are provided for you on location).
Things to avoid: Hibiscus restaurant in Seminyak. All our lunches came out undercooked and some still frozen in the middle.

Who traveled with you? Family of three (two adults, one 12 year-old)
Visa Required? No
Transportation:
• To the airport: To Incheon – POV
• To the locale: Commercial flight (Korean Air, direct flight)
• Around your destination: Airport shuttle to hotel, private tour guide around island (Suweca Ketut), private guide to airport upon departure
Accommodations: Grand Astin Bali Beach Resort - hotel in Nusa Dua area (near beach)

Foods to try: Visit Bumbu Bali restaurant for a nice dinner. Try chicken satay with peanut sauce and nasi goreng (fried rice), which can be found at Ketut's BBQ Kitchen.

Attractions, Festivals, Tours, etc.:
1. Sacred Monkey Forest Sanctuary (Ubud)
2. Tegalalang Rice Terrace (Ubud)
3. Elephant Safari Park (Tegalalang)

Personal Tips: Like many destinations in Asia, your guide might bring you to factories where goods are produced and sold. Be sure to try and negotiate prices. For some goods, you might be better off buying at a souvenir shop than buying at the factory.

Customs/Courtesies/Good to Know Info: You will need to wear a sarong to cover your legs when you visit a Hindu temple.

Things to avoid: Be cautious when drinking arak, which is a local liquor. Many places distill their own. We tried it at one restaurant and were fine, but we had some stomach issues after drinking it at another restaurant.

Location: Phuket, Thailand

Date(s) Visited: April Spring Break 2017: This is the off season it is very hot
Who traveled with you? 4 adults and one teenager
Visa Required? No a visa is not required
Transportation:
• To the airport: Resort Shuttle
• To the locale: Karon Beach
• Around your destination: taxis
Accommodations: Mandarava Spa and Resort. Our villa had a private pool.

Foods to try: Everything. The seafood was amazing

Attractions, Festivals, Tours, etc.: The Phuket Big Buddha entry ia free. It's a nice walk with a small hike up to the top. Karon Beach is one of the largest in Phuket beautiful white sand beach. Tiger Kingdom. You can pet all of the tigers including the cubs. 18 and over can only pet the large adult cats. Wat Chalong- Grand Pagoda which is said to contain a small splinter from the bone of Lord Buddha. Thai Fights. Our hotel reserved our tickets and arranged a car. The Night market is so vibrant at night and full of wonderful restaurants. Elephant Sanctuary

Personal Tips: It’s very hot and humid drink plenty of water Sunscreen is a must! See the Elephants

Customs/Courtesies/Good to Know Info: Thai people are generally polite and friendly, so smiling is important. You should be aware that the concept of “face” is important in Thailand, and therefore you should avoid doing or saying anything that may cause someone else to be embarrassed or to “lose face”. Try to avoid showing the soles of your feet, which are unclean. Do not point at people or things, as this is considered rude. Elderly people are considered to be important in Thai culture and are revered. As such, if you are talking to or greeting someone who is your elder, you need to show them the proper respect by dropping your gaze after initially making eye contact. Furthermore, Buddhist monks should be treated with great respect, as Thai people hold them in such high regard that there are laws protecting them. Visiting Temples Most types of attire are tolerated in areas frequented by tourists. It is a good idea, however, to cover up when visiting temples and shrines. Those wearing sleeveless tops, short skirts, shorts, and flip flops may be denied entrance.

Things to avoid: You should avoid showing any sign of anger. You should also avoid initiating confrontation. Thailand isn’t called the ‘Land of Smiles’ for nothing. Keeping yourself cool is essential.

Location: Guam

Date(s) Visited: December 18-28, 2017

December is less hot that other months, but it is at the end of the rainy season. We were lucky that it didn’t rain a lot. The weather was warm (80s every day) and very humid and the water was perfect.

Who traveled with you? 2 Adults, 1 teen, 1 10yo

Visa Required? Not required

Transportation:
• To the airport: We drove our car to Incheon Airport and parked in long term parking
• To the locale: We flew Jen Air to Guam, flight is about 4 hours
• Around your destination: We rented a car at the airport (made reservations in advance)

Accommodations: We stayed at the Navy Lodge at Nimitz Hill. They have more than one location, so be sure to ask about that when making reservations. Our room was a small suite with a Queen bed in a separate bedroom with a fold out couch in the living room. It had one full bath and a tiny kitchen. No pool. It was not actually on the Navy Base, but up on a high hill where the 07s live, kind of far from the beach.

Foods to try: Mosa’s Restaurant was great. It is a local place that originated from a food truck.

