

**Marksmanship Training, Airborne Operations, and
ATTRS: 826-2236/4866**

Weapons training is held every Tuesday weather dependent at the MacDill Range complex from 0800-1200. If you are deploying with a weapon and have been approved by your directorate to take one please come out for training, do not wait for last min. Weapons, ammo, eyes and ears are provided. Please wear a military uniform or closed toe shoes, pants and long sleeve or short sleeve t-shirt. No scoop neck or low V neck shirts, Tube tops or tank tops. Additional weapons training is available in the form of 3-day bi-monthly marksmanship courses. Inquire on availability by email socom.training@socom.mil to check range dates please go to <https://sof.hq.socom.mil/sites/SOCS/z-hq/Lists/Training%20Calendar/calendar.aspx>

Emergency Management: 826-5292

The Command's Continuity Program encompasses emergency planning from personnel readiness to mission sustainment. USSOCOM has three plans that address these conditions: Continuity of Operations (COOP), Disaster Preparedness (DP), and Survivability, Recovery, and Reconstitution (SRR). Each of these plans deals with unique circumstances and issues in order to posture the headquarters for success, and ensure the continuation of the USSOCOM mission regardless of the threat. Life in South Florida brings along with it the very real possibility of natural weather phenomena with potentially disastrous outcomes. As a member of this command, it is important to have a baseline understanding of our emergency management plans and how we, as a unit, will respond. Regardless of where you live in the Tampa Bay area, it is your responsibility to plan for yourself and your loved ones. More information on this program can be found at the following web address: <https://sof.hq.socom.mil/sites/SOCS/z-hq/EM/default.aspx>

**Force and Family Readiness Program (FFRP):
Rtqi tco 'O cpci gt '!' 48/5964**

ERRPE/'! 48/6351

Vj g'J S 'Hqteg'(' Hco kq 'Tgcf lpguu'Rtqi tco 'utkxgu to provide information and referral, support, and outreach to create a resilient and stable command. **FOCUS (Families Overcoming Under Stress)
703.784.0189, TeleFOCUS@focusproject.org**

FOCUS is a resiliency training program designed to assist families and couples in responding to the challenges of operational stress and military life. Parental distress and trauma affect the entire family, including the youngest children. FOCUS aims to enhance family cohesion; support the parent- child relationship; and build emotional regulation, communication, and problem- solving skills across the family. FOCUS also specializes in working with military couples in helping them reach their individual goals and increase intimacy.

**The Headquarters Commandant
Office serves as a focal point for
