# Military Assistance Foundation

**"Even after I was accepted to Columbia University, MAF continued to help me. They advised me on class selection, housing, and job opportunities." - Wesley C. '20 (2/75 Ranger) - [militaryassistance.org](http://militaryassistance.org)**

**Military Assistance Foundation (MAF) is a non-profit that will provide invaluable tools and resources to help active duty service members and veterans navigate the difficult process of selecting and applying to top-tier universities, such as Harvard, Yale, and Columbia University. We help with both undergraduate and graduate school applications. We can also help you with job opportunities when you are nearing graduation.**

**"MAF is an invaluable resource that resulted in me getting accepted to the Ivy League." - Jesse G. '19 (Navy SEAL)**