Attractions, Festivals, Tours, etc: Chamorro Village – tourist place, but kind of fun. Local foods and crafts available. Only open on Wednesday evenings and perhaps Fridays too. Kids can ride a water buffalo, climb a rock wall, drink a fruit smoothie, eat fresh mango, eat local BBQ

Personal Tips: Guam’s water and sea life are amazing. It’s like being in the movie “Finding Nemo”. You will want to go snorkeling to see it for yourself. It is just amazing. You can purchase snorkel gear at the NEX, I recommend buying water shoes, they are next to the flip-flops. The beaches have lots of shells and coral and will hurt your feet. Bring and wear lots of sunscreen, rash guards, hats, sunglasses, mosquito repellant, etc. You can go to a resort or beach club that has packages for activities like parasailing, jet skis, dolphin watching, etc. Ritidian Point is one of the most beautiful places on Guam. It is on the northernmost part of the island and it is only accessible by a very long road filled with huge potholes. It is worth the hassle, but be prepared for a long bumpy ride.

Customs/Courtesies/Good to Know Info: Some restaurants in the Tumon Bay area, where the big hotels and high-end shops are located, put the gratuity on the bill because a lot of Koreans are tourists there and won’t tip.

Things to avoid: Don’t Climb Mount TamTam after the rain; your hike will be very slippery and muddy. Avoid getting sunburned on your first day.

Accommodations:
Hyatt Regency Saipan
Royal Palm Avenue, Micro Beach Road, Garapan, Saipan, MP 96950
Saipan, Mariana Islands, Micronesia
Tel: +1 670 234 1234

Foods to try: Spicy Thai Noodle Place

Attractions, Festivals, Tours, etc: Dive with Harry at Axe Murder Dive Tours. He is amazing and offers classes for all levels of divers. We did two dives with him and it was the best diving we have ever done. On the easy dive (beginners could do it) we saw enough turtles we stopped counting. He offers a military discount. If you do nothing else while visiting do this!

Personal Tips: The Hyatt offers a fabulous babysitting services using their housekeepers. We used their service for our toddler (who was too young to go to their group childcare) and by the end of the week employees knew her by name from her “field trips” with her babysitter.

Customs/Courtesies/Good to Know Info: Don’t take your valuables with you when you go hiking. The big tourist locations (like the Grotto) have security; however, our vehicle was broken into (they broke the window and popped the trunk) at a more remote location.

USFK INSTALLATIONS

USFK is in the process of repositioning and consolidating into two enduring hubs south of Seoul, near the cities of Pyeongtaek and Daegu. By moving into these locations, USFK will improve readiness, efficiency, and further enhance its partnership with local communities. The consolidation of US forces in Korea will support US and South Korean national interests, including a strong combined defense and credible deterrence.

The USFK transformation program is accomplishing the relocation through two major plans: the Yongsan Relocation Plan (YRP) and the Land Partnership Plan (LPP). The Republic of Korea Government (ROKG) funds the YRP agreement to relocate the headquarters of USFK and the United Nations Command (UNC), primarily to USAG Humphreys.

The LLP agreement primarily consolidates forces from north of Seoul to USAG Humphreys, while still providing access to northern training areas and ranges. USFK will thus reduce its theater footprint with all non-enduring sites returning to the Korean government.

USFK manages the $10.7 billion transformation program already well underway at USAG Humphreys, with more than $1 billion in current construction. In total, there are 121 projects in the works, which will result in the construction of 655 new facilities.

The transformation efforts underway at USAG Humphreys has triple its size from 1,210 to 3,538 acres, with the garrison population growing from approximately 10,000 to 36,000 military, civilian, and family members. Main construction projects include unit headquarters, vehicle maintenance facilities, hangars, soldier quarters, family housing, medical facilities, a military communications complex, a downtown shopping area, schools, child development centers, fitness centers, and numerous other facilities.

This is an exciting time for Eighth Army and the ROK-U.S. Alliance as we move towards a future that ensures we are properly postured to continue our enduring legacy of service here in the Republic of Korea. Many of you are already aware of the ongoing efforts to relocate the majority of our operations to two enduring hubs in the vicinity of the cities of Pyeongtaek and Daegu. These moves will not only improve our readiness as an Alliance, they will also enhance our partnerships within local communities.

USAG Humphreys will be one of the largest Army installations in the region. More information can be found on the USAG Humphreys Facebook page.
Camp Casey/Camp Hovey

Camp Casey was named in 1952 after Major Hugh Boyd Casey who was killed in a plane crash near the campsite during the Korean War. Camp Casey is one of several U.S. Army bases in South Korea near the Korean Demilitarized Zone (DMZ). Camp Casey, Camp Hovey, and neighboring Camp Castle and Camp Mobile hold the main armor, engineer, and mechanized infantry elements of the 2nd Infantry Division (United States) in South Korea. Camp Castle has been largely abandoned, with only a warehouse remaining. Camp Mobile was severely damaged during a flood in July 2011 and has been abandoned except for an unmanned aerial vehicle (UAV) company. Camp Casey spans 3,500 acres (14 km²) and is occupied by 6,300 military personnel and 2,500 civilians. There are plans for the relocation of most of the 2nd Infantry Division to USAG Humphreys, which are underway with the latest estimate for completion being 2019. As of 2015, there are plans for one brigade (most likely, the Field Artillery Brigade) to remain at Camp Casey, with closure of adjacent Camp Hovey.

Camp Hovey is a United States Army military base in Dongducheon, Gyeonggi Province, South Korea. It was named after Master Sergeant Howard Hovey who was killed in action at Pork Chop Hill during the Korean War. He camp is adjacent to the larger Camp Casey, connected by a road known as “Hovey Cut”. The nearest city to Camp Hovey is Dongducheon (also spelled Tongduch’on), which is roughly 15 miles (24 km) from the Korean Demilitarized Zone (DMZ). There is a south gate into Camp Hovey from Gwangam-dong village, but there are not as many things to do as outside Camp Casey’s main gate.

Camp Red Cloud/Camp Stanley

Camp Red Cloud, the U.S. Army installation in Uijeongbu that serves as headquarters for the 2nd Infantry Division in Korea, is named for CPL Mitchell Red Cloud Jr., the Soldier whose fight-to-the-death valor in the Korean War was recognized with a posthumous Medal of Honor. CPL Red Cloud was killed in action against Chinese forces in North Korea in November, 1950 and was awarded the medal for “dauntless courage and gallant self-sacrifice.”

Camp Stanley began as a tent city in 1955. The first US Army helicopters moved to the base in 1954 and aviation units were stationed there until 2nd ID’s relocation in August 2005. Various 2nd ID units operated out of the camp from 1971 through 2005. The camp was home to both 2nd ID’s Division Artillery and Aviation units until base realignment handed command of the installation to the 501st Corps Support Group.

USAG Yongsan

Japan officially annexed Korea in 1910, but it was much earlier that Japan began to make its military might felt in Korea. Japanese forces set up a military compound at Yongsan in April 1906. They built permanent structures to support the thousands of troops that poured into the city to maintain order. The Japanese forcibly occupied Korea as a colony during most of the first half of the 20th century.

In 1945, following the Japanese surrender at the end of World War II, American forces moved into the Japanese base in Seoul. The U.S. Army’s 7th Infantry Division established its headquarters at Yongsan Garrison in September 1945. The fledgling Republic of Korea officially agreed to allow the U.S. Army to occupy the compound. At the time, the area was known as “Camp Seobingo.” In 1952, the U.S. military changed the name to “Yongsan,” which literally translates to “dragon hill.”

Kunsan Air Base

Originally built by the Japanese as a fighter-interceptor base in 1938, Kunsan became the home of the U.S. Military Assistance Advisory Group in Korea at the end of World War II. In 1949, U.S. forces left Korea, turning the base over to the then-fledgling Republic of Korea Air Force.

In July 1950, at the outset of the Korean Conflict, North Korean forces occupied Kunsan Air Base. The U.S. Army’s 3rd Battalion, 24th Infantry recaptured the base and Kunsan City on Sept. 30, 1950. In April 1951, the 27th Air Base Group became the first Air Force unit assigned to the base. The group oversaw the base’s rehabilitation. The Army’s 808th Engineer Aviation Battalion built a 5,000-foot runway to replace the sod runway built by the Japanese. The 3rd Bombardment Wing moved to the base Aug. 22, 1951, as Kunsan’s first assigned aircraft wing.

Following the 3rd Bombardment Wing’s return to Japan at the end of the Korean Conflict, Kunsan became the home to several Air Force units. The 6170th Air Base Group and the 6170th Air Base Squadron operated and maintained the base from 1954 to 1968. From 1968 to 1970, the 354th and later the 54th Tactical Fighter Wing ran the base. The 6175th assumed responsibility for the installation in the mid-1970s until the 3rd Tactical Fighter Wing returned to Kunsan in March 1971. In September 1974, the 8th Tactical Fighter Wing was assigned to Kunsan Air Base. As a part of an Air Force-wide reorganization, the 8th Tactical Fighter Wing was redesignated the 8th Fighter Wing on Feb. 3, 1992.

USAG Daegu
Camp Walker is an U.S. military base in Daegu, South Korea. Camp Walker was named in 1951 after General Walton Walker, commander of the Eighth Army who was killed in a jeep crash in December 1950 during the Korean War. Camp Walker, Camp Henry, and Camp George are the three U.S. military bases in Daegu, part of the U.S. Army Garrison Daegu.
Camp Henry was built by the Japanese Army in 1921 and served as the headquarters for General Minami and the Japanese Forces located in the Taegu Area. During the Korean War, the camp saw little action as it was on the northern edge of what is known today as the Pusan Perimeter. After the Korean War, the base was named after Lt. Frederick Henry, a medal of honor recipient.
Camp Carroll lies in the evening shadow of Hill 303 where one of the most notorious atrocities of the Korean War was committed by communist forces. Forty-one soldiers from the 1st Cav. Div. were captured on the hill during the attempt to break through communist lines during the early days of the Pusan Perimeter. Evidence shows that these men were bound and shot in the back. Shortly after this, the United Nations Command dropped nearly 1,330 tons of high explosives onto the communist lines near Waegwan and, with the second front opening at the communist rear after the landing at Inchon, the 1st Cav. Div. recaptured Hill 303.
Camp Carroll is the only military post located in the Waegwan area since Japanese forces maintained a replacement depot here some 400 years ago.
Camp George was named in honor of Private First Class Charles George of Cherokee Indian descent, who served in Company C, 179th Infantry Regiment, 45th Infantry Division, during the Korean War. George was posthumously awarded the Medal of Honor for action near Songnay-dong, Bucheon City, Korea on 30 November 1952. The installation was originally constructed by the Imperial Japanese Army. Camp George was located on 16 acres (19,586 pyeong) in the Nam-gu District of Daegu City, less than one-quarter mile west of Camp Henry and about one-half mile north of Camp Walker.

We have over 18,000 square feet of multiple swimming areas, a multi-purpose room, playground, tube slide and sunbathing deck. This facility is well-equipped to support your needs for mission and recreation. Our qualified and enthusiastic staff offers mission-oriented training as well as a myriad of programming throughout the year for all age groups. As an added benefit, our state-of-the-art UV/Bromine hybrid filtration system lets you experience levels of comfort superior to chemically dedicated systems.

Main Pool: The Aquatics Center boasts an Olympic-size pool available for open swimming, Personal Readiness Training and competitions.
Wading Pool: Children love this exciting wading pool and splash pad! The children’s theme and overhead fountain will have your kids begging to visit again and again.

Slide: The slide is located adjacent to the main pool and next to the children’s wading pool. At 20-feet in height, it’s just the right size to be fun and safe for older children and adults alike. Swimmers must pass the swim test to use the slide.

The Evergreen Golf Course is a beautiful, well maintained 9-hole course played twice to complete a full, 18-hole game. The course is skirted by a rich variety of Korean pines, willows and cherry trees and offers the challenge of 2 water holes. The bunkers are well positioned and at times deep. While not long in length, the holes are challenging for all skill levels. Stop at Hole 5’s Halfway House for a quick snack and a refreshing cold beverage before moving on to the longer holes. In addition to lessons and special programs, the course hosts several community tournaments throughout the year.

Chinhae Naval Base

The Fleet Activities, Chinhae had its origin as a U.S. Naval Advisory Group in 1946. This Command was subsequently established as a detachment of the Naval Component of the U.S. Naval advisory Group for the Republic of Korea. Upon reorganization in July 1969, the command became the first Fleet Detachment, Naval Station, JUSMAG-K. In 1972, the Command was reorganized as the Chinhae Facility. U.S. Naval Forces Korea and Fleet Detachment, Naval Station, JUSMAG-K broke out to become a tenant activity. The latter activity, renamed in 1972 as Field Logistics Center, Chinhae, was disestablished in 1988. Chinhae Facility was reorganized as Commander, U.S. Naval Forces, Korea Detachment, Chinhae in 1978. Reorganization in 1984 established Commander, Fleet Activities, Chinhae with Commander, U.S. Naval Forces, Detachment Chinhae as a tenant activity.

Chinhae is located at the Southeast tip of the Republic of Korea (ROK). The city of Chinhae is home to the largest ROK Navy base, as well as the only U.S. Navy base in the ROK. The base is about 10 minutes from downtown Chinhae, 20 minutes from downtown Changwon, 1-1.5 hours from downtown Busan (by car), and 5 hours from Seoul (by car, KTX train is 3 hours).

Dental Clinic
- Provided once per quarter by visiting U.S. Army Dental Personnel from 618th Army Dental Command in Taegu.
- When here, they provide only examinations, cleanings and simple dental surgery.
- Acute care is obtained from local Korean civilian dentists or more distant US Army Dental facilities (Taegu).

Pharmacy
- The pharmacy is small but stocked to handle many common illnesses and conditions.
- Persons taking chronic medications must arrive with a 30-day supply in their possession. Most medications can be obtained through our on site formulary or through local Army pharmacy supply chains

Osan  
Osan AB also was the site of the “Battle of Bayonet Hill” on Feb. 7, 1951, on and around Hill 180 where the Air Component Command’s Hardened Tactical Air Control Center and the headquarters of the 51st Fighter Wing are currently located. The battle took place during the U.S. Eighth Army’s Operation Thunderbolt. Capt. Lewis Millet led a bayonet charge of his “Easy” company of soldiers from the 27th Infantry Division up the hill against an unknown number of Chinese Communist Forces ensconced on its crest. “Easy” Company routed the CCF, and Captain Millett received the Congressional Medal of Honor.

Subsequent to the battle, the CCF were driven back north of the 38th parallel, and resulted in the return of Fifth Air Force tactical fighter units to peninsula. Aviation engineers, meanwhile, surveyed locations in the ROK to build an air base capable of supporting jet fighters. They decided upon the area southwest of Osan-Ni. Established in November 1951, the base originally was named Osan-Ni AB (and still referred to by its “K-55” airfield designation from the Korean War). The name “Osan-Ni” was chosen for practical reasons—it was the only village shown on most military maps of the time, and it was easy to pronounce.

A large ginko tree, more than 1,200 years old and a national treasure, is situated on a small hill where one of these villages was located, and still stands on the number four hole of the base golf course.
Spouses Club

Team Osan Spouses’ Club offers friendship, support, and opportunities to get involved in the Osan community. We urge you to make the most of your time here in Osan: learn the culture, travel and explore, and meet your neighbors. This assignment has so much to offer, and our club gives you the opportunity to make the most of it!

PCSing From Korea

Try to address all issues before departing. Once you leave Korea, it can be very difficult to resolve issues and reach your former Points of Contact when you are not physically located in the same time zone.

90 Days Before Departure from Korea

Approximately 90 days before departure, ensure your personnel office is aware of the impending move. Most of the out-processing requirements can only be started upon receipt of your Request for Orders (RFO), which is the official document that means you are about to PCS. With the RFO, you can attend the levy briefing with your servicemember, which will provide guidance about the upcoming move and any additional requirements that must be completed before orders can be issued. Currently, the Levy briefing is held weekly on Wednesdays at 13:00 in the Warrior Theater. The final steps in the PSC process, and making all official PCS appointments, will require military orders. Every service member receives their PCS orders at a different time. Generally is it within 90 days of your DEROS date, but it can take longer. Don’t panic; even while you await your RFO and orders, there are many important tasks you can accomplish and ways you can prepare.

PCS Checklist
90 days before departure

Turn your NEO binder into a PCS binder; check it, update it, and add to it as necessary. Compile all of your PCS-related documents that you will hand-carry with you. Many of these documents are already in your NEO binder! Check that your binder includes the following:

- Copies of orders and amendments (10)
- Wills (originals)
- Power(s) of Attorney
- Birth certificates (originals)
- Marriage certificate (original)
- Shipping documents for your HHG and vehicle
- Passports - government-issued and personal
- ID cards
- Driver licenses
- Immunization/medical/dental/vision records (including any from civilian providers)
- Pet documents
- School records
- Photo inventory of shipped goods
- Sort your possessions into categories: HHG, UAB, and Luggage.
- Obtain Power(s) of Attorney. This is especially important if the soldier will remain busy working up through the time of PCS. Spouses are required to have a special POA, to schedule PCS related appointments and participate in the PCS process.
- Update wills. You can get this at Client Legal Services. Camp Humphreys CLS is located at the One-Stop BLDG 6400, 3rd Floor. Please see Chapter 3. Support Services for additional information on Legal Assistance.
- Schedule medical and dental appointments to be completed before your move. Update school and sports physicals for children so they can be enrolled in CYSS upon their arrival at the next duty station.
- Request all medical and dental records.
- Remember to request records from your civilian orthodontists and any other specialty providers you utilized while in Korea.
- Update EFMP paperwork.
- Contact your insurance provider and determine policy changes.
- If needed, renew your driver license and/or military ID.
- Purchase Korean souvenirs and gifts that you will want sent along with your HHG.
- If you know your future housing arrangement at your next duty station, pre-register school-aged children online.
- If you will be withdrawing your children from school early, contact the school about their accelerated withdrawal deadlines and requirements.
- Make a tentative timeline of your move.
- LODGING: Make lodging reservations.
- HOUSEHOLD GOODS: Determine your preferred time frame for your household goods and unaccompanied baggage shipments. With orders, contact your transportation office for scheduling.
- POVs: Prepare to ship your vehicle. You will be required to present proof of no outstanding recalls on your vehicle. Check now and make appointments as needed to address any recall issues, and have all routine maintenance completed before shipping.
- TICKETS/TOLLS: Ensure you have no outstanding tickets or fines.
- PETS: Begin speaking to your veterinarian and gathering the necessary paperwork. Please see the Pets section of this chapter for additional information as well as the pets checklist.
- HOUSING: Once you have orders, contact your off-post landlord or the housing office to schedule housing inspections and move out date.
- FLIGHTS. With orders, you can make your appointment with the official travel office to obtain airline tickets for service member, dependents, and pets.
- Check with Army Community Service (ACS) in BLDG 6400, to see if the Relocation Readiness office has information or materials about your next duty station, once you find out what it is.

30 Days Before Departure
- Make reservations for temporary accommodations when you arrive in CONUS.
- Verify your lodging dates with on-post lodging and cancel/adjust reservation dates as needed.
- Contact the postal service either online or go in person.
- Contact your internet provider, cell phone provider, cable provider, etc., to set up termination of services.

14 Days Before Departure
- Plan your baggage for the plane, including entertainment options and/or any treats for children.
- If possible, start shifting your schedule to CONUS time by staying up as late as possible before going to bed.
- Use up or give away perishable or opened foods, anything in glass containers, flammable items, aerosols, etc. Check with your shipping company to determine any other items they will not ship or store.
- Contact banks/credit card companies to update your address and status that you are traveling.
- If you are traveling with pets, obtain their health certificate within 10 days of your pets travel date.
- Plan for withdrawal dates of children from daycare and CYSS activities.
- Formally withdraw children from school and pick up school records.
- Return equipment to service providers, such as modems, remote controls, extenders, or cable boxes.
- Contact the furniture management office for pick up of loaned government furniture. They must be notified at least three days prior to the desired pick up date. Government Furniture Delivery and Pick-up 0503.353.5796 DSN 753.5796
- Change won to dollars. You can pre-roll your coins and then ex-
change your won for US currency at on-post banking facilities. If you are flying commercial, Incheon airport has multiple money exchanges.

- **RATION CARDS**: Return USFK rations cards to the DBIDS Office. Remember that access to the Commissary and some AAFES services will be denied once you turn in your cards.
- Complete pet export forms within 3 days of the travel date, at either Pyeongtaek Port or at the Incheon Airport. (See PETS section below)

### Household Goods

It’s time to pack up your household goods (HHG). Sort your possessions into categories: luggage and items that you will pack and carry with you; unaccompanied baggage (the “quick ship” smaller-item move); the household goods (larger-item move that will take an estimated 60 to 75 days to return to CONUS), and items to donate/discard. Make sure you identify any Government furniture that you had kept from when you first PCS’d in. You will want to make sure your packers know not to include these in your shipment of HHG if you are not having them picked up prior to shipment. Identify and set aside the items you will be hand carrying.

#### Items to Hand Carry Checklist

- Orders
- Passport(s)
- ID Card(s) front and back
- Marriage License/Certificate
- Birth Certificate(s)
- Items you’ll pack in your suitcases
- Identify your unaccompanied baggage. This is the stuff that will be shipped faster than the rest of your HHG. This would consist of smaller items such as:
  - Pots and Pans
  - Cooking Utensils
  - Silverware
  - Plates and bowls
  - Linens
  - PC, Printer and Paper
  - Clothing and shoes, keeping in mind the weather at your destination
  - Small tool set, including scissors
  - Small TV/ DVD player
  - Cleaning supplies (i.e. Mop, Broom, vacuum)
  - Pro-Gear
  - Laptop
  - Phone and cords

Identify and separate your HHG. Ideally this will be the last shipment left, but things can change so be aware of what goes in what shipment. This shipment includes all the larger items that cannot go in the Unaccompanied baggage. It’s a great idea to make a list for each shipment and physically separate (as much as possible) the items that are in the different shipments, sometimes things can get included where they shouldn’t.

Identify those things that you will not be taking with you. You can consider donating those items to The Painted Door thrift shop on Camp Humphreys, giving them away to friends staying behind, or selling them online. Remember that 220V items will need a converter to use in the U.S.

An amazing resource that is highly recommended is the Official DoD Moving portal at their website www.move.mil. They have many tips and tricks that are immensely helpful in keeping things a bit more sane and organized. It gives you step-by-step instructions on everything you will need to do to pack up and ship out. It also helps you with after you have moved to your new duty station regarding claims that need to be made for damages.

“Dumping the Weight”/What to do with all that stuff?

Bring it to the Painted Door! The United Club’s thrift store gladly accepts donations of gently used items. The large shed behind the Thrift Store is available 24-hours for you to drop off donations at any time.

Donate to local orphanages and charities. There are a number of facilities always accepting donations. The local Boy Scouts and Knights of Columbus frequently organize clothing and toy drives. They will often come and collect these donations within housing, or at post chapels and places of worship.

Sign up for an onpost yard sale. In the Spring and Fall, MWR offers frequent Saturday morning yard sales at Transformation Park (in between the old library and the USO). Held from 09:00 – 14:00, there is a $10 fee required to reserve your space and table; $5 for those with PCS orders.

Be sure to pre-plan the dates you want to ship your items, as well as know the dates you will be ready to receive your household goods. You will also be asked to schedule the delivery of your goods that have been in storage while in Korea. The items in storage can be shipped to you at a date much earlier than your overseas baggage will arrive.

POVs

You got your orders to leave Korea, there are a few things you need to get done before you can call your PCS off Penn a success. Specifically concerning you POV there are a few steps you need to complete.

Do you have a vehicle that needs to be trashed or sold? Let’s look at some information for that. If you are going to junk your hooptie, make sure any tickets or fines are paid off. You cannot proceed if there are any outstanding fees on your vehicle that you want to get rid of. You will then have to coordinate with a facility OFF-POST to dispose of it. Make sure to scrape off your USFK vehicle registration decal before turning over your vehicle. When you go to turn it over, you will need to provide your Korean vehicle registration, your USFK form 207, your vehicle to be junked and all keys for your junker vehicle. Check with the facility you are junking it with if there are any specifics you need aside from those mentioned above. After you have junked your vehicle, make sure to get a Certificate of Junk with the correct Vehicle Identification Number (VIN) on it. You will need this to de-register your vehicle. More on de-registration a little later.

Do you want to sell your vehicle? Selling will require a little bit of a different process. Aside from both registrations, you may also need to get a USFK safety inspection depending on the manufacture date of your POV, USFK Form 20-E (Bill of sale) and USFK Form 32EK-E (Application for Cancellation of USFK POV). You will need to go with your buyer to transfer registration to them at the time of sale. Only a person that is authorized a vehicle will be able to purchase it from you. There is no “lemon lot” on military Installations. The easiest way to sell your vehicle is online through Facebook groups, posting a flyer in your mailroom.

Note: Your vehicle will need to be sold before you leave Korea. USFK Regulation 190-1 provides specific information on when you would be allowed to give someone else a power of attorney to sell your vehicle. At the time of this publication the only allowed situations are:
If you have a short notice PCS assignment or humanitarian assignment and received less than 90 days notice, if you leave on emergency leave and may not be returning, if the member has been court-martialed and will enter confinement or if the member has been medically evacuated to the US and will not be returning.

Do you plan to ship a vehicle?
Your most important resource for shipping your vehicle out of Korea is the website for the Vehicle Processing Center (VPC) www.pcsmypov.com. Make sure you check this website for any changes that may have occurred between this publishing and your PCS timeframe. They will have all the updated info you will need to have a smooth transition. There is a VPC in Daegu and Pyeongtaek (which replaced the Seoul VPC), so keep this in mind when thinking of where you want to out-process. Below we have added a checklist to make it a little easier to keep track of what you will need to ship your POV.

With all this information, it brings us to one of the most important things you will need to get done for any option you choose. You will need to de-register your vehicle at your DMV. Again, make sure you do not have any fees or tickets to pay. You will not be able to de-register if your vehicle fees are not settled. You need to go to the DMV that you registered your vehicle at. There are some special instances where you might need someone else to de-register for you. The person you pick will need to fulfill certain criteria. Make sure the person you are asking has proper authorization or you will not be able to get the Special Power of Attorney (SPOA’s) they will need to help you. You can get more information on SPOA’s from your legal Center.

- (If needed) Special Power of Attorney for Out-processing DBIDS

Trip to the Sea

DMZ to the Sea
Pets

In general, bringing your pet, cat or dog, back home to the US is easier than bringing them to Korea. Most animals meeting Korean requirements will meet US requirements. Korea requires a Korean Health Certificate for any pet to leave the country. These requirements apply equally to service animals, such as Seeing Eye dogs. Pet cats and dogs are subject to inspection at ports of entry. If a pet appears to be ill, or evidence of infectious disease is present, further examination by a licensed veterinarian at the owner’s expense might be required and entry into the US may be denied.

If you are going to another country and not the US please note that some countries require a Fluorescent Antibody Virus Neutralization (FAVN) test to be completed for each pet within 180 days prior to arrival. The result needs to be readily available upon arrival. If completing a FAVN test in Korea, the blood sample is sent to the US for lab testing, and it can take four to eight weeks for the result to be sent to Korea. It may be wise to have the FAVN test completed before orders are issued because if the orders are received less than 180 days out from PCS date, it might not be enough time to receive the result before departing. The rabies-neutralizing antibody test must be administered by an internationally approved laboratory or by the competent authority of the exporting country within 24 months prior to boarding.

Tip: Research the country of your projected next duty station as early as possible and begin preparation six to eight months before moving.

If you are going back to the US and you have pets, check with the vet to ensure your pet is ready for the trip and begin the paperwork listed below that is necessary for travel. The post veterinary office will also be able to provide with you additional information you will need for your travels. For travel with your pet you must obtain a health certificate within TEN days of your pets’ travel dates. It is recommended that you utilize a military veterinarian, as they have the USDA endorsement required for health certificates. Additionally, you are required by Korean customs regulations to complete pet export documents. These forms must be obtained within THREE days of the travel date and can be completed at the Pyeongtaek Port for ₩10,000 or approximately $10. Please note if you are not the service member you will need to take your passport with you to the port to receive the Korean Health Certificate. You should schedule these appointments ahead of time, once you know your pets’ travel dates.

Transportation of Pets

If you will be flying Patriot Express, there are a set number of pet reservation slots available per flight. This is the most cost-effective way to travel with your pets. If you will be flying commercial, the pet arrangements will vary by airline and need to be discussed with the Travel Office. If you need to ship your pets separately, these are two companies that assist with pet-shipping services:

EFMP

If a family member was enrolled in EFMP before coming to Korea, most EFMP packets will need to be reviewed and updated before new orders can be issued. Currently, the EFMP office is located at 121 Hospital in Yongsan, and there is not an office on Camp Humphreys. Packet updates can be coordinated via phone, and paperwork can be turned in to the Humphreys clinic to be faxed to the EFMP office. Please see Chapter 2: EFMP, and Chapter 3: Medical for additional information regarding EFMP and the office locations.

Lodging

Make a tentative timeline of when you plan to vacate housing, stay in lodging, fly to CONUS, and/or fly to your leave destination. There is a shortage of lodging on USAG Humphreys while the new lodge remains under construction. You can reserve your tentative lodging dates up to six months in advance, without any paperwork. These dates can be adjusted later, but if you wait, rooms may no longer be available. If you reside on post, you are authorized three nights lodging prior to travel date, but you may reserve more. If your travel dates fall over a weekend, you can stay up to five nights. If you reside in off-post housing you are authorized ten nights of lodging prior to departure.

Housing

You will have a pre-move out inspection so housing can notify of you of any damages to items that you will need to have repaired (if possible) prior to move out. A final on-post housing inspection is conducted after you have vacated/cleaned the unit, when they provide your housing clearance authorization.

Tickets

The GI Bill Pay office at the old CAC can check under your name and vehicle registration and ensure that your record is clear. If you received tickets in the mail, you will be required to pay all outstanding traffic fines before you can complete out-processing. Fines can be paid at the local Korean bank in the ville at their face value, or they can be paid at the GI Bill Pay office in the old CAC on USAG Humphreys for an additional fee.

*Additional information about tickets can be found in "Chapter 3: Transportation".

Post Office

You can arrange for a temporary Change of Address (COA) to a trusted friend or family member’s address. When you know your new address you can put in another COA to your new address. You can go to your mail room for your mail to be held. The USPS does not offer online services for mail holding for an APO address. Fill out a DA Form 3955 Change of Address and Directory Card. Turn this in at the post office.
Websites

Life in Korea changes quickly, and you can keep up-to-date with the latest news by following some of the websites listed below. Smartphone Apps

Using apps available on iTunes or the Google Play Store is one of the easiest ways to navigate and communicate in Korea. In fact, many Koreans rely on the same apps to get around! Here are a few, but not all, of the apps available currently:

Transportation Apps

City Mapper by Citymapper Limited
An all-inclusive app to get from point A to point B, including walking, buses and subway. Provides up-to-date information on arrival and departure times. Available on iOS and Android.

KakaoMetro by Kakao Corp.
Subway information for all major cities in South Korea. Fun feature: You can see which car to get in to arrive close to your subway station exit. Available on iOS and Android.

Subway Korea by Malang Studio Co. Ltd.
Free subway app for all major cities in Korea, including a timetable feature if you need to know first and last train information. Available on iOS and Android.

KakaoBus by Kakao Corp.
Features an interactive map that allows you to see which buses come to stops nearest you, and real-time arrival and departure information. Easy to use, although bus stop names are in Korean. Available on iOS and Android.
Kakao T by Kakao Mobility Corp.
   Newly released in English, this app lets you call a cab wherever you are, similar to Uber. Save your home address in Hangul in the app for ease of use. Available on iOS and Android.

Waze Navigation and Live Traffic by Waze Inc.
   Comparable to Google Maps but more accurate in Korea, Waze is helpful if you plan to drive in Korea. Available on iOS and Android.

Naver Map by NAVER Corp.
   Newly updated to include English, this is an accurate navigation app similar to Waze or Google Maps. Available on iOS and Android.

AAFES Taxi by Kang KwonYoung.
   Available on iOS and Android.

Communication Apps

KakaoTalk by Kakao Corp.
   A messaging app used by many Koreans. Allows group messaging and private chats. Available on iOS and Android.

Skype by Skype Communications S.a.r.l.
   A great tool to message or video chat. Free calling to 1-800 numbers stateside. Available on iOS and Android.

Rebtel by Rebtel Services S.a.r.l.
   Free calling to US landline numbers from Korea. Available on iOS and Android.

OTO Free International Call by OPENVACS co, Ltd.
   Free calling to US landline numbers from Korea. Available on iOS and Android.

Other

SOS: South of Seoul by Lanae Rivers-Woods.
   Helpful information about Pyeongtaek and the surrounding area. Available on iOS and Android.

MangoPlate by MangoPlate.
   A restaurant review site and app specific to Korea. Available on iOS and Android.

Foursquare by Foursquare Labs, Inc.
   Find reviews and recommendations for food, drinks, bakeries and more, all near your current location. Available on iOS and Android.

MiliSpaceA by Take-a-Hop.
   If you’re interested in getting on a Space Available flight out of Korea, use this app as a tool to find flight schedules and plan your trip. Available on iOS and Android.

This province is the fourth largest one in Korea where there are 8 cities and 10 guns (similar with county) and around 3.5 million people reside and indicates the moderate climate with 13°C of annual average temperature.

Traveling region in Gyeongsangnam-do is divided into three regions: Eastern region, Western region, Southern Coast region. Western region having Sancheong-gun and Hapcheon-gun is tourist attraction for healing where its traditional culture is mixed with clean natural environments including dense forest and clear valley water of Jiri-san (Mt.) and Gaya-san (Mt.) which are famous mountains in Korea. Southern Coast region is an emotional travel destination where can experience beautiful coastal scenery and ocean leisure and families & couples can enjoy the romantic ocean view. Eastern region has many exciting spots. Where you can enjoy various leisure experiences such as water play in Lotte Water Park and skiing in winter, Let's Run Park.

Also, Gyeongsangnam-do is a mecca of Buddhist civilization in Korea having Yangsan Tongdo-sa (temple) and Hapcheon Haein-sa (temple) of Three Jewels Temples in Korea.
